LEGISLATIVE COUNSEL'S DIGEST

AB93, Weber . Budget Act of 2015.

This bill would make appropriations for the support of state government for the 2015–16 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Vote: majority Appropriation: yes Fiscal Committee: yes Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2015.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor’s Budget and the records of the Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state’s fiscal systems. The meaning of this structure is as follows:

2720—Business Unit (known as organization code in legacy systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., state operations))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each business unit are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act and those used in the Governor's Budget and in the records of the Controller.

(d) Notwithstanding any other provision of law, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in the Financial Information System for California (FI\$Cal) resulting from or related to the conversion or implementation of FI\$Cal, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from legacy systems into FI\$Cal.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FI\$Cal requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers is being utilized in FI\$Cal different from what is reflected in prior budget acts and other authorizing sources. A comprehensive crosswalk is being utilized to facilitate the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the State Controller and departments, and with that of the FI\$Cal system. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until a department is implemented in FI\$Cal.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2015–16 fiscal year beginning July 1, 2015, and ending June 30, 2016. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, performance criteria, and minor capital outlay appropriations are available for encumbrance until June 30, 2016.

(2) Construction and design-build appropriations are available for encumbrance until June 30, 2018, if allocated through fund transfer or approval to proceed to bid or approval to solicit design-build bids or proposals by the Department of Finance by June 30, 2016. Any funds not allocated by June 30, 2016, shall revert on July 1, 2016, to the fund from which the appropriation was made.

(3) All other capital outlay appropriations are available for encumbrance until June 30, 2018.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support, or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

Provisions:

1. The Controller may, with the concurrence of the Director of Finance and the Chairperson of the Joint Legislative Budget Committee, bill affected state departments for activities required by Section 20050 of the State Administrative Manual, relating to the administration of federal pass-through funds.

No billing may be sent to affected departments sooner than 30 days after the chairperson of the joint committee has been notified by the director that he or she concurs with the amounts specified in the billings.

2. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than \$500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.

3. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:
 - (a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.
 - (b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.
4. The funds appropriated to the Controller in this act may not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the current fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.
5. The Controller shall deliver his or her monthly report, the Statement of General Fund Cash Receipts and Disbursements, within 10 days after the close of each month to the Joint Legislative Budget Committee, the fiscal committees of each house of the Legislature, the Department of Finance, the Treasurer, and the Legislative Analyst's Office.
6. The Controller shall provide to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature a report that provides the following details by mandate: the level of claims requested, the amount reduced by the initial desk audit, the amount paid, the amount recouped, and the results of a final audit and subsequent funding adjustments. The report is due on June 30 of the current fiscal year, and will cover the fourth quarter of the past fiscal year and the first three quarters of the current fiscal year.
7. The Controller shall obtain actuarial valuation services to comply with governmental accounting and reporting standards for other postemployment benefits (OPEB). In addition to all other items required under the accounting and reporting

standards, the report shall include: (a) an identification and explanation of any significant differences in actuarial assumptions or methodology from any relevant similar types of assumptions or methodology used by the Public Employees' Retirement System to estimate state pension obligations, and (b) alternative calculations of the state's OPEB liability using different long-term rates of investment return consistent with a hypothetical assumption that the state will begin to deposit 100 percent or a lesser percent, respectively, of its annual required contribution under governmental reporting standards to a retiree health and dental benefits trust fund. To avoid duplication of effort and promote efficiency and cost effectiveness, the Controller and the Department of Finance will coordinate in obtaining additional actuarial valuation services related to OPEB plan liabilities and assets attributable to each of the state's collective bargaining units or other state entities or groups. This provision shall not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.

