Date Published: 09/27/2018 09:00 PM

Assembly Bill No. 2428

CHAPTER 762

An act to amend Sections 14043.15 and 14132.100 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 26, 2018. Filed with Secretary of State September 26, 2018.]

LEGISLATIVE COUNSEL'S DIGEST

AB 2428, Gonzalez Fletcher. Federally qualified health centers: rural health clinics.

Existing law establishes the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions.

Existing law authorizes the department to adopt regulations for the certification of each applicant and each provider in the Medi-Cal program. Existing law requires a provider that is not currently enrolled at a location where the provider intends to provide services, goods, supplies, or merchandise to a Medi-Cal beneficiary, to submit a complete application package for enrollment at a new location or a change in location. Existing law exempts an applicant or a provider that meets specified requirements and is operated by a licensed primary care clinic, including an affiliated mobile health care unit, from this requirement and from a requirement to enroll in the Medi-Cal program as a separate provider, if the licensed primary care clinic operating the applicant, provider clinic, or mobile health care unit notifies the department of its separate locations, premises, or mobile health care units.

This bill would exempt a primary care clinic with an additional physical plant added to its primary care clinic license from the requirement to separately enroll the additional physical plant as a separate provider and from the requirement to submit a complete application package, as described above, if the primary care clinic has notified the department of its additional physical plant.

Existing law provides that federally qualified health center (FQHC) services and rural health clinic (RHC) services, as defined, are covered benefits under the Medi-Cal program, to be reimbursed, to the extent that federal financial participation is obtained, to providers on a per-visit basis. "Visit" is defined as a face-to-face encounter between a patient of an FQHC or RHC and specified health care professionals. Existing law establishes the reimbursement rate for an FQHC or RHC that is a newly licensed facility at a new location added to an existing FQHC or RHC on a per-visit basis in an amount, among other methods, equal to the average of the per-visit rates of 3 comparable FQHCs or RHCs located in the same or adjacent area with a similar caseload.

This bill would authorize an FQHC or RHC that adds a new licensed location to its existing primary care license to elect to have the reimbursement rate for the new location determined in accordance with existing rates or to have one prospective payment system rate, as described, for all locations that appear on the primary care license, as specified. The bill would make conforming and technical changes.

This bill would incorporate additional changes to Section 14132.100 of the Welfare and Institutions Code proposed by SB 1125 to be operative only if this bill and SB 1125 are enacted and this bill is enacted last.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 14043.15 of the Welfare and Institutions Code is amended to read:

14043.15. (a) The department may adopt regulations for certification of each applicant and each provider in the Medi-Cal program. No certification shall be required for natural persons licensed or certificated under Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act, or the Chiropractic Initiative Act.

(b) (1) An applicant or provider who is a natural person, and is licensed or certificated pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act, or the Chiropractic Initiative Act, or is a professional corporation, as defined in subdivision (b) of Section 13401 of the Corporations Code, shall comply with Section 14043.26 and shall be enrolled in the Medi-Cal program as either an individual provider or as a rendering provider in a provider group for each application package submitted and approved pursuant to Section 14043.26, notwithstanding that the applicant or provider meets the requirements to qualify as exempt from clinic licensure under subdivision (a) or (m) of Section 1206 of the Health and Safety Code.

(2) A provider enrolled in the Medi-Cal program pursuant to paragraph (1), who has disclosed in the application package for enrollment that the provider's practice includes the rendering of services, goods, supplies, or merchandise solely at one, or at more than one, health facility, as defined in Section 1250 of the Health and Safety Code, or clinic, as defined in Section 1204 of the Health and Safety Code, or medical therapy unit, for purposes of Section 123950 of the Health and Safety Code, or residence of the provider's patient, or office of a physician and surgeon involved in the care and treatment of the provider's patients, shall not be required to enroll at each such health facility, clinic, medical therapy unit, patient's residence, or physician and surgeon's office location and may utilize the business addresses listed on the application for enrollment pursuant to paragraph (1) to claim reimbursement from the Medi-Cal program for services rendered by the provider to Medi-Cal beneficiaries at all of those health facilities, clinics, medical therapy units, residences, or physician offices.

(3) This subdivision shall not be interpreted to allow the violation of any state or federal law governing fiscal intermediaries or Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act, or the Chiropractic Initiative Act. This subdivision does not remove the requirement that each claim for reimbursement from the Medi-Cal program identify the place of service and the rendering, ordering, referring, and prescribing provider, where applicable.

(c) An applicant or provider licensed as a clinic pursuant to Chapter 1 (commencing with Section 1200) of, or a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of, Division 2 of the Health and Safety Code may be enrolled in the Medi-Cal program as a clinic or a health facility and need not comply with Section 14043.26 if the clinic or health facility is certified by the department to participate in the Medi-Cal program.

(d) An applicant or provider that meets the requirements to qualify as exempt from clinic licensure under subdivisions (b) to (l), inclusive, or subdivisions (n) to (p), inclusive, of Section 1206 of the Health and Safety Code shall comply with Section 14043.26 and may be enrolled in the Medi-Cal program as either a clinic or within any other provider category for which the applicant or provider qualifies. An applicant or provider to which any of the clinic licensure exemptions specified in this subdivision apply shall identify the licensure exemption category and document in its application package the legal and factual basis for the clinic license exemption claimed.

(e) Notwithstanding subdivisions (a), (b), (c), and (d), an applicant or provider that meets the requirements to qualify as exempt from clinic licensure pursuant to subdivision (h) of Section 1206 of the Health and Safety Code, including an intermittent site that is operated by a licensed primary care clinic or an affiliated mobile health care unit licensed or approved under Chapter 9 (commencing with Section 1765.101) of Division 2 of the Health and Safety Code, and that is operated by a licensed primary care clinic, and for which intermittent site or mobile health unit the licensed primary care clinic directly or indirectly provides all staffing, protocols, equipment, supplies, and billing services, need not enroll in the Medi-Cal program as a separate provider and need not comply with Section 14043.26 if the licensed primary care clinic operating the applicant, provider clinic, or mobile health care unit has notified the department of its separate locations, premises, intermittent sites, or mobile health care units.

(f) A primary care clinic with (1) an additional physical plant added to its primary care clinic license under a consolidated license pursuant to subdivision (d) of Section 1212 of the Health and Safety Code, or (2) a physical plant that was added to an existing primary care clinic license by the State Department of Public Health, prior to January 1, 2017, whether by a regional district office or the centralized application unit, need not separately enroll the additional physical plant as a separate provider, and need not comply with Section 14043.26 if the primary care clinic has notified the department of its additional physical plant.

SEC. 2. Section 14132.100 of the Welfare and Institutions Code is amended to read:

14132.100. (a) The federally qualified health center services described in Section 1396d(a)(2)(C) of Title 42 of the United States Code are covered benefits.

(b) The rural health clinic services described in Section 1396d(a)(2)(B) of Title 42 of the United States Code are covered benefits.

(c) Federally qualified health center services and rural health clinic services shall be reimbursed on a per-visit basis in accordance with the definition of "visit" set forth in subdivision (g).

(d) Effective October 1, 2004, and on each October 1 thereafter, until no longer required by federal law, federally qualified health center (FQHC) and rural health clinic (RHC) per-visit rates shall be increased by the Medicare Economic Index applicable to primary care services in the manner provided for in Section 1396a(bb)(3)(A) of Title 42 of the United States Code. Prior to January 1, 2004, FQHC and RHC per-visit rates shall be adjusted by the Medicare Economic Index in accordance with the methodology set forth in the state plan in effect on October 1, 2001.

