Assembly Bill No. 1507

CHAPTER 487

An act to amend Sections 47605, 47605.1, and 60640 of the Education Code, relating to charter schools.

[Approved by Governor October 03, 2019. Filed with Secretary of State October 03, 2019.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1507, Smith. Charter schools: location: resource center.

(1) Existing law authorizes a charter school that is unable to locate within the jurisdiction or geographic boundaries of the chartering school district to establish one site outside the boundaries of the school district, but within the county in which that school district is located, if the school district where the charter school proposes to operate is notified in advance of the charter petition approval, the county superintendent of schools is notified of the location of the charter school before it commences operations, and either the charter school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the school chooses to locate, or the site is needed for temporary use during a construction or expansion project.

This bill would delete the authority of a charter school to locate outside the jurisdiction or geographic boundaries of the chartering school district because the charter school has attempted to locate a single site or facility to house the entire program, but a site or facility is unavailable in the area in which the charter school chooses to locate, or the site is needed for temporary use during a construction or expansion project. The bill would authorize a charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, to continue to operate that site until the charter school submits a request for the renewal of its charter petition, and would authorize a charter school to continue operating that site if the charter school either, before submitting the request for the renewal of the charter petition, first obtains written approval from the school district where the site is operating, or submits a request for the renewal of the charter petition, as specified, to the school district in which the charter school is located. The bill would authorize a charter school to relocate for not more than 5 years a site located within an area subject to a Presidential declaration of a major disaster or emergency, issued in accordance with federal law, to an area outside the area subject to the Presidential declaration, as specified. The bill would require a charter school to be allowed to return to its original campus location in perpetuity if that charter school was relocated from December 31, 2016, through December 31, 2019, due to a Presidential declaration of a major disaster or emergency in accordance with federal law. The bill would exempt from the above-described charter school location provisions a charter school located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe. The bill would require the State Department of Education to regard a charter school approved pursuant to the above-described provisions as a continuing charter school for all purposes.

(2) Existing law authorizes a charter school to establish a resource center, meeting space, or other satellite facility located in a county adjacent to the county in which the charter school is authorized if specified conditions are met.

This bill instead would authorize a charter school to establish one resource center, meeting space, or other satellite facility within the jurisdiction of the school district where the charter school is physically located if specified conditions are met, except as specified. The bill would require a charter school to notify the charter school's chartering authority of the name and physical location of any resource center, meeting space, or satellite facility operated by the charter school. The bill would prohibit the State Board of Education from waiving those restrictions on the establishment of a resource center, meeting space, or satellite facility.

This bill would authorize a charter school or a countywide charter school that was operating a resource center, meeting space, or other satellite facility outside the jurisdiction of the school district or county, respectively, where the charter school is physically located before January 1, 2020, to continue to operate that resource center, meeting space, or other satellite facility until the charter school submits a request for the renewal of its charter petition, and would authorize a charter school to continue operating that resource center, meeting space, or other satellite facility if, before submitting the request for the renewal of the charter petition, the charter school first obtains written approval from the school district or the county office of education, as appropriate, where the resource center, meeting space, or other satellite facility is operating. The bill would authorize a charter school to relocate for not more than 5 years a resource center, meeting space, or other satellite facility located within an area subject to a Presidential declaration of a major disaster or emergency, issued in accordance with federal law, to an area outside the area subject to the Presidential declaration, as specified. The bill would authorize a charter school to establish additional resource centers, meetings spaces, or other satellite facilities within the jurisdiction of the charter school's chartering authority if specified conditions are met. The bill would require the department to regard as a continuing charter school for all purposes a nonclassroom-based charter school that meets specified requirements.

This bill would make a conforming change.

(3) This bill would incorporate additional changes to Section 47605 of the Education Code proposed by AB 1505 and AB 1595, to be operative only if this bill and AB 1505 or AB 1595, or both, are enacted and this bill is enacted last.

Vote: majority Appropriation: no Fiscal Committee: no Local Program: no

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district if each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the charter school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the charter school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (c) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having their child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) (A) A charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:

(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.

(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located.

(B) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter school site is located and operating, the charter school, for not more than five years, may relocate that site outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the site is being relocated to.

(C) Notwithstanding subparagraph (A), if a charter school was relocated from December 31, 2016, to December 31, 2019, inclusive, due to a Presidential declaration of a major disaster or emergency in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.), that charter school shall be allowed to return to its original campus location in perpetuity.

(D) A charter school located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe shall be exempt from the provisions of this paragraph.

(E) The department shall regard as a continuing charter school for all purposes a charter school that was granted approval of its petition, that was providing educational services to pupils prior to October 1, 2019, and is authorized by a different chartering authority due to changes to this paragraph that took effect January 1, 2020.

(6) Commencing January 1, 2003, a petition to establish a charter school shall not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in paragraphs (2) to (8), inclusive, of subdivision (d) of Section 52060, that apply for the grade levels served by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college

entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in paragraphs (2) to (8), inclusive, of subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the charter school.

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (H), inclusive, of paragraph (2) of subdivision (a) of Section 32282 and procedures for conducting tactical responses to criminal incidents.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission policies and procedures, consistent with subdivision (d).

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right

to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.

(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the charter school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against a pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of the pupil's parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the charter school.

(B) If the number of pupils who wish to attend the charter school exceeds the charter school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the school district except as provided for in Section 47614.5. Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall,

upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the charter school within 30 days if the charter school demonstrates that the pupil had been enrolled in the charter school. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(4) (A) A charter school shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2).

(B) A charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment.

(C) A charter school shall not encourage a pupil currently attending the charter school to disenroll from the charter school or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2). This subparagraph shall not apply to actions taken by a charter school pursuant to the procedures described in subparagraph (J) of paragraph (5) of subdivision (b).

(D) The department shall develop a notice of the requirements of this paragraph. This notice shall be posted on a charter school's internet website. A charter school shall provide a parent or guardian, or a pupil if the pupil is 18 years of age or older, a copy of this notice at all of the following times:

(i) When a parent, guardian, or pupil inquires about enrollment.

(ii) Before conducting an enrollment lottery.

(iii) Before disenrollment of a pupil.

(E) (i) A person who suspects that a charter school has violated this paragraph may file a complaint with the chartering authority.

(ii) The department shall develop a template to be used for filing complaints pursuant to clause (i).

(5) Notwithstanding any other law, a charter school in operation as of July 1, 2019, that operates in partnership with the California National Guard may dismiss a pupil from the charter school for failing to maintain the minimum standards of conduct required by the Military Department.

(e) The governing board of a school district shall not require an employee of the school district to be employed in a charter school.

(f) The governing board of a school district shall not require a pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the charter school, including, but not limited to, the facilities to be used by the charter school, the manner in which administrative services of the charter school are to be provided, and potential civil liability effects, if any, upon the charter school and upon the school district. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as that section read before July 19, 2006.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter

school with the state board, and the state board may approve the petition, in accordance with subdivision (b). A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the school district to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(2) In assuming its role as a chartering authority, the state board shall develop criteria to be used for the review and approval of charter school petitions presented to the state board. The criteria shall address all elements required for charter approval, as identified in subdivision (b), and shall define "reasonably comprehensive," as used in paragraph (5) of subdivision (b), in a way that is consistent with the intent of this part. Upon satisfactory completion of the criteria, the state board shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the state board fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district to deny the petition shall be subject to judicial review.

