LEGISLATIVE COUNSEL'S DIGEST

SB840, Mitchell . Budget Act of 2018.

This bill would make appropriations for the support of state government for the 2018–19 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Vote: majority Appropriation: yes Fiscal Committee: yes Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2018.”

SEC. 1.50. (a) In accordance with Sections 12460, 13338, and 13344 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor’s Budget, the records of the Controller in legacy systems, and the Financial Information System for California (FISCal), and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state’s fiscal systems. The meaning of this structure is as follows:

2720—Business Unit (known as organization code in legacy systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., 001–100 represents state operations in the Budget Act))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each business unit are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act or in other spending authority outside of this act and those used in the Governor’s Budget, in the records of the Controller in legacy systems, and in FISCAL.

(d) Notwithstanding any other law, the Department of Finance may revise the schedule of any appropriation made in this act or in other spending authority outside of this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in FISCAL or the Controller’s legacy systems resulting from or related to the conversion or implementation of FISCAL for the current or past fiscal years, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from legacy systems into FISCAL.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FISCAL requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers is being utilized in FISCAL different from what is reflected in prior budget acts and other authorizing sources. A comprehensive crosswalk facilitates the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the Controller and departments, and with that of FISCAL. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until all departments and the Controller’s control functions are fully implemented in FISCAL.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated and available for encumbrance or expenditure for the use and support of the State of California for the 2018–19 fiscal year beginning July 1, 2018, and ending June 30, 2019. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury and shall be available for liquidation of encumbrances in accordance with Section 16304.1 of the Government Code.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, performance criteria, and minor capital outlay appropriations are available for encumbrance or expenditure until June 30, 2019.

(2) Construction and design-build appropriations are available for encumbrance or expenditure until June 30, 2021, if allocated through fund transfer or approval to proceed to bid or approval to solicit design-build bids or proposals by the Department of Finance by June 30, 2019. Any funds not allocated by June 30, 2019, shall revert on July 1, 2019, to the fund from which the appropriation was made.

(3) All other capital outlay appropriations are available for encumbrance or expenditure until June 30, 2021.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

2. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than \$500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.
3. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:
 - (a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.
 - (b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.
4. The funds appropriated to the Controller in this act shall not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. The report is due on June 30 of the current fiscal year, and will cover the fourth quarter of the past fiscal year and the first three quarters of the current fiscal year.

7. The Controller shall obtain actuarial valuation services to comply with governmental accounting and reporting standards for other postemployment benefits (OPEB). In addition to all other items required under the accounting and reporting standards, the report shall include an identification and explanation of any significant differences in actuarial assumptions or methodology from any relevant similar types of assumptions or methodology used by the Public Employees' Retirement System to estimate state pension obligations. To avoid duplication of effort and promote efficiency and cost-effectiveness, the Controller and the Department of Finance shall coordinate in obtaining additional actuarial valuation services related to OPEB plan liabilities and assets attributable to each of the state's collective bargaining units or other state entities or groups. This provision does not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.
8. The funds appropriated to the Controller in this act shall not be expended on additional actuarial valuations, beyond the annual actuarial valuations, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.

This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes.
11. In the event new postage rates are adopted by the United States Postal Service, but not in time for inclusion in the May Revision prior to enactment of this Budget Act and the Controller notifies the Department of Finance with its estimates of the

increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated to the Controller in this act by an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

12. Of the amount appropriated in this item, \$326,000 shall be used to reimburse the Department of Justice for legal services. In addition to the amount above, upon order of the Director of Finance, any non-General Fund Budget Act item for support of the Controller may be augmented to reimburse the Department of Justice for legal services. An augmentation shall not be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.
13. The Department of Finance may reduce the amounts authorized under this item upon (a) successful completion of modifications by the Controller to the payroll system, and/or by the Public Employees' Retirement System (CalPERS) to the retirement system (myCalPERS), that significantly reduces the number of records that the myCalPERS system rejects; and/or (b) once the Controller has eliminated the backlog of Payroll Contribution Report and Retirement Enrollment Report discrepancies between the payroll and retirement systems, which in turn reduces the Controller workload related to the CalPERS Pension System Resumption. This adjustment shall be in coordination with the Controller and CalPERS. An adjustment shall not be made pursuant to this provision prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.

