**Assembly Bill No. 1714**

**CHAPTER 418**

An act to amend Sections 18909, 18916, 18929.1, 18938, 33760, 34312.3, 50052.5, and 50675.6 of the Health and Safety Code, and to amend Sections 12206, 17058, and 23610.5 of the Revenue and Taxation Code, relating to buildings.

[ Approved by Governor October 02, 2017. Filed with Secretary of State October 02, 2017. ]

**LEGISLATIVE COUNSEL'S DIGEST**

AB 1714, Committee on Housing and Community Development. Income taxes: credits: low-income housing: farmworker housing: building standards: housing and home finance.

(1) Existing law establishes a low-income housing tax credit program pursuant to which the California Tax Credit Allocation Committee provides procedures and requirements for the allocation, in modified conformity with federal law, of state insurance, personal income, and corporation tax credit amounts to qualified low-income housing projects that have been allocated, or qualify for, a federal low-income housing tax credit, and farmworker housing projects. Existing law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of \$70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year. Existing law additionally allows a state credit, which is not dependent on receiving a federal low-income housing credit, of \$500,000 per calendar year for projects to provide farmworker housing.

For purposes of determining the credit amount, existing law defines the term "applicable percentage" depending on, among other things, whether the qualified low-income building is a new building that is not federally subsidized, a new building that is federally subsidized, or is an existing building that is "at risk of conversion." Existing law defines "at risk of conversion" with respect to an existing property satisfying certain criteria, including that (1) the property is a multifamily rental housing development in which at least 50% of the units receive government assistance pursuant to specified federal programs and (2) the restrictions on rent and income levels will terminate or the federally insured mortgage on the property is eligible for prepayment any time within 5 years before or after the date of application to the California Tax Credit Allocation Committee.

This bill, under the law governing the taxation of insurers, the Personal Income Tax Law, and the Corporation Tax Law, would modify that criteria necessary for an existing property to qualify as being "at risk of conversion" by expanding the eligible government assistance programs to include an additional federal program and also receiving state loans or grants through programs administered by the Department of Housing and Community Development. The bill would instead require that the restrictions on rent and income levels will terminate or the federally insured mortgage or rent subsidy contract on the property is eligible for prepayment or termination any time within those 5 years before or after the date of application to the California Tax Credit Allocation Committee.

(2) Existing law, the California Building Standards Law, provides for the adoption of building standards by state agencies by requiring all state agencies that adopt or propose adoption of any building standard to submit the building standard to the California Building Standards Commission for approval and adoption. Existing law requires certain model codes, as defined to mean any building code drafted by a private organization, including, but not limited to, Appendix Chapter 1 of the Uniform Code for Building Conservation of the International Conference of Building Officials, to serve as the basis for the California Building Standards Code adopted by the commission. Existing law requires the building standards contained in the model codes as referenced in the California Building Standards Code to apply to all occupancies throughout the state.

This bill would update the list of those model codes drafted by a private organization and would remove that appendix from the list. The bill would require those model codes adopted by reference into the California Building Standards Code and any other building standards adopted into this code to apply to all occupancies throughout the state. The bill would also make other related nonsubstantive changes.

Existing law requires the California Building Standards Commission to receive proposed building standards from state agencies for consideration in an 18-month code adoption cycle. Existing law requires the commission to develop regulations setting forth the procedures for the 18-month adoption cycle and requires these regulations to ensure that the procedures meet the intent of specified administrative adjudication procedures.

This bill would instead require that specified rulemaking procedures are complied with.

(3) Existing law governing redevelopment construction loans authorizes an agency, as defined, to determine the location and character of any residential construction to be financed and to make mortgage or construction loans to participating parties through qualified mortgage lenders, purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties, or make loans to qualified mortgage lenders, for financing specified residential construction projects.

Existing law requires not less than 20% of the units in any residential project financed pursuant to these provisions to be occupied by, or made available to, individuals of low and moderate income. If the sponsor elects to establish a base rent for units reserved for lower income households, existing law requires the base rents to be adjusted for household size, as provided. Of those units, existing law requires not less than  $\frac{1}{2}$  of the units to be occupied by, or made available to, very low income households. Existing law prohibits the rental payments for those units paid from exceeding a specified amount, which is adjusted for family size, as provided.

This bill would require those adjustments to be made either by adjusting household or family size, as specified, or by utilizing occupancy assumptions that are appropriate and commercially reasonable for financing extended pursuant to the law governing redevelopment construction loans.

(4) Existing law, the Housing Authorities Law, authorizes a housing authority of a city or county to, among other things, provide financing for the acquisition, construction, rehabilitation, refinancing, or development of dwelling accommodations, as specified. Existing law requires not less than 20% of all units in housing projects assisted by an authority pursuant to this authorization to be available for occupancy on a priority basis to persons of low income. Existing law requires, if the sponsor elects to establish a base rent for units reserved for lower income households, the base rents to be adjusted for household size, as specified.

This bill would, if the sponsor elects to establish a base rent for lower income households, require the authority to either adjust base rents for household size, as specified, or utilize occupancy assumptions that are appropriate and commercially reasonable for financing extended pursuant to the above-described authorization.

(5) Existing law, the Zenovich-Moscone-Chacon Housing and Home Finance Act, authorizes a sponsor to apply for loans for one or more rental or transitional housing developments. Existing law authorizes a housing development to utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to the eligible households. Existing law authorizes the term of a loan to be extended for additional 10-year terms as long as the rental housing development is operated in a manner consistent with the regulatory agreement and the sponsor requires an extension in order to continue to operate in a manner consistent with the act.

This bill would make a nonsubstantive change to this act.

(6) Existing law, the Multifamily Housing Program, is administered by the Department of Housing and Community Development to address renter housing needs through an omnibus multifamily housing program. Under the program, assistance provided to a project is required to be provided in the form of a deferred payment loan to pay for the eligible costs of development. Existing law authorizes the term of a loan and the time for repayment to be extended for additional 10-year terms if certain requirements are met.

This bill, subject to specified terms, would authorize the Department of Housing and Community Development to approve an extension of an existing loan, the subordination of an existing loan to new debt, or an investment of tax credit equity if the rental housing development is being operated in a manner consistent with the regulatory agreement and the development requires an extension in order to continue to operate in that manner.

(7) This bill would incorporate additional changes to Sections 12206, 17058, and 23610.5 of the Revenue and Taxation Code proposed by AB 571 to be operative only if this bill and AB 571 are enacted and this bill is enacted last.

(8) This bill would include a change in state statute that would result in a taxpayer paying a higher tax within the meaning of Section 3 of Article XIII A of the California Constitution, and thus would require for passage the approval of  $\frac{2}{3}$  of the membership of each house of the Legislature.

### **SECTION 1.** Section 18909 of the Health and Safety Code is amended to read:

**18909.** (a) "Building standard" means any rule, regulation, order, or other requirement, including any amendment or repeal of that requirement, that specifically regulates, requires, or forbids the method of use, properties, performance, or types of materials used in the construction, alteration, improvement, repair, or rehabilitation of a building, structure, factory-built housing, or other improvement to real property, including fixtures therein, and as determined by the commission.

(b) Except as provided in subdivision (d), "building standard" includes architectural and design functions of a building or structure, including, but not limited to, number and location of doors, windows, and other openings, stress or loading characteristics of materials, and methods of fabrication, clearances, and other functions.

(d) "Building standard" does not include any safety regulations that any state agency is authorized to adopt relating to the operation of machinery and equipment used in manufacturing, processing, or fabricating, including, but not limited to, warehousing and food processing operations, but not including safety regulations relating to permanent appendages, accessories, apparatus, appliances, and equipment attached to the building as a part thereof, as determined by the commission.

