### **CY 2026 Medicare & You handbook plan preview:**

- 8/8 3:30 p.m. CMS corrected an issue with the CAHPS percentage.

### **CY 2026 Medicare Plan Finder plan preview:**

The following are confirmed issues in the MPF preview:

- Some plans may see incorrect plan premiums due to the timing of rebate reallocation resubmissions.
- 8/7 11:00 a.m. The preview has been updated to reflect PDP premium demonstration changes.
- 8/6 10:36 a.m. The drug pricing plan preview was incorrectly pointing to test window 1 drug pricing data. The preview has been updated to reflect test window 2 data.
- In the What you'll pay section of Plan Details, primary doctor cost sharing displays as "Plan benefit N/A."
- On the Plan Card, the primary doctor and specialist copay/coinsurance fields are not populating correctly.
- The green check/red X flag is not populating correctly on the Plan Card for the transportation benefit.
- In-network cost sharing does not display for the 4 preventive dental categories.
- Premium values are not displayed correctly for optional supplemental benefits.
- The 4 preventive dental categories appear as "not covered" if cost sharing is \$0.
- The Part B drug section is missing.
- Tiers 2, 3, and 4 cost sharing under catastrophic are missing.
- There are issues with the display of SNF coverage.
