Date Published: 10/09/2017 09:00 PM

Assembly Bill No. 443

CHAPTER 549

An act to amend Sections 1209, 3041, 3041.1, 3041.2, 3041.3, 3056, 3057, 3110, and 3152 of the Business and Professions Code, relating to healing arts, and making an appropriation therefor.

[Approved by Governor October 07, 2017. Filed with Secretary of State October 07, 2017.]

LEGISLATIVE COUNSEL'S DIGEST

AB 443, Salas. Optometry: scope of practice.

The Optometry Practice Act provides for the licensure and regulation of the practice of optometry by the State Board of Optometry, which is within the Department of Consumer Affairs. That act provides that the practice of optometry includes the prevention and diagnosis of disorders and dysfunctions of the visual system, and the treatment and management of certain disorders and dysfunctions of the visual system, as well as the provision of rehabilitative optometric services, and doing certain things, including, but not limited to, the examination of the human eye or eyes. Existing law makes a violation of the act punishable as a crime.

This bill would revise the scope of the practice of optometry by, among other things, providing that the practice of optometry includes the provision of habilitative optometric services.

Existing law authorizes an optometrist certified to use therapeutic pharmaceutical agents to diagnose and treat specified conditions and perform certain procedures.

This bill would additionally authorize an optometrist who is certified to use therapeutic pharmaceutical agents, among other things, to perform skin testing to diagnose ocular allergies, to perform intravenous injection for the purpose of performing ocular angiography under specified circumstances, and to treat and diagnose hypotrichosis and blepharitis. The bill would authorize an optometrist certified to use therapeutic pharmaceutical agents to administer immunizations if the optometrist meets certain requirements, including that the optometrist is certified in basic life support.

Existing law requires an optometrist to consult with and refer a patient to an ophthalmologist or a physician and surgeon in certain circumstances, including if a patient has a recurrent case of peripheral corneal inflammatory keratitis within one year of the initial occurrence.

This bill would instead require an optometrist to consult with and, if necessary, refer to a physician and surgeon or other appropriate health care provider when a situation or condition occurs that is beyond the optometrist's scope of practice. The bill would require all consultations, referrals, and notifications be documented in the patient record. By changing the definition of an existing crime, this bill would impose a state-mandated local program.

Existing law requires all moneys collected pursuant to the act, except fine and penalty money, to be deposited in the Optometry Fund and continuously appropriated to the board to carry out the act.

This bill would require an applicant for a certificate to administer immunizations to pay a fee not to exceed \$50. Because this bill would increase those moneys deposited in a continuously appropriated fund, it would make an appropriation.

This bill would incorporate additional changes to Section 3057 of the Business and Professions Code proposed by AB 1708 to be operative only if this bill and AB 1708 are enacted and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority Appropriation: yes Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 1209 of the Business and Professions Code is amended to read:

1209. (a) As used in this chapter, "laboratory director" means any person who is any of the following:

(1) A duly licensed physician and surgeon.

(2) Only for purposes of a clinical laboratory test or examination classified as waived, is any of the following:

(A) A duly licensed clinical laboratory scientist.

(B) A duly licensed limited clinical laboratory scientist.

(C) A duly licensed naturopathic doctor.

(D) A duly licensed optometrist serving as the director of a laboratory that only performs clinical laboratory tests authorized in paragraph (10) of subdivision (d) of Section 3041.

(3) Licensed to direct a clinical laboratory under this chapter.

(b) (1) A person defined in paragraph (1) or (3) of subdivision (a) who is identified as the CLIA laboratory director of a laboratory that performs clinical laboratory tests classified as moderate or high complexity shall also meet the laboratory director qualifications under CLIA for the type and complexity of tests being offered by the laboratory.

(2) As used in this subdivision, "CLIA laboratory director" means the person identified as the laboratory director on the CLIA certificate issued to the laboratory by the federal Centers for Medicare and Medicaid Services (CMS).

(c) The laboratory director, if qualified under CLIA, may perform the duties of the technical consultant, technical supervisor, clinical consultant, general supervisor, and testing personnel, or delegate these responsibilities to persons qualified under CLIA. If the laboratory director reappropriates performance of those responsibilities or duties, he or she shall remain responsible for ensuring that all those duties and responsibilities are properly performed.

(d) (1) The laboratory director is responsible for the overall operation and administration of the clinical laboratory, including administering the technical and scientific operation of a clinical laboratory, the selection and supervision of procedures, the reporting of results, and active participation in its operations to the extent necessary to ensure compliance with this act and CLIA. He or she shall be responsible for the proper performance of all laboratory work of all subordinates and shall employ a sufficient number of laboratory personnel with the appropriate education and either experience or training to provide appropriate consultation, properly supervise and accurately perform tests, and report test results in accordance with the personnel qualifications, duties, and responsibilities described in CLIA and this chapter.

(2) Where a point-of-care laboratory testing device is utilized and provides results for more than one analyte, the testing personnel may perform and report the results of all tests ordered for each analyte for which he or she has been found by the laboratory director to be competent to perform and report.

