(2) Waiver of some or all of the interest or penalties under this subdivision shall be conditioned on the hospital's agreement to make fee payments, or to have the payments withheld from payments otherwise due from the Medi-Cal program to the hospital, on a schedule developed by the department that takes into account the financial situation of the hospital and the potential impact on services.

(3) A decision by the director under this subdivision shall not be subject to judicial review.

(4) If fee payments are remitted to the department after the date determined by the department to be the final date for calculating the final supplemental payments under this article and Article 5.226 (commencing with Section 14168.1), the fee payments shall be retained in the fund for purposes of funding supplemental payments supported by a hospital quality assurance fee program implemented under subsequent legislation, provided however that if supplemental payments are not implemented under subsequent legislation, then those fee payments shall be deposited to the Distressed Hospital Fund.

(5) If during the implementation of this article, fee payments that were due under Articles 5.21 and 5.22 are remitted to the department under a payment plan or for any other reason, and the final date for calculating the final supplemental payments under Articles 5.21 and 5.22 has passed, then those fee payments shall be deposited to the fund to support the uses established by this article.

(c) Any amounts of the quality assurance fee collected in excess of the funds required to implement subdivision (b), including any funds recovered under subdivision (d) of Section 14168.13 or subdivision (e) of Section 14168.38, shall be refunded to general acute care hospitals, pro rata with the amount of quality assurance fee paid by the hospital, subject to the limitations of federal law. If federal rules prohibit the refund described in this subdivision, the excess funds shall be deposited in the Distressed Hospital Fund to be used for the purposes described in Section 14166.23, and shall be supplemental to and not supplant existing funds.

(d) Any methodology or other provision specified in Article 5.226 (commencing with Section 14168.1) or this article may be modified by the department, in consultation with the hospital community, to the extent necessary to meet the requirements of federal law or regulations to obtain federal approval or to enhance the probability that federal approval can be obtained, provided the modifications do not violate the spirit and intent of Article 5.226 (commencing with Section 14168.1) or this article and are not inconsistent with the conditions of implementation set forth in Section 14168.40.

(e) The department, in consultation with the hospital community, shall make adjustments, as necessary, to the amounts calculated pursuant to Section 14168.32 in order to ensure compliance with the federal requirements set forth in Section 433.68 of Title 42 of the Code of Federal Regulations or elsewhere in federal law.

(f) The department shall request approval from the federal Centers for Medicare and Medicaid Services for the implementation of this article. In making this request, the department shall seek specific approval from the federal Centers for Medicare and Medicaid Services to exempt providers identified in this article as exempt from the fees specified, including the submission, as may be necessary, of a request for waiver of the broad-based requirement, waiver of the uniform fee requirement, or both, pursuant to paragraphs (1) and (2) of subdivision (e) of Section 433.68 of Title 42 of the Code of Federal Regulations.

(g) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement this article or Article 5.226 (commencing with Section 14168.1) by means of provider bulletins, all plan letters, or other similar instruction, without taking regulatory action. The department shall also provide notification to the Joint Legislative Budget Committee and to the appropriate policy and fiscal committees of the Legislature within five working days when the above-described action is taken in order to inform the Legislature that the action is being implemented.

(b) In order for the letter to be sufficient under this section, the director shall find that the letter meets both of the following requirements:

(1) The letter is in writing and signed by an official of the federal Centers for Medicare and Medicaid Services or an official of the United States Department of Health and Human Services.

(2) The director, after consultation with the hospital community, has determined, in the exercise of his or her sole discretion, that the letter provides a sufficient level of assurance to justify advanced implementation of the fee and payment provisions.

(c) Nothing in this section shall be construed as modifying the requirement under Section 14168.13 that payments shall be made only to the extent a sufficient amount of funds collected as the quality assurance fee are available to cover the nonfederal share of

those payments.