(e) (1) An FQHC or RHC may apply for an adjustment to its per-visit rate based on a change in the scope of services provided by the FQHC or RHC. Rate changes based on a change in the scope of services provided by an FQHC or RHC shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(2) Subject to the conditions set forth in subparagraphs (A) to (D), inclusive, of paragraph (3), a change in scope of service means any of the following:

(A) The addition of a new FQHC or RHC service that is not incorporated in the baseline prospective payment system (PPS) rate, or a deletion of an FQHC or RHC service that is incorporated in the baseline PPS rate.

(B) A change in service due to amended regulatory requirements or rules.

(C) A change in service resulting from relocating or remodeling an FQHC or RHC.

(D) A change in types of services due to a change in applicable technology and medical practice utilized by the center or clinic.

(E) An increase in service intensity attributable to changes in the types of patients served, including, but not limited to, populations with HIV or AIDS, or other chronic diseases, or homeless, elderly, migrant, or other special populations.

(F) Any changes in any of the services described in subdivision (a) or (b), or in the provider mix of an FQHC or RHC or one of its sites.

(G) Changes in operating costs attributable to capital expenditures associated with a modification of the scope of any of the services described in subdivision (a) or (b), including new or expanded service facilities, regulatory compliance, or changes in technology or medical practices at the center or clinic.

(H) Indirect medical education adjustments and a direct graduate medical education payment that reflects the costs of providing teaching services to interns and residents.

(I) Any changes in the scope of a project approved by the federal Health Resources and Services Administration (HRSA).

(3) A change in costs is not, in and of itself, a scope-of-service change, unless all of the following apply:

(A) The increase or decrease in cost is attributable to an increase or decrease in the scope of services defined in subdivisions (a) and (b), as applicable.

(B) The cost is allowable under Medicare reasonable cost principles set forth in Part 413 (commencing with Section 413) of Subchapter B of Chapter 4 of Title 42 of the Code of Federal Regulations, or its successor.

(C) The change in the scope of services is a change in the type, intensity, duration, or amount of services, or any combination thereof.

(D) The net change in the FQHC's or RHC's rate equals or exceeds 1.75 percent for the affected FQHC or RHC site. For FQHCs and RHCs that filed consolidated cost reports for multiple sites to establish the initial prospective payment reimbursement rate, the 1.75-percent threshold shall be applied to the average per-visit rate of all sites for the purposes of calculating the cost associated with a scope-of-service change. "Net change" means the per-visit rate change attributable to the cumulative effect of all increases and decreases for a particular fiscal year.

(4) An FQHC or RHC may submit requests for scope-of-service changes once per fiscal year, only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(5) An FQHC or RHC shall submit a scope-of-service rate change request within 90 days of the beginning of any FQHC or RHC fiscal year occurring after the effective date of this section, if, during the FQHC's or RHC's prior fiscal year, the FQHC or RHC experienced a decrease in the scope of services provided that the FQHC or RHC either knew or should have known would have resulted in a significantly lower per-visit rate. If an FQHC or RHC discontinues providing onsite pharmacy or dental services, it shall submit a scope-of-service rate change request within 90 days of the beginning of the following fiscal year. The rate change shall be effective as provided for in paragraph (4). As used in this paragraph, "significantly lower" means an average per-visit rate decrease in excess of 2.5 percent.

(6) Notwithstanding paragraph (4), if the approved scope-of-service change or changes were initially implemented on or after the first day of an FQHC's or RHC's fiscal year ending in calendar year 2001, but before the adoption and issuance of written instructions for applying for a scope-of-service change, the adjusted reimbursement rate for that scope-of-service change shall be made retroactive to the date the scope-of-service change was initially implemented. Scope-of-service changes under this paragraph shall be required to be submitted within the later of 150 days after the adoption and issuance of the written instructions by the department, or 150 days after the end of the FQHC's or RHC's fiscal year ending in 2003.

(7) All references in this subdivision to "fiscal year" shall be construed to be references to the fiscal year of the individual FQHC or RHC, as the case may be.

(f) (1) An FQHC or RHC may request a supplemental payment if extraordinary circumstances beyond the control of the FQHC or RHC occur after December 31, 2001, and PPS payments are insufficient due to these extraordinary circumstances. Supplemental payments arising from extraordinary circumstances under this subdivision shall be solely and exclusively within the discretion of the department and shall not be subject to subdivision (l). These supplemental payments shall be determined separately from the scope-of-service adjustments described in subdivision (e). Extraordinary circumstances include, but are not limited to, acts of nature, changes in applicable requirements in the Health and Safety Code, changes in applicable licensure requirements, and changes in applicable rules or regulations. Mere inflation of costs alone, absent extraordinary circumstances, shall not be grounds for supplemental payment. If an FQHC's or RHC's PPS rate is sufficient to cover its overall costs, including those associated with the extraordinary circumstances, then a supplemental payment is not warranted.

(2) The department shall accept requests for supplemental payment at any time throughout the prospective payment rate year.

(3) Requests for supplemental payments shall be submitted in writing to the department and shall set forth the reasons for the request. Each request shall be accompanied by sufficient documentation to enable the department to act upon the request. Documentation shall include the data necessary to demonstrate that the circumstances for which supplemental payment is requested meet the requirements set forth in this section. Documentation shall include both of the following:

(A) A presentation of data to demonstrate reasons for the FQHC's or RHC's request for a supplemental payment.

(B) Documentation showing the cost implications. The cost impact shall be material and significant, two hundred thousand dollars (\$200,000) or 1 percent of a facility's total costs, whichever is less.

(4) A request shall be submitted for each affected year.

(5) Amounts granted for supplemental payment requests shall be paid as lump-sum amounts for those years and not as revised PPS rates, and shall be repaid by the FQHC or RHC to the extent that it is not expended for the specified purposes.

(6) The department shall notify the provider of the department's discretionary decision in writing.

(g) (1) An FQHC or RHC "visit" means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse-midwife, clinical psychologist, licensed clinical social worker, or a visiting nurse. For purposes of this section, "physician" shall be interpreted in a manner consistent with the federal Centers for Medicare and Medicaid Services' Medicare Rural Health Clinic and Federally Qualified Health Center Manual (Publication 27), or its successor, only to the extent that it defines the professionals whose services are reimbursable on a per-visit basis and not as to the types of services that these professionals may render during these visits and shall include a physician and surgeon, osteopath, podiatrist, dentist, optometrist, and chiropractor. A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a comprehensive perinatal practitioner, as defined in Section 51179.7 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services, a four-hour day of attendance at an adult day health care center, and any other provider identified in the state plan's definition of an FQHC or RHC visit.

(2) (A) A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a dental hygienist, a dental hygienist in alternative practice, or a marriage and family therapist.

(B) Notwithstanding subdivision (e), if an FQHC or RHC that currently includes the cost of the services of a dental hygienist in alternative practice, or a marriage and family therapist for the purposes of establishing its FQHC or RHC rate chooses to bill these services as a separate visit, the FQHC or RHC shall apply for an adjustment to its per-visit rate, and, after the rate adjustment has been approved by the department, shall bill these services as a separate visit. However, multiple encounters with dental professionals or marriage and family therapists that take place on the same day shall constitute a single visit. The department shall develop the appropriate forms to determine which FQHC's or RHC's rates shall be adjusted and to facilitate the calculation of the adjusted rates. An FQHC's or RHC's application for, or the department's approval of, a rate adjustment pursuant to this subparagraph shall not constitute a change in scope of service within the meaning of subdivision (e). An FQHC or RHC that applies for an adjustment to its rate pursuant to this subparagraph may continue to bill for all other FQHC or RHC visits at its existing per-visit rate, subject to reconciliation, until the rate adjustment for visits between an FQHC or RHC patient and a dental hygienist, a dental hygienist in alternative practice, or a marriage and family therapist has been approved. Any approved increase or decrease in the provider's rate shall be made within six months after the date of receipt of the department's rate adjustment forms pursuant to this subparagraph and shall be retroactive to the beginning of the fiscal year in which the FQHC or RHC submits the request, but in no case shall the effective date be earlier than January 1, 2008.