(e) "Building standard" does not include temporary scaffoldings and similar temporary safety devices and procedures that are used in the erection, demolition, moving, or alteration of buildings.

For purposes of this subdivision, "permanent building" means any permanent structure constructed in the mobilehome park or special occupancy park that is a permanent facility under the control and ownership of the park operator.

(j) "Building standard" does not include any regulation adopted by the Department of Resources Recycling and Recovery, the Department of Toxic Substances Control, the Occupational Safety and Health Standards Board, or the State Water Resources Control Board concerning the discharge of waste to land or the treatment, transfer, storage, resource recovery, disposal, or recycling of the waste.

### **SEC. 2.** Section 18916 of the Health and Safety Code is amended to read:

**18916.** "Model code" means any building code drafted by private organizations or otherwise, and shall include, but not be limited to, the latest edition of the following:

- (a) The International Building Code of the International Code Council.
- (b) The Uniform Plumbing Code of the International Association of Plumbing and Mechanical Officials.

**SEC. 3.** Section 18929.1 of the Health and Safety Code is amended to read:

**18929.1.** (a) The commission shall receive proposed building standards from state agencies for consideration in an 18-month code adoption cycle. The commission shall develop regulations setting forth the procedures for the 18-month adoption cycle. The regulations shall ensure all of the following:

- (1) Adequate public participation in the development of building standards prior to submittal to the commission for adoption and approval.
- (2) Adequate notice, in written form, to the public of the compiled building standards and their justification.
- (3) Adequate technical review of proposed building standards and accompanying justification by advisory bodies appointed by the commission.
- (4) Adequate time for review of recommendations by advisory bodies prior to action by the commission.
- (5) The procedures shall meet the intent of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) and Section 18930.

(b) Where this section is in conflict with other provisions of this part, the intent of this section shall prevail.

**SEC. 4.** Section 18938 of the Health and Safety Code is amended to read:

**18938.** (a) Building standards shall be filed with the Secretary of State and codified only after they have been approved by the commission and shall not be published in any other title of the California Code of Regulations. Emergency building standards shall be filed with the Secretary of State and shall take effect only after they have been approved by the commission as required by Section 18937. The filing of building standards adopted or approved pursuant to this part, or any certification with respect thereto, with the Secretary of State, or elsewhere as required by law, shall be done solely by the commission.

(b) The building standards contained in the model codes described in Section 18916 and adopted by reference into the California Building Standards Code and any other building standards adopted into the California Building Standards Code shall apply to all occupancies throughout the state and shall become effective 180 days after publication in the California Building Standards Code by the California Building Standards Commission or at a later date after publication established by the commission.

(c) Except as otherwise provided in this subdivision, an adoption, amendment, or repeal of a building standard shall become effective 180 days after its publication in the triennial edition of the California Building Standards Code or one of its supplements, or at any later date as approved by the California Building Standards Commission, with the exceptions of standards adopted pursuant to Section 25402 of the Public Resources Code and those regulations that implement or enforce building standards. Regulations that implement or enforce building standards shall become effective 30 days after filing by the commission with the Secretary of State. This subdivision shall not apply to emergency building standards. An amendment or a repeal of a building standard in the California Building Standards Code that, as determined by the commission, would result in a less restrictive regulation, shall become effective 30 days after filing of the amendment or repeal by the commission with the Secretary of State.

(d) Emergency standards defined in subdivision (a) of Section 18913 shall become effective when approved by the commission, and filed with the Secretary of State, or upon any later date specified therein, and remain in effect as provided by Section 11346.1 of the Government Code and Section 18937 of this code. Emergency standards shall be distributed as soon as practicable after publication to all interested and affected parties. Notice of repeal, pursuant to Section 11346.1 of the Government Code, of emergency standards defined in subdivision (a) of Section 18913 within the period specified by that section, shall also be given to the parties by the affected agencies promptly after the termination of the statutory period pursuant to Section 11346.1 of the Government Code.

(e) This section shall not be applicable to the time limits set forth in Sections 17922 and 17958 for approval of uniform codes and for changes by local agencies in the California Building Standards Code.

**SEC. 5.** Section 33760 of the Health and Safety Code is amended to read:

**33760.** (a) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties, or make loans to qualified mortgage lenders, for financing any of the following:

(1) Residential construction within a redevelopment project area.

(2) Residential construction of residences in which the dwelling units are committed, for the period during which the loan is outstanding, for occupancy by persons or families who are eligible for financial assistance specifically provided by a governmental agency for the benefit of occupants of the residence.

(3) To the extent required by Section 103A of Title 26 of the United States Code, as amended, to maintain the exemption from federal income taxes of interest on bonds or notes issued by the agency under this chapter, residences located within targeted areas, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code. Any loans to qualified mortgage lenders shall be made under terms and conditions which, in addition to other provisions as determined by the agency, shall require the qualified mortgage lender to use all of the net proceeds thereof, directly or indirectly, for the making of mortgage loans or construction loans in an appropriate principal amount equal to the amount of the net proceeds. Those mortgage loans may, but need not, be insured.

(b) (1) Not less than 20 percent (15 percent in target areas) of the units in any residential project financed pursuant to this section on or after January 1, 1986, shall be occupied by, or made available to, individuals of low and moderate income, as defined by Section 103(b)(12)(C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall either assume, pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, that a family of one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will occupy a four-bedroom unit or shall utilize occupancy assumptions that it determines to be appropriate and commercially reasonable for financing extended pursuant to this chapter.

(2) Not less than one-half of the units described in paragraph (1) shall be occupied by, or made available to, very low income households, as defined by Section 50105. The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area adjusted for family size. In adjusting rental payments for family size, the agency shall either assume, pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, that a family of one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will occupy a four-bedroom unit or shall utilize occupancy assumptions that it determines to be appropriate and commercially reasonable for financing extended pursuant to this chapter.

(c) Units required to be reserved for occupancy as provided in subdivision (b) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

(d) (1) When issuing tax-exempt bonds for purposes of this section, the regulatory agreement entered into by the agency shall require that following the expiration or termination of the qualified project period, except in the event of foreclosure and redemption of the bonds, deed in lieu of foreclosure, eminent domain, or action of a federal agency preventing enforcement, units required to be reserved for occupancy for low- or very low income households and financed or refinanced with proceeds of bonds issued pursuant to this section on or after January 1, 2006, or refinanced with the proceeds of bonds issued pursuant to Section 53583 of the Government Code or any charter city authority on or after January 1, 2007, shall remain available to any eligible household occupying a reserved unit at the date of expiration or termination, at a rent not greater than the amount set forth by the regulatory agreement prior to the date of expiration or termination, until the earliest of any of the following occur:

(A) The household's income exceeds 140 percent of the maximum eligible income specified in the regulatory agreement for reserved units.

(B) The household voluntarily moves or is evicted for "good cause." "Good cause" for the purposes of this section, means the nonpayment of rent or allegation of facts necessary to prove major, or repeated minor, violations of material provisions

of the occupancy agreement which detrimentally affect the health and safety of other persons or the structure, the fiscal integrity of the development, or the purposes or special programs of the development.

(C) Thirty years after the date of the commencement of the qualified project period.

(D) The sponsor pays the relocation assistance and benefits to tenants as provided in subdivision (b) of Section 7264 of the Government Code.

(2) As used in this subdivision, "qualified project period" shall have the meaning specified in, and shall be determined in accordance with the provisions of, subsection (d) of Section 142 of the Internal Revenue Code of 1986, as amended, and United States Treasury regulations and rulings promulgated pursuant thereto.