8. The funds appropriated to the Controller in this act may not be expended on additional actuarial valuations, beyond the annual actuarial valuations, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.
9. The Controller shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a report on the 21st Century Project specifying the dollars expended on the program in the previous fiscal year and over the life of the program and any known savings that have occurred in the prior fiscal year, to be submitted annually but no later than August 30 of each year. The report should compare the known savings with the most recent estimate of projected savings and explain the methodology by which the savings were calculated.
10. The Controller shall deliver yearend financial data as specified by the Department of Finance, for the immediately preceding fiscal year, in hardcopy and electronic format, by October 15 of each year and periodically as requested by the Department of Finance. This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes.
11. In the event new postage rates are adopted by the United States Postal Service, but not in time for inclusion in the May Revision prior to enactment of this budget, and the Controller notifies the Department of Finance with its estimates of the increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated to the Controller in this act by

an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

12. Of the amount appropriated in this item, \$326,000 shall be used to reimburse the Department of Justice for legal services. In addition to the amount above, upon order of the Director of Finance, any non-General Fund Budget Act item for support of the Controller may be augmented to reimburse the Department of Justice for legal services. No augmentation shall be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.
13. The Department of Finance may reduce the amounts authorized under Item 0840-001-0001 of this act upon (a) successful completion of modifications by the Controller to the payroll system, and/or by CalPERS to the retirement system (myCalPERS), that significantly reduces the number of records that the myCalPERS system rejects; and/or (b) once the Controller has eliminated the backlog of Payroll Contribution Report and Retirement Enrollment Report discrepancies between the payroll and retirement systems, which in turn reduces the Controller workload related to the CalPERS Pension System Resumption. This adjustment shall be in coordination with the Controller and CalPERS. No adjustment shall be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.
14. Notwithstanding any other provision of law, the Department of Finance is authorized to augment the amounts appropriated in this item and Section 25.25 of this act from all fund sources of payment to fund additional litigation and related support efforts associated with the 21st Century Project payroll system. The Controller shall include a detailed justification to support a request for additional spending authority. The Department of Finance may augment the amounts appropriated in this item and Section 25.25 of this act no sooner than 30 days after written notification has been provided to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

- (e)
 - (1) Of the funds appropriated in Schedule (1), \$75,000,000 is for increasing the number of full-time faculty within the community college system. The chancellor shall adjust the faculty

obligation number for each district as follows:

- (A) An increase of one for every \$73,057 received for districts in the lowest quintile (quintile 1).

Provisions:

1. Notwithstanding any other provision of law, revenues from the legislative bills and publications received by the Legislative Bill Room shall be deposited in the Service Revolving Fund.
2. Notwithstanding any other provision of law, if the Director of General Services determines in writing that there is insufficient cash in a special fund under his or her authority to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund in the amount necessary to make payment or payments, as a loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:
 - (a) No loan shall be made that would interfere with carrying out the object for which the Service Revolving Fund was created.
 - (b) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than 18 months after the date of the loan. The amount loaned shall not exceed the amount that the fund or program is authorized at the time of the loan to expend during the 2015–16 fiscal year from the recipient fund except as otherwise provided in Provisions 4, 5, and 6.
 - (c) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.
3. The Director of General Services may augment this item or any of Items 7760-001-0002, 7760-001-0003, 7760-001-0026, and 7760-001-0602 by up to an aggregate of 10 percent in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of General Services augments this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 the DGS shall notify the Director of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Director of Finance. The Director of General Services shall not use this provision to augment this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 for costs of which the DGS had knowledge in time to include in the May Revision.
4. If this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 is augmented

pursuant to Provision 3 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in these items or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. The Director of Finance shall not use this provision to augment this item or Item 7760-001-0002, 7760-001-0003, 7760-001-0026, or 7760-001-0602 for costs of which the Director of Finance or the DGS had knowledge in time to include in the May Revision.

5. The Director of General Services may augment this item and Items 7760-001-0003 and 7760-001-0026 to increase authorized expenditures by the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration. The augmentation shall be for the specific purpose of enabling the Office of State Publishing, the Office of Risk and Insurance Management, and the Office of Fleet Administration to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services proposes to augment any of the items in this provision, the director shall notify the Director of Finance, the chairpersons of the fiscal committees of each house of the Legislature, and the Chairperson of the Joint Legislative Budget Committee 30 days prior to making the augmentation, including the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.
6. Any augmentation made pursuant to Provisions 3 and 4 shall be reported in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall be provided in a format consistent with normal budget change requests, including identification of the amount of, and justification for, the augmentation, and the program that has been augmented. Copies of the notification shall be provided to the Director of Finance.
7. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is authorized to approve Budget Revision, Standard Form 26, subject to a copy being provided to the Department of Finance.
9. The Director of Finance is authorized to increase this item for purposes of funding the backfill of