(e) As part of the overall operation and administration, the laboratory director of a registered laboratory shall document the adequacy of the qualifications (educational background, training, and experience) of the personnel directing and supervising the laboratory and performing the laboratory test procedures and examinations. In determining the adequacy of qualifications, the laboratory director shall comply with any regulations adopted by the department that specify the minimum qualifications for personnel, in addition to any CLIA requirements relative to the education or training of personnel.

(f) As part of the overall operation and administration, the laboratory director of a licensed laboratory shall do all of the following:

(1) Ensure that all personnel, prior to testing biological specimens, have the appropriate education and experience, receive the appropriate training for the type and complexity of the services offered, and have demonstrated that they can perform all testing operations reliably to provide and report accurate results. In determining the adequacy of qualifications, the laboratory director shall comply with any regulations adopted by the department that specify the minimum qualifications for, and the type of procedures that may be performed by, personnel in addition to any CLIA requirements relative to the education or training of personnel. Any regulations adopted pursuant to this section that specify the type of procedure that may be performed by testing personnel shall be based on the skills, knowledge, and tasks required to perform the type of procedure in question.

(2) Ensure that policies and procedures are established for monitoring individuals who conduct preanalytical, analytical, and postanalytical phases of testing to ensure that they are competent and maintain their competency to process biological specimens, perform test procedures, and report test results promptly and proficiently, and, whenever necessary, identify needs for remedial training or continuing education to improve skills.

(3) Specify in writing the responsibilities and duties of each individual engaged in the performance of the preanalytic, analytic, and postanalytic phases of clinical laboratory tests or examinations, including which clinical laboratory tests or examinations the individual is authorized to perform, whether supervision is required for the individual to perform specimen processing, test performance, or results reporting, and whether consultant, supervisor, or director review is required prior to the individual reporting patient test results.

(g) The competency and performance of staff of a licensed laboratory shall be evaluated and documented by the laboratory director, or by a person who qualifies as a technical consultant or a technical supervisor under CLIA depending on the type and complexity of tests being offered by the laboratory.

(1) The procedures for evaluating the competency of the staff shall include, but are not limited to, all of the following:

(A) Direct observations of routine patient test performance, including patient preparation, if applicable, and specimen handling, processing, and testing.

(B) Monitoring the recording and reporting of test results.

(C) Review of intermediate test results or worksheets, quality control records, proficiency testing results, and preventive maintenance records.

(D) Direct observation of performance of instrument maintenance and function checks.

(E) Assessment of test performance through testing previously analyzed specimens, internal blind testing samples, or external proficiency testing samples.

(F) Assessment of problem solving skills.

(2) Evaluation and documentation of staff competency and performance shall occur at least semiannually during the first year an individual tests biological specimens. Thereafter, evaluations shall be performed at least annually unless test methodology or instrumentation changes, in which case, prior to reporting patient test results, the individual's performance shall be reevaluated to include the use of the new test methodology or instrumentation.

(h) The laboratory director of each clinical laboratory of an acute care hospital shall be a physician and surgeon who is a qualified pathologist, except as follows:

(1) If a qualified pathologist is not available, a physician and surgeon or a clinical laboratory bioanalyst qualified as a laboratory director under subdivision (a) may direct the laboratory. However, a qualified pathologist shall be available for consultation at suitable intervals to ensure high-quality service.

(2) If there are two or more clinical laboratories of an acute care hospital, those additional clinical laboratories that are limited to the performance of blood gas analysis, blood electrolyte analysis, or both, may be directed by a physician and surgeon qualified as a laboratory director under subdivision (a), irrespective of whether a pathologist is available.

As used in this subdivision, a qualified pathologist is a physician and surgeon certified or eligible for certification in clinical or anatomical pathology by the American Board of Pathology or the American Osteopathic Board of Pathology.

(i) Subdivision (h) does not apply to any director of a clinical laboratory of an acute care hospital acting in that capacity on or before January 1, 1988.

(j) A laboratory director may serve as the director of up to the maximum number of laboratories stipulated by CLIA, as defined under Section 1202.5.

SEC. 2. Section 3041 of the Business and Professions Code is amended to read:

3041. (a) The practice of optometry includes the prevention and diagnosis of disorders and dysfunctions of the visual system, and the treatment and management of certain disorders and dysfunctions of the visual system, as well as the provision of habilitative or rehabilitative optometric services, and is the doing of any or all of the following:

- (1) The examination of the human eye or eyes, or its or their appendages, and the analysis of the human vision system, either subjectively or objectively.
- (2) The determination of the powers or range of human vision and the accommodative and refractive states of the human eye or eyes, including the scope of its or their functions and general condition.
- (3) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training, vision training, or orthoptics.
- (4) The prescribing of contact and spectacle lenses for, or the fitting or adaptation of contact and spectacle lenses to, the human eye, including lenses that may be classified as drugs or devices by any law of the United States or of this state.
- (5) The use of topical pharmaceutical agents for the purpose of the examination of the human eye or eyes for any disease or pathological condition.