No adjustment shall be made pursuant to this section prior to a 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations.
15. Notwithstanding any other provision of law, the amounts included in this item and in Item 0840-001-9740 (\$3,093,000 and \$2,334,000, respectively) for SCO FI\$Cal implementation shall be allocated on a quarterly basis upon approval by the Department of Finance and verified satisfactory progress or completion of predetermined FI\$Cal milestones as specified in SPR 7 and all related attachments. The Department of Finance, in consultation with the FI\$Cal Department and the Director of the California Department of

Technology, shall verify the progress or completion of each scheduled milestone related to the SCO control functions. Quarterly allocation of these funds will be made after a 30-day notification in writing to the chairpersons of the budget committees of both houses of the Legislature and the Joint Legislative Budget Committee.

16. The Department of Finance may augment the amounts authorized under this item by an amount not to exceed \$200,000 for unanticipated vendor costs related to minor CalATERS system modifications to enhance data interface with FISCal and/or the purchase costs of system software code of the existing system. Additional funding may be provided through the augmentation for contingencies or emergencies process under Item 9840-001-0001. An adjustment shall not be made pursuant to this provision prior to the 30-day notification in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations. The Controller shall report the actual or projected amounts for the above purposes, as well as the proof of concept process, to the Department of Finance by August 1, 2018. Funds appropriated for these purposes that are determined not needed shall revert to the General Fund on December 31, 2018.

1. The aggregate principal amount of disproportionate share hospital general obligation debt that may be issued in the current fiscal year pursuant to subparagraph (A) of paragraph (2) of subdivision (f) of Section 14085.5 of the Welfare and Institutions Code shall be \$0.
2. 4. Without regard to fiscal year, the General Fund shall make one or more loans available not to exceed a cumulative total of \$45,000,000 to be transferred as needed to the Health Care Deposit Fund to meet cash needs. All moneys so transferred shall be repaid as soon as sufficient reimbursements have been collected to meet immediate cash needs and in installments as reimbursements accumulate if the loan is outstanding for more than one year.
5. 7. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of \$250,000 shall be approved by the Department of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house of the Legislature and to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification as the chairperson of the joint committee, or his or her designee, may determine. The semiannual estimates of Medi-Cal expenditures provided to the Legislature in January and May may constitute the notification required by this provision.
8. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the California Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.

The 10-day notification to the Legislature shall include the reasons for the transfer, the fiscal assumptions used in calculating the transfer amount, and any potential fiscal effects on the program from which funds are being transferred or for which funds are being reduced.
11. If a federal grant that provides 75 percent federal financial participation to allow individuals in nursing homes to voluntarily move into a community setting

and still receive the same amount of funding for services is awarded to the State Department of Health Care Services during the current fiscal year, then, notwithstanding any other provision of law, the department may count expenditures from the appropriation made to this item as state matching funds for that grant.

12. Notwithstanding any other provision of law, the Director of Finance may authorize an increase to this appropriation to address costs resulting from adverse court rulings. The Department of Finance shall provide a 30-day notice of any proposed increase to the Legislature. The notification shall include the specifics of any cases with adverse rulings and the overall fiscal impact. Submission of the semiannual Medi-Cal estimate provided to the Legislature in January and May shall be considered meeting the notification requirement of this provision if the required information is included in the estimate.

- (1) The administration anticipated that the addendum would be signed during the 2018–19 fiscal year.
 - (2) Any costs resulting from the addendum are included in the 2018–19 Governor's Budget or another piece of legislation.