vacant space, necessary restack studies, and other required building improvements within Department of General Services (DGS) office buildings related to the Governor's Office Space Utilization Initiative. This provision shall only be used to augment expenditure authority for DGS office buildings where a \$0.03 tenant improvement surcharge for DGS Individual Rate Buildings or a \$0.02 tenant improvement surcharge for DGS Building Rental Account Buildings has been approved by the Director of Finance and is included in the monthly rental rate. Director of Finance approval is contingent upon justification for the proposed tenant improvement projects to be provided by the DGS, including an analysis of cost impacts and how the tenant improvements will improve the state's utilization of the facility. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services without the prior written consent of the Director of Finance. Any augmentation made pursuant to this provision may be authorized not sooner than 30 days after notification in writing to the chairpersons of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.

10. A loan shall be made available from the General Fund to the Department of General Services not to exceed a cumulative total of \$20,000,000. The loan funds shall be transferred to this item as needed to meet cashflow needs due to delays in collecting reimbursements from departments participating in the GS \$mart financing program and are subject to the repayment provisions of Section 16351 of the Government Code.
11. The Director of General Services may approve intraschedule transfers within this item or any of Items 7760-001-0001, 7760-001-0002, 7760-001-0465, and 7760-001-0602 to provide flexibility for the efficient and cost-effective delivery of program services. Any intraschedule transfer deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of General Services approves an intraschedule transfer within this item or any of Items 7760-001-0001, 7760-001-0002, 7760-001-0465, and 7760-001-0602, the DGS shall notify the Director of Finance within 30 days after the intraschedule transfer is made as to the amount, justification, and the programs involved in the transfer. Any transfer made in accordance with this provision shall not result in an increase in any rate charged to other departments for services of the purchase of goods without prior written consent from the Director of Finance.
12. Of the funds appropriated in this item, \$634,000 is available for support of the Victim Compensation and Government Claims Board's Government Claims Program, and shall be used solely for that program.

Provisions:

1. Notwithstanding any other provision of law, the Board of Administration of the Public Employees' Retirement System (PERS), in accordance with all applicable provisions of the California Constitution, shall submit to the Controller, the Director of Finance, the Joint Legislative Budget Committee, and the fiscal committees of the Legislature all of the following:
 - (a) Not later than May 15, 2016, a copy of the proposed budget for PERS for the 2016–17 fiscal year as approved by the Board of Administration.

2. The Legislature finds and declares that PERS is accountable to members, governmental entities, and taxpayers with respect to the annual health premium increases that the Board of Administration adopts. The Board of Administration is encouraged to use the means at its disposal under law, consistent with requirements to provide benefits to public employees and others, to achieve low annual premium increases. To facilitate legislative oversight, the Board of Administration shall submit an annual report within 100 days of its adoption of annual health premium increases or decreases that describes methods it employed to moderate annual increases in premiums when taking that action. In years when the Board of Administration adopts health premium increases in excess of those assumed in the most recent state retiree health program actuarial valuation, the report shall include a discussion of actions that the Board of Administration plans to take, if any, to attempt to reduce the rate of annual premium growth to levels below those assumed in this valuation for the next three years. This reporting requirement applies to the Board of Administration's action in 2015 to adopt premium rates for 2016 and all Board of Administration actions to increase or decrease annual health premiums adopted thereafter. This reporting requirement does not obligate the Board of Administration to adopt any specific level of premium for any given year or to change any action it otherwise determines is necessary under state law. The Board of Administration may state in the report that it is unable to commit to specific actions to reduce the rate of health premium growth or

does not know if future reductions in the rate of health premium growth can be achieved. PERS is requested to complete these reports with existing budgetary and staffing resources. Schedule:

(1) 7800-Employee Compensation
Program 224,149,000

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.
2. The funds appropriated in this item are for compensation increases and increases in benefits related thereto of employees whose compensation, or portion thereof, is chargeable to the General Fund, to be allocated by budget executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
3. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or

approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

4. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as "pending agreements") that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.
5. As of July 31, 2016, the unencumbered balances of the above appropriation shall revert to the General Fund.
6. The Director of Finance may adjust this item of appropriation to reflect the health benefit premium rates approved by the Board of Administration of the Public Employees' Retirement System for the 2016 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.
7. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, the Department of Finance shall provide written notification to the Joint Legislative Budget Committee regarding any expenditure of funds resulting from any side letter, appendix, or other addendum to a properly ratified memorandum of understanding.
8. Notice provided pursuant to Provision 7 shall include a copy of the side letter, appendix, or other addendum (collectively addendum) and a fiscal summary of any expenditure of funds resulting from the agreement in the 2015–16 fiscal year and future fiscal years. The notice shall indicate whether the Department of Finance determines that an agreement does or does not require legislative action to ratify the addendum before implementation, pursuant to subprovisions (a), (b), or (c) of this provision.
 - (a) An addendum to a properly ratified memorandum of understanding may be implemented without legislative action not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine, if all of the following apply:
 - (1) The agreement results in total net costs of less than \$1,000,000 (all funds) during

the 2015–16 fiscal year.

- (2) Any cost resulting from the agreement can be absorbed within the 2015–16 fiscal year appropriation authority of impacted departments.
 - (3) The addendum does not present substantial additions that are reasonably outside the parameters of the original memorandum of understanding.
- (b) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds may be implemented not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine, if, during the legislative consideration of the 2015–16 Governor's Budget, the Department of Finance identified to the Legislature both of the following:
 - (1) The administration anticipated that the addendum would be signed during the 2015–16 fiscal year.
 - (2) Any costs resulting from the addendum are included in the 2015–16 Governor's Budget or another piece of legislation.
- (c) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds requires legislative action before implementation if any of the following apply:
 - (1) The agreement results in total net costs greater than \$1,000,000 (all funds) during the 2015–16 fiscal year.
 - (2) The agreement results in costs that cannot be absorbed within the 2015–16 fiscal year appropriation authority of impacted departments.
 - (3) The addendum presents substantial additions that are not reasonably within the parameters of the original memorandum of understanding.

9. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, any addendum to a properly ratified memorandum of understanding that is implemented in the 2015–16 fiscal year, pursuant to subprovision (a) of Provision 8 and requires the expenditure of funds beyond the 2015–16 fiscal year that was not approved as part of the Budget Act of 2015, shall be approved by the Legislature as part of the Budget Act of 2016 or through another piece of legislation.

10. The Department of Human Resources shall promptly post on its public Internet Web site all signed addenda. Each addendum shall be posted in its entirety, including any attachments or schedules that are part of the agreement, along with the fiscal summary documents of the agreement.

Provisions:

1. Subject to the conditions set forth in this item, amounts appropriated by this item shall be transferred, upon approval by the Director of Finance, to augment any other General Fund item of appropriation that is made under this act to an agency, department, board, commission, or other state entity. Such a transfer may be made to fund unanticipated expenses to be incurred for the 2015–16 fiscal year under an existing program that is funded by that item of appropriation, but only in a case of actual necessity as determined by the Director of Finance. For purposes of this item, an “existing program” is one that is authorized by law.
2. The Director of Finance may not approve a transfer under this item, nor may any funds appropriated in augmentation of this item be allocated, to fund any of the following: (a) capital outlay, (b) any expense attributable to a prior fiscal year, (c) any expense related to legislation enacted without an appropriation, (d) startup costs of programs not yet authorized by the Legislature, (e) costs that the administration had knowledge of in time to include in the May Revision, or (f) costs that the administration has the discretion to incur or not incur.
3. A transfer of funds approved by the Director of Finance under this item shall become effective no sooner than 30 days after the director files written notification thereof with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, or no sooner than any lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expense as defined in Provision 5.
4. Each notification shall include all of the following: (a) the date the recipient state entity reported to the Director of Finance the need to increase its appropriation, (b) the reason for the expense, (c) the transfer amount approved by the Director of Finance, and (d) the basis of the director’s determination that the expense is actually needed. Each notification shall also include a determination by the director as to whether the expense was considered in a legislative budget committee and formal action was taken not to approve the expense for the 2015–16 fiscal year. Any increase in a department’s appropriation to fund unanticipated expenses shall be approved by the Director of Finance.
5. The Director of Finance may approve a transfer under this item for an emergency expense only if the approval is set forth in a written notification that is filed with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, no later than 10 days after the effective date of the approval. Each notification for an emergency expense shall state the reason for the expense, the transfer amount approved by the director, and the basis of the director’s determination that the expense is an emergency expense. For the

purposes of this item, "emergency expense" means an expense incurred in response to conditions of disaster or extreme peril that threaten the immediate health or safety of persons or property in this state.