(b) (1) An optometrist who is certified to use therapeutic pharmaceutical agents, pursuant to Section 3041.3, may also diagnose and treat the human eye or eyes, or any of its or their appendages, for all of the following conditions:

- (A) Through medical treatment, infections of the anterior segment and adnexa, excluding the lacrimal gland, the lacrimal drainage system, and the sclera in patients under 12 years of age.
- (B) Ocular allergies of the anterior segment and adnexa.
- (C) Ocular inflammation, nonsurgical in cause except when comanaged with the treating physician and surgeon, limited to inflammation resulting from traumatic iritis, peripheral corneal inflammatory keratitis, episcleritis, and unilateral nonrecurrent nongranulomatous idiopathic iritis in patients over 18 years of age.
- (D) Traumatic or recurrent conjunctival or corneal abrasions and erosions.
- (E) Nonmalignant ocular surface disease and dry eye disease.
- (F) Ocular pain, nonsurgical in cause except when comanaged with the treating physician and surgeon, associated with conditions optometrists are authorized to treat.
- (G) Hypotrichosis and blepharitis.
- (H) Pursuant to subdivision (e), glaucoma in patients over 18 years of age, as described in subdivision (j).

(2) For purposes of this section, "treat" means the use of therapeutic pharmaceutical agents, as described in subdivision (c), and the procedures described in subdivision (d).

(c) In diagnosing and treating the conditions listed in subdivision (b), an optometrist certified to use therapeutic pharmaceutical agents pursuant to Section 3041.3 may use or prescribe, including for rational off-label purposes, all of the following therapeutic pharmaceutical agents:

- (1) Topical pharmaceutical agents for the examination of the human eye or eyes for any disease or pathological condition, including, but not limited to, topical miotics.
- (2) Topical lubricants.
- (3) Antiallergy agents. In using topical steroid medication for the treatment of ocular allergies, an optometrist shall consult with an ophthalmologist if the patient's condition worsens 21 days after diagnosis.
- (4) Topical and oral anti-inflammatories.
- (5) Topical antibiotic agents.
- (6) Topical hyperosmotics.
- (7) Topical and oral antiglaucoma agents pursuant to the certification process defined in subdivision (e).
- (8) Nonprescription medications used for the rational treatment of an ocular disorder.

(9) Oral antihistamines.

(10) Prescription oral nonsteroidal anti-inflammatory agents.

(11) Oral antibiotics for medical treatment of ocular disease.

(12) Topical and oral antiviral medication for the medical treatment of herpes simplex viral keratitis, herpes simplex viral conjunctivitis, periocular herpes simplex viral dermatitis, varicella zoster viral keratitis, varicella zoster viral conjunctivitis, and periocular varicella zoster viral dermatitis.

(13) Oral analgesics that are not controlled substances.

(14) Codeine with compounds, hydrocodone with compounds, and tramadol as listed in the California Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code) and the United States Uniform Controlled Substances Act (21 U.S.C. Sec. 801 et seq.). The use of these agents shall be limited to three days, with a referral to an ophthalmologist if the pain persists.

(15) Additional therapeutic pharmaceutical agents pursuant to subdivision (f).

(d) An optometrist who is certified to use therapeutic pharmaceutical agents pursuant to Section 3041.3 may also perform all of the following procedures:

(1) Corneal scraping with cultures.

(2) Debridement of corneal epithelia.

(3) Mechanical epilation.

(4) Collection of blood by skin puncture or venipuncture for testing patients suspected of having diabetes.

(5) Suture removal, with prior consultation with the treating physician and surgeon.

(6) Treatment or removal of sebaceous cysts by expression.

(7) Administration of oral fluorescein to patients suspected as having diabetic retinopathy.

(8) Use of an auto-injector to counter anaphylaxis.

(9) Ordering of smears, cultures, sensitivities, complete blood count, mycobacterial culture, acid fast stain, urinalysis, tear fluid analysis, and X-rays necessary for the diagnosis of conditions or diseases of the eye or adnexa. An optometrist may order other types of images subject to prior consultation with an ophthalmologist or appropriate physician and surgeon.

(10) A clinical laboratory test or examination classified as waived under the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA) (42 U.S.C. Sec. 263a; Public Law 100-578) and designated as waived in paragraph (9) necessary for the diagnosis of conditions and diseases of the eye or adnexa, or if otherwise specifically authorized by this chapter.

(11) Punctal occlusion by plugs, excluding laser, diathermy, cryotherapy, or other means constituting surgery as defined in this chapter.

(12) The use or prescription of diagnostic or therapeutic contact lenses, including lenses or devices that incorporate a medication or therapy the optometrist is certified to prescribe or provide.

(13) Removal of foreign bodies from the cornea, eyelid, and conjunctiva with any appropriate instrument other than a scalpel. Corneal foreign bodies shall be nonpenetrating, be no deeper than the midstroma, and require no surgical repair upon removal.

(14) For patients over 12 years of age, lacrimal irrigation and dilation, excluding probing of the nasal lacrimal tract. The board shall certify any optometrist who graduated from an accredited school of optometry before May 1, 2000, to perform this procedure after submitting proof of satisfactory completion of 10 procedures under the supervision of an ophthalmologist as confirmed by the ophthalmologist. Any optometrist who graduated from an accredited school of optometry on or after May 1, 2000, shall be exempt from the certification requirement contained in this paragraph.

(15) Intravenous injection for the purpose of performing ocular angiography at the direction of an ophthalmologist as part of an active treatment plan in a setting where a physician and surgeon is immediately available.