(5) The state board shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the department and the state board.

(k) (1) The state board may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the state board to any local educational agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local educational agency shall have all monitoring and supervising authority of a chartering authority, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the state board.

(3) A charter school that is granted its charter through an appeal to the state board and elects to seek renewal of its charter shall, before expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the charter school's petition for renewal, the charter school may petition the state board for renewal of its charter.

(l) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (l) of paragraph (5) of subdivision (b), to its chartering authority, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering authority, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering authority pursuant to Section 41020.

(n) A charter school may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

SEC. 1.1. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district if each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the charter school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the charter school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (c) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having their child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to expand operations to one or more additional sites or grade levels shall request a material revision to its charter and shall notify the chartering authority of those additional locations or grade levels. The chartering authority shall consider whether to approve those additional locations or grade levels at an open, public meeting. If the additional locations or grade levels are approved pursuant to the standards and criteria described in subdivision (c), there shall be a material revision to the charter school's charter.

(5) (A) A charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:

(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.

(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located.

(B) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter school site is located and operating, the charter school, for not more than five years, may relocate that site outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the site is being relocated to.

(C) Notwithstanding subparagraph (A), if a charter school was relocated from December 31, 2016, to December 31, 2019, inclusive, due to a Presidential declaration of a major disaster or emergency in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.), that charter school shall be allowed to return to its original campus location in perpetuity.

(D) A charter school located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe shall be exempt from the provisions of this paragraph.

(E) The department shall regard as a continuing charter school for all purposes a charter school that was granted approval of its petition, that was providing educational services to pupils prior to October 1, 2019, and is authorized by a different chartering authority due to changes to this paragraph that took effect January 1, 2020.

(6) Commencing January 1, 2003, a petition to establish a charter school shall not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the governing board of the school district for purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. The governing board of the school district shall publish all staff recommendations, including the recommended findings and, if applicable, the certification from the county superintendent of schools prepared pursuant to paragraph (8) of subdivision (c), regarding the petition at least 15 days before the public hearing at which the governing board of the school district will either grant or deny the charter. At the public

hearing at which the governing board of the school district will either grant or deny the charter, petitioners shall have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings.

(c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

- (1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.
- (2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
- (3) The petition does not contain the number of signatures required by subdivision (a).
- (4) The petition does not contain an affirmation of each of the conditions described in subdivision (e).
- (5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the charter school.

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (H), inclusive, of paragraph (2) of subdivision (a) of Section 32282 and procedures for conducting tactical responses to criminal incidents.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school.

(H) Admission policies and procedures, consistent with subdivision (e).

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.

(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors:

(A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.

(B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 1240 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240, has a negative interim certification pursuant to Section 1240, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.

(d) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the charter school's educational programs.

(e) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against a pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of the pupil's parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the charter school.

(B) If the number of pupils who wish to attend the charter school exceeds the charter school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the school district except as provided for in Section 47614.5. Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the charter school within 30 days if the charter school demonstrates that the pupil had been enrolled in the charter school. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(4) (A) A charter school shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2).

(B) A charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment.

(C) A charter school shall not encourage a pupil currently attending the charter school to disenroll from the charter school or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2). This subparagraph shall not apply to actions taken by a charter school pursuant to the procedures described in subparagraph (J) of paragraph (5) of subdivision (c).

(D) The department shall develop a notice of the requirements of this paragraph. This notice shall be posted on a charter school's internet website. A charter school shall provide a parent or guardian, or a pupil if the pupil is 18 years of age or older, a copy of this notice at all of the following times:

(i) When a parent, guardian, or pupil inquires about enrollment.

(ii) Before conducting an enrollment lottery.

(iii) Before disenrollment of a pupil.

(E) (i) A person who suspects that a charter school has violated this paragraph may file a complaint with the chartering authority.

(ii) The department shall develop a template to be used for filing complaints pursuant to clause (i).

(5) Notwithstanding any other law, a charter school in operation as of July 1, 2019, that operates in partnership with the California National Guard may dismiss a pupil from the charter school for failing to maintain the minimum standards of conduct required by the Military Department.

(f) The governing board of a school district shall not require an employee of the school district to be employed in a charter school.

(g) The governing board of a school district shall not require a pupil enrolled in the school district to attend a charter school.

(h) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the charter school, including, but not limited to, the facilities to be used by the charter school, the manner in which administrative services of the charter school are to be provided, and potential civil liability effects, if any, upon the charter school and upon the school district. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation. If the school is to be operated by, or as, a nonprofit public benefit corporation, the petitioner shall provide the names and relevant qualifications of all persons whom the petitioner nominates to serve on the governing body of the charter school.

(i) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as that section read before July 19, 2006.

(j) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(k) (1) (A) (i) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The petitioner shall submit the petition to the county board of education within 30 days of a denial by the governing board of the school district. At the same time the petition is submitted to the county board of education, the petitioner shall also provide a copy of the petition to the school district. The county board of education shall review the petition pursuant to subdivisions (b) and (c). If the petition submitted on appeal contains new or different material terms, the county board of education shall immediately remand the petition to the governing board of the school district for reconsideration, which shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition for the establishment of a charter school to the county board of education.

(ii) The county board of education shall review the appeal petition pursuant to subdivision (c). If the denial of the petition was made pursuant to paragraph (8) of subdivision (c), the county board of education shall also review the school district's findings pursuant to paragraph (8) of subdivision (c).

(iii) As used in this subdivision, "material terms" of the petition means the signatures, affirmations, disclosures, documents, and descriptions described in subdivisions (a), (b), (c), and (h), but shall not include minor administrative updates to the petition or related documents due to changes in circumstances based on the passage of time related to fiscal affairs, facilities arrangements, or state law, or to reflect the county board of education as the chartering authority.

(B) If the governing board of a school district denies a petition and the county lacks an independent county board of education, the petitioner may elect to submit the petition for the establishment of a charter school to the state board. The state board shall review the petition pursuant to this paragraph. If the denial of a charter petition is reversed by the state board, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

(2) If the county board of education denies a petition, the petitioner may appeal that denial to the state board.

(A) The petitioner shall submit the petition to the state board within 30 days of a denial by the county board of education. The petitioner shall include the findings and documentary record from the governing board of the school district and the county board of education and a written submission detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education, or both, abused their discretion. The governing board of the school district and county board of education shall prepare the documentary record, including transcripts of the public hearing at which the governing board of the school district and county board of education denied the charter, at the request of the petitioner. The documentary record shall be prepared by the governing board of the school district and county board of education no later than 10 business days after the request of the petitioner is made. At the same time the petition and supporting documentation is submitted to the state board, the petitioner shall also provide a copy of the petition and supporting documentation to the school district and the county board of education.