(d) Upon notice from the federal government that final federal approval for the fee model under this article or for any payment method under Article 5.226 (commencing with Section 14168.1) has been denied, any fees collected pursuant to this section shall be refunded and any payments made pursuant to this article or Article 5.226 (commencing with Section 14168.1) shall be recouped, including, but not limited to, supplemental payments, increased capitation payments, payments to hospitals by health care plans resulting from the increased capitation payments, increased payments to mental health plans, and payments for the health care coverage of children. To the extent fees were paid by a hospital that also received payments under this section, the payments may first be recouped from fees that would otherwise be refunded to the hospital prior to the use of any other recoupment method allowed under law.

(e) Any payment made pursuant to this section shall be a conditional payment until all final federal approvals necessary to fully implement this article and Article 5.226 (commencing with Section 14168.1) have been received.

(f) The director shall have broad authority under this section to collect the quality assurance fee for an interim period after receipt of the letter described in subdivision (a) pending receipt of all necessary federal approvals. This authority shall include discretion to determine both of the following:

(1) Whether the quality assurance fee should be collected on a full or pro rata basis during the interim period.

(2) The dates on which payments of the quality assurance fee are due.

(g) The department may draw against the Hospital Quality Assurance Revenue Fund for all administrative costs associated with implementation under this article or Article 5.226 (commencing with Section 14168.1).

(h) This section shall be implemented only to the extent federal financial participation is not jeopardized by implementation prior to the receipt of all necessary final federal approvals.

(Added by Stats. 2011, Ch. 19, Sec. 8. (SB 90) Effective April 13, 2011. Conditionally inoperative as provided in Sections 14168.38 (subd. (d), para. (1)) and 14168.40. Repealed on or after January 1, 2013, as prescribed in Section 14168.41.)

14168.35. (a) Notwithstanding any other provision of law, the director shall have discretion to modify any timeline or timelines in this article or Article 5.226 (commencing with Section 14168.1) if the letter that indicates likely federal approval, as described in Section 14168.34, is not secured by March 15, 2011, and the director determines that it is impossible from an operational perspective to implement a timeline or timelines without the modification.

(b) The department shall notify the fiscal and policy committees of the Legislature prior to implementing a modified timeline or timelines under subdivision (a).

(c) The department shall consult with representatives of the hospital community in developing a modified timeline or timelines pursuant to this section.

(d) The discretion to modify timelines under this section shall include, but not be limited to, discretion to accelerate payments to plans or hospitals.

(Added by Stats. 2011, Ch. 19, Sec. 8. (SB 90) Effective April 13, 2011. Conditionally inoperative as provided in Sections 14168.38 (subd. (d), para. (1)) and 14168.40. Repealed on or after January 1, 2013, as prescribed in Section 14168.41.)

14168.36. (a) Upon receipt of a letter that indicates likely federal approval that the director determines is sufficient for implementation under Section 14168.34, or upon the receipt of all final federal approvals necessary for the implementation of this article and Article 5.226 (commencing with Section 14168.1), the following shall occur:

(1) To the maximum extent possible, and consistent with the availability of funds in the Hospital Quality Assurance Revenue Fund, the department shall make all of the payments under Sections 14168.2, 14168.3, and 14168.5, including, but not limited to, supplemental payments and increased capitation payments, prior to July 1, 2011.

(2) The department shall make supplemental payments to hospitals under Article 5.226 (commencing with Section 14168.1) consistent with the timeframe described in Section 14168.11 or a modified timeline developed pursuant to Section 14168.35.

(b) Notwithstanding any other provision of this article or Article 5.226 (commencing with Section 14168.1), if the director determines, on or after June 15, 2011, that there are insufficient funds available in the Hospital Quality Assurance Revenue Fund to make all scheduled payments under Article 5.226 (commencing with Section 14168.1) before July 1, 2011, he or she shall consult with representatives of the hospital community to develop an acceptable plan for making additional payments to hospitals and managed health care plans in the third and fourth quarters of 2011 to maximize the use of delinquent fee payments or other deposits or interest projected to become available in the fund after June 15, 2011, but before September 15, 2011.

