[Approved by Governor September 22, 2018. Filed with Secretary of State September 22, 2018.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1491, Committee on Business, Professions and Economic Development. Healing arts.

(1) The Dental Practice Act provides for the licensure and regulation of dentists and registered dental assistants by the Dental Board of California, which is within the Department of Consumer Affairs, and requires the board to meet regularly once in San Francisco and once in Los Angeles each year after the commencement of dental schools for the purpose of examining applicants and at such other times as the board may designate. The act entitles the secretary of the board to traveling and other expenses and prohibits the secretary from receiving a salary. The act requires the board to examine all applicants for licensure to practice dentistry in the state and to issue licenses to those applicants that pass the examination of the board. That act requires the board to adopt reasonably necessary rules concerning, among other things, the establishment of standards for the approval of dental colleges. That act requires the board to only use examiners who have been appointed by the board and meet specified criteria, including that the examiner holds no position as an officer or faculty member at any college, school, or institution that provides dental instruction in the same licensure category as that held by the examiner.

This bill would delete the requirement that the board meet after the commencement of dental schools for the purpose of examining applicants, would delete the authorization for the secretary to receive expenses, and would delete the prohibition on the secretary receiving a salary. The bill would specify that the board is required to also examine applicants for a license to practice dental assisting and is required to issue a license to practice dentistry or a permit to practice dental assisting to an applicant who has successfully passed all licensing and permitting examinations administered by the board or any regional or national testing entity designated to administer an exam. The bill would require the board to adopt regulations instead of reasonably necessary rules concerning, among other things, the establishment of standards for the approval of dental assisting programs and educational courses. The bill would exempt a portfolio examiner from the above-described prohibition that he or she hold no position as an officer or faculty member.

The Dental Practice Act authorizes the board to inspect the books, records, and premises of any licensed dentist and makes failure to allow an inspection grounds for suspension or revocation of a license. That act requires the board to, among other things, keep a record of the names of all persons issued licenses to practice dentistry and issue a specified notice that it is the entity that regulates dentists.

This bill would specify that the above provisions also apply to the practice of dental assisting and to permitted dentists.

The Dental Practice Act also authorizes the board to require licensees to continue their education as a condition of licensure renewal and to submit assurances to the board that the licensees will inform themselves of new developments in the practice of dentistry since the licensees were originally licensed. The act authorizes a dental assistant to perform basic supportive dental procedures without a license under the supervision of a dentist if he or she meets certain requirements, including a board-approved course regarding the Dental Practice Act and a board-approved course in infection control, and requires the employer of the dental assistant to ensure that he or she has successfully completed or does successfully complete those required courses. The act authorizes the board to issue an orthodontic assistant permit or a dental sedation assistant permit to a person who files an application and meets specified requirements, including completion of at least 12 months of work experience as a dental assistant and completion of a board-approved course regarding the Dental Practice Act and a board-approved course in infection control.

This bill would instead require a licensee under the chapter to continue his or her education as a condition of licensure renewal and would require a licensee to obtain evidence satisfactory to the board that he or she has, in the preceding 2 years, obtained continuing education relevant to the developments in the practice of dentistry or dental assisting consistent with regulations established by the board. The bill would require a dental assistant and an applicant for an orthodontic assistant permit or a dental sedation assistant permit to complete a 2-hour board-approved course in the Dental Practice Act and an 8-hour board-approved course in infection control. The bill would also require an applicant for an orthodontic assistant permit or a dental sedation assistant permit to have a current, active, and valid licensure as a registered dental assistant and at least 12 months of verifiable work experience as a dental assistant.

The Dental Practice Act requires the Dental Board of California to amend, consistent with the federal Centers for Disease Control and Prevention recommendations for water quality, the regulations on the minimum standards for infection control to require water or other methods used for irrigation to be sterile or contain recognized disinfecting or antibacterial properties when performing dental procedures that expose dental pulp.

This bill would repeal that provision and would instead make using water, or other methods used for irrigation, that are not sterile or that do not contain recognized disinfecting or antibacterial properties when performing dental procedures on exposed dental pulp unprofessional conduct by a person licensed pursuant to the Dental Practice Act.

(2) (A) The Optometry Practice Act provides for the licensure and regulation of the practice of optometry by the State Board of Optometry, which is within the Department of Consumer Affairs, and requires a license issued under the act to expire at midnight in the last day of the licensee's birth month following its original issuance and thereafter at midnight on the last day of the licensee's birth month every 2 years if not renewed. That act makes it unlawful for a person to engage in the practice of optometry or to display a sign in any other way to advertise or hold himself or herself out as an optometrist without having first obtained an optometrist license from the board or under the provisions of any former act relating to the practice of optometry. That act makes a violation of its provisions punishable as a misdemeanor.