(B) If the appeal contains new or different material terms, as defined in clause (iii) of subparagraph (A) of paragraph (1), the state board shall immediately remand the petition to the governing board of the school district to which the petition was submitted for reconsideration. The governing board of the school district shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition to the state board.

(C) Within 30 days of receipt of the appeal submitted to the state board, the governing board of the school district or county board of education may submit a written opposition to the state board detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education did not abuse its discretion in denying the petition. The governing board of the school district or the county board of education may submit supporting documentation or evidence from the documentary record that was considered by the governing board of the school district or the county board of education.

(D) The state board's Advisory Commission on Charter Schools shall hold a public hearing to review the appeal and documentary record. Based on its review, the Advisory Commission on Charter Schools shall submit a recommendation to the state board whether there is sufficient evidence to hear the appeal or to summarily deny review of the appeal based on the documentary record. If the Advisory Commission on Charter Schools does not submit a recommendation to the state board, the state board shall consider the appeal, and shall either hear the appeal or summarily deny review of the appeal based on the documentary record at a regular public meeting of the state board.

(E) The state board shall either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the chartering authority to which it originally submitted its petition. A charter petition that is submitted to either a

county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(5) Upon the approval of the petition by the county board of education, the petition or petitioners shall provide written notice of that approval, including a copy of the petition, to the governing board of the school district in which the charter school is located, the department, and the state board.

(6) If either the county board of education or the state board fails to act on a petition within 180 days of receipt, the decision of the governing board of the school district to deny the petition shall be subject to judicial review.

(l) (1) Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. A governing body of a direct-funded charter school may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations in the same manner as a governing board of a school district. A charter school shall have authority to request an emergency permit or a waiver from the Commission on Teacher Credentialing for individuals in the same manner as a school district.

(2) By July 1, 2020, all teachers in charter schools shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Sections 44339, 44340, and 44341.

(3) The Commission on Teacher Credentialing shall include in the bulletins it issues pursuant to subdivision (k) of Section 44237 to provide notification to local educational agencies of any adverse actions taken against the holders of any commission documents, notice of any adverse actions taken against teachers employed by charter schools and shall make this bulletin available to all chartering authorities and charter schools in the same manner in which it is made available to local educational agencies.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (l) of paragraph (5) of subdivision (c), to its chartering authority, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering authority, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering authority pursuant to Section 41020.

(n) A charter school may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

(o) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

SEC. 1.2. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district if each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the charter school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the charter school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (c) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having their child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to establish operations at one or more additional sites shall request a material revision to its charter and shall notify the authority that granted its charter of those additional locations. The authority that granted its charter shall consider whether to approve those additional locations at an open, public meeting. If the additional locations are approved, they shall be a material revision to the charter school's charter.

(5) (A) A charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:

(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.

(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located.

(B) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter school site is located and operating, the charter school, for not more than five years, may relocate that site outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the site is being relocated to.

(C) Notwithstanding subparagraph (A), if a charter school was relocated from December 31, 2016, to December 31, 2019, inclusive, due to a Presidential declaration of a major disaster or emergency in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.), that charter school shall be allowed to return to its original campus location in perpetuity.

(D) A charter school located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe shall be exempt from the provisions of this paragraph.

(E) The department shall regard as a continuing charter school for all purposes a charter school that was granted approval of its petition, that was providing educational services to pupils prior to October 1, 2019, and is authorized by a different chartering authority due to changes to this paragraph that took effect January 1, 2020.

(6) Commencing January 1, 2003, a petition to establish a charter school shall not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in paragraphs (2) to (8), inclusive, of subdivision (d) of Section 52060, that apply for the grade levels served by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in paragraphs (2) to (8), inclusive, of subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the charter school.

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (J), inclusive, of paragraph (2) of subdivision (a) of Section 32282.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission policies and procedures, consistent with subdivision (d).

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and

at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.

(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the charter school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against a pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of that pupil's parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the charter school.

(B) If the number of pupils who wish to attend the charter school exceeds the charter school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the school district except as provided for in Section 47614.5. Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or completing the school year for any reason, the school district shall provide this information to the charter school within 30 days if the charter school demonstrates that the pupil had been enrolled in the charter school. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(4) (A) A charter school shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2).

(B) A charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment.

(C) A charter school shall not encourage a pupil currently attending the charter school to disenroll from the charter school or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2). This subparagraph shall not apply to actions taken by a charter school pursuant to the procedures described in subparagraph (J) of paragraph (5) of subdivision (b).

(D) The department shall develop a notice of the requirements of this paragraph. This notice shall be posted on a charter school's internet website. A charter school shall provide a parent or guardian, or a pupil if the pupil is 18 years of age or older, a copy of this notice at all of the following times:

(i) When a parent, guardian, or pupil inquires about enrollment.

(ii) Before conducting an enrollment lottery.

(iii) Before disenrollment of a pupil.

(E) (i) A person who suspects that a charter school has violated this paragraph may file a complaint with the chartering authority.

(ii) The department shall develop a template to be used for filing complaints pursuant to clause (i).

(5) Notwithstanding any other law, a charter school in operation as of July 1, 2019, that operates in partnership with the California National Guard may dismiss a pupil from the charter school for failing to maintain the minimum standards of conduct required by the Military Department.

(e) The governing board of a school district shall not require an employee of the school district to be employed in a charter school.

(f) The governing board of a school district shall not require a pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the charter school, including, but not limited to, the facilities to be used by the charter school, the manner in which administrative services of the charter school are to be provided, and potential civil liability effects, if any, upon the charter school and upon the school district. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as that section read before July 19, 2006.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The county board of education shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the state board, and the state board may approve the petition, in accordance with subdivision (b). A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the school district to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(2) In assuming its role as a chartering authority, the state board shall develop criteria to be used for the review and approval of charter school petitions presented to the state board. The criteria shall address all elements required for charter approval, as identified in subdivision (b), and shall define "reasonably comprehensive," as used in paragraph (5) of subdivision (b), in a way that is consistent with the intent of this part. Upon satisfactory completion of the criteria, the state board shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the state board fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district to deny the petition shall be subject to judicial review.

(5) The state board shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the department and the state board.

(k) (1) The state board may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the state board to any local educational agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local educational agency shall have all monitoring and supervising authority of a chartering authority, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the state board.

(3) A charter school that is granted its charter through an appeal to the state board and elects to seek renewal of its charter shall, before expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the charter school's petition for renewal, the charter school may petition the state board for renewal of its charter.

(l) Teachers in charter schools shall hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (l) of paragraph (5) of subdivision (b), to its chartering authority, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering authority, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering authority pursuant to Section 41020.

(n) A charter school may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

SEC. 1.3. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within a school district may be circulated by one or more persons seeking to establish the charter school. A petition for the establishment of a charter school

shall identify a single charter school that will operate within the geographic boundaries of that school district. A charter school may propose to operate at multiple sites within the school district if each location is identified in the charter school petition. The petition may be submitted to the governing board of the school district for review after either of the following conditions is met:

(A) The petition is signed by a number of parents or legal guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the charter school for its first year of operation.