(C) An FQHC or RHC that does not provide dental hygienist, dental hygienist in alternative practice, or marriage and family therapist services, and later elects to add these services and bill these services as a separate visit, shall process the addition of these services as a change in scope of service pursuant to subdivision (e).

(3) Notwithstanding any other provision of this section, no later than July 1, 2018, a visit shall include a marriage and family therapist.

(h) If FQHC or RHC services are partially reimbursed by a third-party payer, such as a managed care entity, as defined in Section 1396u-2(a)(1)(B) of Title 42 of the United States Code, the Medicare Program, or the Child Health and Disability Prevention (CHDP) Program, the department shall reimburse an FQHC or RHC for the difference between its per-visit PPS rate and receipts from other plans or programs on a contract-by-contract basis and not in the aggregate, and may not include managed care financial incentive payments that are required by federal law to be excluded from the calculation.

(i) (1) Provided that the following entities are not operating as intermittent clinics, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, each entity shall have its reimbursement rate established in accordance with one of the methods outlined in paragraph (2) or (3), as selected by the FQHC or RHC:

(A) An entity that first qualifies as an FQHC or RHC in 2001 or later.

(B) A newly licensed facility at a new location added to an existing FQHC or RHC.

(C) An entity that is an existing FQHC or RHC that is relocated to a new site.

(2) (A) An FQHC or RHC that adds a new licensed location to its existing primary care license under paragraph (1) of subdivision (b) of Section 1212 of the Health and Safety Code may elect to have the reimbursement rate for the new location established in accordance with paragraph (3), or notwithstanding subdivision (e), an FQHC or RHC may choose to have one PPS rate for all locations that appear on its primary care license determined by submitting a change in scope of service request if both of the following requirements are met:

(i) The change in scope of service request includes the costs and visits for those locations for the first full fiscal year immediately following the date the new location is added to the FQHC's or RHC's existing licensee.

(ii) The FQHC or RHC submits the change in scope of service request within 90 days after the FQHC's or RHC's first full fiscal year.

(B) The FQHC's or RHC's single PPS rate for those locations shall be calculated based on the total costs and total visits of those locations and shall be determined based on the following:

(i) An audit in accordance with Section 14170.

(ii) Rate changes based on a change in scope of service request shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successors.

(iii) Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(C) Except as specified in subdivision (j), this paragraph does not apply to a location that was added to an existing primary care clinic license by the State Department of Public Health, whether by a regional district office or the centralized application unit, prior to January 1, 2017.

(3) If an FQHC or RHC does not elect to have the PPS rate determined by a change in scope of service request, the FQHC or RHC shall have the reimbursement rate established for any of the entities identified in paragraph (1) or (2) in accordance with one of the following methods at the election of the FQHC or RHC:

(A) The rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or adjacent area with a similar caseload.

(B) In the absence of three comparable FQHCs or RHCs with a similar caseload, the rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or an adjacent service area, or in a reasonably similar geographic area with respect to relevant social, health care, and economic characteristics.

(C) At a new entity's one-time election, the department shall establish a reimbursement rate, calculated on a per-visit basis, that is equal to 100 percent of the projected allowable costs to the FQHC or RHC of furnishing FQHC or RHC services during the first 12 months of operation as an FQHC or RHC. After the first 12-month period, the projected per-visit rate shall be increased by the Medicare Economic Index then in effect. The projected allowable costs for the first 12 months shall be cost settled and the prospective payment reimbursement rate shall be adjusted based on actual and allowable cost per visit.

(D) The department may adopt any further and additional methods of setting reimbursement rates for newly qualified FQHCs or RHCs as are consistent with Section 1396a(bb)(4) of Title 42 of the United States Code.

(4) In order for an FQHC or RHC to establish the comparability of its caseload for purposes of subparagraph (A) or (B) of paragraph (1), the department shall require that the FQHC or RHC submit its most recent annual utilization report as submitted to the Office of Statewide Health Planning and Development, unless the FQHC or RHC was not required to file an annual utilization report. FQHCs or RHCs that have experienced changes in their services or caseload subsequent to the filing of the annual utilization report may submit to the department a completed report in the format applicable to the prior calendar year. FQHCs or RHCs that have not previously submitted an annual utilization report shall submit to the department a completed report in the format applicable to the prior calendar year. The FQHC or RHC shall not be required to submit the annual utilization report for the comparable FQHCs or RHCs to the department, but shall be required to identify the comparable FQHCs or RHCs.

(5) The rate for any newly qualified entity set forth under this subdivision shall be effective retroactively to the later of the date that the entity was first qualified by the applicable federal agency as an FQHC or RHC, the date a new facility at a new location was added to an existing FQHC or RHC, or the date on which an existing FQHC or RHC was relocated to a new site. The FQHC or RHC shall be permitted to continue billing for Medi-Cal covered benefits on a fee-for-service basis under its existing provider number until it is informed of its FQHC or RHC enrollment approval, and the department shall reconcile the difference between the fee-for-service payments and the FQHC's or RHC's prospective payment rate at that time.

(j) (1) Visits occurring at an intermittent clinic site, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, of an existing FQHC or RHC, in a mobile unit as defined by paragraph (2) of subdivision (b) of Section 1765.105 of the Health and Safety Code, or at the election of the FQHC or RHC and subject to paragraph (2), a location added to an existing primary care clinic license by the State Department of Public Health prior to January 1, 2017, shall be billed by and reimbursed at the same rate as the FQHC or RHC that either established the intermittent clinic site or mobile unit, or that held the clinic license to which the location was added prior to January 1, 2017.

(2) If an FQHC or RHC with at least one additional location on its primary care clinic license that was added by the State Department of Public Health prior to January 1, 2017, applies for an adjustment to its per-visit rate based on a change in the scope of services provided by the FQHC or RHC as described in subdivision (e), all locations on the FQHC or RHC's primary care clinic license shall be subject to a scope-of-service adjustment in accordance with either paragraph (2) or (3) of subdivision (i), as selected by the FQHC or RHC.

(3) Nothing in this subdivision precludes or otherwise limits the right of the FQHC or RHC to request a scope-of-service adjustment to the rate.

(k) An FQHC or RHC may elect to have pharmacy or dental services reimbursed on a fee-for-service basis, utilizing the current fee schedules established for those services. These costs shall be adjusted out of the FQHC's or RHC's clinic base rate as

scope-of-service changes. An FQHC or RHC that reverses its election under this subdivision shall revert to its prior rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with applicable scope-of-service adjustments as provided in subdivision (e).

(l) Reimbursement for Drug Medi-Cal services shall be provided pursuant to this subdivision.

(1) An FQHC or RHC may elect to have Drug Medi-Cal services reimbursed directly from a county or the department under contract with the FQHC or RHC pursuant to paragraph (4).

(2) (A) For an FQHC or RHC to receive reimbursement for Drug Medi-Cal services directly from the county or the department under contract with the FQHC or RHC pursuant to paragraph (4), costs associated with providing Drug Medi-Cal services shall not be included in the FQHC's or RHC's per-visit PPS rate. For purposes of this subdivision, the costs associated with providing Drug Medi-Cal services shall not be considered to be within the FQHC's or RHC's clinic base PPS rate if in delivering Drug Medi-Cal services the clinic uses different clinical staff at a different location.