This bill would change the name of the State Board of Optometry to the California State Board of Optometry, and would require an optometric license to expire at midnight in the last day of the month in which the license was issued during the 2nd year of a 2-year term if not renewed. The bill would instead make it unlawful for a person to engage in the practice of optometry or to advertise himself or herself out as an optometrist without a valid, unrevoked California optometrist license. By changing the definition of an existing crime, this bill would result in a state-mandated local program.

(B) Under existing law, the State Board of Optometry is responsible for the registration and regulation of registered dispensing opticians and makes a violation of any of the provisions regulating registered dispensing opticians punishable as a misdemeanor. Existing law makes it unlawful, except as provided, for a registered dispensing optician to advertise the furnishing of, or to furnish, services of an optometrist or a physician and surgeon, to directly employ an optometrist or physician and surgeon for the purpose of any examination or treatment of the eyes, or to duplicate or change lenses without a prescription or order from a person duly licensed to issue such a prescription or order.

This bill would additionally make it unlawful, except as provided, for a person who engages in the business of, or holds himself or herself out to be, a dispensing optician to do any of those above-described acts. By changing the definition of an existing crime, this bill would result in a state-mandated local program.

(3) The Respiratory Care Practice Act establishes the Respiratory Care Board of California, which is within the Department of Consumer Affairs, for the licensure and regulation of respiratory care practitioners. That act prohibits an applicant for licensure from receiving a license without first successfully passing all parts of the national registered respiratory therapist examination, but exempts a person from taking that exam who provides evidence that he or she passed the National Certified Respiratory Therapist Examination prior to January 1, 2015, if there is no evidence of prior license or job related discipline as determined by the board. That act authorizes a person whose license has been revoked, surrendered, or suspended to petition the board for

reinstatement and requires a person petitioning for reinstatement of his or her license that has been revoked or surrendered for 3 or more years to meet current education requirements required for licensure.

This bill would require an applicant for licensure to successfully pass the National Board for Respiratory Care's Therapist Multiple-Choice Examination, at the cut-off level required to qualify for the Clinical Stimulation Examination, and the Clinical Stimulation Examination, or any succeeding examinations, and would deem a person who took the National Certified Respiratory Therapist Examination prior to January 1, 2015, if there is no evidence of prior license or job related discipline as determined by the board, to meet that requirement. The bill would require a person petitioning the board for reinstatement of his or her license that has been revoked or surrendered for 3 or more years to also meet current examination requirements for initial licensure.

(4) The Veterinary Medicine Practice Act provides for the licensure and regulation of veterinarians and the practice of veterinary medicine by the Veterinary Medical Board, which is within the Department of Consumer Affairs, and requires an applicant for licensure to demonstrate his or her competency by examination. That act requires the examination to consist of certain components, including an examination concerning the act that is required to be administered by the board by mail.

This bill would require that component of the examination to be administered by the board by regular mail, email, or by both regular mail and email.

(5) The Board of Behavioral Sciences, which is within the Department of Consumer Affairs, licenses and regulates marriage and family therapists under the Licensed Marriage and Family Therapist Act, clinical social workers under the Clinical Social Worker Practice Act, and professional clinical counselors under the Licensed Professional Clinical Counselor Act.

(A) Those acts require applicants for licensure to, among other things, take a clinical examination, and authorize an applicant for licensure who obtained a license or registration under another jurisdiction to apply for licensure with the board without taking that examination if specified conditions are met.

This bill would instead provide that such an applicant can qualify for licensure with the board if he or she obtained a license or registration under another jurisdiction and meet the specified conditions.

(B) The Licensed Marriage and Family Therapist Act and the Licensed Professional Clinical Counselor Act provide that any reference in the act to the term "intern" means an "associate." Those acts require an applicant for licensure to meet specified education requirements, including 6 semester units or 9 quarter units of practicum. Those acts also require applicants for licensure or registration who began graduate study before August 1, 2012, and completed that study on or before December 31, 2018, to comply with specified educational and experience requirements and repeal those provisions on January 1, 2019.

This bill would make conforming changes by changing references to the term "intern" to "associate." This bill would also require the above practicum requirement to be supervised. The bill would allow an applicant for a professional clinical counselor license to have field study experience instead of the required supervised practicum. The bill would also delete the repeal date for the provisions relating to applicants for licensure or registration who began graduate study before August 1, 2012, and completed that study on or before December 31, 2018.