9800-001-0988—For Augmentation for Employee Compensation, payable from other unallocated nongovernmental cost funds

..... 199,683,000

Schedule:

(1)	7800-Employee Compensation Program	199,683,000

Provisions:

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.
2. The funds appropriated in this item are for employee compensation increases, and increases in benefits related thereto, whose compensation or portion thereof is chargeable to nongovernmental cost funds, to be allocated by budget executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
3. Notwithstanding any other law, upon approval of the Director of Finance, expenditure authority may be transferred between Item 9800-001-0494 and this item as necessary to fund costs for approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
4. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group

of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

5. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as "pending agreements") that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.
6. As of July 31, 2019, the unencumbered balances of the above appropriation shall no longer be available for expenditure.
7. The Director of Finance may adjust this item of appropriation to reflect the health benefit premiums approved by the Board of Administration of the Public Employees' Retirement System or dental benefit premiums approved by the Department of Human Resources for the 2019 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.
8. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, the Department of Finance shall provide written notification to the Joint Legislative Budget Committee regarding any expenditure of funds resulting from any side letter, appendix, or other addendum to a properly ratified memorandum of understanding.
9. Notice provided pursuant to Provision 8 shall include a copy of the side letter, appendix, or other addendum (collectively addendum) and a fiscal summary of any expenditure of funds resulting from the agreement in the 2018–19 fiscal year and future fiscal years. The notice shall indicate whether the Department of Finance determines that an agreement does or does not require legislative action to ratify the addendum before implementation, pursuant to subdivision (a), (b), or (c) of this provision.
 - (a) An addendum to a properly ratified memorandum of understanding may be implemented without legislative action not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or his

or her designee, may in each instance determine, if all of the following apply:

- (1) The agreement results in total net costs of less than \$1,000,000 (all funds) during the 2018–19 fiscal year.
 - (2) Any cost resulting from the agreement can be absorbed within the 2018–19 fiscal year appropriation authority of impacted departments.
 - (3) The addendum does not present substantial additions that are reasonably outside the parameters of the original memorandum of understanding.
- (b) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds may be implemented not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine, if, during the legislative consideration of the 2018–19 Governor's Budget, the Department of Finance identified to the Legislature both of the following:
- (1) The administration anticipated that the addendum would be signed during the 2018–19 fiscal year.
 - (2) Any costs resulting from the addendum are included in the 2018–19 Governor's Budget or another piece of legislation.
- (c) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds requires legislative action before implementation if any of the following apply:
- (1) The agreement results in total net costs greater than \$1,000,000 (all funds) during the 2018–19 fiscal year.
 - (2) The agreement results in costs that cannot be absorbed within the 2018–19 fiscal year appropriation authority of impacted departments.
 - (3) The addendum presents substantial additions that are not reasonably within the parameters of the original memorandum of understanding.

10. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, any addendum to a properly ratified memorandum of understanding that is implemented in the 2018–19 fiscal year, pursuant to subdivision (a) of Provision 9, and requires the expenditure of funds beyond the 2018–19 fiscal year that was not approved as part of the Budget Act of 2018, shall be approved by the Legislature as part of the Budget Act of 2019 or through another piece of legislation.

11. The Department of Human Resources shall promptly post on its public Internet Web site all addenda. Each addendum shall be posted in its entirety, including any attachments or schedules that are part of the agreement, along with the fiscal summary documents of the agreement.

Such a transfer may be made to fund unanticipated expenses to be incurred for the 2018–19 fiscal year under an existing program that is funded by that item of appropriation, but only in a case of actual necessity as determined by the Director of Finance. For purposes of this item, an “existing program” is one that is authorized by law.

chairpersons of the fiscal committees in each house of the Legislature, or no sooner than any lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expense as defined in Provision 5.

4. Each notification shall include all of the following:
(a) the date the recipient state entity reported to the Director of Finance the need to increase its appropriation, (b) the reason for the expense, (c) the transfer amount approved by the Director of Finance, and (d) the basis of the director's determination that the expense is actually needed. Any increase in a department's appropriation to fund unanticipated expenses shall be approved by the Director of Finance.
5. The Director of Finance may approve a transfer under this item for an emergency expense only if the approval is set forth in a written notification that is filed with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, no later than 10 days after the effective date of the approval. Each notification for an emergency expense shall state the reason for the expense, the transfer amount approved by the director, and the basis of the director's determination that the expense is an emergency expense. For the purposes of this item, "emergency expense" means an expense incurred in response to conditions of disaster or extreme peril that threaten the immediate health or safety of persons or property in this state.
6. Within 15 days of receipt, the Director of Finance shall provide, to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, copies of all requests, including any supporting documentation, from any agency, department, board, commission, or other state entity for a transfer under this item. The submission to the Legislature of a copy of such a request does not constitute approval of the request by the Director of Finance. Within 15 days of receipt, the director shall also provide copies to these chairpersons of all other requests received by the Director of Finance from any state agency, department, board, commission, or other state entity to fund a contingency or emergency through a supplemental appropriations bill augmenting this item.