(B) If the FQHC or RHC does not use different clinical staff at a different location to deliver Drug Medi-Cal services, the FQHC or RHC shall submit documentation, in a manner determined by the department, that the current per-visit PPS rate does not include any costs related to rendering Drug Medi-Cal services, including costs related to utilizing space in part of the FQHC's or RHC's building, that are or were previously calculated as part of the clinic's base PPS rate.

(3) If the costs associated with providing Drug Medi-Cal services are within the FQHC's or RHC's clinic base PPS rate, as determined by the department, the Drug Medi-Cal services costs shall be adjusted out of the FQHC's or RHC's per-visit PPS rate as a change in scope of service.

(A) An FQHC or RHC shall submit to the department a scope-of-service change request to adjust the FQHC's or RHC's clinic base PPS rate after the first full fiscal year of rendering Drug Medi-Cal services outside of the PPS rate. Notwithstanding subdivision (e), the scope-of-service change request shall include a full fiscal year of activity that does not include Drug Medi-Cal services costs.

(B) An FQHC or RHC may submit requests for scope-of-service change under this subdivision only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any scope-of-service change request under this subdivision approved by the department shall be retroactive to the first day that Drug Medi-Cal services were rendered and reimbursement for Drug Medi-Cal services was received outside of the PPS rate, but in no case shall the effective date be earlier than January 1, 2018.

(C) The FQHC or RHC may bill for Drug Medi-Cal services outside of the PPS rate when the FQHC or RHC obtains approval as a Drug Medi-Cal provider and enters into a contract with a county or the department to provide these services pursuant to paragraph (4).

(D) Within 90 days of receipt of the request for a scope-of-service change under this subdivision, the department shall issue the FQHC or RHC an interim rate equal to 90 percent of the FQHC's or RHC's projected allowable cost, as determined by the department. An audit to determine the final rate shall be performed in accordance with Section 14170.

(E) Rate changes based on a request for scope-of-service change under this subdivision shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(F) For purposes of recalculating the PPS rate, the FQHC or RHC shall provide upon request to the department verifiable documentation as to which employees spent time, and the actual time spent, providing federally qualified health center services or rural health center services and Drug Medi-Cal services.

(G) After the department approves the adjustment to the FQHC's or RHC's clinic base PPS rate and the FQHC or RHC is approved as a Drug Medi-Cal provider, an FQHC or RHC shall not bill the PPS rate for any Drug Medi-Cal services provided pursuant to a contract entered into with a county or the department pursuant to paragraph (4).

(H) An FQHC or RHC that reverses its election under this subdivision shall revert to its prior PPS rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with the applicable scope-of-service adjustments as provided for in subdivision (e).

(4) Reimbursement for Drug Medi-Cal services shall be determined according to subparagraph (A) or (B), depending on whether the services are provided in a county that participates in the Drug Medi-Cal organized delivery system (DMC-ODS).

(A) In a county that participates in the DMC-ODS, the FQHC or RHC shall receive reimbursement pursuant to a mutually agreed upon contract entered into between the county or county designee and the FQHC or RHC. If the county or county

designee refuses to contract with the FQHC or RHC, the FQHC or RHC may follow the contract denial process set forth in the Special Terms and Conditions.

(B) In a county that does not participate in the DMC-ODS, the FQHC or RHC shall receive reimbursement pursuant to a mutually agreed upon contract entered into between the county and the FQHC or RHC. If the county refuses to contract with the FQHC or RHC, the FQHC or RHC may request to contract directly with the department and shall be reimbursed for those services at the Drug Medi-Cal fee-for-service rate.

(5) The department shall not reimburse an FQHC or RHC pursuant to subdivision (h) for the difference between its per-visit PPS rate and any payments for Drug Medi-Cal services made pursuant to this subdivision.

(6) For purposes of this subdivision, the following definitions shall apply:

(A) "Drug Medi-Cal organized delivery system" or "DMC-ODS" means the Drug Medi-Cal organized delivery system authorized under the California Medi-Cal 2020 Demonstration, Number 11-W-00193/9, as approved by the federal Centers for Medicare and Medicaid Services and described in the Special Terms and Conditions.

(B) "Special Terms and Conditions" shall have the same meaning as set forth in subdivision (o) of Section 14184.10.

(m) Reimbursement for specialty mental health services shall be provided pursuant to this subdivision.

(1) An FQHC or RHC and one or more mental health plans that contract with the department pursuant to Section 14712 may mutually elect to enter into a contract to have the FQHC or RHC provide specialty mental health services to Medi-Cal beneficiaries as part of the mental health plan's network.

(2) (A) For an FQHC or RHC to receive reimbursement for specialty mental health services pursuant to a contract entered into with the mental health plan under paragraph (1), the costs associated with providing specialty mental health services shall not be included in the FQHC's or RHC's per-visit PPS rate. For purposes of this subdivision, the costs associated with providing specialty mental health services shall not be considered to be within the FQHC's or RHC's clinic base PPS rate if in delivering specialty mental health services the clinic uses different clinical staff at a different location.

(B) If the FQHC or RHC does not use different clinical staff at a different location to deliver specialty mental health services, the FQHC or RHC shall submit documentation, in a manner determined by the department, that the current per-visit PPS rate does not include any costs related to rendering specialty mental health services, including costs related to utilizing space in part of the FQHC's or RHC's building, that are or were previously calculated as part of the clinic's base PPS rate.

(3) If the costs associated with providing specialty mental health services are within the FQHC's or RHC's clinic base PPS rate, as determined by the department, the specialty mental health services costs shall be adjusted out of the FQHC's or RHC's per-visit PPS rate as a change in scope of service.

(A) An FQHC or RHC shall submit to the department a scope-of-service change request to adjust the FQHC's or RHC's clinic base PPS rate after the first full fiscal year of rendering specialty mental health services outside of the PPS rate. Notwithstanding subdivision (e), the scope-of-service change request shall include a full fiscal year of activity that does not include specialty mental health costs.

(B) An FQHC or RHC may submit requests for a scope-of-service change under this subdivision only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any scope-of-service change request under this subdivision approved by the department shall be retroactive to the first day that specialty mental health services were rendered and reimbursement for specialty mental health services was received outside of the PPS rate, but in no case shall the effective date be earlier than January 1, 2018.

(C) The FQHC or RHC may bill for specialty mental health services outside of the PPS rate when the FQHC or RHC contracts with a mental health plan to provide these services pursuant to paragraph (1).

(D) Within 90 days of receipt of the request for a scope-in-service change under this subdivision, the department shall issue the FQHC or RHC an interim rate equal to 90 percent of the FQHC's or RHC's projected allowable cost, as determined by the department. An audit to determine the final rate shall be performed in accordance with Section 14170.

(E) Rate changes based on a request for scope-of-service change under this subdivision shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(F) For the purpose of recalculating the PPS rate, the FQHC or RHC shall provide upon request to the department verifiable documentation as to which employees spent time, and the actual time spent, providing federally qualified health center

services or rural health center services and specialty mental health services.

(G) After the department approves the adjustment to the FQHC's or RHC's clinic base PPS rate, an FQHC or RHC shall not bill the PPS rate for any specialty mental health services that are provided pursuant to a contract entered into with a mental health plan pursuant to paragraph (1).

(H) An FQHC or RHC that reverses its election under this subdivision shall revert to its prior PPS rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with the applicable scope-of-service adjustments as provided for in subdivision (e).

