HEALTH AND SAFETY CODE - HSC

DIVISION 5. SANITATION [4600 - 6127] (*Division 5 enacted by Stats. 1939, Ch. 60.*)

PART 3. COMMUNITY FACILITIES [4600 - 6127] (*Heading of Part 3 amended by Stats. 1970, Ch. 420.*)

CHAPTER 3. County Sanitation Districts [4700 - 4859] (*Chapter 3 enacted by Stats. 1939, Ch. 60.*)

ARTICLE 3. Officers [4730 - 4735] (*Article 3 enacted by Stats. 1939, Ch. 60.*)

4730. The governing body of a sanitation district is a board of directors of not less than three members. The presiding officer of the governing body of each city, the whole or part of which is included in the sanitation district, is a member of the board. A member of the governing body of each sanitary district, the whole or part of which is included in the sanitation district, is a member of the board.

If the sanitation district includes territory which is unincorporated and not included in a sanitary district, then the presiding officer of the county board of supervisors is a member of the board.

The governing body of each city with a population of under 2,500,000, as found by the latest census, and the board of supervisors shall each select one of its members, other than its presiding officer, as an alternate director to act as a member of the district board in place of the presiding officer, or in place of the other member of the governing body of the city or county where there are two members from the city or county on the board of directors of the district, during such person's absence, inability, or refusal to act.

The presiding officer of the governing body of a city with a population of 2,500,000 or over shall select one of the other members of the governing body as an alternate director to act as a member of the district board in place of the presiding officer, or in place of the other member of the governing body of the city where there are two members from the city on the board of directors of the district, during such person's absence, inability, or refusal to act. The governing body of each sanitary district represented on the board of directors of a sanitation district shall select one of its members as an alternate director to act as a member of the district board in place of its regular director, or in place of the other member of the governing body of the sanitary district where there are two members from the sanitary district on the board of directors of the district, during such person's absence, inability, or refusal to act.

If the sanitation district includes unincorporated territory and all or part of one city and no sanitary district, or unincorporated territory and one sanitary district and no city, then the presiding officer and one other member of the board of supervisors are members of the board, unless the population included in the city or sanitary district is more than half of the population of the whole sanitation district, in which case the presiding officer of the board of supervisors and the presiding officer and one other member of the governing body of the city or two members of the governing body of the sanitary district, as the case may be, constitute the board of directors.

If the total number of cities and sanitary districts included in the sanitation district in whole or in part is two and if the sanitation district does not include any territory not in cities or sanitary districts, then the district board includes the presiding officer and one other member of the governing body of the city or two members of the governing body of the sanitary district having the greatest population and the presiding officer of the governing body of the city or one member of the governing body of the sanitary district having the least population.

If the total number of cities and of sanitary districts wholly or in part within the sanitation district is two or more, and if, in addition, the district contains unincorporated territory, then the district board includes the presiding officer of the board of supervisors, the presiding officer of the governing board of each city, and a member of the governing board of each sanitary district.

If the district includes no territory which is in cities or sanitary districts, then the county board of supervisors is the board of directors of the district.

If the territory of the district lies wholly within a city, the legislative body of said city is the board of directors of the district.

A city within a sanitation district, the sewered portion of which city lies entirely within a sanitary district, shall have no representation on the board.

Notwithstanding the foregoing provisions of this section, whenever a sanitation district includes unincorporated territory and all or part of one city and no sanitary district, the governing body of such city may designate the board of supervisors of the county as the district board of directors, unless the population of the incorporated portion of the sanitation district is more than half of the

population of the whole district. If the population of the incorporated portion of the sanitation district is more than half of the population of the whole district, the board of supervisors of the county may designate the governing body of the city as the district board of directors.

The term "sanitary district" as used in this section shall mean a sanitary district formed prior to the formation of the sanitation district in which it is included in whole or in part. The term "sanitary district" as used in this section shall also include a county water district which on or before July 1, 1977, assumed the responsibilities, rights, duties, assets, liabilities, and obligations of a sanitary district which at the time of such assumption had representation on the board of directors of the sanitation district by the provisions of this section.

