

§ 670.33 Content of permit applications.

In addition to the information required in subpart C of this part, an applicant seeking a permit to import into or export from the United States a native mammal, a native bird, native plants or native invertebrates taken within Antarctica shall include the following in the application:

- (a) Information demonstrating that the import or export would further the purposes for which the species was taken;
- (b) Information demonstrating that the import or export is consistent with the purposes of the Act or the regulations in this part;
- (c) A statement as to which U.S. port will be used for the import or export, and
- (d) Information describing the intended ultimate disposition of the imported or exported item.