 - (b) 20 percent of the amount appropriated, for those appropriations made by this act that are more than \$4,000,000.
8. The Director of Finance may withhold authorization for the expenditure of funds transferred pursuant to this item until such time as, and to the extent that, preliminary estimates of potential unanticipated expenses are verified.
9. The Director of Finance shall submit any requests for supplemental appropriations in augmentation of this item to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature. Requests shall include the information and determinations required by Provision 4, excluding subdivision (c), and a determination that requests meet the requirements of Provision 2.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include minor projects, studies, specifications, design, construction, and equipment necessary in connection with a construction, repair, or improvement project on state-owned or state-leased property.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each program or project included in the schedule shall be limited to the amount specified for that program or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules, "program" or "project" means a class of expenditure.

(a) "Programs" include all expenditures required to carry out the objectives of the named activity.

(b) "Projects" include expenditures to carry out a particular phase, or multiple phases, of work attributed to a project. For capital outlay projects, phases are budgeted as subschedules under the "project" schedule within an item of appropriation.

As used in this act in reference to the subschedules, the following means a class of expenditure such as, but not limited to:

(4) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(5) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(6) "Performance criteria" are defined as the information that fully describes the scope of the proposed project and includes, but is not limited to, the size, type, and design character of the buildings and site; the required form, fit, function, operational requirements, and quality of design, materials, equipment, and workmanship; and any other information deemed necessary to sufficiently describe the state's needs. Performance criteria may include concept drawings, which include any schematic drawings or architectural renderings that are prepared in such detail as is necessary to sufficiently describe the state's needs.

(7) "Design-build" phase means the period following the award of a contract to a design-build entity in which the design-build entity completes the design and construction activities necessary to fully complete the project in compliance with the terms of the contract.

(8) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 2018–19," submitted by the Governor to the Legislature at the 2018 portion of the 2017–18 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the Controller and to every state agency to which appropriations are made under this act.

SEC. 3.10. (a) Notwithstanding any other provision of law, and in accordance with legislative intent, the Department of Finance may authorize subschedule transfers, as defined in Section 3.00, within individual capital outlay items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the projects funded by this act.

SEC. 3.50. Whenever an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, the following shall be charged to the appropriation from which salaries and wages are paid: workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the administrative costs of the Merit Award Program provided by Section 19823 of the Government Code, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20822 and 20824 of the Government Code, the state's contribution to the Teachers' Retirement Fund as provided by Sections 22950, 22951, and 23000 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 22601 and 22602 of the Government Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund for payment of hospital insurance taxes imposed by the Internal Revenue Code, the state's contribution to the Public Employees' Contingency Reserve Fund, the state's contribution for the cost of health benefits plans as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and the state's contribution for costs of other employee benefits and the administrative costs associated with the provision of benefits established by any state agency legally authorized to negotiate and set salary and benefit levels.

As of the effective date of this act, the state's contributions, as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, for costs of any other employee benefits and the administrative costs associated with the provisions of these benefits established by any state agency legally authorized to negotiate and set salary and benefit levels for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and by Sections 22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees' Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions.