(4) The department shall not reimburse an FQHC or RHC pursuant to subdivision (h) for the difference between its per-visit PPS rate and any payments made for specialty mental health services under this subdivision.

(n) FQHCs and RHCs may appeal a grievance or complaint concerning ratesetting, scope-of-service changes, and settlement of cost report audits, in the manner prescribed by Section 14171. The rights and remedies provided under this subdivision are cumulative to the rights and remedies available under all other provisions of law of this state.

(o) The department shall promptly seek all necessary federal approvals in order to implement this section, including any amendments to the state plan. To the extent that any element or requirement of this section is not approved, the department shall submit a request to the federal Centers for Medicare and Medicaid Services for any waivers that would be necessary to implement this section.

(p) The department shall implement this section only to the extent that federal financial participation is available.

(q) Notwithstanding any other law, the director may, without taking regulatory action pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, implement, interpret, or make specific subdivisions (l) and (m) by means of a provider bulletin or similar instruction. The department shall notify and consult with interested parties and appropriate stakeholders in implementing, interpreting, or making specific the provisions of subdivisions (l) and (m), including all of the following:

(1) Notifying provider representatives in writing of the proposed action or change. The notice shall occur, and the applicable draft provider bulletin or similar instruction, shall be made available at least 10 business days prior to the meeting described in paragraph (2).

(2) Scheduling at least one meeting with interested parties and appropriate stakeholders to discuss the proposed action or change.

(3) Allowing for written input regarding the proposed action or change, to which the department shall provide summary written responses in conjunction with the issuance of the applicable final written provider bulletin or similar instruction.

(4) Providing at least 60 days advance notice of the effective date of the proposed action or change.

SEC. 2.5. Section 14132.100 of the Welfare and Institutions Code is amended to read:

14132.100. (a) The federally qualified health center services described in Section 1396d(a)(2)(C) of Title 42 of the United States Code are covered benefits.

(b) The rural health clinic services described in Section 1396d(a)(2)(B) of Title 42 of the United States Code are covered benefits.

(c) Federally qualified health center services and rural health clinic services shall be reimbursed on a per-visit basis in accordance with the definition of "visit" set forth in subdivision (g).

(d) Effective October 1, 2004, and on each October 1 thereafter, until no longer required by federal law, federally qualified health center (FQHC) and rural health clinic (RHC) per-visit rates shall be increased by the Medicare Economic Index applicable to primary care services in the manner provided for in Section 1396a(bb)(3)(A) of Title 42 of the United States Code. Prior to January 1, 2004, FQHC and RHC per-visit rates shall be adjusted by the Medicare Economic Index in accordance with the methodology set forth in the state plan in effect on October 1, 2001.

(e) (1) An FQHC or RHC may apply for an adjustment to its per-visit rate based on a change in the scope of services provided by the FQHC or RHC. Rate changes based on a change in the scope of services provided by an FQHC or RHC shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(2) Subject to the conditions set forth in subparagraphs (A) to (D), inclusive, of paragraph (3), a change in scope of service means any of the following:

(A) The addition of a new FQHC or RHC service that is not incorporated in the baseline prospective payment system (PPS) rate, or a deletion of an FQHC or RHC service that is incorporated in the baseline PPS rate.

(B) A change in service due to amended regulatory requirements or rules.

(C) A change in service resulting from relocating or remodeling an FQHC or RHC.

(D) A change in types of services due to a change in applicable technology and medical practice utilized by the center or clinic.

(E) An increase in service intensity attributable to changes in the types of patients served, including, but not limited to, populations with HIV or AIDS, or other chronic diseases, or homeless, elderly, migrant, or other special populations.

(F) Any changes in any of the services described in subdivision (a) or (b), or in the provider mix of an FQHC or RHC or one of its sites.

(G) Changes in operating costs attributable to capital expenditures associated with a modification of the scope of any of the services described in subdivision (a) or (b), including new or expanded service facilities, regulatory compliance, or changes in technology or medical practices at the center or clinic.

(H) Indirect medical education adjustments and a direct graduate medical education payment that reflects the costs of providing teaching services to interns and residents.

(I) Any changes in the scope of a project approved by the federal Health Resources and Services Administration (HRSA).

(3) A change in costs is not, in and of itself, a scope-of-service change, unless all of the following apply:

(A) The increase or decrease in cost is attributable to an increase or decrease in the scope of services defined in subdivisions (a) and (b), as applicable.

(B) The cost is allowable under Medicare reasonable cost principles set forth in Part 413 (commencing with Section 413) of Subchapter B of Chapter 4 of Title 42 of the Code of Federal Regulations, or its successor.

(C) The change in the scope of services is a change in the type, intensity, duration, or amount of services, or any combination thereof.

(D) The net change in the FQHC's or RHC's rate equals or exceeds 1.75 percent for the affected FQHC or RHC site. For FQHCs and RHCs that filed consolidated cost reports for multiple sites to establish the initial prospective payment reimbursement rate, the 1.75-percent threshold shall be applied to the average per-visit rate of all sites for the purposes of calculating the cost associated with a scope-of-service change. "Net change" means the per-visit rate change attributable to the cumulative effect of all increases and decreases for a particular fiscal year.

(4) An FQHC or RHC may submit requests for scope-of-service changes once per fiscal year, only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(5) An FQHC or RHC shall submit a scope-of-service rate change request within 90 days of the beginning of any FQHC or RHC fiscal year occurring after the effective date of this section, if, during the FQHC's or RHC's prior fiscal year, the FQHC or RHC experienced a decrease in the scope of services provided that the FQHC or RHC either knew or should have known would have resulted in a significantly lower per-visit rate. If an FQHC or RHC discontinues providing onsite pharmacy or dental services, it shall submit a scope-of-service rate change request within 90 days of the beginning of the following fiscal year. The rate change shall be effective as provided for in paragraph (4). As used in this paragraph, "significantly lower" means an average per-visit rate decrease in excess of 2.5 percent.

(6) Notwithstanding paragraph (4), if the approved scope-of-service change or changes were initially implemented on or after the first day of an FQHC's or RHC's fiscal year ending in calendar year 2001, but before the adoption and issuance of written instructions for applying for a scope-of-service change, the adjusted reimbursement rate for that scope-of-service change shall be made retroactive to the date the scope-of-service change was initially implemented. Scope-of-service changes under this paragraph shall be required to be submitted within the later of 150 days after the adoption and issuance of the written instructions by the department, or 150 days after the end of the FQHC's or RHC's fiscal year ending in 2003.

(7) All references in this subdivision to "fiscal year" shall be construed to be references to the fiscal year of the individual FQHC or RHC, as the case may be.

(f) (1) An FQHC or RHC may request a supplemental payment if extraordinary circumstances beyond the control of the FQHC or RHC occur after December 31, 2001, and PPS payments are insufficient due to these extraordinary circumstances. Supplemental payments arising from extraordinary circumstances under this subdivision shall be solely and exclusively within the discretion of the department and shall not be subject to subdivision (m). These supplemental payments shall be determined separately from the scope-of-service adjustments described in subdivision (e). Extraordinary circumstances include, but are not limited to, acts of nature, changes in applicable requirements in the Health and Safety Code, changes in applicable licensure requirements, and changes in applicable rules or regulations. Mere inflation of costs alone, absent extraordinary circumstances, shall not be grounds for supplemental payment. If an FQHC's or RHC's PPS rate is sufficient to cover its overall costs, including those associated with the extraordinary circumstances, then a supplemental payment is not warranted.

(2) The department shall accept requests for supplemental payment at any time throughout the prospective payment rate year.