(B) The petition is signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the charter school during its first year of operation.

(2) A petition that proposes to convert an existing public school to a charter school that would not be eligible for a loan pursuant to subdivision (c) of Section 41365 may be circulated by one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after the petition is signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or legal guardian is meaningfully interested in having their child or ward attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(4) After receiving approval of its petition, a charter school that proposes to expand operations to one or more additional sites or grade levels shall request a material revision to its charter and shall notify the chartering authority of those additional locations or grade levels. The chartering authority shall consider whether to approve those additional locations or grade levels at an open, public meeting. If the additional locations or grade levels are approved pursuant to the standards and criteria described in subdivision (c), they shall be a material revision to the charter school's charter.

(5) (A) A charter school that established one site outside the boundaries of the school district, but within the county in which that school district is located before January 1, 2020, may continue to operate that site until the charter school submits a request for the renewal of its charter petition. To continue operating the site, the charter school shall do either of the following:

(i) First, before submitting the request for the renewal of the charter petition, obtain approval in writing from the school district where the site is operating.

(ii) Submit a request for the renewal of the charter petition pursuant to Section 47607 to the school district in which the charter school is located.

(B) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter school site is located and operating, the charter school, for not more than five years, may relocate that site outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the site is being relocated to.

(C) Notwithstanding subparagraph (A), if a charter school was relocated from December 31, 2016, to December 31, 2019, inclusive, due to a Presidential declaration of a major disaster or emergency in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.), that charter school shall be allowed to return to its original campus location in perpetuity.

(D) A charter school located on a federally recognized California Indian reservation or rancheria or operated by a federally recognized California Indian tribe shall be exempt from the provisions of this paragraph.

(E) The department shall regard as a continuing charter school for all purposes a charter school that was granted approval of its petition, that was providing educational services to pupils prior to October 1, 2019, and is authorized by a different chartering authority due to changes to this paragraph that took effect January 1, 2020.

(6) Commencing January 1, 2003, a petition to establish a charter school shall not be approved to serve pupils in a grade level that is not served by the school district of the governing board considering the petition, unless the petition proposes to serve pupils in all of the grade levels served by that school district.

(b) No later than 60 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the school district, other employees of the school district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 90 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. A petition is deemed received by the governing board of the school district for

purposes of commencing the timelines described in this subdivision on the day the petitioner submits a petition to the district office, along with a signed certification that the petitioner deems the petition to be complete. The governing board of the school district shall publish all staff recommendations, including the recommended findings and, if applicable, the certification from the county superintendent of schools prepared pursuant to paragraph (8) of subdivision (c), regarding the petition at least 15 days before the public hearing at which the governing board of the school district will either grant or deny the charter. At the public hearing at which the governing board of the school district will either grant or deny the charter, petitioners shall have equivalent time and procedures to present evidence and testimony to respond to the staff recommendations and findings.

(c) In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that the establishment of charter schools should be encouraged. The governing board of the school district shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice and with the interests of the community in which the school is proposing to locate. The governing board of the school district shall consider the academic needs of the pupils the school proposes to serve. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (e).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) (i) The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(ii) The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.

(iii) If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements.

(B) The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

(D) The governance structure of the charter school, including, but not limited to, the process to be followed by the charter school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the charter school.

(F) The procedures that the charter school will follow to ensure the health and safety of pupils and staff. These procedures shall require all of the following:

(i) That each employee of the charter school furnish the charter school with a criminal record summary as described in Section 44237.

(ii) The development of a school safety plan, which shall include the safety topics listed in subparagraphs (A) to (J), inclusive, of paragraph (2) of subdivision (a) of Section 32282.

(iii) That the school safety plan be reviewed and updated by March 1 of every year by the charter school.

(G) The means by which the charter school will achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, as defined by the evaluation rubrics in Section 52064.5, that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted. Upon renewal, for a charter school not deemed to be a local educational agency for purposes of special education pursuant to Section 47641, the chartering authority may consider the effect of school placements made by the chartering authority in providing a free and appropriate public education as required by the federal Individuals with Disabilities Education Act (Public Law 101-476), on the balance of pupils with disabilities at the charter school.

(H) Admission policies and procedures, consistent with subdivision (e).

(I) The manner in which annual, independent financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled from the charter school for disciplinary reasons or otherwise involuntarily removed from the charter school for any reason. These procedures, at a minimum, shall include an explanation of how the charter school will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present the pupil's side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the charter school for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform the pupil, the pupil's parent or guardian, or the pupil's educational rights holder of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the charter school issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter.

(O) The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records.

(6) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(7) The charter school is demonstrably unlikely to serve the interests of the entire community in which the school is proposing to locate. Analysis of this finding shall include consideration of the fiscal impact of the proposed charter school. A written factual finding under this paragraph shall detail specific facts and circumstances that analyze and consider the following factors:

(A) The extent to which the proposed charter school would substantially undermine existing services, academic offerings, or programmatic offerings.

(B) Whether the proposed charter school would duplicate a program currently offered within the school district and the existing program has sufficient capacity for the pupils proposed to be served within reasonable proximity to where the charter school intends to locate.

(8) The school district is not positioned to absorb the fiscal impact of the proposed charter school. A school district satisfies this paragraph if it has a qualified interim certification pursuant to Section 1240 and the county superintendent of schools, in consultation with the County Office Fiscal Crisis and Management Assistance Team, certifies that approving the charter school would result in the school district having a negative interim certification pursuant to Section 1240, has a negative interim certification pursuant to Section 1240, or is under state receivership. Charter schools proposed in a school district satisfying one of these conditions shall be subject to a rebuttable presumption of denial.

(d) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall, on a regular basis, consult with their parents, legal guardians, and teachers regarding the charter school's educational programs.

(e) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against a pupil on the basis of the characteristics listed in Section 220. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of that pupil's parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the charter school.

(B) If the number of pupils who wish to attend the charter school exceeds the charter school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the school district except as provided for in Section 47614.5. Preferences, including, but not limited to, siblings of pupils admitted or attending the charter school and children of the charter school's teachers, staff, and founders identified in the initial charter, may also be permitted by the chartering authority on an individual charter school basis. Priority order for any preference shall be determined in the charter petition in accordance with all of the following:

(i) Each type of preference shall be approved by the chartering authority at a public hearing.

(ii) Preferences shall be consistent with federal law, the California Constitution, and Section 200.

(iii) Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation.

(iv) In accordance with Section 49011, preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and shall not take any action to impede the charter school from expanding enrollment to meet pupil demand.

(3) If a pupil is expelled or leaves the charter school without graduating or completing the school year for any reason, the charter school shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including report cards or a transcript of grades, and health information. If the pupil is subsequently expelled or leaves the school district without graduating or

completing the school year for any reason, the school district shall provide this information to the charter school within 30 days if the charter school demonstrates that the pupil had been enrolled in the charter school. This paragraph applies only to pupils subject to compulsory full-time education pursuant to Section 48200.