(3) The amendment to this subdivision made during the 2005–06 Regular Session of the Legislature that is set forth in paragraph (1) is declaratory of existing law.

**SEC. 6.** Section 34312.3 of the Health and Safety Code is amended to read:

**34312.3.** (a) Subject to the requirements of this section and of Article 5 (commencing with Section 34350), an authority may do any of the following:

(1) Issue revenue bonds for the purpose of financing the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing and for the provision of capital improvements in connection with and determined necessary to the multifamily rental housing.

(2) Make or undertake commitments to make construction loans and mortgage loans to finance the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing.

(3) Purchase or undertake, directly or indirectly through lending institutions, commitments to purchase, construction loans, and mortgage loans originated in accordance with a financing agreement with the authority to finance the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing or make loans to lending institutions under terms and conditions which, in addition to other provisions determined by the authority, shall require the lending institutions to use the net proceeds of the loans for the making, directly or indirectly, of construction loans or mortgage loans to finance the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing.

(b) An authority may develop, rehabilitate, or finance housing projects or participate in the development, rehabilitation, or financing of housing projects; or purchase, sell, lease, own, operate, or manage housing projects so assisted, subject to all of the requirements of this section.

So long as the proceeds of any sale, lease, or other disposition of real property, net of the cost of sale, are to be used directly to assist a housing project pursuant to this section for persons of low income, and the funds in any trust fund established pursuant to subdivision (f) are used directly to assist housing units for persons of very low income, an authority may, after a public hearing, sell, lease, or otherwise dispose of the real property without complying with any provision of law concerning disposition of surplus property, including, but not limited to, Sections 34315.5 and 34315.7.

An authority may convey surplus lands it acquires from another public agency to a nonprofit or private developer for development of single-family homes where the development will provide for home ownership for persons and families of low or moderate income, as defined in Section 50093. This conveyance shall be after a public hearing. With the exception of subdivisions (b), (c), and (d) of Section 34315.7, the conveyance need not comply with any law concerning the disposition of surplus properties, including, but not limited to, Section 34315.5 or subdivision (a) of Section 34315.7. The proceeds of any sale or other disposition of surplus land, net of the cost of sale, shall be used to assist a housing project pursuant to this section for persons of low income.

(c) (1) (A) Not less than 20 percent of all units in housing projects assisted by an authority pursuant to this section shall be available for occupancy on a priority basis to persons of low income. In the case of housing projects located within a targeted area, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code, not less than 15 percent of all units in those housing projects assisted pursuant to this section shall be for occupancy on a priority basis by persons of low income.

(B) If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the sponsor shall either assume, pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, that a family of one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will occupy a four-bedroom unit or shall utilize occupancy assumptions that it determines to be appropriate and commercially reasonable for financing extended pursuant to this chapter.

(2) (A) Not less than one-half of the units required to be available for occupancy pursuant to paragraph (1) and financed with any bonds issued on or after January 1, 1986, shall be occupied by, or made available to, very low income households, as defined by Section 50105.

(B) The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(3) Any indebtedness incurred pursuant to a mortgage loan financed under the terms of this chapter shall be subject to acceleration and the balance owing declared immediately due and payable upon any sale of an owner-occupied residence to a purchaser who does not meet the required qualifications for borrowers as established by the authority.

(4) The authority shall require the owners of housing projects assisted pursuant to this section to accept as tenants, on the same basis as all other prospective tenants, in the units reserved for very low income households, any very low income households who are recipients of federal certificates for rent subsidies pursuant to the existing program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor. The authority shall not permit a selection criteria to be applied to Section 8 certificate holders that is any more burdensome than the criteria applied to all other prospective tenants.

(5) No resident in housing units assisted pursuant to this section shall be denied continued occupancy or ownership because, after admission, the resident's family income increases to exceed the eligibility level. However, the authority shall ensure that percentage requirements of this section shall continue to be met by providing the next available unit or units to persons of low income or by taking other actions to satisfy the percentage requirements of this section.

(6) In determining whether the percentage requirements of subdivision (c) have been achieved, the following terms and conditions shall be applied:

(A) The requirement that 20 percent or 15 percent, as the case may be, of the housing units assisted by an authority pursuant to this section shall be available on a priority basis to, or occupied by, households whose adjusted gross income does not exceed the applicable limits prescribed by subdivision (c) shall apply to the aggregate number of units assisted by an authority pursuant to this section.

(B) This section applies only to housing units first assisted after January 1, 1983, and the percentage requirements of subdivision (c) shall be complied with by January 1, 1986, and on January 1 of each even-numbered year thereafter.

(C) The percentage requirements of subdivision (c) shall be achieved within each of the following categories: (1) rental housing developments; (2) homeownership developments; and (3) rehabilitation financing. Housing units provided by rehabilitation financing shall not be counted within either of the first two categories.

(d) Units required to be reserved for occupancy by subdivision (c) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

(e) Multifamily rental housing financed pursuant to this section shall not be subject to the requirements of subparagraph (B) of paragraph (1) and paragraph (2) of subdivision (c), and the requirements of subdivision (d), if all of the following requirements are fulfilled:

(1) The housing authority offers each tenant a homeownership opportunity when the bonds are retired.

(2) A special trust fund or account which is funded with bond issuance proceeds or developer contributions, or both, is established no later than the time that the multifamily rental housing is first occupied. The initial funding of the account shall be no less than 5 percent of the face value of the bonds issued for the multifamily rental housing project. Upon repayment of the bonds, these funds, and all interest accruing thereon, less any amounts necessary to pay outstanding claims, shall be used to assist housing units for persons of very low income.

(3) The requirements of subparagraph (A) of paragraph (1) and subparagraph (A) of paragraph (2) of subdivision (c) shall remain in effect for the periods required by Section 103(b)(12)(B) of Title 26 of the United States Code.

(f) It is the intent of the Legislature, and the Legislature declares, that housing authorities are the local entities with primary responsibility for providing housing for low-income and very low income households within their jurisdictions. However, recognizing that housing projects only for low-income households cannot be adequately assisted or developed with currently

available funds, and that excess funds from housing projects assisted pursuant to this section can be utilized to further assist in the provision of housing for lower income households, it is the intent of the Legislature that the authorization of this section is to be used to enhance and supplement the traditional housing authority role of providing housing only for low-income households.

**SEC. 7.** Section 50052.5 of the Health and Safety Code is amended to read:

**50052.5.** (a) For any owner-occupied housing that receives assistance prior to January 1, 1991, and a condition of that assistance is compliance with this section, "affordable housing cost" with respect to lower income households may not exceed 25 percent of gross income.

(b) For any owner-occupied housing that receives assistance on or after January 1, 1991, and a condition of that assistance is compliance with this section, "affordable housing cost" may not exceed the following:

(1) For extremely low income households the product of 30 percent times 30 percent of the area median income adjusted for family size appropriate for the unit.

(2) For very low income households the product of 30 percent times 50 percent of the area median income adjusted for family size appropriate for the unit.

(3) For lower income households whose gross incomes exceed the maximum income for very low income households and do not exceed 70 percent of the area median income adjusted for family size, the product of 30 percent times 70 percent of the area median income adjusted for family size appropriate for the unit. In addition, for any lower income household that has a gross income that equals or exceeds 70 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable housing cost not exceed 30 percent of the gross income of the household.

(4) For moderate-income households, affordable housing cost shall not be less than 28 percent of the gross income of the household, nor exceed the product of 35 percent times 110 percent of area median income adjusted for family size appropriate for the unit. In addition, for any moderate-income household that has a gross income that exceeds 110 percent of the area median income adjusted for family size, it shall be optional for any state or local funding agency to require that affordable housing cost not exceed 35 percent of the gross income of the household.