(16) Skin testing to diagnose ocular allergies, limited to the superficial layer of the skin.

(17) Use of any noninvasive medical device or technology authorized pursuant to subdivision (f).

(e) An optometrist certified pursuant to Section 3041.3 shall be certified for the treatment of glaucoma, as described in subdivision (j), in patients over 18 years of age after the optometrist meets the following applicable requirements:

(1) For licensees who graduated from an accredited school of optometry on or after May 1, 2008, submission of proof of graduation from that institution.

(2) For licensees who were certified to treat glaucoma under this section prior to January 1, 2009, submission of proof of completion of that certification program.

(3) For licensees who completed a didactic course of not less than 24 hours in the diagnosis, pharmacological, and other treatment and management of glaucoma, submission of proof of satisfactory completion of the case management requirements for certification established by the board.

(4) For licensees who graduated from an accredited school of optometry on or before May 1, 2008, and who are not described in paragraph (2) or (3), submission of proof of satisfactory completion of the requirements for certification established by the board under Chapter 352 of the Statutes of 2008.

(f) (1) Any topical or oral therapeutic pharmaceutical agent, which is not a controlled substance, or noninvasive medical device or technology that is not expressly authorized for use or prescription by an optometrist certified to use therapeutic pharmaceutical agents pursuant to Section 3041.3 shall be deemed to be authorized if it has received a United States Food and Drug Administration approved indication for the diagnosis or treatment of a condition authorized by this chapter. A licensee shall successfully complete any clinical training imposed by a related manufacturer prior to using any of those therapeutic pharmaceutical agents or noninvasive medical devices or technologies.

(2) Any other topical or oral therapeutic pharmaceutical agent, which is not a controlled substance, or noninvasive medical device or technology that is not expressly authorized for use or prescription by an optometrist certified to use therapeutic pharmaceutical agents pursuant to Section 3041.3 and does not meet the requirements in paragraph (1) shall be deemed authorized if approved by the board through regulation for the rational treatment of a condition authorized by this chapter. Any regulation under this paragraph shall require a licensee to successfully complete an appropriate amount of clinical training to qualify to use each topical or oral therapeutic pharmaceutical agent or noninvasive medical device or technology approved by the board pursuant to this paragraph.

(3) This subdivision shall not be construed to authorize any of the following:

(A) Any therapeutic pharmaceutical agent, medical device, or technology involving cutting, altering, or otherwise infiltrating human tissue by any means.

(B) A clinical laboratory test or imaging study not authorized by paragraphs (1) to (16), inclusive, of subdivision (d).

(C) Treatment of any disease or condition that could not be treated by an optometrist before January 1, 2018.

(g) (1) An optometrist certified pursuant to Section 3014.3 shall be certified for the administration of immunizations after the optometrist meets all of the following requirements:

(A) Completes an immunization training program endorsed by the federal Centers for Disease Control and Prevention (CDC) that, at a minimum, includes hands-on injection technique, clinical evaluation of indications and contraindications of vaccines, and the recognition and treatment of emergency reactions to vaccines, and maintains that training.

(B) Is certified in basic life support.

(C) Complies with all state and federal recordkeeping and reporting requirements, including providing documentation to the patient's primary care provider and entering information in the appropriate immunization registry designated by the immunization branch of the State Department of Public Health.

(D) Applies for an immunization certificate on a board-approved form.

(2) For the purposes of this section, "immunization" means the administration of immunizations for influenza, herpes zoster virus, and pneumococcus in compliance with individual Advisory Committee on Immunization Practices (ACIP) vaccine recommendations published by the CDC for persons 18 years of age or older.

(h) Other than for prescription ophthalmic devices described in subdivision (b) of Section 2541, any dispensing of a therapeutic pharmaceutical agent by an optometrist shall be without charge.

(i) The practice of optometry does not include performing surgery. "Surgery" means any procedure in which human tissue is cut, altered, or otherwise infiltrated by mechanical or laser means. "Surgery" does not include those procedures specified in

paragraphs (1) to (15), inclusive, of subdivision (d). This subdivision does not limit an optometrist's authority to utilize diagnostic laser and ultrasound technology within his or her scope of practice.

(j) An optometrist licensed under this chapter is subject to the provisions of Section 2290.5 for purposes of practicing telehealth.

(k) For purposes of this chapter, "glaucoma" means either of the following:

(1) All primary open-angle glaucoma.

(2) Exfoliation and pigmentary glaucoma.

(3) (A) Steroid induced glaucoma.

(B) If an optometrist treats a patient for steroid induced glaucoma the optometrist shall promptly notify the prescriber of the steroid medication if the prescriber did not refer the patient to the optometrist for treatment.

(l) For purposes of this chapter, "adnexa" means ocular adnexa.

(m) In an emergency, an optometrist shall stabilize, if possible, and immediately refer any patient who has an acute attack of angle closure to an ophthalmologist.

SEC. 3. Section 3041.1 of the Business and Professions Code is amended to read:

3041.1. An optometrist diagnosing or treating eye disease shall be held to the same standard of care to which physicians and surgeons and osteopathic physicians and surgeons are held. An optometrist shall consult with and, if necessary, refer to a physician and surgeon or other appropriate health care provider when a situation or condition occurs that is beyond the optometrists's scope of practice. Consultations, referrals, and notifications required by this section shall be documented in the patient record.