(4) (A) A charter school shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2).

(B) A charter school shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the charter school before enrollment.

(C) A charter school shall not encourage a pupil currently attending the charter school to disenroll from the charter school or transfer to another school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in clause (iii) of subparagraph (B) of paragraph (2). This subparagraph shall not apply to actions taken by a charter school pursuant to the procedures described in subparagraph (J) of paragraph (5) of subdivision (c).

(D) The department shall develop a notice of the requirements of this paragraph. This notice shall be posted on a charter school's internet website. A charter school shall provide a parent or guardian, or a pupil if the pupil is 18 years of age or older, a copy of this notice at all of the following times:

(i) When a parent, guardian, or pupil inquires about enrollment.

(ii) Before conducting an enrollment lottery.

(iii) Before disenrollment of a pupil.

(E) (i) A person who suspects that a charter school has violated this paragraph may file a complaint with the chartering authority.

(ii) The department shall develop a template to be used for filing complaints pursuant to clause (i).

(5) Notwithstanding any other law, a charter school in operation as of July 1, 2019, that operates in partnership with the California National Guard may dismiss a pupil from the charter school for failing to maintain the minimum standards of conduct required by the Military Department.

(f) The governing board of a school district shall not require an employee of the school district to be employed in a charter school.

(g) The governing board of a school district shall not require a pupil enrolled in the school district to attend a charter school.

(h) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the charter school, including, but not limited to, the facilities to be used by the charter school, the manner in which administrative services of the charter school are to be provided, and potential civil liability effects, if any, upon the charter school and upon the school district. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. The petitioner or petitioners also shall be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cashflow and financial projections for the first three years of operation. If the school is to be operated by, or as, a nonprofit public benefit corporation, the petitioner shall provide the names and relevant qualifications of all persons whom the petitioner nominates to serve on the governing body of the charter school.

(i) In reviewing petitions for the establishment of charter schools within the school district, the governing board of the school district shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the department under Section 54032, as that section read before July 19, 2006.

(j) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the applicable county superintendent of schools, the department, and the state board.

(k) (1) (A) (i) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to the county board of education. The petitioner shall submit the petition to the county board of education within 30 days of a denial by the governing board of the school district. At the same time the petition is submitted to the county board of education, the petitioner shall also provide a copy of the petition to the school district. The county board of education shall review the petition pursuant to subdivisions (b) and (c). If the petition submitted on appeal contains new or

different material terms, the county board of education shall immediately remand the petition to the governing board of the school district for reconsideration, which shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition for the establishment of a charter school to the county board of education.

(ii) The county board of education shall review the appeal petition pursuant to subdivision (c). If the denial of the petition was made pursuant to paragraph (8) of subdivision (c), the county board of education shall also review the school district's findings pursuant to paragraph (8) of subdivision (c).

(iii) As used in this subdivision, "material terms" of the petition means the signatures, affirmations, disclosures, documents, and descriptions described in subdivisions (a), (b), (c), and (h), but shall not include minor administrative updates to the petition or related documents due to changes in circumstances based on the passage of time related to fiscal affairs, facilities arrangements, or state law, or to reflect the county board of education as the chartering authority.

(B) If the governing board of a school district denies a petition and the county lacks an independent county board of education, the petitioner may elect to submit the petition for the establishment of a charter school to the state board. The state board shall review the petition pursuant to this paragraph. If the denial of a charter petition is reversed by the state board, the state board shall designate the governing board of the school district in which the charter school is located as the chartering authority.

(2) If the county board of education denies a petition, the petitioner may appeal that denial to the state board.

(A) The petitioner shall submit the petition to the state board within 30 days of a denial by the county board of education. The petitioner shall include the findings and documentary record from the governing board of the school district and the county board of education and a written submission detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education, or both, abused their discretion. The governing board of the school district and county board of education shall prepare the documentary record, including transcripts of the public hearing at which the governing board of the school district and county board of education denied the charter, at the request of the petitioner. The documentary record shall be prepared by the governing board of the school district and county board of education no later than 10 business days after the request of the petitioner is made. At the same time the petition and supporting documentation is submitted to the state board, the petitioner shall also provide a copy of the petition and supporting documentation to the school district and the county board of education.

(B) If the appeal contains new or different material terms, as defined in clause (iii) of subparagraph (A) of paragraph (1), the state board shall immediately remand the petition to the governing board of the school district to which the petition was submitted for reconsideration. The governing board of the school district shall grant or deny the petition within 30 days. If the governing board of the school district denies a petition after reconsideration, the petitioner may elect to resubmit the petition to the state board.

(C) Within 30 days of receipt of the appeal submitted to the state board, the governing board of the school district or county board of education may submit a written opposition to the state board detailing, with specific citations to the documentary record, how the governing board of the school district or the county board of education did not abuse its discretion in denying the petition. The governing board of the school district or the county board of education may submit supporting documentation or evidence from the documentary record that was considered by the governing board of the school district or the county board of education.

(D) The state board's Advisory Commission on Charter Schools shall hold a public hearing to review the appeal and documentary record. Based on its review, the Advisory Commission on Charter Schools shall submit a recommendation to the state board whether there is sufficient evidence to hear the appeal or to summarily deny review of the appeal based on the documentary record. If the Advisory Commission on Charter Schools does not submit a recommendation to the state board, the state board shall consider the appeal, and shall either hear the appeal or summarily deny review of the appeal based on the documentary record at a regular public meeting of the state board.

(E) The state board shall either hear the appeal or summarily deny review of the appeal based on the documentary record. If the state board hears the appeal, the state board may affirm the determination of the governing board of the school district or the county board of education, or both of those determinations, or may reverse only upon a determination that there was an abuse of discretion. If the denial of a charter petition is reversed by the state board, the state board shall designate, in consultation with the petitioner, either the governing board of the school district or the county board of education in which the charter school is located as the chartering authority.

(3) A charter school for which a charter is granted by either the county board of education or the state board based on an appeal pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) A charter school that receives approval of its petition from a county board of education or from the state board on appeal shall be subject to the same requirements concerning geographic location to which it would otherwise be subject if it received approval from the chartering authority to which it originally submitted its petition. A charter petition that is submitted to either a county board of education or to the state board shall meet all otherwise applicable petition requirements, including the identification of the proposed site or sites where the charter school will operate.

(5) Upon the approval of the petition by the county board of education, the petition or petitioners shall provide written notice of that approval, including a copy of the petition, to the governing board of the school district in which the charter school is located, the department, and the state board.

(6) If either the county board of education or the state board fails to act on a petition within 180 days of receipt, the decision of the governing board of the school district to deny the petition shall be subject to judicial review.

(l) (1) Teachers in charter schools shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment. These documents shall be maintained on file at the charter school and are subject to periodic inspection by the chartering authority. A governing body of a direct-funded charter school may use local assignment options authorized in statute and regulations for the purpose of legally assigning certificated teachers, in accordance with all of the requirements of the applicable statutes or regulations in the same manner as a governing board of a school district. A charter school shall have authority to request an emergency permit or a waiver from the Commission on Teacher Credentialing for individuals in the same manner as a school district.