(c) The department shall, by regulation, adopt criteria defining, and providing for determination of, gross income, adjustments for family size appropriate to the unit, and housing cost for purposes of determining affordable housing cost under this section. These regulations may provide alternative criteria, where necessary to be consistent with pertinent federal statutes and regulations governing federally assisted housing. The agency may, by regulation, adopt alternative criteria, and pursuant to subdivision (f) of Section 50462, alternative percentages of income may be adopted for agency-assisted housing development.

(d) With respect to moderate- and lower income households who are tenants of rental housing developments and members or shareholders of cooperative housing developments, or limited equity cooperatives "affordable housing cost" has the same meaning as affordable rent, as defined in Section 50053.

(e) Regulations of the department shall also include a method for determining the maximum construction cost, mortgage loan, or sales price that will make housing available to an income group at affordable housing cost.

(f) For purposes of this section, "area median income" shall mean area median income as published by the department pursuant to Section 50093.

(g) For purposes of this section, "moderate income household" shall have the same meaning as "persons and families of moderate income" as defined in Section 50093.

(h) For purposes of this section, and provided there are no pertinent federal statutes applicable to a project or program, "adjusted for family size appropriate to the unit" shall mean for a household of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

**SEC. 8.** Section 50675.6 of the Health and Safety Code is amended to read:

**50675.6.** (a) A sponsor may apply for loans for one or more rental or transitional housing developments. A housing development may utilize any combination of federal, state, local, and private financial resources necessary to make the development affordable, for the term of the state's regulatory agreement, to the eligible households.

(b) (1) Loans made pursuant to subdivision (f) of Section 50675.7 to sponsors by a local public entity as part of its code enforcement efforts for rental housing developments involving rehabilitation shall only be for terms of not less than 20 years. All

other loans shall be for a term of not less than 55 years.

(2) For loans made pursuant to this chapter, the department may approve an extension of an existing loan, the subordination of an existing loan to new debt, or an investment of tax credit equity, as long as the rental housing development is being operated in a manner consistent with the regulatory agreement and the development requires an extension in order to continue to operate in a manner consistent with this chapter. Each extension shall be for a period of not less than 10 years and each extension shall not exceed 55 years or, if needed to match the term of tax credit restrictions, exceed 58 years. The interest rate for the extension shall be 3 percent simple interest, or such interest rate as authorized by the department pursuant to Section 50406.7. All loan payments shall be deferred for the full term of the loan, except for residual receipts payments. These residual receipts payments shall be structured to avoid reducing the amount of payments on local public agency loans resulting solely from changes in the payment terms on the department's loan, and not resulting from fees or other payments to the borrower, and shall otherwise be consistent with the department's uniform multifamily regulations (Subchapter 19 (commencing with Section 8300) of Chapter 7 of Division 1 of Title 25 of the California Code of Regulations) or successor regulations. The department may charge a transaction fee to cover its costs for processing such restructuring transactions. The department may waive or defer some or all of this fee, if it determines that a particular development or class of developments does not have the ability to make these payments.

(c) Principal and accumulated interest is due and payable upon completion of the term of the loan. The loan shall bear simple interest at the rate of 3 percent per annum on the unpaid principal balance. The department may forgive that portion of that loan that is used to cover costs of developing child care facilities. The department shall require annual loan payments in the minimum amount necessary to cover the costs of project monitoring. For the first 30 years of the loan term, the amount of the required loan payments shall not exceed forty-two hundredths of 1 percent (.42%) per annum.

(d) The department may establish maximum loan-to-value requirements for some or all of the types of projects that are eligible for funding under this chapter.

(e) The department shall establish per-unit and per-project loan limits for all project types.

**SEC. 9.** Section 12206 of the Revenue and Taxation Code is amended to read:

**12206.** (a) (1) There shall be allowed as a credit against the "tax," described in Section 12201, a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, relating to low-income housing credit, except as otherwise provided in this section.

(2) "Taxpayer," for purposes of this section, means the sole owner in the case of a "C" corporation, the partners in the case of a partnership, and the shareholders in the case of an "S" corporation.

(3) "Housing sponsor," for purposes of this section, means the sole owner in the case of a "C" corporation, the partnership in the case of a partnership, and the "S" corporation in the case of an "S" corporation.

(b) (1) The amount of the credit allocated to any housing sponsor shall be authorized by the California Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility in accordance with the requirements of this section.

(A) Except for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code, that are allocated credits solely under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code, the low-income housing project shall be located in California and shall meet either of the following requirements:

(i) The project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code, relating to low-income housing credit.

(ii) It qualifies for a credit under Section 42(h)(4)(B) of the Internal Revenue Code, relating to special rule where 50 percent or more of building is financed with tax-exempt bonds subject to volume cap.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(C) (i) For a project that receives a preliminary reservation of the state low-income housing tax credit, allowed pursuant to subdivision (a), on or after January 1, 2009, and before January 1, 2020, the credit shall be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, regardless of how the federal low-income housing tax credit with respect to the project is allocated to the partners, or whether the allocation of the credit under the

terms of the agreement has substantial economic effect, within the meaning of Section 704(b) of the Internal Revenue Code, relating to determination of distributive share.

(ii) This subparagraph shall not apply to a project that receives a preliminary reservation of state low-income housing tax credits under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code unless the project also receives a preliminary reservation of federal low-income housing tax credits.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an "S" corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(D) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(E) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit, shall apply to this section.

(F) (i) Except as described in clause (ii), for buildings located in designated difficult development areas (DDAs) or qualified census tracts (QCTs), as defined in Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, credits may be allocated under this section in the amounts prescribed in subdivision (c), provided that the amount of credit allocated under Section 42 of the Internal Revenue Code, relating to low-income housing credit, is computed on 100 percent of the qualified basis of the building.

(ii) Notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit for buildings located in DDAs or QCTs that are restricted to having 50 percent of the building's occupants be special needs households, as defined in the California Code of Regulations by the California Tax Credit Allocation Committee, even if the taxpayer receives federal credits pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, provided that the credit allowed under this section shall not exceed 30 percent of the eligible basis of the building.

(G) (i) The California Tax Credit Allocation Committee may allocate a credit under this section in exchange for a credit allocated pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, in amounts up to 30 percent of the eligible basis of a building if the credits allowed under Section 42 of the Internal Revenue Code, relating to low-income housing credit, are reduced by an equivalent amount.

(ii) An equivalent amount shall be determined by the California Tax Credit Allocation Committee based upon the relative amount required to produce an equivalent state tax credit to the taxpayer.

(c) Section 42(b) of the Internal Revenue Code, relating to applicable percentage: 70 percent present value credit for certain new buildings; 30 percent present value credit for certain other buildings, shall be modified as follows:

(1) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, relating to temporary minimum credit rate for nonfederally subsidized new buildings, in lieu of the percentage prescribed in Section 42(b)(1)(A) of the Internal Revenue Code.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(2) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building that is federally subsidized or that is an existing building that is "at risk of conversion," the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(3) For purposes of this section, the term “at risk of conversion,” with respect to an existing property means a property that satisfies all of the following criteria:

(A) The property is a multifamily rental housing development in which at least 50 percent of the units receive governmental assistance pursuant to any of the following:

(i) New construction, substantial rehabilitation, moderate rehabilitation, property disposition, and loan management set-aside programs, or any other program providing project-based assistance pursuant to Section 8 of the United States Housing Act of 1937, Section 1437f of Title 42 of the United States Code, as amended.

