Licenses may be renewed upon application and payment of the renewal fees if the application for renewal is made within the 30-day period prior to the date of expiration. Persons whose licenses have expired shall immediately cease the activity requiring a license, but the director shall accept applications for renewal during the 30-day period following the date of expiration if they are accompanied by a new license fee. The application shall be made upon a form furnished by the director. It shall contain such information concerning the applicant's background and experience as the director may prescribe, in addition to other information required by law. No license as a lamp or brake adjuster shall be issued or renewed unless the applicant has demonstrated his or her experience and qualifications in accordance with such standards and examinations as the director may prescribe.

The director shall cancel the returned license and issue a new license for the unexpired term without fee.

(c) If the owner of a licensed station desires to vacate the license in favor of another license permitting a greater or lesser scope of activity, the license to be vacated shall be returned to the director for cancellation and an application shall be submitted for the new license accompanied by the ten-dollar (\$10) new license fee.

(d) In the event of loss, destruction, or mutilation of a license issued by the director, the person to whom it was issued may obtain a duplicate upon furnishing satisfactory proof of such fact and paying a fee of two dollars (\$2). Any person who loses a license issued by the director and who, after obtaining a duplicate, finds the original license shall immediately surrender the original license to the director.