(2) By July 1, 2020, all teachers in charter schools shall obtain a certificate of clearance and satisfy the requirements for professional fitness pursuant to Sections 44339, 44340, and 44341.

(3) The Commission on Teacher Credentialing shall include in the bulletins it issues pursuant to subdivision (k) of Section 44237 to provide notification to local educational agencies of any adverse actions taken against the holders of any commission documents, notice of any adverse actions taken against teachers employed by charter schools and shall make this bulletin available to all chartering authorities and charter schools in the same manner in which it is made available to local educational agencies.

(m) A charter school shall transmit a copy of its annual, independent financial audit report for the preceding fiscal year, as described in subparagraph (l) of paragraph (5) of subdivision (c), to its chartering authority, the Controller, the county superintendent of schools of the county in which the charter school is sited, unless the county board of education of the county in which the charter school is sited is the chartering authority, and the department by December 15 of each year. This subdivision does not apply if the audit of the charter school is encompassed in the audit of the chartering authority pursuant to Section 41020.

(n) A charter school may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school.

(o) The requirements of this section shall not be waived by the state board pursuant to Section 33050 or any other law.

SEC. 2. Section 47605.1 of the Education Code is amended to read:

47605.1. (a) (1) Notwithstanding any other law, a charter school that is granted a charter from the governing board of a school district or county office of education after July 1, 2002, and commences providing educational services to pupils on or after July 1, 2002, shall locate in accordance with the geographic and site limitations of this part.

(2) Notwithstanding any other law, a charter school that is granted a charter by the state board after July 1, 2002, and commences providing educational services to pupils on or after July 1, 2002, based on the denial of a petition by the governing board of a school district or county board of education, as described in paragraphs (1) and (2) of subdivision (j) of Section 47605, may locate only within the geographic boundaries of the chartering entity that initially denied the petition for the charter.

(3) A charter school that receives approval of its charter from a governing board of a school district, a county office of education, or the state board before July 1, 2002, but does not commence operations until after January 1, 2003, shall be subject to the geographic limitations of this part, in accordance with subdivision (d).

(b) This section is not intended to affect the admission requirements contained in subdivision (d) of Section 47605.

(c) (1) A charter school may establish one resource center, meeting space, or other satellite facility within the jurisdiction of the school district where the charter school is physically located if the following conditions are met:

(A) The facility is used exclusively for the educational support of pupils who are enrolled in nonclassroom-based independent study of the charter school.

(B) The charter school provides its primary educational services in, and a majority of the pupils it serves are residents of, the county in which the charter school is authorized.

(2) Except as provided in paragraphs (5) to (9), inclusive, a charter school shall not establish a resource center, meeting space, or other satellite facility in any other location than the one authorized in paragraph (1).

(3) A charter school shall notify the charter school's chartering authority of the name and physical location of any resource center, meeting space, or other satellite facility operated by that charter school.

(4) Notwithstanding Section 33050 or any other law, the state board shall not waive the restrictions listed in this subdivision.

(5) (A) A charter school that was operating a resource center, meeting space, or other satellite facility outside the jurisdiction of the school district where the charter school is physically located before January 1, 2020, may continue to operate the resource center, meeting space, or other satellite facility until the charter school submits a request for the renewal of its charter petition. To continue operating the resource center, meeting space, or other satellite facility, the charter school, before submitting the request to the charter school's chartering authority for the renewal of the charter petition, shall first obtain approval in writing from the school district where the resource center, meeting space, or other satellite facility is operating.

(B) The department shall regard as a continuing charter school for all purposes a nonclassroom-based charter school that was granted approval of its petition, that was providing educational services to pupils prior to October 1, 2019, and is authorized by a different chartering authority due to changes to this subdivision by the addition of this paragraph that took effect January 1, 2020.

(6) A countywide charter school approved by a county office of education that is operating a resource center, meeting space, or other satellite facility in a county other than the county in which the countywide charter school is authorized before January 1, 2020, may continue to operate that resource center, meeting space, or other satellite facility until the countywide charter school submits a request for the renewal of its charter petition. To continue operating the resource center, meeting space, or other satellite facility, the countywide charter school, before submitting the request to the countywide charter school's chartering authority for the renewal of the charter petition, shall obtain approval in writing from the county office of education where the resource center, meeting space, or other satellite facility is operating.

(7) If a Presidential declaration of a major disaster or emergency is issued in accordance with the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. Sec. 5121 et seq.) for an area in which a charter school is operating a resource center, meeting space, or other satellite facility, the charter school, for not more than five years, may relocate the resource center, meeting space, or other satellite facility outside the area subject to the Presidential declaration if the charter school first obtains the written approval of the school district where the resource center, meeting space, or other satellite facility is being relocated to.

(8) A charter school may establish additional resource centers, meetings spaces, or other satellite facilities within the jurisdiction of the charter school's chartering authority only if both of the following are met:

(A) The charter school is physically located within the boundaries of the charter school's chartering authority.

(B) The charter school has obtained written approval from the charter school's chartering authority for each additional resource center, meeting space, or other satellite facility.

(9) (A) Notwithstanding paragraph (5), a charter school that operates a resource center located in a school district outside of the boundaries of the charter school's authorizing school district may continue to operate the existing resource center if all of the following conditions are met:

(i) The charter school operating the resource center is authorized by, and physically located in, a school district adjacent to a school district with an enrollment of at least 500,000 pupils.

(ii) The charter school operating the resource center was established before January 1, 2009.

(iii) The resource center is physically located in a school district with an enrollment of at least 500,000 pupils and was established before January 1, 2011.

(iv) The resource center serves a pupil population of which at least 50 percent of the pupils are currently or formerly on probation or were formerly incarcerated individuals.

(B) A charter school described in this paragraph shall not establish a new resource center outside of the boundaries of the charter school's authorizing school district.

(d) (1) For a charter school that was granted approval of its charter before July 1, 2002, and provided educational services to pupils before July 1, 2002, this section only applies to new educational services or schoolsites established or acquired by the charter school on or after July 1, 2002.

(2) For a charter school that was granted approval of its charter before July 1, 2002, but did not provide educational services to pupils before July 1, 2002, this section only applies upon the expiration of a charter that is in existence on January 1, 2003.

(3) Notwithstanding other implementation timelines in this section, by June 30, 2005, or upon the expiration of a charter that is in existence on January 1, 2003, whichever is later, all charter schools shall be required to comply with this section for schoolsites at which educational services are provided to pupils before or after July 1, 2002, regardless of whether the charter school initially received approval of its charter school petition before July 1, 2002. To achieve compliance with this section, a charter school shall be required to receive approval of a charter petition in accordance with this section and Section 47605.

(4) This section is not intended to affect the authority of a governmental entity to revoke a charter that is granted on or before the effective date of this section.