(C) Under existing law, the offer, delivery, receipt, or acceptance by any person licensed as a healing arts professional of any rebate, refund, commission, preference, patronage, dividend, discount, or other consideration as compensation or inducement for referring patients is unlawful and punishable as a crime. Existing law, however, authorizes the participation in or operation of a group advertising and referral service for licensed marriage and family therapists if certain conditions are met.

This bill would repeal that authorization for licensed marriage and family therapists to participate in or operate a group advertising and referral service. By deleting that authorization, this bill would expand an existing crime and thereby impose a state-mandated local program.

(6) The bill would also make various nonsubstantive changes.

(7) The bill would incorporate additional changes to Section 27 of the Business and Professions Code proposed by SB 1483 and AB 3261 to be operative only if this bill and either or both SB 1483 and AB 3261 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 1645 of the Business and Professions Code proposed by SB 1109 to be operative only if this bill and SB 1109 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 1680 of the Business and Professions Code proposed by SB 1482 to be operative only if this bill and SB 1482 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 2290.5 of the Business and Professions Code proposed by AB 93 to be operative only if this bill and AB 93 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 4980.72 of the Business and Professions Code proposed by AB 2117 to be operative only if this bill and AB 2117 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 4980.78 of the Business and Professions Code proposed by AB 93 to be operative only if this bill and AB 93 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 4980.79 of the Business and Professions Code proposed by AB 93 to be operative only if this bill and AB 93 are enacted and this bill is enacted last.

The bill would incorporate additional changes to Section 4996.17 of the Business and Professions Code proposed by AB 93 and AB 2117 to be operative only if this bill and either or both AB 93 and AB 2117 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 4999.32 of the Business and Professions Code proposed by AB 2296 to be operative only if this bill and AB 2296 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 4999.60 of the Business and Professions Code proposed by AB 2117 to be operative only if this bill and AB 2117 are enacted and this bill is enacted last.

The bill would incorporate additional changes to Section 4999.62 of the Business and Professions Code proposed by AB 93 and AB 2296 to be operative only if this bill and either or both AB 93 and AB 2296 are enacted and this bill is enacted last.

The bill would incorporate additional changes to Section 4999.63 of the Business and Professions Code proposed by AB 93 and AB 2296 to be operative only if this bill and either or both AB 93 and AB 2296 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 4999.100 of the Business and Professions Code proposed by AB 2117 to be operative only if this bill and AB 2117 are enacted and this bill is enacted last.

(8) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(1) The applicant holds a current valid license in good standing in another state, Canadian province, or United States territory and, within three years immediately preceding filing an application for licensure in this state, has practiced clinical veterinary medicine for a minimum of two years and completed a minimum of 2,944 hours of clinical practice. Experience obtained while participating in an American Veterinary Medical Association (AVMA) accredited institution's internship, residency, or specialty board training program shall be valid for meeting the minimum experience requirement.

The term "in good standing" means that an applicant under this section:

(A) Is not currently under investigation nor has been charged with an offense for any act substantially related to the practice of veterinary medicine by any public agency, nor entered into any consent agreement or been subject to an administrative decision that contains conditions placed by an agency upon an applicant's professional conduct or practice, including any voluntary surrender of license, nor been the subject of an adverse judgment resulting from the practice of veterinary medicine that the board determines constitutes evidence of a pattern of incompetence or negligence.

(B) Has no physical or mental impairment related to drugs or alcohol, and has not been found mentally incompetent by a physician so that the applicant is unable to undertake the practice of veterinary medicine in a manner consistent with the safety of a patient or the public.

(2) At the time of original licensure, the applicant passed the national licensing requirement in veterinary science with a passing score or scores on the examination or examinations equal to or greater than the passing score required to pass the national licensing examination or examinations administered in this state.

The board, in consultation with the California Veterinary Medical Association (CVMA), shall approve educational curricula that cover appropriate regionally specific and important diseases and conditions that are common in California. The curricula shall focus on small and large animal diseases consistent with the current proportion of small and large animal veterinarians practicing in the state. The approved curriculum shall not exceed 30 hours of educational time. The approved curriculum may be offered by multiple providers so that it is widely accessible to candidates licensed under this subdivision.

(c) The board shall issue a temporary license valid for one year to an applicant to practice veterinary medicine under the supervision of another California-licensed veterinarian in good standing if the applicant satisfies all of the following requirements:

(1) The applicant meets the requirements of paragraphs (1) to (4), inclusive, of subdivision (b).