(C) The entity acquiring the property enters into a regulatory agreement that requires the property to be operated in accordance with the requirements of this section for a period equal to the greater of 55 years or the life of the property.

(D) The property satisfies the requirements of Section 42(e) of the Internal Revenue Code, relating to rehabilitation expenditures treated as separate new building, except that the provisions of Section 42(e)(3)(A)(ii)(I) shall not apply.

(d) The term “qualified low-income housing project” as defined in Section 42(c)(2) of the Internal Revenue Code, relating to qualified low-income building, is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cash distribution from the operations of the project, after funding required reserves, that, at the election of the taxpayer, is equal to:

(A) An amount not to exceed 8 percent of the lesser of:

(i) The owner equity that shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note.

(ii) Twenty percent of the adjusted basis of the building as of the close of the first taxable year of the credit period.

(B) The amount of the cashflow from those units in the building that are not low-income units. For purposes of computing cashflow under this subparagraph, operating costs shall be allocated to the low-income units using the “floor space fraction,” as defined in Section 42 of the Internal Revenue Code, relating to low-income housing credit.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may be accumulated and distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an “S” corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code, relating to in general.

(3) Section 42(f)(3) of the Internal Revenue Code, relating to determination of applicable percentage with respect to increases in qualified basis after 1st year of credit period, is modified to read:

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the later of the taxable years in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code, relating to allocated credit amount to apply to all taxable years ending during or after credit allocation year, does not apply and instead the following provisions apply:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(I), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, do not apply to this section.

For the purposes of this paragraph, the term "Consumer Price Index" means the last Consumer Price Index for All Urban Consumers published by the federal Department of Labor.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(4) Five hundred thousand dollars (\$500,000) per calendar year for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(h) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code, relating to compliance period, is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) (1) Section 42(j) of the Internal Revenue Code, relating to recapture of credit, shall not be applicable and the provisions in paragraph (2) shall be substituted in its place.

(2) The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, and the regulatory agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code, shall apply, provided that the agreement includes all of the following provisions:

(A) A term not less than the compliance period.

(B) A requirement that the agreement be recorded in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code, relating to low-income housing credit, as modified by this section.

(F) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code, relating to qualified low-income housing project.

(G) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(H) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, relating to responsibilities of housing credit agencies, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate there is a need and demand for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating income shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three or more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (3) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term "secretary" shall be replaced by the term "Franchise Tax Board."

(l) In the case in which the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1993.

(n) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(o) (1) For a project that receives a preliminary reservation under this section beginning on or after January 1, 2016, and before January 1, 2020, a taxpayer may make an irrevocable election in its application to the California Tax Credit Allocation Committee to sell all or any portion of any credit allowed under this section to one or more unrelated parties for each taxable year in which the credit is allowed subject to both of the following conditions:

(A) The credit is sold for consideration that is not less than 80 percent of the amount of the credit.

(B) The unrelated party or parties purchasing any or all of the credit pursuant to this subdivision is a taxpayer allowed the credit under this section for the taxable year of the purchase or any prior taxable year or is a taxpayer allowed the federal credit under Section 42 of the Internal Revenue Code, relating to low-income housing credit, for the taxable year of the purchase or any prior taxable year in connection with any project located in this state. For purposes of this subparagraph, "taxpayer allowed the credit under this section" means a taxpayer that is allowed the credit under this section without regard to the purchase of a credit pursuant to this subdivision.

(2) (A) The taxpayer that originally received the credit shall report to the California Tax Credit Allocation Committee within 10 days of the sale of the credit, in the form and manner specified by the California Tax Credit Allocation Committee, all required information regarding the purchase and sale of the credit, including the social security or other taxpayer identification number of

the unrelated party or parties to whom the credit has been sold, the face amount of the credit sold, and the amount of consideration received by the taxpayer for the sale of the credit.

(B) The California Tax Credit Allocation Committee shall provide an annual listing to the Franchise Tax Board, in a form and manner agreed upon by the California Tax Credit Allocation Committee and the Franchise Tax Board, of the taxpayers that have sold or purchased a credit pursuant to this subdivision.

(3) (A) A credit may be sold pursuant to this subdivision to more than one unrelated party.

(B) (i) Except as provided in clause (ii), a credit shall not be resold by the unrelated party to another taxpayer or other party.

(ii) All or any portion of any credit allowed under this section may be resold once by an original purchaser to one or more unrelated parties, subject to all of the requirements of this subdivision.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(6) Notwithstanding paragraph (1), the taxpayer, with the approval of the Executive Director of the California Tax Credit Allocation Committee, may rescind the election to sell all or any portion of the credit allowed under this section if the consideration for the credit falls below 80 percent of the amount of the credit after the California Tax Credit Allocation Committee reservation.

(p) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(q) This section shall remain in effect for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credit, remains in effect.

**SEC. 9.5.** Section 12206 of the Revenue and Taxation Code is amended to read:

**12206.** (a) (1) There shall be allowed as a credit against the "tax," described by Section 12201, a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, relating to low-income housing credit, except as otherwise provided in this section.

(b) (1) The amount of the credit allocated to any housing sponsor shall be authorized by the California Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility in accordance with the requirements of this section.

(A) Except for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code, that are allocated credits solely under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code, the low-income housing project shall be located in California and shall meet either of the following requirements:

(i) The project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code, relating to low-income housing credit.

(ii) It qualifies for a credit under Section 42(h)(4)(B) of the Internal Revenue Code, relating to special rule where 50 percent or more of building is financed with tax-exempt bonds subject to volume cap.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code, relating to low-income

housing credit. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(C) (i) For a project that receives a preliminary reservation of the state low-income housing tax credit, allowed pursuant to subdivision (a), on or after January 1, 2009, and before January 1, 2020, the credit shall be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, regardless of how the federal low-income housing tax credit with respect to the project is allocated to the partners, or whether the allocation of the credit under the terms of the agreement has substantial economic effect, within the meaning of Section 704(b) of the Internal Revenue Code, relating to determination of distributive share.

(ii) This subparagraph shall not apply to a project that receives a preliminary reservation of state low-income housing tax credits under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code unless the project also receives a preliminary reservation of federal low-income housing tax credits.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit, shall apply to this section.

(E) (i) Except as described in clause (ii) or (iii), for buildings located in designated difficult development areas (DDAs) or qualified census tracts (QCTs), as defined in Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, credits may be allocated under this section in the amounts prescribed in subdivision (c), provided that the amount of credit allocated under Section 42 of the Internal Revenue Code, relating to low-income housing credit, is computed on 100 percent of the qualified basis of the building.

(ii) Notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit for buildings located in DDAs or QCTs that are restricted to having 50 percent of the building's occupants be special needs households, as defined in the California Code of Regulations by the California Tax Credit Allocation Committee, even if the taxpayer receives federal credits pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, provided that the credit allowed under this section shall not exceed 30 percent of the eligible basis of the building.

(iii) On and after January 1, 2018, notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit pursuant to paragraph (4) of subdivision (c) even if the taxpayer receives federal credits, pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas.

(ii) An equivalent amount shall be determined by the California Tax Credit Allocation Committee based upon the relative amount required to produce an equivalent state tax credit to the taxpayer.

(c) Section 42(b) of the Internal Revenue Code, relating to applicable percentage: 70 percent present value credit for certain new buildings; 30 percent present value credit for certain other buildings, shall be modified as follows:

(1) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, relating to temporary minimum credit rate for nonfederally subsidized new buildings, in lieu of the percentage prescribed in Section 42(b)(1)(A) of the Internal Revenue Code.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(i) The owner equity that shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note.

(ii) Twenty percent of the adjusted basis of the building as of the close of the first taxable year of the credit period.