(Amended by Stats. 1979, Ch. 35.)

4730.1. (a) Notwithstanding the provisions of Section 4730, the resolution of intention to form the district and the order of formation of the district may provide that the governing body of the sanitation district shall be constituted in accordance with this subdivision or subdivision (b) or (c).

(1) If the district includes no territory which is within a city, other sanitation district, or public agency, the county board of supervisors is the board of directors.

(2) If the district includes territory which is within a city, other sanitation district, or public agency, the board of directors shall be composed of the presiding officer of the governing body of each city, other sanitation district, and public agency and the chairman of the county board of supervisors. If the chairman of the county board of supervisors and the presiding officer of the governing body of each city, sanitation district, and public agency constitute an even number, a member of the county board of supervisors appointed by the board of supervisors or, in the alternate as determined by the board of directors, a resident of the district elected by the registered voters of the district for a four-year term, shall be a member of the board of directors of the district.

(3) The governing body of each county, city, sanitation district, and public agency having a representative on the board of directors may designate one of its members to act in the place of its regular member in his or her absence or his or her inability or refusal to act.

(4) The governing body of any city, sanitation district, or other public agency may designate a member of the county board of supervisors to serve as its representative member on the board of directors of the district in the place of the presiding officer of its governing body; in that case, the supervisor shall have one vote for each city, sanitation district, and public agency represented by him or her.

(b) (1) The board of directors may be composed of directors who are residents of the district elected by the registered voters of the district for four-year terms.

(2) The number of directors on an elected board shall be determined, subject to the requirements of Section 4730 and subdivision (c), by the board of directors of the district, if any, in existence prior to the election.

(c) (1) In the Arvin Sanitation District in Kern County only, if no board of directors is in existence prior to the election, the county board of supervisors shall determine, subject to the requirements of Section 4730 and subdivision (d), the number of directors on an elected board.

(2) The district shall reimburse the county for any reasonable costs incurred by it for the conduct of elections required by this subdivision.

(d) The governing body of a sanitation district is a board of directors composed of an odd number of not less than three members.

(e) "Public agency" as used in this section means any sanitary district, public utility district, resort district, county water district, municipal water district, sewer maintenance district, or county maintenance district, engaged in the collection, transportation, treatment, or disposal of sewage or any other public agency empowered to, and engaged in, the collection, transportation, treatment, or disposal of sewage.

(Amended by Stats. 1986, Ch. 982, Sec. 23.)

4730.2. A sanitation district heretofore or hereafter established may elect to be governed by a board of directors constituted as set forth in Section 4730.1 by complying with the provisions of this section.

The board of directors of the district may adopt a resolution of intention to establish a governing body in accordance with Section 4730.1. The resolution shall contain:

1. A statement of intention to establish a board of directors composed of representatives as set forth in Section 4730.1 of the Health and Safety Code.

2. The time and place where objections to the proposal will be heard.

The time fixed for hearing said objections shall be not less than 30 days after the adoption of the resolution. The resolution of intention shall be published at length twice in at least one newspaper of general circulation in the district. At the time provided in the resolution of intention for the hearing, or at any time to which the hearing is continued, the district board shall hear any objections to the proposal. At the conclusion of the hearing, the board of directors may order that the governing body of the district be constituted as set forth in Section 4730.1. A copy of said order shall be furnished to the board of supervisors and to the governing body of each city, sanitation district and public district to be represented on the new board of directors.

(Added by Stats. 1961, Ch. 1745.)

4730.4. (a) Notwithstanding Sections 4730, 4730.1 and 4730.2, the local agency formation commission, in approving either a consolidation of districts or the reorganization of two or more districts into a single county sanitation district may, pursuant to subdivisions (k) and (n) of Section 56886 of the Government Code, increase the number of directors to serve on the board of directors of the consolidated or reorganized district to 7, 9, or 11, who shall be members of the board of directors of the districts to be consolidated or reorganized as of the effective date of the consolidation or reorganization.