(e) A charter school that submits its petition directly to a county board of education, as authorized by Section 47605.5 or 47605.6, may establish charter school operations only within the geographical boundaries of the county in which that county board of education has jurisdiction.

(f) Notwithstanding any other law, the jurisdictional limitations set forth in this section do not apply to a charter school that provides instruction exclusively in partnership with any of the following:

(1) The federal Workforce Innovation and Opportunity Act (29 U.S.C. Sec. 3101 et seq.).

(2) Federally affiliated Youth Build programs.

(3) Federal job corps training or instruction provided pursuant to a memorandum of understanding with the federal provider.

(4) The California Conservation Corps or local conservation corps certified by the California Conservation Corps pursuant to Sections 14507.5 or 14406 of the Public Resources Code.

(5) Instruction provided to juvenile court school pupils pursuant to subdivision (b) of Section 42238.18 or pursuant to Section 1981 for individuals who are placed in a residential facility.

SEC. 3. Section 60640 of the Education Code is amended to read:

60640. (a) There is hereby established the California Assessment of Student Performance and Progress, to be known as the CAASPP.

(b) Commencing with the 2013–14 school year, the CAASPP shall be composed of all of the following:

(1) (A) A consortium summative assessment in English language arts and mathematics for grades 3 to 8, inclusive, and grade 11 that measures content standards adopted by the state board.

(B) In the 2013–14 school year, the consortium summative assessment in English language arts and mathematics shall be a field test only, to enable the consortium to gauge the validity and reliability of these assessments and to conduct all necessary psychometric procedures and studies, including, but not necessarily limited to, achievement standard setting, and to allow the department to conduct studies regarding full implementation of the assessment system. These field tests and results shall not be used for any other purpose, including the calculation of any accountability measure.

(2) (A) Science grade level assessments in grades 5, 8, and 10 that measure content standards adopted pursuant to Section 60605, until a successor assessment is implemented pursuant to subparagraph (B).

(B) For science assessments, the Superintendent shall make a recommendation to the state board as soon as is feasible after the adoption of science content standards pursuant to former Section 60605.85, as that section read on June 30, 2014, regarding the assessment of the newly adopted standards. Before making recommendations, the Superintendent shall consult with stakeholders, including, but not necessarily limited to, California science teachers, individuals with expertise in assessing English learners and pupils with disabilities, parents, and measurement experts, regarding the grade level and type of assessment. The recommendations shall include cost estimates and a plan for implementation of at least one assessment in each of the following grade spans:

(i) Grades 3 to 5, inclusive.

(ii) Grades 6 to 9, inclusive.

(iii) Grades 10 to 12, inclusive.

(3) The California Alternate Performance Assessment in grades 2 to 11, inclusive, in English language arts and mathematics and science in grades 5, 8, and 10, which measures content standards adopted pursuant to Section 60605 until a successor assessment is implemented. The successor assessment shall be limited to the grades and subject areas assessed pursuant to paragraph (1) and subparagraph (B) of paragraph (2).

(4) The Early Assessment Program established by Chapter 6 (commencing with Section 99300) of Part 65 of Division 14 of Title 3.

(5) (A) A local educational agency may administer a primary language assessment aligned to the English language arts standards adopted pursuant to Section 60605, as it read on January 1, 2013, to pupils who are identified as limited English proficient and enrolled in any of grades 2 to 11, inclusive, until a subsequent primary language assessment aligned to the common core standards in English language arts adopted pursuant to Section 60605.8 is developed pursuant to subparagraph (E).

(B) If a local educational agency chooses to administer a primary language assessment to pupils identified as limited English proficient and enrolled in any of grades 2 to 11, inclusive, pursuant to subparagraph (A), it shall notify the department in a manner to be determined by the department and the costs shall be paid by the state and included as part of the testing contract, and the department shall provide the local educational agency a per pupil apportionment for administering the assessment pursuant to subdivision (I).

(C) The Superintendent shall consult with stakeholders, including assessment and English learner experts, to determine the content and purpose of a stand-alone language arts summative assessment in primary languages other than English that aligns with the English language arts content standards. The Superintendent shall consider the appropriate purpose for this assessment, including, but not necessarily limited to, support for the State Seal of Biliteracy and accountability. It is the intent of the Legislature that an assessment developed pursuant to this section be included in the state accountability system.

(D) The Superintendent shall report and make recommendations to the state board at a regularly scheduled public meeting no sooner than one year after the first full administration of the consortium computer-adaptive assessments in English language arts and mathematics summative assessments in grades 3 to 8, inclusive, and grade 11, regarding an implementation timeline and estimated costs of a stand-alone language arts summative assessment in primary languages other than English.

(E) The Superintendent shall develop, and the state board shall adopt, a primary language assessment. The Superintendent shall administer this assessment no later than the 2016–17 school year.

(F) This paragraph shall be operative only to the extent that funding is provided in the annual Budget Act or another statute for the purpose of this section.

(c) No later than March 1, 2016, the Superintendent shall submit to the state board recommendations on expanding the CAASPP to include additional assessments, for consideration at a regularly scheduled public meeting. The Superintendent shall also submit these recommendations to the appropriate policy and fiscal committees of the Legislature and to the Director of Finance in accordance with all of the following:

(1) In consultation with stakeholders, including, but not necessarily limited to, California teachers, individuals with expertise in assessing English learners and pupils with disabilities, parents, and measurement experts, the Superintendent shall make recommendations regarding assessments, including the grade level, content, and type of assessment. These recommendations shall take into consideration the assessments already administered or planned pursuant to subdivision (b). The Superintendent shall consider the use of consortium-developed assessments, various item types, computer-based testing, and a timeline for implementation.

(2) The recommendations shall consider assessments in subjects, including, but not necessarily limited to, history-social science, technology, visual and performing arts, and other subjects as appropriate, as well as English language arts, mathematics, and science assessments to augment the assessments required under subdivision (b), and the use of various assessment options, including, but not necessarily limited to, computer-based tests, locally scored performance tasks, and portfolios.

(3) The recommendations shall include the use of an assessment calendar that would schedule the assessments identified pursuant to paragraph (2) over several years, the use of matrix sampling, if appropriate, and the use of population sampling.

(4) The recommendations shall include a timeline for test development, and shall include cost estimates for subject areas, as appropriate.

(5) Upon approval by the state board and the appropriation of funding for this purpose, the Superintendent shall develop and administer approved assessments. The state board shall approve test blueprints, achievement level descriptors, testing periods, performance standards, and a reporting plan for each approved assessment.

(6) The Superintendent shall convene an advisory panel, consisting of, but not necessarily limited to, secondary teachers, school administrators, school board members, parents, a student chosen from among the two finalists who were not appointed by the Governor to serve as the student member on the state board pursuant to Section 33000.5, representatives of a dropout recovery charter school operating pursuant to subdivision (f) of Section 47605.1, measurement experts, and individuals with expertise in assessing English learners and pupils with disabilities, to provide recommendations to the Superintendent on the continuation of the high school exit examination, described in Chapter 9 (commencing with Section 60850), and on alternative pathways to satisfy the high school graduation requirements pursuant to Sections 51224.5 and 51225.3.

