

§ 1634.7 Application process.

(a) The Corporation shall set a date for receipt of applications and shall announce the date in the RFP. The date shall afford applicants adequate opportunity, after filing the notice of intent to compete, to complete the application process. The Corporation may extend the application date if necessary to take account of special circumstances.

(b) The application shall be submitted in a form to be determined by the Corporation.

(c) A completed application shall include all of the information requested by the RFP. It may also include any additional information needed to fully address the selection criteria, and any other information requested by the Corporation. Incomplete applications will not be considered for awards by the Corporation.

(d) The Corporation shall establish a procedure to provide notification to applicants of receipt of the application.