(3) Requests for supplemental payments shall be submitted in writing to the department and shall set forth the reasons for the request. Each request shall be accompanied by sufficient documentation to enable the department to act upon the request. Documentation shall include the data necessary to demonstrate that the circumstances for which supplemental payment is requested meet the requirements set forth in this section. Documentation shall include both of the following:

(A) A presentation of data to demonstrate reasons for the FQHC's or RHC's request for a supplemental payment.

(B) Documentation showing the cost implications. The cost impact shall be material and significant, two hundred thousand dollars (\$200,000) or 1 percent of a facility's total costs, whichever is less.

(4) A request shall be submitted for each affected year.

(5) Amounts granted for supplemental payment requests shall be paid as lump-sum amounts for those years and not as revised PPS rates, and shall be repaid by the FQHC or RHC to the extent that it is not expended for the specified purposes.

(6) The department shall notify the provider of the department's discretionary decision in writing.

(g) (1) An FQHC or RHC "visit" means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse-midwife, clinical psychologist, licensed clinical social worker, or a visiting nurse. For purposes of this section, "physician" shall be interpreted in a manner consistent with the federal Centers for Medicare and Medicaid Services' Medicare Rural Health Clinic and Federally Qualified Health Center Manual (Publication 27), or its successor, only to the extent that it defines the professionals whose services are reimbursable on a per-visit basis and not as to the types of services that these professionals may render during these visits and shall include a medical doctor, osteopath, podiatrist, licensed acupuncturist, dentist, optometrist, and chiropractor. A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a comprehensive perinatal practitioner, as defined in Section 51179.7 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services, a four-hour day of attendance at an adult day health care center, and any other provider identified in the state plan's definition of an FQHC or RHC visit.

(2) (A) A visit shall also include a face-to-face encounter between an FQHC or RHC patient and a dental hygienist, a dental hygienist in alternative practice, or a marriage and family therapist.

(B) Notwithstanding subdivision (e), if an FQHC or RHC that currently includes the cost of the services of a dental hygienist in alternative practice, or a marriage and family therapist for the purposes of establishing its FQHC or RHC rate chooses to bill these services as a separate visit, the FQHC or RHC shall apply for an adjustment to its per-visit rate, and, after the rate adjustment has been approved by the department, shall bill these services as a separate visit. However, multiple encounters with dental professionals or marriage and family therapists that take place on the same day shall constitute a single visit. The department shall develop the appropriate forms to determine which FQHC's or RHC's rates shall be adjusted and to facilitate the calculation of the adjusted rates. An FQHC's or RHC's application for, or the department's approval of, a rate adjustment pursuant to this subparagraph shall not constitute a change in scope of service within the meaning of subdivision (e). An FQHC or RHC that applies for an adjustment to its rate pursuant to this subparagraph may continue to bill for all other FQHC or RHC visits at its existing per-visit rate, subject to reconciliation, until the rate adjustment for visits between an FQHC or RHC patient and a dental hygienist, a dental hygienist in alternative practice, or a marriage and family therapist has been approved. Any approved increase or decrease in the provider's rate shall be made within six months after the date of receipt of the department's rate adjustment forms pursuant to this subparagraph and shall be retroactive to the beginning of the fiscal year in which the FQHC or RHC submits the request, but in no case shall the effective date be earlier than January 1, 2008.

(C) An FQHC or RHC that does not provide dental hygienist, dental hygienist in alternative practice, or marriage and family therapist services, and later elects to add these services and bill these services as a separate visit, shall process the addition of these services as a change in scope of service pursuant to subdivision (e).

(3) Notwithstanding any other provision of this section, by July 1, 2018, a visit shall include a marriage and family therapist.

(h) If FQHC or RHC services are partially reimbursed by a third-party payer, such as a managed care entity, as defined in Section 1396u-2(a)(1)(B) of Title 42 of the United States Code, the Medicare Program, or the Child Health and Disability Prevention (CHDP) Program, the department shall reimburse an FQHC or RHC for the difference between its per-visit PPS rate and receipts from other plans or programs on a contract-by-contract basis and not in the aggregate, and may not include managed care financial incentive payments that are required by federal law to be excluded from the calculation.

(i) (1) Provided that the following entities are not operating as intermittent clinics, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, each entity shall have its reimbursement rate established in accordance with one of the methods outlined in paragraph (2) or (3), as selected by the FQHC or RHC:

(A) An entity that first qualifies as an FQHC or RHC in 2001 or later.

(B) A newly licensed facility at a new location added to an existing FQHC or RHC.

(C) An entity that is an existing FQHC or RHC that is relocated to a new site.

(2) (A) An FQHC or RHC that adds a new licensed location to its existing primary care license under paragraph (1) of subdivision (b) of Section 1212 of the Health and Safety Code may elect to have the reimbursement rate for the new location established in accordance with paragraph (3), or notwithstanding subdivision (e), an FQHC or RHC may choose to have one PPS rate for all locations that appear on its primary care license determined by submitting a change in scope of service request if both of the following requirements are met:

(i) The change in scope of service request includes the costs and visits for those locations for the first full fiscal year immediately following the date the new location is added to the FQHC's or RHC's existing licensee.

(ii) The FQHC or RHC submits the change in scope of service request within 90 days after the FQHC's or RHC's first full fiscal year.

(B) The FQHC's or RHC's single PPS rate for those locations shall be calculated based on the total costs and total visits of those locations and shall be determined based on the following:

(i) An audit in accordance with Section 14170.

(ii) Rate changes based on a change in scope of service request shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successors.

(iii) Any approved increase or decrease in the provider's rate shall be retroactive to the beginning of the FQHC's or RHC's fiscal year in which the request is submitted.

(C) Except as specified in subdivision (j), this paragraph does not apply to a location that was added to an existing primary care clinic license by the State Department of Public Health, whether by a regional district office or the centralized application unit, prior to January 1, 2017.

(3) If an FQHC or RHC does not elect to have the PPS rate determined by a change in scope of service request, the FQHC or RHC shall have the reimbursement rate established for any of the entities identified in paragraph (1) or (2) in accordance with one of the following methods at the election of the FQHC or RHC:

(A) The rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or adjacent area with a similar caseload.

(B) In the absence of three comparable FQHCs or RHCs with a similar caseload, the rate may be calculated on a per-visit basis in an amount that is equal to the average of the per-visit rates of three comparable FQHCs or RHCs located in the same or an adjacent service area, or in a reasonably similar geographic area with respect to relevant social, health care, and economic characteristics.

(C) At a new entity's one-time election, the department shall establish a reimbursement rate, calculated on a per-visit basis, that is equal to 100 percent of the projected allowable costs to the FQHC or RHC of furnishing FQHC or RHC services during the first 12 months of operation as an FQHC or RHC. After the first 12-month period, the projected per-visit rate shall be increased by the Medicare Economic Index then in effect. The projected allowable costs for the first 12 months shall be cost settled and the prospective payment reimbursement rate shall be adjusted based on actual and allowable cost per visit.

(D) The department may adopt any further and additional methods of setting reimbursement rates for newly qualified FQHCs or RHCs as are consistent with Section 1396a(bb)(4) of Title 42 of the United States Code.

(4) In order for an FQHC or RHC to establish the comparability of its caseload for purposes of subparagraph (A) or (B) of paragraph (1), the department shall require that the FQHC or RHC submit its most recent annual utilization report as submitted to the Office of Statewide Health Planning and Development, unless the FQHC or RHC was not required to file an annual utilization report. FQHCs or RHCs that have experienced changes in their services or caseload subsequent to the filing of the annual utilization report may submit to the department a completed report in the format applicable to the prior calendar year. FQHCs or RHCs that have not previously submitted an annual utilization report shall submit to the department a completed report in the format applicable to the prior calendar year. The FQHC or RHC shall not be required to submit the annual utilization report for the comparable FQHCs or RHCs to the department, but shall be required to identify the comparable FQHCs or RHCs.