6. Within 15 days of receipt, the Director of Finance shall provide, to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, copies of all requests, including any supporting documentation, from any agency, department, board, commission, or other state entity for a transfer under this item. The submission to the Legislature of a copy of such a request does not constitute approval of the request by the Director of Finance. Within 15 days of receipt, the director shall also provide copies to these chairpersons of all other requests received by the Director of Finance from any state agency, department, board, commission, or other state entity to fund a contingency or emergency through a supplemental appropriations bill augmenting this item.
7. For any transfer of funds pursuant to this item, the augmentation of a General Fund item of appropriation shall not exceed the following during any fiscal year:

9. The Director of Finance shall submit any requests for supplemental appropriations in augmentation of this item to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature. Requests shall include the information and determinations required by Provision 4, excluding subdivision (c), and a determination that requests meet the requirements of Provision 2.

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 2015, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include minor projects, studies, specifications, design, construction, and equipment necessary in connection with a construction, repair, or improvement project on state-owned or state-leased property.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category," "program," or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but shall not include compensation of independent contractors rendering personal services to the state under contract.

(b) "Operating expenses and equipment," which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) "Programs" include all expenditures, regardless of category, required to carry out the objectives of the named activity.

(d) "Studies," when used in conjunction with a capital outlay project, are defined as budget package development, site studies and suitability reports, master planning, environmental studies and services, architectural programming, engineering assessments, and schematic design.

(e) "Acquisition" is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(f) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(g) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(h) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(i) "Performance criteria" are defined as the information that fully describes the scope of the proposed project and includes, but is not limited to, the size, type, and design character of the buildings and site; the required form, fit, function, operational requirements, and quality of design, materials, equipment, and workmanship; and any other information deemed necessary to sufficiently describe the state's needs. Performance criteria may include concept drawings, which include any schematic drawings or architectural renderings that are prepared in such detail as is necessary to sufficiently describe the state's needs.

(j) "Design-build" phase means the period following the award of a contract to a design-build entity in which the design-build entity completes the design and construction activities necessary to fully complete the project in compliance with the terms of the contract.

(k) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 2015–16," submitted by the Governor to the Legislature at the 2015 portion of the 2015–16 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the Controller and to every state agency to which appropriations are made under this act.

SEC. 3.50. Whenever an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, the following shall be charged to the appropriation from which salaries and wages are paid: workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the administrative costs of the Merit Award Program provided by Section 19823 of the Government Code, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20822 and 20824 of the Government Code, the state's contribution to the Teachers' Retirement Fund as provided by Sections 22950, 22951, and 23000 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 22601 and 22602 of the Government Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund for payment of hospital insurance taxes imposed by the Internal Revenue Code, the state's contribution to the Public Employees' Contingency Reserve Fund, the state's contribution for the cost of health benefits plans as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and the state's contribution for costs of other employee benefits and the administrative costs associated with the provision of benefits established by any state agency legally authorized to negotiate and set salary and benefit levels.

As of the effective date of this act, the state's contributions, as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and for costs of any other employee benefits and the administrative costs associated with the provisions of these benefits established by any state agency legally authorized to negotiate and set salary and benefit levels for any month, shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and by Sections 22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees' Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions.

SEC. 3.60. (a) Notwithstanding any other provision of law, the employers' retirement contributions for the 2015–16 fiscal year that are chargeable to any item with respect to each state officer and employee who is a member of the Public Employees' Retirement System (PERS) or the Judges' Retirement System II and who is in that employment or office shall be the percentage of salaries and wages by state member category, as follows:

Miscellaneous, First Tier	25.150%
California State University, Miscellaneous, First Tier	25.150%
Miscellaneous, Second Tier	25.278%

Judges' Retirement System II	23.370%

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2015–16 fiscal year retirement benefits to achieve the percentages specified in this subdivision. Beginning in the 2013–14 fiscal year, adjustments to the California State University (CSU) rates are applied to the actual pensionable 2013–14 fiscal year payroll, which is \$2,307,876,000, as identified by the Controller. This process establishes pension funding adjustments through this section for CSU, as reflected in provisional language in Item 6610-001-0001. This results in pension funding for CSU of \$564,179,000 (\$563,874,000 General Fund) for the 2014–15 fiscal year. These amounts also will be part of the total appropriation in Item 6610-001-0001 of the Budget Act of 2015.

