**13900.** The object and purpose of this chapter is to provide a coordinated, comprehensive approach to providing assistance and out-of-home care in nonmedical care facilities for recipients of public assistance who qualify for aid under Chapter 3 (commencing with Section 12000) and Chapter 5 (commencing with Section 13000) of this part, and who are capable of self-care and self-direction but are so impaired that such persons require or can function more effectively if protected by a living arrangement that meets their particular situation.

(Repealed and added by Stats. 1973, Ch. 1216.)

In developing administrative plans to implement the provisions of this chapter, priority shall be given to the plan utilizing the most favorable federal cost-sharing formula.