SEC. 3.60. (a) Notwithstanding any other law, the employers' retirement contributions for the 2018–19 fiscal year that are chargeable to any item with respect to each state officer and employee who is a member of the Public Employees' Retirement System (PERS) or the Judges' Retirement System II and who is in that employment or office shall be the percentage of salaries and wages by state member category, as follows:

Miscellaneous, First Tier	29.396%
California State University, Miscellaneous, First Tier	29.396%
Miscellaneous, Second Tier	29.396%
State Industrial	20.431%
State Safety	21.534%
Peace Officer/Firefighter	45.371%
California State University, Peace Officer/Firefighter	45.371%
Highway Patrol	55.124%
Judges' Retirement System II	24.660%

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2018–19 fiscal year retirement benefits to achieve the percentages specified in this subdivision. Beginning in the 2013–14 fiscal year, adjustments to the California State University (CSU) rates are applied to the actual pensionable 2013–14 fiscal year payroll, which is \$2,307,876,000, as identified by the Controller. This process establishes pension funding adjustments through this section for CSU. This results in pension funding for CSU of \$660,793,000 General Fund for the 2017–18 fiscal year. These amounts also will be part of the total appropriation in Item 6610-001-0001 of the Budget Act of 2018.

(b) Notwithstanding any other law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees' Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

(d) Of the percentage of salaries and wages by state member categories identified in subdivision (a), the following percentages are estimated to be the result of the increased employee contributions pursuant to Chapter 296 of the Statutes of 2012 (AB 340), known as the California Public Employees' Pension Reform Act of 2013, and will be directed toward the state's unfunded pension liability:

Miscellaneous, First Tier	0.098%
California State University, Miscellaneous, First Tier	0.098%
Miscellaneous, Second Tier	0.098%
State Industrial	0.881%
State Safety	1.182%
Peace Officer/Firefighter	1.647%
California State University, Peace Officer/Firefighter	1.647%
Highway Patrol	1.319%

The contributions to the unfunded liability, as a result of the percentages of salaries and wages in this subdivision, are estimated to be \$115,000,000 (\$79,956,000 General Fund) for the 2018–19 fiscal year.

(e) The Director of Finance may adjust the percentage levels of the employers' retirement contributions listed in subdivisions (a) and (d) as a result of rates provided by the Board of Administration of the Public Employees' Retirement System. The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this subdivision. Within 30 days of making an adjustment pursuant to this subdivision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

(f) (1) In addition to the employers' retirement contributions listed in subdivisions (a) and (d), the Department of Finance may direct the Controller to transfer up to the amount appropriated under Proposition 2 to supplement the state's retirement contributions for the 2018–19 fiscal year.

(2) The Department of Finance shall direct the Controller to transfer the amount specified in paragraph (1) to either of the following:

(A) The Public Employees' Retirement Fund.

(B) The Surplus Money Investment Fund and other funds in the Pooled Money Investment Account that accrue interest to the General Fund, for repayment of principal and interest of a cash loan that was made to supplement the state's retirement contributions.

(3) The supplemental payment described in this subdivision is for unfunded liabilities for state-level pension plans in excess of current base amounts for the 2018–19 fiscal year. Therefore, any amount transferred to a fund identified in paragraph (2) constitutes an obligation pursuant to subclause (IV) of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 20 of Article XVI of the California Constitution.

(4) The Department of Finance shall provide the Controller a schedule of the timing and amounts to be used for purposes of this subdivision.

This reconciliation process was last completed and included as part of the 2018–19 Governor's Budget process; therefore, no adjustments are required for the 2019–20 budget process. This analysis will be performed again as part of the 2020–21 Governor's Budget process.

The Department of Finance shall provide a schedule to the Controller providing for the allocation.

(d) Upon approval from the Department of Finance, a recipient department may use up to 10 percent of the funds allocated to it pursuant to subdivision (b), but no more than \$5,000,000, for the purpose of conducting assessments of departmental infrastructure. Assessments shall either be conducted by the Department of General Services or adhere to guidelines published by the Department of General Services.