(B) The amount of the cashflow from those units in the building that are not low-income units. (C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may be accumulated and distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an "S" corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code, relating to in general.

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the later of the taxable years in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code, relating to allocated credit amount to apply to all taxable years ending during or after credit allocation year, does not apply and instead the following provisions apply:

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(4) Five hundred thousand dollars (\$500,000) per calendar year for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(i) (1) Section 42(j) of the Internal Revenue Code, relating to recapture of credit, shall not be applicable and the provisions in paragraph (2) shall be substituted in its place.

(2) The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, and the regulatory agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code, shall apply, provided that the agreement includes all of the following provisions:

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code, relating to low-income housing credit, as modified by this section.

(F) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code, relating to qualified low-income housing project.

(G) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(H) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, relating to responsibilities of housing credit agencies, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

- (i) The housing sponsor shall demonstrate there is a need and demand for low-income housing in the community or region for which it is proposed.
- (ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating income shall be adequate to operate the project for the extended use period.
- (iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.
- (iv) The housing sponsor shall have and maintain control of the site for the project.
- (v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.
- (vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.
- (vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

- (i) The project serves the lowest income tenants at rents affordable to those tenants.
- (ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

- (i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three or more bedrooms.
- (ii) Projects providing single-room occupancy units serving very low income tenants.
- (iii) Existing projects that are "at risk of conversion," as defined by paragraph (3) of subdivision (c).
- (iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.
- (v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term "secretary" shall be replaced by the term "Franchise Tax Board."

(l) In the case in which the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1993.

(n) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(o) (1) For a project that receives a preliminary reservation under this section beginning on or after January 1, 2016, and before January 1, 2020, a taxpayer may make an irrevocable election in its application to the California Tax Credit Allocation Committee

to sell all or any portion of any credit allowed under this section to one or more unrelated parties for each taxable year in which the credit is allowed subject to both of the following conditions:

(A) The credit is sold for consideration that is not less than 80 percent of the amount of the credit.

(B) The unrelated party or parties purchasing any or all of the credit pursuant to this subdivision is a taxpayer allowed the credit under this section for the taxable year of the purchase or any prior taxable year or is a taxpayer allowed the federal credit under Section 42 of the Internal Revenue Code, relating to low-income housing credit, for the taxable year of the purchase or any prior taxable year in connection with any project located in this state. For purposes of this subparagraph, "taxpayer allowed the credit under this section" means a taxpayer that is allowed the credit under this section without regard to the purchase of a credit pursuant to this subdivision.

(2) (A) The taxpayer that originally received the credit shall report to the California Tax Credit Allocation Committee within 10 days of the sale of the credit, in the form and manner specified by the California Tax Credit Allocation Committee, all required information regarding the purchase and sale of the credit, including the social security or other taxpayer identification number of the unrelated party or parties to whom the credit has been sold, the face amount of the credit sold, and the amount of consideration received by the taxpayer for the sale of the credit.

(B) The California Tax Credit Allocation Committee shall provide an annual listing to the Franchise Tax Board, in a form and manner agreed upon by the California Tax Credit Allocation Committee and the Franchise Tax Board, of the taxpayers that have sold or purchased a credit pursuant to this subdivision.

(3) (A) A credit may be sold pursuant to this subdivision to more than one unrelated party.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(6) Notwithstanding paragraph (1), the taxpayer, with the approval of the Executive Director of the California Tax Credit Allocation Committee, may rescind the election to sell all or any portion of the credit allowed under this section if the consideration for the credit falls below 80 percent of the amount of the credit after the California Tax Credit Allocation Committee reservation.

(p) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(q) This section shall remain in effect for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credit, remains in effect.

**SEC. 10.** Section 17058 of the Revenue and Taxation Code is amended to read:

**17058.** (a) (1) There shall be allowed as a credit against the "net tax," defined in Section 17039, a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, relating to low-income housing credit, except as otherwise provided in this section.

requirements of this section.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) Except for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code, that are allocated credits solely under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code, the project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code, relating to low-income housing credit.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(C) (i) For a project that receives a preliminary reservation of the state low-income housing tax credit, allowed pursuant to subdivision (a), on or after January 1, 2009, and before January 1, 2020, the credit shall be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, regardless of how the federal low-income housing tax credit with respect to the project is allocated to the partners, or whether the allocation of the credit under the terms of the agreement has substantial economic effect, within the meaning of Section 704(b) of the Internal Revenue Code, relating to determination of distributive share.

(ii) To the extent the allocation of the credit to a partner under this section lacks substantial economic effect, any loss or deduction otherwise allowable under this part that is attributable to the sale or other disposition of that partner's partnership interest made prior to the expiration of the federal credit shall not be allowed in the taxable year in which the sale or other disposition occurs, but shall instead be deferred until and treated as if it occurred in the first taxable year immediately following the taxable year in which the federal credit period expires for the project described in clause (i).

(iii) This subparagraph shall not apply to a project that receives a preliminary reservation of state low-income housing tax credits under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code unless the project also receives a preliminary reservation of federal low-income housing tax credits.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an "S" corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall, upon request, provide a copy of the certification to the Franchise Tax Board.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit, apply to this section.

(ii) Notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit for buildings located in DDAs or QCTs that are restricted to having 50 percent of the building's occupants be special needs households, as defined in the California Code of Regulations by the California Tax Credit Allocation Committee, even if the taxpayer receives federal credits pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, provided that the credit allowed under this section shall not exceed 30 percent of the eligible basis of the building.

(F) (i) The California Tax Credit Allocation Committee may allocate a credit under this section in exchange for a credit allocated pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, in amounts up to 30 percent of the eligible basis of a building if the credits allowed under Section 42 of the Internal Revenue Code, relating to low-income housing credit, are reduced by an equivalent amount.

(ii) An equivalent amount shall be determined by the California Tax Credit Allocation Committee based upon the relative amount required to produce an equivalent state tax credit to the taxpayer.

(c) Section 42(b) of the Internal Revenue Code, relating to applicable percentage: 70 percent present value credit for certain new buildings; 30 percent present value credit for certain other buildings, shall be modified as follows:

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building that is federally subsidized or that is an existing building that is "at risk of conversion," the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. (l) In the case in which the credit allowed under this section exceeds the net tax, the excess may be carried over to reduce the net tax in the following year, and succeeding years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(6) Notwithstanding paragraph (1), the taxpayer, with the approval of the Executive Director of the California Tax Credit Allocation Committee, may rescind the election to sell all or any portion of the credit allowed under this section if the

consideration for the credit falls below 80 percent of the amount of the credit after the California Tax Credit Allocation Committee reservation.

(r) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. (f) The provisions of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code, relating to allocated credit amount to apply to all taxable years ending during or after credit allocation year, does not apply and instead the following provisions apply:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(II), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, do not apply to this section.

