

§ 689.1 Definitions.

The following definitions apply to this part:

(a) *Research misconduct* means fabrication, falsification, or plagiarism in proposing or performing research funded by NSF, reviewing research proposals submitted to NSF, or in reporting research results funded by NSF.

(1) *Fabrication* means making up data or results and recording or reporting them.

(2) *Falsification* means manipulating research materials, equipment, or processes, or changing or omitting data or results such that the research is not accurately represented in the research record.

(3) *Plagiarism* means the appropriation of another person's ideas, processes, results or words without giving appropriate credit.

(4) *Research*, for purposes of paragraph (a) of this section, includes proposals submitted to NSF in all fields of science, engineering, mathematics, and education and results from such proposals.

(b) *Research misconduct* does not include honest error or differences of opinion.
