

§ 1303.75 Children with disabilities.

(a) A program must ensure there are school buses or allowable alternate vehicles adapted or designed for transportation of children with disabilities available as necessary to transport such children enrolled in the program. This requirement does not apply to the transportation of children receiving home-based services unless school buses or allowable alternate vehicles are used to transport the other children served under the home-based option by the grant recipient. Whenever possible, children with disabilities must be transported in the same vehicles used to transport other children enrolled in the Head Start program.

(b) A program must ensure special transportation requirements in a child's IEP or IFSP are followed, including special pick-up and drop-off requirements, seating requirements, equipment needs, any assistance that may be required, and any necessary training for bus drivers and monitors.