(b) Upon the expiration of the terms of the members of the board of directors of the consolidated district, or a district reorganized as described in subdivision (a), whose terms first expire following the effective date of the consolidation or reorganization, the total number of members on the board of directors shall be reduced until the number equals the number of members permitted by the principal act of the consolidated or reorganized district, or any larger number as may be specified by the local agency formation commission in approving the consolidation or reorganization.

(c) In addition to the powers granted under Section 1780 of the Government Code, in the event of a vacancy on the board of directors of the consolidated district or a district reorganized as described in subdivision (a) at which time the total number of directors is greater than five, the board of directors may, by majority vote of the remaining members of the board, choose not to fill the vacancy. In that event, the total membership of the board of directors shall be reduced by one board member. Upon making the determination not to fill a vacancy, the board of directors shall notify the board of supervisors of its decision.

(d) For the purposes of this section: "consolidation" means consolidation, as defined in Section 56030 of the Government Code; "district" or "special district" means district or special district, as defined in Section 56036 of the Government Code; and "reorganization" means reorganization, as defined in Section 56073 of the Government Code.

(Amended by Stats. 2006, Ch. 172, Sec. 10. Effective January 1, 2007.)

The governing body of the Monterey Regional County Sanitation District shall be a board of directors composed of not less than three members. The district board shall be appointed as follows:

When territory of the district is within a city or other sanitation district or public agency, as defined in Section 4730.1, the governing body of each such city, other sanitation district, and public agency shall appoint one member to represent such city, other sanitation district, or public agency. When territory of the district is within unincorporated territory which is not also included in such other sanitation district or public agency, the county board of supervisors shall appoint one member to represent such unincorporated territory. In the event that the selection of members pursuant to this subdivision results in the governing body having less than three members, the county board of supervisors shall appoint additional members for purposes of increasing the number of board members to three.

The governing body of the county and each city, sanitation district, and public agency having a representative on the district board of directors may designate one alternate representative to act in the place of such body's regular member in such person's absence, inability to act, or refusal to act.

The regular member and alternate member on the district board shall be either an elected official, officer, or employee of the county, city, other sanitation district, or public agency, and shall serve solely at the pleasure of the appointing county, city, other sanitation district, or public agency.

All vacancies shall be filled in the same manner as the original appointment.

(b) Notwithstanding any other provision of law, each member of the Board of Directors of the Monterey Regional County Sanitation District shall have one vote; provided, however, that upon the call and request of any board member, present and able to vote, a weighted voting formula shall apply for any vote to be taken by the district board, with each member having one or more votes based upon the population of the city, other sanitation district, public agency, or unincorporated territory such member represents, as follows:

Population	No. of Votes

0 to 9,999	1

50,000 to 74,999	4
75,000 to 99,999	5
100,000 and above	6

For the purpose of determining the population of a city, other sanitation district, public agency, or unincorporated territory, the district board shall consider the last official United States census or the California Finance Department population estimate, whichever is more recent for a particular area.

In determining such population basis, those portions of the population of a city, other sanitation district, public agency, or unincorporated territory which are attributable to and located on the U.S. Army Military Reservation at Fort Ord, California, shall not be included within the population computation of such city, other sanitation district, public agency, or unincorporated territory.

No vote may be taken at any meeting of the Monterey Regional County Sanitation District unless a quorum of the members of such district board is in attendance. A quorum for purposes of this subdivision is a majority of all district board members.

(c) The governing board of the Monterey Regional County Sanitation District may designate any depository or depositories for the custody of any or all revenue collected or received for operation and maintenance purposes pursuant to Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. Each legislative body may designate one of its members as an alternate to act in the place of its regular member in the case of the absence or disqualification of the regular member. An alternate member shall have the full voting rights of the regular member.

(c) The special district committee, which shall consist of the presiding officers of all special districts that have a governing board separately elected, in whole or in part, from any board of supervisors or city council, and would be entitled to representation on the Ventura Regional Sanitation District Board of Directors under Section 4730.1, if that section were applicable to the Ventura Regional Sanitation District, shall designate one separately elected member of a board of directors of a special district represented on the committee to be a member of the district's board of directors.