(g) The aggregate housing credit dollar amount that may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section, Section 12206, and Section 23610.5 shall be an amount equal to the sum of all the following:

(1) Seventy million dollars (\$70,000,000) for the 2001 calendar year, and, for the 2002 calendar year and each calendar year thereafter, seventy million dollars (\$70,000,000) increased by the percentage, if any, by which the Consumer Price Index for the preceding calendar year exceeds the Consumer Price Index for the 2001 calendar year. For the purposes of this paragraph, the term "Consumer Price Index" means the last Consumer Price Index for All Urban Consumers published by the federal Department of Labor.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(4) Five hundred thousand dollars (\$500,000) per calendar year for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(5) The amount of any unallocated or returned credits under former Sections 17053.14, 23608.2, and 23608.3, as those sections read prior to January 1, 2009, until fully exhausted for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(h) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code, relating to compliance period, is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) Section 42(j) of the Internal Revenue Code, relating to recapture of credit, shall not be applicable and the following requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee

and the housing sponsor, and the regulatory agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code shall apply, provided that the agreement includes all of the following provisions:

- (1) A term not less than the compliance period.
  - (2) A requirement that the agreement be recorded in the official records of the county in which the qualified low-income housing project is located.
  - (3) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.
  - (4) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto and that allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building, the right to enforce the regulatory agreement in any state court.
  - (5) A provision incorporating the requirements of Section 42 of the Internal Revenue Code, relating to low-income housing credit, as modified by this section.
  - (6) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code, relating to qualified low-income housing project.
  - (7) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.
  - (8) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.
- (j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.
- (2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.
- (3) Notwithstanding Section 42(m) of the Internal Revenue Code, relating to responsibilities of housing credit agencies, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:
- (A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:
- (i) The housing sponsor shall demonstrate that there is a need and demand for low-income housing in the community or region for which it is proposed.
  - (ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating income shall be adequate to operate the project for the extended use period.
  - (iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.
  - (iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three or more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term "secretary" shall be replaced by the term "Franchise Tax Board."

(l) In the case in which the credit allowed under this section exceeds the net tax, the excess may be carried over to reduce the net tax in the following year, and succeeding years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1989.

(p) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(q) (1) For a project that receives a preliminary reservation under this section beginning on or after January 1, 2016, and before January 1, 2020, a taxpayer may make an irrevocable election in its application to the California Tax Credit Allocation Committee

to sell all or any portion of any credit allowed under this section to one or more unrelated parties for each taxable year in which the credit is allowed subject to both of the following conditions:

(A) The credit is sold for consideration that is not less than 80 percent of the amount of the credit.

(B) The unrelated party or parties purchasing any or all of the credit pursuant to this subdivision is a taxpayer allowed the credit under this section for the taxable year of the purchase or any prior taxable year or is a taxpayer allowed the federal credit under Section 42 of the Internal Revenue Code, relating to low-income housing credit, for the taxable year of the purchase or any prior taxable year in connection with any project located in this state. For purposes of this subparagraph, "taxpayer allowed the credit under this section" means a taxpayer that is allowed the credit under this section without regard to the purchase of a credit pursuant to this subdivision.

(2) (A) The taxpayer that originally received the credit shall report to the California Tax Credit Allocation Committee within 10 days of the sale of the credit, in the form and manner specified by the California Tax Credit Allocation Committee, all required information regarding the purchase and sale of the credit, including the social security or other taxpayer identification number of the unrelated party or parties to whom the credit has been sold, the face amount of the credit sold, and the amount of consideration received by the taxpayer for the sale of the credit.

(B) The California Tax Credit Allocation Committee shall provide an annual listing to the Franchise Tax Board, in a form and manner agreed upon by the California Tax Credit Allocation Committee and the Franchise Tax Board, of the taxpayers that have sold or purchased a credit pursuant to this subdivision.

(B) (i) Except as provided in clause (ii), a credit shall not be resold by the unrelated party to another taxpayer or other party.

(ii) All or any portion of any credit allowed under this section may be resold once by an original purchaser to one or more unrelated parties, subject to all of the requirements of this subdivision.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(6) Notwithstanding paragraph (1), the taxpayer, with the approval of the Executive Director of the California Tax Credit Allocation Committee, may rescind the election to sell all or any portion of the credit allowed under this section if the consideration for the credit falls below 80 percent of the amount of the credit after the California Tax Credit Allocation Committee reservation.

(r) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(t) This section shall remain in effect on and after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credit, remains in effect. Any unused credit may continue to be carried forward, as provided in subdivision (l), until the credit has been exhausted.

**SEC. 11.** Section 23610.5 of the Revenue and Taxation Code is amended to read:

**23610.5.** (a) (1) There shall be allowed as a credit against the "tax," defined in Section 23036, a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, relating to low-income housing credit, except as otherwise provided in this section.

(2) "Taxpayer," for purposes of this section, means the sole owner in the case of a "C" corporation, the partners in the case of a partnership, and the shareholders in the case of an "S" corporation.

(i) Except for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code, that are allocated credits solely under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code, the project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code, relating to low-income housing credit.

(ii) It qualifies for a credit under Section 42(h)(4)(B) of the Internal Revenue Code, relating to special rule where 50 percent or more of building is financed with tax-exempt bonds subject to volume cap.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(C) (i) For a project that receives a preliminary reservation of the state low-income housing tax credit, allowed pursuant to subdivision (a), on or after January 1, 2009, and before January 1, 2020, the credit shall be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, regardless of how the federal low-income housing tax credit with respect to the project is allocated to the partners, or whether the allocation of the credit under the terms of the agreement has substantial economic effect, within the meaning of Section 704(b) of the Internal Revenue Code, relating to determination of distributive share.

(ii) To the extent the allocation of the credit to a partner under this section lacks substantial economic effect, any loss or deduction otherwise allowable under this part that is attributable to the sale or other disposition of that partner's partnership interest made prior to the expiration of the federal credit shall not be allowed in the taxable year in which the sale or other disposition occurs, but shall instead be deferred until and treated as if it occurred in the first taxable year immediately following the taxable year in which the federal credit period expires for the project described in clause (i).

(iii) This subparagraph shall not apply to a project that receives a preliminary reservation of state low-income housing tax credits under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code unless the project also receives a preliminary reservation of federal low-income housing tax credits.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(ii) Notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit for buildings located in DDAs or QCTs that are restricted to having 50 percent of the building's occupants be special needs households, as defined in the California Code of Regulations by the California Tax Credit Allocation Committee, even if the taxpayer receives federal credits pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, provided that the credit allowed under this section shall not exceed 30 percent of the eligible basis of the building.

(F) (i) The California Tax Credit Allocation Committee may allocate a credit under this section in exchange for a credit allocated pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, in amounts up to 30 percent of the eligible basis of a building if the credits allowed under Section 42 of the Internal Revenue Code, relating to low-income housing credit, are reduced by an equivalent amount.

project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, relating to responsibilities of housing credit agencies, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate that there is a need for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three or more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner's equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section, Section 12206, and Section 17058 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term "secretary" shall be replaced by the term "Franchise Tax Board."

(l) In the case in which the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1989.

(q) (1) A corporation may elect to assign any portion of any credit allowed under this section to one or more affiliated corporations for each taxable year in which the credit is allowed. For purposes of this subdivision, "affiliated corporation" has the meaning provided in subdivision (b) of Section 25110, as that section was amended by Chapter 881 of the Statutes of 1993, as of the last day of the taxable year in which the credit is allowed, except that "100 percent" is substituted for "more than 50 percent" wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993, and "voting common stock" is substituted for "voting stock" wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993.

(2) The election provided in paragraph (1):

(A) May be based on any method selected by the corporation that originally receives the credit.

(B) Shall be irrevocable for the taxable year the credit is allowed, once made.

(C) May be changed for any subsequent taxable year if the election to make the assignment is expressly shown on each of the returns of the affiliated corporations that assign and receive the credits.

(r) (1) For a project that receives a preliminary reservation under this section beginning on or after January 1, 2016, and before January 1, 2020, a taxpayer may make an irrevocable election in its application to the California Tax Credit Allocation Committee to sell all or any portion of any credit allowed under this section to one or more unrelated parties for each taxable year in which the credit is allowed subject to both of the following conditions:

(A) The credit is sold for consideration that is not less than 80 percent of the amount of the credit.