(5) The rate for any newly qualified entity set forth under this subdivision shall be effective retroactively to the later of the date that the entity was first qualified by the applicable federal agency as an FQHC or RHC, the date a new facility at a new location was added to an existing FQHC or RHC, or the date on which an existing FQHC or RHC was relocated to a new site. The FQHC or RHC shall be permitted to continue billing for Medi-Cal covered benefits on a fee-for-service basis under its existing provider number until it is informed of its new FQHC or RHC provider number, and the department shall reconcile the difference between the fee-for-service payments and the FQHC's or RHC's prospective payment rate at that time.

(j) (1) Visits occurring at an intermittent clinic site, as defined in subdivision (h) of Section 1206 of the Health and Safety Code, of an existing FQHC or RHC, in a mobile unit as defined by paragraph (2) of subdivision (b) of Section 1765.105 of the Health and Safety Code, or at the election of the FQHC or RHC and subject to paragraph (2), a location added to an existing primary care clinic license by the State Department of Public Health prior to January 1, 2017, shall be billed by and reimbursed at the same rate as the FQHC or RHC that either established the intermittent clinic site or mobile unit, or that held the clinic license to which the location was added prior to January 1, 2017.

(2) If an FQHC or RHC with at least one additional location on its primary care clinic license that was added by the State Department of Public Health prior to January 1, 2017, applies for an adjustment to its per-visit rate based on a change in the scope of services provided by the FQHC or RHC as described in subdivision (e), all locations on the FQHC or RHC's primary care clinic license shall be subject to a scope-of-service adjustment in accordance with either paragraph (2) or (3) of subdivision (i), as selected by the FQHC or RHC.

(3) Nothing in this subdivision precludes or otherwise limits the right of the FQHC or RHC to request a scope-of-service adjustment to the rate.

(k) An FQHC or RHC may elect to have pharmacy or dental services reimbursed on a fee-for-service basis, utilizing the current fee schedules established for those services. These costs shall be adjusted out of the FQHC's or RHC's clinic base rate as scope-of-service changes. An FQHC or RHC that reverses its election under this subdivision shall revert to its prior rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with applicable scope-of-service adjustments as provided in subdivision (e).

(l) (1) For purposes of this subdivision, the following definitions shall apply:

(A) A "mental health visit" means a face-to-face encounter between an FQHC or RHC patient and a psychiatrist, clinical psychologist, licensed clinical social worker, or marriage and family therapist.

(B) A "dental visit" means a face-to-face encounter between an FQHC or RHC patient and a dentist, dental hygienist, or registered dental hygienist in alternative practice.

(C) "Medical visit" means a face-to-face encounter between an FQHC or RHC patient and a physician, physician assistant, nurse practitioner, certified nurse-midwife, visiting nurse, or a comprehensive perinatal practitioner, as defined in Section 51179.7 of Title 22 of the California Code of Regulations, providing comprehensive perinatal services.

(2) A maximum of two visits, as defined in subdivision (g), taking place on the same day at a single location shall be reimbursed when one or both of the following conditions exists:

(A) After the first visit, the patient suffers illness or injury requiring additional diagnosis or treatment.

(B) The patient has a medical visit and a mental health visit or a dental visit.

(3) (A) Notwithstanding subdivision (e), an FQHC or RHC that currently includes the cost of a medical visit and a mental health visit that take place on the same day at a single location as constituting a single visit for purposes of establishing its FQHC or RHC rate may elect to apply for an adjustment to its per-visit rate, and, after the rate adjustment has been approved by the

department, the FQHC or RHC shall bill a medical visit and a mental health visit that take place on the same day at a single location as separate visits.

(B) The department shall develop and adjust all appropriate forms to determine which FQHC's or RHC's rates shall be adjusted and to facilitate the calculation of the adjusted rates.

(C) An FQHC's or RHC's application for, or the department's approval of, a rate adjustment pursuant to this paragraph shall not constitute a change in scope of service within the meaning of subdivision (e).

(D) An FQHC or RHC that applies for an adjustment to its rate pursuant to this paragraph may continue to bill for all other FQHC or RHC visits at its existing per-visit rate, subject to reconciliation, until the rate adjustment has been approved.

(4) The department, by January 1, 2020, shall submit a state plan amendment to the federal Centers for Medicare and Medicaid Services reflecting the changes described in this subdivision.

(5) Implementation of this subdivision is contingent upon an appropriation for its purposes in the annual Budget Act and the availability of federal financial participation.

(m) Reimbursement for Drug Medi-Cal services shall be provided pursuant to this subdivision.

(1) An FQHC or RHC may elect to have Drug Medi-Cal services reimbursed directly from a county or the department under contract with the FQHC or RHC pursuant to paragraph (4).

(2) (A) For an FQHC or RHC to receive reimbursement for Drug Medi-Cal services directly from the county or the department under contract with the FQHC or RHC pursuant to paragraph (4), costs associated with providing Drug Medi-Cal services shall not be included in the FQHC's or RHC's per-visit PPS rate. For purposes of this subdivision, the costs associated with providing Drug Medi-Cal services shall not be considered to be within the FQHC's or RHC's clinic base PPS rate if in delivering Drug Medi-Cal services the clinic uses different clinical staff at a different location.

(B) If the FQHC or RHC does not use different clinical staff at a different location to deliver Drug Medi-Cal services, the FQHC or RHC shall submit documentation, in a manner determined by the department, that the current per-visit PPS rate does not include any costs related to rendering Drug Medi-Cal services, including costs related to utilizing space in part of the FQHC's or RHC's building, that are or were previously calculated as part of the clinic's base PPS rate.

(3) If the costs associated with providing Drug Medi-Cal services are within the FQHC's or RHC's clinic base PPS rate, as determined by the department, the Drug Medi-Cal services costs shall be adjusted out of the FQHC's or RHC's per-visit PPS rate as a change in scope of service.

(A) An FQHC or RHC shall submit to the department a scope-of-service change request to adjust the FQHC's or RHC's clinic base PPS rate after the first full fiscal year of rendering Drug Medi-Cal services outside of the PPS rate. Notwithstanding subdivision (e), the scope-of-service change request shall include a full fiscal year of activity that does not include Drug Medi-Cal services costs.

(B) An FQHC or RHC may submit requests for scope-of-service change under this subdivision only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any scope-of-service change request under this subdivision approved by the department shall be retroactive to the first day that Drug Medi-Cal services were rendered and reimbursement for Drug Medi-Cal services was received outside of the PPS rate, but in no case shall the effective date be earlier than January 1, 2018.

(C) The FQHC or RHC may bill for Drug Medi-Cal services outside of the PPS rate when the FQHC or RHC obtains approval as a Drug Medi-Cal provider and enters into a contract with a county or the department to provide these services pursuant to paragraph (4).

(D) Within 90 days of receipt of the request for a scope-of-service change under this subdivision, the department shall issue the FQHC or RHC an interim rate equal to 90 percent of the FQHC's or RHC's projected allowable cost, as determined by the department. An audit to determine the final rate shall be performed in accordance with Section 14170.

(E) Rate changes based on a request for scope-of-service change under this subdivision shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(F) For purposes of recalculating the PPS rate, the FQHC or RHC shall provide upon request to the department verifiable documentation as to which employees spent time, and the actual time spent, providing federally qualified health center services or rural health center services and Drug Medi-Cal services.