SEC. 4. Section 3041.2 of the Business and Professions Code is amended to read:

3041.2. The State Board of Optometry shall, by regulation, establish educational and examination requirements for licensure to ensure the competence of optometrists to practice pursuant to this chapter. Satisfactory completion of the educational and examination requirements shall be a condition for the issuance of an original optometrist license or certifications pursuant to this chapter.

SEC. 5. Section 3041.3 of the Business and Professions Code is amended to read:

3041.3. (a) In order to be certified to use therapeutic pharmaceutical agents and authorized to diagnose and treat the conditions listed in subdivisions (b) and (d) of Section 3041, an optometrist shall apply for a certificate from the board and meet all requirements imposed by the board.

(b) The board shall grant a therapeutic pharmaceutical agents (TPA) certification to any applicant who graduated from a California accredited school of optometry prior to January 1, 1996, is licensed as an optometrist in California, and meets all of the following requirements:

(1) Completes a preceptorship of no less than 65 hours, during a period of not less than two months nor more than one year, with either a TPA-certified optometrist in good standing or a physician and surgeon board-certified in ophthalmology in good standing. The training received during the preceptorship shall be on the diagnosis, treatment, and management of ocular and systemic disease. The preceptor shall certify completion of the preceptorship using a form approved by the board. The individual serving as the preceptor shall schedule no more than three optometrist applicants for each of the required 65 hours of the preceptorship program. This paragraph shall not be construed to limit the total number of optometrist applicants for whom an individual may serve as a preceptor, and is intended only to ensure the quality of the preceptorship by requiring that the preceptor schedule the training so that each applicant optometrist completes each of the 65 hours of the preceptorship while scheduled with no more than two other optometrist applicants.

(2) Successfully completes a minimum of 100 hours of directed and accredited education in ocular and systemic diseases within two years prior to meeting the requirements of paragraph (1).

(3) Passes the National Board of Examiners in Optometry's "Treatment and Management of Ocular Disease" examination or, in the event this examination is no longer offered, its equivalent, as determined by the State Board of Optometry.

(c) The board shall grant a therapeutic pharmaceutical agents certification to any applicant who graduated from a California accredited school of optometry on or after January 1, 1996, who is licensed as an optometrist in California, and who passes all

sections of the National Board of Examiners in Optometry's national board examination or its equivalent, as determined by the State Board of Optometry.

(d) The board shall grant a therapeutic pharmaceutical agents certification to any applicant who is an optometrist who obtained his or her license outside of California if he or she meets all of the requirements for an optometrist licensed in California to be granted a therapeutic pharmaceutical agents certification.

(1) In order to obtain a therapeutic pharmaceutical agents certification, any optometrist who obtained his or her license outside of California and graduated from an accredited school of optometry prior to January 1, 1996, shall be required to fulfill the requirements set forth in subdivision (b). In order for the applicant to be eligible for therapeutic pharmaceutical agents certification, the education he or she received at the accredited out-of-state school of optometry shall be equivalent to the education provided by any accredited school of optometry in California for persons who graduate before January 1, 1996. For those out-of-state applicants who request that any of the requirements contained in subdivision (b) be waived based on fulfillment of the requirement in another state, if the board determines that the completed requirement was equivalent to that required in California, the requirement shall be waived.

(2) In order to obtain a therapeutic pharmaceutical agents certification, any optometrist who obtained his or her license outside of California and who graduated from an accredited school of optometry on or after January 1, 1996, shall be required to fulfill the requirements set forth in subdivision (c). In order for the applicant to be eligible for therapeutic pharmaceutical agents certification, the education he or she received by the accredited out-of-state school of optometry shall be equivalent to the education provided by any accredited school of optometry for persons who graduate on or after January 1, 1996. For those out-of-state applicants who request that any of the requirements contained in subdivision (c) be waived based on fulfillment of the requirement in another state, if the board determines that the completed requirement was equivalent to that required in California, the requirement shall be waived.

(3) The State Board of Optometry shall decide all issues relating to the equivalency of an optometrist's education or training under this subdivision.

SEC. 6. Section 3056 of the Business and Professions Code is amended to read:

3056. (a) The board may issue a license to practice optometry to a person who meets all of the following qualifications:

(1) Has a degree as a doctor of optometry issued by an accredited school or college of optometry.

(2) Is currently licensed in another state.

(3) Is currently a full-time faculty member of an accredited California school or college of optometry and has served in that capacity for a period of at least five continuous years.

(4) Has attained, at an accredited California school or college of optometry, the academic rank of professor, associate professor, or clinical professor, except that the status of adjunct or affiliated faculty member shall not be deemed sufficient.

(5) Has successfully passed the board's jurisprudence examination.

(6) Is in good standing, with no past or pending malpractice awards or judicial or administrative actions.

(7) Has met the minimum continuing education requirements set forth in Section 3059 for the current and preceding year.

(8) Has met the requirements of Section 3041.3 regarding the use of therapeutic pharmaceutical agents under subdivision (d) of Section 3041.

(9) Has never had his or her license to practice optometry revoked or suspended.