(B) (i) The unrelated party or parties purchasing any or all of the credit pursuant to this subdivision is a taxpayer allowed the credit under this section for the taxable year of the purchase or any prior taxable year or is a taxpayer allowed the federal credit under Section 42 of the Internal Revenue Code, relating to low-income housing credit, for the taxable year of the purchase or any prior taxable year in connection with any project located in this state.

(ii) For purposes of this subparagraph, "taxpayer allowed the credit under this section" means a taxpayer that is allowed the credit under this section without regard to the purchase of a credit pursuant to this subdivision without regard to any of the following:

- (I) The purchase of a credit under this section pursuant to this subdivision.
- (II) The assignment of a credit under this section pursuant to subdivision (q).

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(6) Notwithstanding paragraph (1), the taxpayer, with the approval of the Executive Director of the California Tax Credit Allocation Committee, may rescind the election to sell all or any portion of the credit allowed under this section if the consideration for the credit falls below 80 percent of the amount of the credit after the California Tax Credit Allocation Committee reservation.

(s) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(t) Any unused credit may continue to be carried forward, as provided in subdivision (l), until the credit has been exhausted.

**23610.5.** (a) (1) There shall be allowed as a credit against the "tax," defined in Section 23036, a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, relating to low-income housing credit, except as otherwise provided in this section.

(2) "Taxpayer," for purposes of this section, means the sole owner in the case of a "C" corporation, the partners in the case of a partnership, and the shareholders in the case of an "S" corporation.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) Except for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code, that are allocated credits solely under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code, the project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code, relating to low-income housing credit.

The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(C) (i) For a project that receives a preliminary reservation of the state low-income housing tax credit, allowed pursuant to subdivision (a), on or after January 1, 2009, and before January 1, 2020, the credit shall be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, regardless of how the federal low-income housing tax credit with respect to the project is allocated to the partners, or whether the allocation of the credit under the terms of the agreement has substantial economic effect, within the meaning of Section 704(b) of the Internal Revenue Code, relating to determination of distributive share.

(ii) To the extent the allocation of the credit to a partner under this section lacks substantial economic effect, any loss or deduction otherwise allowable under this part that is attributable to the sale or other disposition of that partner's partnership interest made prior to the expiration of the federal credit shall not be allowed in the taxable year in which the sale or other disposition occurs, but shall instead be deferred until and treated as if it occurred in the first taxable year immediately following the taxable year in which the federal credit period expires for the project described in clause (i).

(iii) This subparagraph shall not apply to a project that receives a preliminary reservation of state low-income housing tax credits under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code unless the project also receives a preliminary reservation of federal low-income housing tax credits.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(iii) On and after January 1, 2018, notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit pursuant to paragraph (5) of subdivision (c) even if the taxpayer receives federal credits, pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas.

(1) In the case of any qualified low-income building placed in service by the housing sponsor during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, relating to temporary minimum credit rate for nonfederally subsidized new buildings, in lieu of the percentage prescribed in Section 42(b)(1)(A) of the Internal Revenue Code.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building that is federally subsidized or that is an existing building that is "at risk of conversion," the term "applicable percentage" means the following:

(5) On and after January 1, 2018, in the case of any qualified low-income building that is (A) farmworker housing, as defined by paragraph (2) of subdivision (h) of Section 50199.7 of the Health and Safety Code, and (B) is federally subsidized, the term "applicable percentage" means for each of the first three years, 20 percent of the qualified basis of the building, and for the fourth year, 15 percent of the qualified basis of the building.

(d) The term "qualified low-income housing project" as defined in Section 42(c)(2) of the Internal Revenue Code, relating to qualified low-income building, is modified by adding the following requirements:

(3) Section 42(f)(3) of the Internal Revenue Code, relating to determination of applicable percentage with respect to increases in qualified basis after 1st year of credit period, is modified to read:

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the later of the taxable years in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code, relating to allocated credit amount to apply to all taxable years ending during or after credit allocation year, shall not be applicable and instead the following provisions shall be applicable:

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. (8) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are "at risk of conversion," as defined by paragraph (4) of subdivision (c).

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section, Section 12206, and Section 17058 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term "secretary" shall be replaced by the term "Franchise Tax Board."

(l) In the case in which the credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1989.

(p) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(q) (1) A corporation may elect to assign any portion of any credit allowed under this section to one or more affiliated corporations for each taxable year in which the credit is allowed. For purposes of this subdivision, "affiliated corporation" has the meaning provided in subdivision (b) of Section 25110, as that section was amended by Chapter 881 of the Statutes of 1993, as of the last day of the taxable year in which the credit is allowed, except that "100 percent" is substituted for "more than 50 percent" wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993, and "voting common stock" is substituted for "voting stock" wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993.

(2) The election provided in paragraph (1):

(A) May be based on any method selected by the corporation that originally receives the credit.

(B) Shall be irrevocable for the taxable year the credit is allowed, once made.

(C) May be changed for any subsequent taxable year if the election to make the assignment is expressly shown on each of the returns of the affiliated corporations that assign and receive the credits.

(r) (1) For a project that receives a preliminary reservation under this section beginning on or after January 1, 2016, and before January 1, 2020, a taxpayer may make an irrevocable election in its application to the California Tax Credit Allocation Committee to sell all or any portion of any credit allowed under this section to one or more unrelated parties for each taxable year in which the credit is allowed subject to both of the following conditions:

(A) The credit is sold for consideration that is not less than 80 percent of the amount of the credit.

(B) (i) The unrelated party or parties purchasing any or all of the credit pursuant to this subdivision is a taxpayer allowed the credit under this section for the taxable year of the purchase or any prior taxable year or is a taxpayer allowed the federal credit under Section 42 of the Internal Revenue Code, relating to low-income housing credit, for the taxable year of the purchase or any prior taxable year in connection with any project located in this state.

(ii) For purposes of this subparagraph, "taxpayer allowed the credit under this section" means a taxpayer that is allowed the credit under this section without regard to the purchase of a credit pursuant to this subdivision without regard to any of the following:

(I) The purchase of a credit under this section pursuant to this subdivision.

(II) The assignment of a credit under this section pursuant to subdivision (q).

(III) The assignment of a credit under this section pursuant to Section 23363.

(2) (A) The taxpayer that originally received the credit shall report to the California Tax Credit Allocation Committee within 10 days of the sale of the credit, in the form and manner specified by the California Tax Credit Allocation Committee, all required information regarding the purchase and sale of the credit, including the social security or other taxpayer identification number of the unrelated party or parties to whom the credit has been sold, the face amount of the credit sold, and the amount of consideration received by the taxpayer for the sale of the credit.

(B) The California Tax Credit Allocation Committee shall provide an annual listing to the Franchise Tax Board, in a form and manner agreed upon by the California Tax Credit Allocation Committee and the Franchise Tax Board, of the taxpayers that have sold or purchased a credit pursuant to this subdivision.

(3) (A) A credit may be sold pursuant to this subdivision to more than one unrelated party.

(B) (i) Except as provided in clause (ii), a credit shall not be resold by the unrelated party to another taxpayer or other party.

(ii) All or any portion of any credit allowed under this section may be resold once by an original purchaser to one or more unrelated parties, subject to all of the requirements of this subdivision.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(6) Notwithstanding paragraph (1), the taxpayer, with the approval of the Executive Director of the California Tax Credit Allocation Committee, may rescind the election to sell all or any portion of the credit allowed under this section if the consideration for the credit falls below 80 percent of the amount of the credit after the California Tax Credit Allocation Committee reservation.

(s) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(t) Any unused credit may continue to be carried forward, as provided in subdivision (l), until the credit has been exhausted.
