

§ 411.65 Coordinated response.

- (a) Care provider facilities must develop a written institutional plan to coordinate actions taken by staff first responders, medical and mental health practitioners, outside investigators, victim advocates, and care provider facility leadership in response to an incident of sexual abuse to ensure that victims receive all necessary immediate and ongoing medical, mental health, and support services and that investigators are able to obtain usable evidence. ORR must approve the written institutional plan.
- (b) Care provider facilities must use a coordinated, multidisciplinary team approach to responding to sexual abuse.
- (c) If a victim of sexual abuse is transferred between ORR care provider facilities, ORR must, as permitted by law, inform the receiving care provider facility of the incident and the victim's potential need for medical or social services.
- (d) If a victim of sexual abuse is transferred from an ORR care provider facility to a non-ORR facility or sponsor, ORR must, as permitted by law, inform the receiving facility or sponsor of the incident and the victim's potential need for medical or social services, unless the victim requests otherwise.