(e) Before making a change to the list, a department shall obtain the approval of the Director of Finance. The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee no less than 30 days before adding any project with estimated costs greater than \$1,000,000 and quarterly of any and all changes to the list of deferred maintenance projects. SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2017–18 fiscal year and ongoing or new costs for the 2018–19 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget

Committee, or his or her designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal funds, the 2018–19 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Families (TANF) block grant funds in excess of the amounts specified and appropriated in this act are subject to the notification procedures and requirements set forth in Section 28.00, or Provision 4 of Item 5180-101-0001, or Item 5180-402, of Section 2.00, whichever is applicable. The notification and other requirements of Section 28.00 also shall apply to any proposed substitution of TANF block grant funds for other state or federal funds.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other provision of law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Department of Finance determines a state agency is not recovering allowable statewide indirect costs from the federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the Department of Finance may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the Department of Finance.

(b) The Department of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.88. Notwithstanding any other law, a sum of \$1,672,000 is appropriated from various special and nongovernmental cost funds to the Financial Information System for California (FI\$Cal) Project. The Director of Finance is authorized to adjust these appropriations to conform with approved adjustments to Item 8880-001-9737 via other authority. These appropriated funds shall be transferred to the FI\$Cal Internal Services Fund for payment of costs to replace the systems that support the state's business

operations. Upon order of the Director of Finance, in terms of timing and amounts, the Controller shall transfer from these funds sufficient amounts to pay for the authorized FISCAL Project costs that are attributable to such funds. These transfers shall be treated as expenditure transfers and shall not exceed the total authorized for the FISCAL Project that is attributable to those funds.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. The Department of Finance shall report to the Joint Legislative Budget Committee when a reportable information technology project's overall costs increase by \$5,000,000 or 20 percent of the budgeted cost of the project, whichever is less. Each report shall include all of the following: (a) the total change in cost, scope, and schedule; (b) the reason for the change or changes; (c) a description of new, amended, or new and amended contracts required as a result of the change or changes; (d) a list of the risks and issues identified in the last two Independent Verification and Validation and Independent Project Oversight Reports and any risk and issue that has been identified since those reports; and (e) the department's planned mitigation of these risks and issues. The report shall be made no less than 30 calendar days prior to any commitment to a new contract or contract amendment that is a result of the change or changes identified above, or a lesser period if requested by the department and approved by the Chairperson of the Joint Legislative Budget Committee or his or her designee.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost-allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall:

- (1) Explain the necessity and rationale for the proposed agreement.
- (2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.
- (3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, "statewide software license agreement" means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than \$1,000,000 in the aggregate.

SEC. 11.11. To protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state "appropriations limit" of \$107,818,000,000 for the 2018–19 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the "appropriations limit" for the 2018–19 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2018–19 Final Change Book for the 2018–19 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2018–19 fiscal year are \$54,869,834,000 or 39.9 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are \$48,722,237,000 or 35.4 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated to school districts and community college districts for adult education and K–12 Career Technical Education Strong Workforce Program are \$690,561,000 or 0.5 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are \$5,372,400,000 or 3.9 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are \$84,636,000 or 0.1 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by, and disbursements from, the Education Protection Account.

SEC. 12.35. Notwithstanding any other law, the Student Aid Commission shall not implement any change in policy or practice that would have a fiscal effect exceeding \$5,000,000 in any year to the costs of the programs funded in Item 6980-101-0001 unless the change is first approved by the Director of Finance and notice is provided by the Director of Finance to the chairpersons of the fiscal committees of each house of the Legislature not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity for the change in policy or practice and (b) identify the fiscal effect of the change in the current fiscal year and subsequent fiscal years. It is the intent of the Legislature not to affect the entitlements of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other provision of law, the unencumbered balances as of June 30, 2019, of the appropriations made by Items 0160-001-0001 and 0160-001-9740 of Section 2.00 are reappropriated and shall be available for encumbrance until June 30, 2020, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other provision of law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00 or are

in excess of the amount so taken into consideration are to be credited to that item and are hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2018–19 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2018–19 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2018–19 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by March 1, 2019, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

SEC. 15.25. (a) Notwithstanding any other provision of law, the Director of Finance may adjust amounts in any item of appropriation in Section 2.00 resulting from changes in rates for data center services in the 2018 or 2019 calendar year.

(b) The aggregate amount of General Fund appropriation increases provided under this section during the fiscal year may not exceed the aggregate amount of General Fund appropriation decreases.