(10) (A) Is not subject to denial based on any of the grounds listed in Section 480.

(B) Is not currently required to register as a sex offender pursuant to Section 290 of the Penal Code.

(11) Pays an application fee in an amount equal to the application fee prescribed by the board pursuant to Section 3152.

(12) Files an application on a form prescribed by the board.

(b) Any license issued pursuant to this section shall expire as provided in Section 3146, and may be renewed as provided in this chapter, subject to the same conditions as other licenses issued under this chapter.

(c) The term "in good standing," as used in this section, means that a person under this section:

(1) Is not currently under investigation nor has been charged with an offense for any act substantially related to the practice of optometry by any public agency, nor entered into any consent agreement or subject to an administrative decision that contains conditions placed by an agency upon a person's professional conduct or practice, including any voluntary surrender of license, nor been the subject of an adverse judgment resulting from the practice of optometry that the board determines constitutes evidence of a pattern of incompetence or negligence.

(2) Has no physical or mental impairment related to drugs or alcohol, and has not been found mentally incompetent by a physician so that the person is unable to undertake the practice of optometry in a manner consistent with the safety of a patient or the public.

SEC. 7. Section 3057 of the Business and Professions Code is amended to read:

3057. (a) The board may issue a license to practice optometry to a person who meets all of the following requirements:

(1) Has a degree as a doctor of optometry issued by an accredited school or college of optometry.

(2) Has successfully passed the licensing examination for an optometric license in another state.

(3) Submits proof that he or she is licensed in good standing as of the date of application in every state where he or she holds a license, including compliance with continuing education requirements.

(4) Is not subject to disciplinary action as set forth in subdivision (h) of Section 3110. If the person has been subject to disciplinary action, the board shall review that action to determine if it presents sufficient evidence of a violation of this chapter to warrant the submission of additional information from the person or the denial of the application for licensure.

(5) Has furnished a signed release allowing the disclosure of information from the National Practitioner Database and, if applicable, the verification of registration status with the federal Drug Enforcement Administration. The board shall review this information to determine if it presents sufficient evidence of a violation of this chapter to warrant the submission of additional information from the person or the denial of the application for licensure.

(6) Has never had his or her license to practice optometry revoked or suspended in any state where the person holds a license.

(7) (A) Is not subject to denial of an application for licensure based on any of the grounds listed in Section 480.

(B) Is not currently required to register as a sex offender pursuant to Section 290 of the Penal Code.

(8) Has met the minimum continuing education requirements set forth in Section 3059 for the current and preceding year.

(9) Has met the certification requirements of Section 3041.3 to use therapeutic pharmaceutical agents under subdivision (d) of Section 3041.

(10) Submits any other information as specified by the board to the extent it is required for licensure by examination under this chapter.

(11) Files an application on a form prescribed by the board, with an acknowledgment by the person executed under penalty of perjury and automatic forfeiture of license, of the following:

(A) That the information provided by the person to the board is true and correct, to the best of his or her knowledge and belief.

(B) That the person has not been convicted of an offense involving conduct that would violate Section 810.

(12) Pays an application fee in an amount equal to the application fee prescribed pursuant to subdivision (a) of Section 3152.

(13) Has successfully passed the board's jurisprudence examination.

(b) If the board finds that the competency of a candidate for licensure pursuant to this section is in question, the board may require the passage of a written, practical, or clinical examination or completion of additional continuing education or coursework.

(c) In cases where the person establishes, to the board's satisfaction, that he or she has been displaced by a federally declared emergency and cannot relocate to his or her state of practice within a reasonable time without economic hardship, the board may reduce or waive the fees required by paragraph (12) of subdivision (a).

(d) Any license issued pursuant to this section shall expire as provided in Section 3146, and may be renewed as provided in this chapter, subject to the same conditions as other licenses issued under this chapter.

(e) The term "in good standing," as used in this section, means that a person under this section:

(1) Is not currently under investigation nor has been charged with an offense for any act substantially related to the practice of optometry by any public agency, nor entered into any consent agreement or subject to an administrative decision that contains conditions placed by an agency upon a person's professional conduct or practice, including any voluntary surrender of license, nor been the subject of an adverse judgment resulting from the practice of optometry that the board determines constitutes evidence of a pattern of incompetence or negligence.

(2) Has no physical or mental impairment related to drugs or alcohol, and has not been found mentally incompetent by a licensed psychologist or licensed psychiatrist so that the person is unable to undertake the practice of optometry in a manner consistent with the safety of a patient or the public.

SEC. 7.5. Section 3057 of the Business and Professions Code is amended to read:

3057. (a) The board may issue a license to practice optometry to a person who meets all of the following requirements:

(1) Has a degree as a doctor of optometry issued by an accredited school or college of optometry.

(2) Has successfully passed the licensing examination for an optometric license in another state.

(3) Submits proof that he or she is licensed in good standing as of the date of application in every state where he or she holds a license, including compliance with continuing education requirements.

(4) Is not subject to disciplinary action as set forth in subdivision (h) of Section 3110. If the person has been subject to disciplinary action, the board shall review that action to determine if it presents sufficient evidence of a violation of this chapter to warrant the submission of additional information from the person or the denial of the application for licensure.

