

§ 2522.460 To what extent may AmeriCorps or a State commission consider priorities other than those stated in these regulations or the Notice of Funding Availability?

(a) AmeriCorps may give special consideration to a national service program submitted by a State commission that does not meet one of AmeriCorps' priorities if the State commission adequately explains why the State is not able to carry out a program that meets one of AmeriCorps' priorities, and why the program meets one of the State's priorities.

(b) A State may apply priorities different than those of AmeriCorps in selecting its formula programs.