(c) Nothing in this section shall require the department to continue to make payments under Article 5.226 (commencing with Section 14168.1) if, after the consultation required under subdivision (b), the director determines in the exercise of his or her sole discretion

that a workable plan for the continued payments cannot be developed.

(d) Subdivisions (b) and (c) shall be implemented only if and to the extent federal financial participation is available for continued supplemental payments and to providers and continued increased capitation payments to managed health care plans.

(e) If any payment or payments made pursuant to this section are found to be inconsistent with federal law, the department shall recoup the payments by means of withholding or any other available remedy.

(f) Nothing in this section shall be read as affecting the department's ongoing authority to continue, after June 30, 2011, to collect quality assurance fees imposed on or before June 30, 2011.

(3) The proceeds of the quality assurance fee, including any interest and related federal reimbursement, may only be used for the purposes set forth in this article.

(b) No hospital shall be required to pay the quality assurance fee to the department unless and until the state receives and maintains federal approval of the quality assurance fee as set forth in this article and Article 5.226 (commencing with Section 14168.1) from the federal Centers for Medicare and Medicaid Services.

(c) Hospitals shall be required to pay the quality assurance fee to the department as set forth in this article only as long as all of the following conditions are met:

(3) The full amount of the quality assurance fee assessed and collected pursuant to this article remains available only for the purposes specified in this article.

(d) This article shall become inoperative if either of the following occurs:

(1) In the event, and on the effective date, of a final judicial determination made by any court of appellate jurisdiction or a final determination by the United States Department of Health and Human Services or the federal Centers for Medicare and Medicaid Services that any element of this article or any provision of Section 14166.115 cannot be implemented.

(2) In the event both of the following conditions exist:

(A) The federal Centers for Medicare and Medicaid Services denies approval for, or does not approve before January 1, 2012, the implementation of Article 5.226 (commencing with Section 14168.1) or this article.

(f) (1) In the event that all necessary final federal approvals are not received as described and anticipated under this article or Article 5.226 (commencing with Section 14168.1), the director shall have the discretion and authority to develop procedures for recoupment from managed health care plans, and from hospitals under contract with managed health care plans, of any amounts received pursuant to this article or Article 5.226 (commencing with Section 14168.1).

(2) Any procedure instituted pursuant to this subdivision shall be developed in consultation with representatives from managed health care plans and representatives of the hospital community.

14168.40. (a) This article and Article 5.226 (commencing with Section 14168.1) shall become inoperative and the requirements for supplemental payments or other payments under Article 5.226 (commencing with Section 14168.1) shall be retroactively invalidated, on the first day of the first month of the calendar quarter following notification to the Joint Legislative Budget Committee by the Department of Finance, that any of the following have occurred:

(1) A final judicial determination by the California Supreme Court or any California Court of Appeal that the revenues collected pursuant to this article that are deposited in the Hospital Quality Assurance Revenue Fund are either of the following:

(A) "General Fund proceeds of taxes appropriated pursuant to Article XIII B of the California Constitution," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution.

(B) "Allocated local proceeds of taxes," as used in subdivision (b) of Section 8 of Article XVI of the California Constitution.

(C) Recoupment of payments made under Article 5.226 (commencing with Section 14168.1) is necessary to prevent a General Fund cost that is estimated to be equal to or greater than one-quarter of 1 percent of the General Fund expenditures

authorized in the most recent annual Budget Act and that results from implementation of a court order or the unavailability of federal financial participation.

(2) In the event payments are recouped for a particular quarter, fees paid by a hospital for that quarter pursuant to this article shall be refunded to the extent that the hospital meets both of the following conditions:

(A) The hospital has actually paid the fee for the subject quarter and for all prior quarters.

(B) The hospital has returned the payment received pursuant to Article 5.226 (commencing with Section 14168.1) for that quarter, or has had that payment recouped through a withholding of funds owed by Medi-Cal or other state payments, or recouped through other means.

(e) Concurrent with invoking any provision of this section, the director shall notify the fiscal and appropriate policy committees of the Legislature of the intended action and the specific reason or reasons for the proposed action.