(b) Notwithstanding any other provision of law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees' Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other provision of law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

(d) Of the percentage of salaries and wages by state member categories identified in subdivision (a), the following percentages are estimated to be the result of the increased employee contributions pursuant to Chapter 296 of the Statutes of 2012 (AB 340), known as the California Public Employees' Pension Reform Act of 2013, and will be directed toward the state's unfunded pension liability:

Miscellaneous, First Tier	0.082%

State Industrial	0.881%
State Safety	1.182%
Peace Officer/Firefighter	1.647%
California State University, Peace Officer/Firefighter	1.647%
Highway Patrol	1.319%

The contributions to the unfunded liability, as a result of the percentages of salaries and wages in this subdivision, are estimated to be \$106,673,000 (\$72,651,000 General Fund) for the 2015–16 fiscal year.

(e) The Director of Finance may adjust the percentage levels of the employers' retirement contributions listed in subdivisions (a) and (d) as a result of rates provided by the Board of Administration of the Public Employees' Retirement System. The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this subdivision. Within 30 days of making an adjustment pursuant to this subdivision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

SEC. 3.61. Contribution to Prefund Other Postemployment Benefits.

(a) Notwithstanding any other provision of law, the employers' contribution for prefunding other postemployment benefits for the 2015–16 fiscal year that are chargeable to any item with respect to each state officer and employee who is a member of the Public Employees' Retirement System, the Judges' Retirement System, the Judges' Retirement System II, or the Legislators' Retirement System and who is in that employment or office shall be the monthly dollar amount or the percentage of base salaries and wages or pensionable compensation by bargaining unit, retirement category, fund source, or state office, department, division, board, bureau, commission, organization, or agency, as follows:

Bargaining Unit 5, California Association of

Highway Patrolmen 7.30% of base pay

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for the employers' contributions for prefunding other postemployment benefits for the 2015–16 fiscal year to achieve the percentages specified in this subdivision.

The contributions for prefunding other postemployment benefits, as a result of the monthly dollar amounts or the percentages of salaries and wages in this subdivision, are estimated to be \$53,525,000 for the 2015–16 fiscal year.

(b) Notwithstanding any other provision of law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivision (a) are made.

(c) The Director of Finance may adjust the percentage levels of the employers' contribution for prefunding other postemployment benefits listed in subdivision (a) in accordance with labor agreements or other legislation approved by the Legislature in the 2015–16 fiscal year. The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this subdivision. Within 30 days of making an adjustment pursuant to this subdivision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

Notwithstanding any other provision of law, each item of appropriation provided in this act or other spending authority provided outside of this act, with the exception of those for the California State University, the University of California, Hastings College of the Law, the Legislature, and the Judicial Branch, shall be adjusted, as appropriate, to reflect the net savings achieved through operational efficiencies and other cost reduction measures, including, but not limited to, reorganizations, eliminations of boards and commissions, rate changes, contract reductions, and elimination of excess positions. The Director of Finance shall allocate the necessary adjustment to each item of appropriation or other spending authority to reflect savings achieved. The Director of Finance may authorize an augmentation to any item of appropriation provided in this act or outside this act to reflect the costs related to reorganizations, consolidations, or eliminations of agencies, departments, boards, commissions, or programs. The Department of Finance shall make the final determination of the budgetary and accounting transactions to ensure proper implementation of reorganizations and eliminations.

SEC. 4.11. All new positions approved in the 2015–16 fiscal year shall be established effective July 1, 2015, unless otherwise approved by the Department of Finance. Before the end of each month, the Controller shall provide to the Department of Finance a listing of each new position approved that will be abolished pursuant to Section 12439 of the Government Code as a result of the position being vacant for six consecutive pay periods at the end of the immediately preceding month. The report provided by the Controller shall include the department, division, position classification, position number, and the date the position was established.