(5) Has furnished a signed release allowing the disclosure of information from the National Practitioner Data Bank and, if applicable, the verification of registration status with the federal Drug Enforcement Administration. The board shall review this information to determine if it presents sufficient evidence of a violation of this chapter to warrant the submission of additional information from the person or the denial of the application for licensure.

(6) Has never had his or her license to practice optometry revoked or suspended in any state where the person holds a license. This paragraph shall become inoperative on July 1, 2018.

(7) (A) Is not subject to denial of an application for licensure based on any of the grounds listed in Section 480.

(B) Is not currently required to register as a sex offender pursuant to Section 290 of the Penal Code.

(8) Has met the minimum continuing education requirements set forth in Section 3059 for the current and preceding year.

(9) Has met the certification requirements of Section 3041.3 to use therapeutic pharmaceutical agents under subdivision (d) of Section 3041.

(10) Submits any other information as specified by the board to the extent it is required for licensure by examination under this chapter.

(11) Files an application on a form prescribed by the board, with an acknowledgment by the person executed under penalty of perjury and automatic forfeiture of license, of the following:

(A) That the information provided by the person to the board is true and correct, to the best of his or her knowledge and belief.

(B) That the person has not been convicted of an offense involving conduct that would violate Section 810.

(12) Pays an application fee in an amount equal to the application fee prescribed pursuant to subdivision (a) of Section 3152.

(13) Has successfully passed the board's jurisprudence examination.

(b) If the board finds that the competency of a candidate for licensure pursuant to this section is in question, the board may require the passage of a written, practical, or clinical examination or completion of additional continuing education or coursework.

(c) In cases where the person establishes, to the board's satisfaction, that he or she has been displaced by a federally declared emergency and cannot relocate to his or her state of practice within a reasonable time without economic hardship, the board may reduce or waive the fees required by paragraph (12) of subdivision (a).

(d) Any license issued pursuant to this section shall expire as provided in Section 3146, and may be renewed as provided in this chapter, subject to the same conditions as other licenses issued under this chapter.

(e) The term "in good standing," as used in this section, means that a person under this section:

(1) Is not currently under investigation nor has been charged with an offense for any act substantially related to the practice of optometry by any public agency, nor entered into any consent agreement or subject to an administrative decision that contains conditions placed by an agency upon a person's professional conduct or practice, including any voluntary surrender of license, nor been the subject of an adverse judgment resulting from the practice of optometry that the board determines constitutes evidence of a pattern of incompetence or negligence.

(2) Has no physical or mental impairment related to drugs or alcohol, and has not been found mentally incompetent by a licensed psychologist or licensed psychiatrist so that the person is unable to undertake the practice of optometry in a manner consistent with the safety of a patient or the public.

SEC. 8. Section 3110 of the Business and Professions Code is amended to read:

3110. The board may take action against any licensee who is charged with unprofessional conduct, and may deny an application for a license if the applicant has committed unprofessional conduct. In addition to other provisions of this article, unprofessional conduct includes, but is not limited to, the following:

(a) Violating or attempting to violate, directly or indirectly assisting in or abetting the violation of, or conspiring to violate any provision of this chapter or any of the rules and regulations adopted by the board pursuant to this chapter.

(b) Gross negligence.

(c) Repeated negligent acts. To be repeated, there must be two or more negligent acts or omissions.

(d) Incompetence.

(e) The commission of fraud, misrepresentation, or any act involving dishonesty or corruption, that is substantially related to the qualifications, functions, or duties of an optometrist.

(f) Any action or conduct that would have warranted the denial of a license.

(g) The use of advertising relating to optometry that violates Section 651 or 17500.

(h) Denial of licensure, revocation, suspension, restriction, or any other disciplinary action against a health care professional license by another state or territory of the United States, by any other governmental agency, or by another California health care professional licensing board. A certified copy of the decision or judgment shall be conclusive evidence of that action.

(i) Procuring his or her license by fraud, misrepresentation, or mistake.

(j) Making or giving any false statement or information in connection with the application for issuance of a license.

(k) Conviction of a felony or of any offense substantially related to the qualifications, functions, and duties of an optometrist, in which event the record of the conviction shall be conclusive evidence thereof.

(l) Administering to himself or herself any controlled substance or using any of the dangerous drugs specified in Section 4022, or using alcoholic beverages to the extent, or in a manner, as to be dangerous or injurious to the person applying for a license or holding a license under this chapter, or to any other person, or to the public, or, to the extent that the use impairs the ability of the person applying for or holding a license to conduct with safety to the public the practice authorized by the license, or the conviction of a misdemeanor or felony involving the use, consumption, or self-administration of any of the substances referred to in this subdivision, or any combination thereof.

(m) (1) Committing or soliciting an act punishable as a sexually related crime, if that act or solicitation is substantially related to the qualifications, functions, or duties of an optometrist.

(2) Committing any act of sexual abuse, misconduct, or relations with a patient. The commission of and conviction for any act of sexual abuse, sexual misconduct, or attempted sexual misconduct, whether or not with a patient, shall be considered a crime substantially related to the qualifications, functions, or duties of a licensee. This paragraph shall not apply to sexual contact between any person licensed under this chapter and his or her spouse or person in an equivalent domestic relationship when that licensee provides optometry treatment to his or her spouse or person in an equivalent domestic relationship.