(c) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 15.45. The Controller shall offset General Fund payments to the Trial Court Trust Fund in Section 2.00 with any funds received from county offices of education for reimbursement of trial court costs pursuant to Section 2578 of the Education Code.

These offsets shall be recorded as a reduction of total expenditures and shall not be a reduction to any department or program budget item.

SEC. 24.00. For each fiscal year, the donations and oil and mineral revenues from federal lands that are deposited in the State School Fund shall be divided between Sections A and B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for regular apportionments for school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, and 15 percent to Section B of the fund exclusively for community college district regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or B of the State School Fund are disbursed for regular apportionments.

SEC. 24.03. Notwithstanding any other provision of law, funds appropriated by Section 2.00, 8.50, 28.00, 28.50, or any other provision of this act may not be expended for the support of any program, network, or material, with the exception of instruction to pupils who are identified as deaf or hearing impaired pursuant to paragraphs (3) and (5) of Section 300.8(c) of Title 34 of the Code of Federal Regulations, that promotes or uses reading instruction methodologies that emphasize contextual clues in lieu of fluent decoding.

SEC. 24.60. Each state entity receiving lottery funds shall annually report to the Governor and the Legislature on or before May 15 the amount of lottery funds that the entity received and the purposes for which those funds were expended in the prior fiscal year, including administrative costs. The Department of Education shall report on behalf of K–12 entities. If applicable, the entity shall also report the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local educational agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA's fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.40. Notwithstanding any other provision of law, the Department of Finance may adjust amounts in any appropriation item, or in any category thereof, to remove amounts budgeted from any state departments, that are used to reimburse the Department of General Services for Contracted Fiscal Services, budgeting and accounting services.

SEC. 25.50. Notwithstanding any other provision of law, an amount not to exceed \$891,000 is hereby appropriated from various funds to the Controller, as specified below, for reimbursement of costs for the ongoing maintenance and support of the Apportionment Payment System:

0046 Public Transportation Account	19,000

0932 Trial Court Trust Fund	174,000
0969 Public Safety Account	268,000
Total, All Funds	891,000

The Controller shall assess these funds for the costs of the Apportionment Payment System because apportionment payments in excess of \$10,000,000 are made annually from these funds. Assessments in support of the expenditures for the Apportionment Payment System shall be made monthly, and the total amount assessed from these funds may not exceed the total expenditures incurred by the Controller for the Apportionment Payment System for the 2018–19 fiscal year.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2018–19 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) Twenty percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) Ten percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or his or her designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2018–19 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2019–20 fiscal year should be included in the administration's 2019–20 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2018–19 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2018–19 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) \$400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and the Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2019.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2018–19 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2018–19 fiscal year that exceeds \$200,000, the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2019, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

- (1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.
- (2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.
- (3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2019.
- (4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.
- (5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to a monthly maximum salary of \$10,877 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Information Technology Manager II classification as of July 1, 2018) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation. Additionally, authorization by the Department of Finance is required for (1) the reclassification of any non-Career Executive Assignment classification to a Career Executive Assignment classification or (2) the administrative establishment of any Career Executive Assignment classification.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2018–19 fiscal year shall terminate on June 30, 2019, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2019–20 fiscal year as new positions or (2) approved by the Department of Finance after the 2019–20 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2019. The positions identified in (2) above may be reestablished by the Department of Finance during the 2019–20 fiscal year, provided that these positions are shown in the Governor's Budget for the 2020–21 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2019–20 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2019–20 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2018–19 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2019–20 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2019–20 fiscal year, and subsequently decides to administratively establish the positions in the 2018–19 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

(h) This section applies to all state agencies, departments, boards, bureaus, and commissions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other provision of law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.35. (a) To ensure cash needs in appropriation are met, departments shall make every reasonable effort to promptly collect reimbursements or amounts payable from other funds or departments, or collect the amounts in advance. Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other provision of law, if a department impacted by the implementation of FISCAL demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds or departments as specified in subdivision (a) and a temporary cash shortage arises for the department, the Director of Finance may authorize a short-term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and

shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.