SEC. 4.20. Notwithstanding any other provision of law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22885 of the Government Code, shall be 0.32 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses. The Director of Finance may, not sooner than 30 days after notification to the Joint Legislative Budget Committee, adjust the rate to ensure a three-month reserve in the Public Employees' Contingency Reserve Fund.

SEC. 4.30. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in appropriation items for rental payments on lease-purchase and lease-revenue bonds, or in any category thereof including fees, insurance, and reimbursements in this act as a result of changes from amounts budgeted for the costs for the 2015–16 fiscal year.

(b) Notwithstanding any other provision of law, the allocation may be made from funds appropriated for this purpose or from any other funds legally available for this purpose.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 4.70. (a) Notwithstanding any other provision of law, the Department of General Services (DGS) shall recover the Architecture Revolving Fund (ARF) deficit beginning in the 2008–09 fiscal year. DGS shall work with the Department of Finance to allocate and collect at least one-half of the \$27,200,000 deficit incurred by client agencies as identified by DGS between the 2009–10 and 2016–17 fiscal years. DGS shall also assess a surcharge to specified new ARF projects during those fiscal years sufficient to recover the remainder of the ARF deficit.

(b) DGS shall provide to the chairpersons of the budget committees of each house of the Legislature and to the Legislative Analyst an annual written update on the following: DGS progress toward recovering the ARF deficit, the rate of the surcharge imposed on new ARF projects, ARF project management training and accountability enhancements, and any unfunded project costs incurred through June 30, 2017.

(c) In implementing this section, DGS may not establish a reserve in the ARF.

SEC. 4.75. The Director of Finance may adjust any item of appropriation for departmental support for the purpose of reimbursing the Department of General Services for centralized costs billed through the statewide surcharge.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs have been incurred, departments that have incurred those costs shall commit a sufficient portion of their support appropriations to repay the interim financing costs.

SEC. 4.90. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Architecture Revolving Fund back to the General Fund.

SEC. 4.95. Notwithstanding any other provision of law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Inmate Construction Revolving Account back to the General Fund.

SEC. 5.25. (a) Payment of the attorney's fees specified in paragraphs (1) and (2) arising from actions in state courts against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus, or commissions, shall be paid from items of appropriation that support the state operations of the affected agency, department, board, bureau, or commission:

(c) A payment shall not be made by the Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney's fees incurred in connection with a single action.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Budget pursuant to Items 9840-001-0001, 9840-001-0494, and 9840-001-0988 of Section 2.00 when there are insufficient funds appropriated in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than \$100,000 of the funds appropriated for support purposes under Section 1.80 or any other sections of this act may be encumbered for acquisition or preliminary plans, working drawings, and construction or performance criteria and design-build of any project for the improvement of a state facility unless the Director of Finance determines that the proposed acquisition or improvement is critical and that it is necessary to proceed using funds appropriated for support purposes. Any approved critical project costing more than \$100,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee, or his or her designee, not less than 30 days prior to initiating the project or requesting acquisition approval. The report shall detail those factors that make the project so critical that it must proceed using support funds. No project described by this section may cost more than \$634,000.

SEC. 6.10. (a) Notwithstanding any other provision of law, the Director of Finance may allocate \$120,000,000 General Fund to the departments in the amounts identified below for deferred maintenance projects:

(c) A department may change the approved list included in the Supplemental Report of the 2015–16 Budget Package. Prior to making a change to the list, a department shall obtain the approval of the Director of Finance, and the Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee 30 days before the change is approved. The notification to the Joint Legislative Budget Committee shall identify the projects proposed to be removed and added, the cost of those projects, and the reasons for the proposed changes.

(e) The amounts allocated pursuant to subdivision (a) shall be available for encumbrance or expenditure until June 30, 2017.

SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2014–15 fiscal year and ongoing or new costs for the 2015–16 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal funds, the 2015–16 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced

expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Families (TANF) block grant funds in excess of the amounts specified and appropriated in this act are subject to the notification procedures and requirements set forth in Section 28.00, or Provision 4 of Item 5180-101-0001, or Item 5180-402, of Section 2.00, whichever is applicable. SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Director of Finance determines a state agency is not recovering allowable statewide indirect costs from the federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the director may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the director.