(G) After the department approves the adjustment to the FQHC's or RHC's clinic base PPS rate and the FQHC or RHC is approved as a Drug Medi-Cal provider, an FQHC or RHC shall not bill the PPS rate for any Drug Medi-Cal services provided pursuant to a contract entered into with a county or the department pursuant to paragraph (4).

(H) An FQHC or RHC that reverses its election under this subdivision shall revert to its prior PPS rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with the applicable scope-of-service adjustments as provided for in subdivision (e).

(4) Reimbursement for Drug Medi-Cal services shall be determined according to subparagraph (A) or (B), depending on whether the services are provided in a county that participates in the Drug Medi-Cal organized delivery system (DMC-ODS).

(A) In a county that participates in the DMC-ODS, the FQHC or RHC shall receive reimbursement pursuant to a mutually agreed upon contract entered into between the county or county designee and the FQHC or RHC. If the county or county designee refuses to contract with the FQHC or RHC, the FQHC or RHC may follow the contract denial process set forth in the Special Terms and Conditions.

(B) In a county that does not participate in the DMC-ODS, the FQHC or RHC shall receive reimbursement pursuant to a mutually agreed upon contract entered into between the county and the FQHC or RHC. If the county refuses to contract with the FQHC or RHC, the FQHC or RHC may request to contract directly with the department and shall be reimbursed for those services at the Drug Medi-Cal fee-for-service rate.

(5) The department shall not reimburse an FQHC or RHC pursuant to subdivision (h) for the difference between its per-visit PPS rate and any payments for Drug Medi-Cal services made pursuant to this subdivision.

(6) For purposes of this subdivision, the following definitions shall apply:

(A) "Drug Medi-Cal organized delivery system" or "DMC-ODS" means the Drug Medi-Cal organized delivery system authorized under the California Medi-Cal 2020 Demonstration, Number 11-W-00193/9, as approved by the federal Centers for Medicare and Medicaid Services and described in the Special Terms and Conditions.

(B) "Special Terms and Conditions" shall have the same meaning as set forth in subdivision (o) of Section 14184.10.

(n) Reimbursement for specialty mental health services shall be provided pursuant to this subdivision.

(1) An FQHC or RHC and one or more mental health plans that contract with the department pursuant to Section 14712 may mutually elect to enter into a contract to have the FQHC or RHC provide specialty mental health services to Medi-Cal beneficiaries as part of the mental health plan's network.

(2) (A) For an FQHC or RHC to receive reimbursement for specialty mental health services pursuant to a contract entered into with the mental health plan under paragraph (1), the costs associated with providing specialty mental health services shall not be included in the FQHC's or RHC's per-visit PPS rate. For purposes of this subdivision, the costs associated with providing specialty mental health services shall not be considered to be within the FQHC's or RHC's clinic base PPS rate if in delivering specialty mental health services the clinic uses different clinical staff at a different location.

(B) If the FQHC or RHC does not use different clinical staff at a different location to deliver specialty mental health services, the FQHC or RHC shall submit documentation, in a manner determined by the department, that the current per-visit PPS rate does not include any costs related to rendering specialty mental health services, including costs related to utilizing space in part of the FQHC's or RHC's building, that are or were previously calculated as part of the clinic's base PPS rate.

(3) If the costs associated with providing specialty mental health services are within the FQHC's or RHC's clinic base PPS rate, as determined by the department, the specialty mental health services costs shall be adjusted out of the FQHC's or RHC's per-visit PPS rate as a change in scope of service.

(A) An FQHC or RHC shall submit to the department a scope-of-service change request to adjust the FQHC's or RHC's clinic base PPS rate after the first full fiscal year of rendering specialty mental health services outside of the PPS rate. Notwithstanding subdivision (e), the scope-of-service change request shall include a full fiscal year of activity that does not include specialty mental health costs.

(B) An FQHC or RHC may submit requests for a scope-of-service change under this subdivision only within 90 days following the beginning of the FQHC's or RHC's fiscal year. Any scope-of-service change request under this subdivision approved by the department shall be retroactive to the first day that specialty mental health services were rendered and reimbursement for specialty mental health services was received outside of the PPS rate, but in no case shall the effective date be earlier than January 1, 2018.

(C) The FQHC or RHC may bill for specialty mental health services outside of the PPS rate when the FQHC or RHC contracts with a mental health plan to provide these services pursuant to paragraph (1).

(D) Within 90 days of receipt of the request for a scope-in-service change under this subdivision, the department shall issue the FQHC or RHC an interim rate equal to 90 percent of the FQHC's or RHC's projected allowable cost, as determined by the department. An audit to determine the final rate shall be performed in accordance with Section 14170.

(E) Rate changes based on a request for scope-of-service change under this subdivision shall be evaluated in accordance with Medicare reasonable cost principles, as set forth in Part 413 (commencing with Section 413.1) of Title 42 of the Code of Federal Regulations, or its successor.

(F) For the purpose of recalculating the PPS rate, the FQHC or RHC shall provide upon request to the department verifiable documentation as to which employees spent time, and the actual time spent, providing federally qualified health center services or rural health center services and specialty mental health services.

(G) After the department approves the adjustment to the FQHC's or RHC's clinic base PPS rate, an FQHC or RHC shall not bill the PPS rate for any specialty mental health services that are provided pursuant to a contract entered into with a mental health plan pursuant to paragraph (1).

(H) An FQHC or RHC that reverses its election under this subdivision shall revert to its prior PPS rate, subject to an increase to account for all Medicare Economic Index increases occurring during the intervening time period, and subject to any increase or decrease associated with the applicable scope-of-service adjustments as provided for in subdivision (e).

(4) The department shall not reimburse an FQHC or RHC pursuant to subdivision (h) for the difference between its per-visit PPS rate and any payments made for specialty mental health services under this subdivision.

(o) FQHCs and RHCs may appeal a grievance or complaint concerning ratesetting, scope-of-service changes, and settlement of cost report audits, in the manner prescribed by Section 14171. The rights and remedies provided under this subdivision are cumulative to the rights and remedies available under all other provisions of law of this state.

(p) The department shall promptly seek all necessary federal approvals in order to implement this section, including any amendments to the state plan. To the extent that any element or requirement of this section is not approved, the department shall submit a request to the federal Centers for Medicare and Medicaid Services for any waivers that would be necessary to implement this section.

(q) The department shall implement this section only to the extent that federal financial participation is available.

(r) Notwithstanding any other law, the director may, without taking regulatory action pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, implement, interpret, or make specific subdivisions (m) and (n) by means of a provider bulletin or similar instruction. The department shall notify and consult with interested parties and appropriate stakeholders in implementing, interpreting, or making specific the provisions of subdivisions (m) and (n), including all of the following:

(1) Notifying provider representatives in writing of the proposed action or change. The notice shall occur, and the applicable draft provider bulletin or similar instruction, shall be made available at least 10 business days prior to the meeting described in paragraph (2).

(2) Scheduling at least one meeting with interested parties and appropriate stakeholders to discuss the proposed action or change.

(3) Allowing for written input regarding the proposed action or change, to which the department shall provide summary written responses in conjunction with the issuance of the applicable final written provider bulletin or similar instruction.

(4) Providing at least 60 days advance notice of the effective date of the proposed action or change.

SEC. 3. Section 2.5 of this bill incorporates amendments to Section 14132.100 of the Welfare and Institutions Code proposed by both this bill and Senate Bill 1125. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2019, (2) each bill amends Section 14132.100 of the Welfare and Institutions Code, and (3) this bill is enacted after Senate Bill 1125, in which case Section 2 of this bill shall not become operative.