(3) Conviction of a crime that requires the person to register as a sex offender pursuant to Chapter 5.5 (commencing with Section 290) of Title 9 of Part 1 of the Penal Code. A conviction within the meaning of this paragraph means a plea or verdict of guilty or a conviction following a plea of nolo contendere. A conviction described in this paragraph shall be considered a crime substantially related to the qualifications, functions, or duties of a licensee.

(n) Repeated acts of excessive prescribing, furnishing, or administering of controlled substances or dangerous drugs specified in Section 4022, or repeated acts of excessive treatment.

(o) Repeated acts of excessive use of diagnostic or therapeutic procedures, or repeated acts of excessive use of diagnostic or treatment facilities.

(p) The prescribing, furnishing, or administering of controlled substances or drugs specified in Section 4022, or treatment without a good faith prior examination of the patient and optometric reason.

(q) The failure to maintain adequate and accurate records relating to the provision of services to his or her patients.

(r) Performing, or holding oneself out as being able to perform, or offering to perform, any professional services beyond the scope of the license authorized by this chapter.

(s) The practice of optometry without a valid, unrevoked, unexpired license.

(t) The employing, directly or indirectly, of any suspended or unlicensed optometrist to perform any work for which an optometry license is required.

(u) Permitting another person to use the licensee's optometry license for any purpose.

(v) Altering with fraudulent intent a license issued by the board, or using a fraudulently altered license, permit certification or any registration issued by the board.

(w) Except for good cause, the knowing failure to protect patients by failing to follow infection control guidelines of the board, thereby risking transmission of bloodborne infectious diseases from optometrist to patient, from patient to patient, or from patient to optometrist. In administering this subdivision, the board shall consider the standards, regulations, and guidelines of the State Department of Public Health developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, guidelines, and regulations pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) for preventing the transmission of HIV, hepatitis B, and other bloodborne pathogens in health care settings. As necessary, the board may consult with the Medical Board of California, the California Board of Podiatric Medicine, the Board of Registered Nursing, and the Board of Vocational Nursing and Psychiatric Technicians of the State of California, to encourage appropriate consistency in the implementation of this subdivision.

(x) Failure or refusal to comply with a request for the clinical records of a patient, that is accompanied by that patient's written authorization for release of records to the board, within 15 days of receiving the request and authorization, unless the licensee is unable to provide the documents within this time period for good cause.

(y) Failure to refer a patient to an appropriate physician and surgeon if an examination of the eyes indicates a substantial likelihood of any pathology that requires the attention of that physician and surgeon.

SEC. 9. Section 3152 of the Business and Professions Code is amended to read:

3152. The amounts of fees and penalties prescribed by this chapter shall be established by the board in amounts not greater than those specified in the following schedule:

(a) The fee for applicants applying for a license shall not exceed two hundred seventy-five dollars (\$275).

(b) The fee for renewal of an optometric license shall not exceed five hundred dollars (\$500).

(c) The annual fee for the renewal of a branch office license shall not exceed seventy-five dollars (\$75).

(d) The fee for a branch office license shall not exceed seventy-five dollars (\$75).

(e) The penalty for failure to pay the annual fee for renewal of a branch office license shall not exceed twenty-five dollars (\$25).

(f) The fee for issuance of a license or upon change of name authorized by law of a person holding a license under this chapter shall not exceed twenty-five dollars (\$25).

(g) The delinquency fee for renewal of an optometric license shall not exceed fifty dollars (\$50).

(h) The application fee for a certificate to perform lacrimal irrigation and dilation shall not exceed fifty dollars (\$50).

(i) The application fee for a certificate to treat glaucoma shall not exceed fifty dollars (\$50).

(j) The fee for approval of a continuing education course shall not exceed one hundred dollars (\$100).

- (k) The fee for issuance of a statement of licensure shall not exceed forty dollars (\$40).
- (l) The fee for biennial renewal of a statement of licensure shall not exceed forty dollars (\$40).
- (m) The delinquency fee for renewal of a statement of licensure shall not exceed twenty dollars (\$20).
- (n) The application fee for a fictitious name permit shall not exceed fifty dollars (\$50).
- (o) The renewal fee for a fictitious name permit shall not exceed fifty dollars (\$50).
- (p) The delinquency fee for renewal of a fictitious name permit shall not exceed twenty-five dollars (\$25).
- (q) The fee for a retired license shall not exceed twenty-five dollars (\$25).
- (r) The fee for a retired license with volunteer designation shall not exceed fifty dollars (\$50).
- (s) The biennial renewal fee for a retired license with volunteer designation shall not exceed fifty dollars (\$50).
- (t) The application fee for a certificate to administer immunizations shall not exceed fifty dollars (\$50).

SEC. 10. Section 7.5 of this bill incorporates amendments to Section 3057 of the Business and Professions Code proposed by both this bill and Assembly Bill 1708. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2018, (2) each bill amends Section 3057 of the Business and Professions Code, and (3) this bill is enacted after Assembly Bill 1708, in which case Section 7 of this bill shall not become operative.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