(b) The Director of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.88. Notwithstanding any other provision of law, a sum of \$27,735,000 is appropriated from various special and nongovernmental cost funds to the Financial Information System for California (FI\$Cal) Project. The Director of Finance is authorized to adjust these appropriations to conform with approved adjustments to Item 8880-001-9737 via other authority. These appropriated funds shall be transferred to the FI\$Cal Internal Services Fund for payment of costs to replace the systems that support the state's business operations. Upon order of the Director of Finance, in terms of timing and amounts, the Controller shall transfer from these funds sufficient amounts to pay for the authorized FI\$Cal Project costs that are attributable to such funds. These transfers shall be treated as expenditure transfers and shall not exceed the total authorized for the FI\$Cal Project that is attributable to those funds.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code) shall be limited to the amount specified for those costs in the project budget. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board.

Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.45. (a) Any state agency, department, board, or commission shall provide notification to the Department of Finance and the Joint Legislative Budget Committee not less than 30 days prior to committing funding from Proposition 40 (California Clean Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Act of 2002), Proposition 50 (Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002), or Proposition 84 (Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006), if all of the following criteria apply:

(1) The funds will be used, either directly or through a grant, for the purchase of interests in or the restoration or rehabilitation of property.

(2) The funds will be used for a grant or project that is not appropriated in statute by name or description.

(3) The total expenditure for the project, including, but not limited to, Proposition 40, 50, or 84 funds is in excess of \$25,000,000.

(b) The notification shall include a detailed description of the portion of the project being funded and a detailed description of the whole project. For the purposes of this section, the criteria set forth in subdivision (a) shall apply to both single transactions and cumulative transactions that involve the purchase of properties near or adjacent to each other.

(c) For purchases and grants meeting the criteria set forth in subdivision (a), the state agency, department, board, or commission may take public actions and hold public meetings prior to 30 days following notification only if such actions are expressly approved pending the completion of the 30-day review by the Department of Finance and the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The seller or grantee shall be explicitly notified in writing of this condition 10 days prior to any action taken.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. The Department of Finance shall report to the Joint Legislative Budget Committee when a reportable information technology project's overall costs increase by \$5,000,000 or 20 percent of the budgeted cost of the project, whichever is less. SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state "appropriations limit" of \$94,042,000,000 for the 2015–16 fiscal year.

The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2015–16 fiscal year are \$50,000,026,000 or 41.8 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are \$44,556,917,000 or 37.2 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. SEC. 12.35. Notwithstanding any provision of law, the Student Aid Commission shall not implement any change in policy or practice that would have an annualized fiscal effect exceeding \$5,000,000 to Item 6980-101-0001 unless the change is first approved by the Director of Finance and written notification is provided by the Director of Finance to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity and rationale for the proposed change in policy or practice and (b) identify the fiscal effect of the proposed change in the current fiscal year and subsequent

fiscal years. In adopting this section, it is the intent of the Legislature not to affect the entitlement aspect of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(c) Notwithstanding any other provision of law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2015–16 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2015–16 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2015–16 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the "clearing account" in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer

Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2016, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

Upon determination of the final amount of auction proceeds after the fourth cap and trade auction, the Department of Finance shall make a final determination for the expenditure of the remaining auction proceeds. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2015–16 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than

whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2015–16 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2016–17 fiscal year should be included in the administration's 2016–17 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2015–16 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2015–16 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2016.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2015–16 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2015–16 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance

determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2016, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2016.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to a monthly maximum salary of \$7,331 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Staff Services Manager II Managerial classification as of July 1, 2015) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2015–16 fiscal year shall terminate on June 30, 2016, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2016–17 fiscal year as new positions or (2) approved by the Department of Finance after the 2016–17 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2016. The positions identified in (2) above may be reestablished by the Department of Finance during the 2016–17 fiscal year, provided that these positions are shown in the Governor's Budget for the 2017–18 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2016–17 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2016–17 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2015–16 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2016–17 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2016–17 fiscal year, and subsequently decides to administratively establish the positions in the 2015–16 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any

other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.35. (a) To ensure cash needs in any state operations appropriation are met, departments shall make every reasonable effort to promptly collect reimbursements or amounts payable from other funds, or collect the amounts in advance. Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other provision of law, if a department implementing FISCAL demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds as specified in subdivision (a) and a temporary cash shortage arises in a state operations appropriation for the department, the Director of Finance may authorize a short term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.