(d) For the 2013–14 and 2014–15 school years, the department shall make available to local educational agencies Standardized Testing and Reporting Program test forms no longer required by the CAASPP. The cost of implementing this subdivision, including, but not necessarily limited to, shipping, printing, scoring, and reporting per pupil shall be the same for all local educational agencies, and shall not exceed the marginal cost of the assessment, including any cost the department incurs to implement this section. A local educational agency that chooses to administer an assessment pursuant to this subdivision shall do so at its own expense, and shall enter into an agreement for that purpose with a contractor, subject to the approval of the department.

(e) The Superintendent shall make available a paper and pencil version of any computer-based CAASPP assessment for use by pupils who are unable to access the computer-based version of the assessment for a maximum of three years after a new operational test is first administered.

(f) (1) From the funds available for that purpose, each local educational agency shall administer assessments to each of its pupils pursuant to subdivision (b). As allowable by federal statute, recently arrived English learner pupils are exempted from taking the assessment in English language arts. The state board shall establish a testing period to provide that all schools administer these tests to pupils at approximately the same time during the instructional year. The testing period established by the state board shall take into consideration the need of local educational agencies to provide makeup days for pupils who were absent during testing, as well as the need to schedule testing on electronic computing devices.

(2) For the 2013–14 school year, each local educational agency shall administer the field tests in a manner described by the department in consultation with the president or executive director of the state board. Additional participants in the field test beyond the representative sample may be approved by the department, and the department shall use existing contract savings to fund local educational agency participation in one or more tests per participant. Funds for this purpose shall be used to allow for maximum participation in the field tests across the state. To the extent savings in the current contract are not available to fully fund this participation, the department shall prorate available funds by test. Local educational agencies shall bear any additional costs to administer these assessments that are in excess of the contracted amount. With the approval of the state board and the Director of Finance, the department shall amend the existing assessment contract to accommodate field testing beyond the representative sample, and to allow for special studies using information collected from the field tests.

(g) From the funds available for that purpose, each local educational agency shall administer assessments as determined by the state board pursuant to paragraph (5) of subdivision (c).

(h) As feasible, the CAASPP field tests shall be conducted in a manner that will minimize the testing burden on individual schools. The CAASPP field tests shall not produce individual pupil scores unless it is determined that these scores are valid and reliable.

(i) The governing board of a school district may administer achievement tests in grades other than those required by this section as it deems appropriate.

(j) Subject to the approval of the state board, the department may make available to local educational agencies a primary language assessment aligned to the English language arts standards adopted pursuant to Section 60605, as it read on January 1, 2013, for assessing pupils who are enrolled in a dual language immersion program that includes the primary language of the assessment and who are either nonlimited English proficient or redesignated fluent English proficient until a subsequent primary language assessment aligned to the common core standards in English language arts adopted pursuant to Section 60605.8 is developed pursuant to paragraph (5) of subdivision (b). The cost for the assessment shall be the same for all local educational agencies and shall not exceed the marginal cost of the assessment, including any cost the department incurs to implement this section. A local educational agency that elects to administer a primary language assessment pursuant to this subdivision shall do

so at its own expense and shall enter into an agreement for that purpose with the state testing contractor, subject to the approval of the department.

(k) Pursuant to Section 1412(a)(16) of Title 20 of the United States Code, individuals with exceptional needs, as defined in Section 56026, shall be included in the testing requirement of subdivision (b) with appropriate accommodations in administration, where necessary, and the individuals with exceptional needs who are unable to participate in the testing, even with accommodations, shall be given an alternate assessment.

(l) (1) The Superintendent shall apportion funds appropriated for these purposes to local educational agencies to enable them to meet the requirements of subdivisions (b) and (c).

(A) For the CAASPP field tests administered in the 2013–14 school year or later school years, the Superintendent shall apportion funds to local educational agencies if funds are specifically provided for this purpose in the annual Budget Act.

(B) The Superintendent shall apportion funds to local educational agencies to enable them to administer assessments used to satisfy the voluntary Early Assessment Program in the 2013–14 school year pursuant to paragraph (4) of subdivision (b).

(2) The state board annually shall establish the amount of funding to be apportioned to local educational agencies for each test administered and annually shall establish the amount that each contractor shall be paid for each test administered under the contracts required pursuant to Section 60643. The amounts to be paid to the contractors shall be determined by considering the cost estimates submitted by each contractor each September and the amount included in the annual Budget Act, and by making allowance for the estimated costs to local educational agencies for compliance with the requirements of subdivisions (b) and (c). The state board shall take into account changes to local educational agency test administration activities under the CAASPP, including, but not limited to, the number and type of tests administered and changes in computerized test registration and administration procedures, when establishing the amount of funding to be apportioned to local educational agencies for each test administered.

(3) An adjustment to the amount of funding to be apportioned per test shall not be valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(m) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation for the apportionments made pursuant to paragraph (1) of subdivision (l), and the payments made to the contractors under the contracts required pursuant to Section 60643 or subparagraph (C) of paragraph (1) of subdivision (a) of Section 60605 between the department and the contractor, are "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202, for the applicable fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202, for that fiscal year.

(n) As a condition to receiving an apportionment pursuant to subdivision (l), a local educational agency shall report to the Superintendent all of the following:

(1) The pupils enrolled in the local educational agency in the grades in which assessments were administered pursuant to subdivisions (b) and (c).

(2) The pupils to whom an achievement test was administered pursuant to subdivisions (b) and (c) in the local educational agency.

(3) The pupils in paragraph (1) who were exempted from the test pursuant to this section.

(o) The Superintendent and the state board are authorized and encouraged to assist postsecondary educational institutions to use the assessment results of the CAASPP, including, but not necessarily limited to, the grade 11 consortium summative assessments in English language arts and mathematics, for academic credit, placement, or admissions processes.

(p) Subject to the availability of funds in the annual Budget Act for this purpose, and exclusive of the consortium assessments, the Superintendent, with the approval of the state board, annually shall release to the public test items from the achievement tests pursuant to Section 60642.5 administered in previous years. Where feasible and practicable, the minimum number of test items released per year shall be equal to 25 percent of the total number of test items on the test administered in the previous year.

(q) On or before July 1, 2014, Sections 850 to 868, inclusive, of Title 5 of the California Code of Regulations shall be revised by the state board to conform to the changes made to this section in the first year of the 2013–14 Regular Session. The state board shall adopt initial regulations as emergency regulations to immediately implement the CAASPP assessments, including, but not necessarily limited to, the administration, scoring, and reporting of the tests, as the adoption of emergency regulations is necessary for the immediate preservation of the public peace, health, safety, or general welfare within the meaning of Section 11346.1 of the Government Code. The emergency regulations shall be followed by the adoption of permanent regulations, in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

SEC. 4. (a) Section 1.1 of this bill incorporates amendments to Section 47605 of the Education Code proposed by this bill and Assembly Bill 1505. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2020, (2) each bill amends Section 47605 of the Education Code, (3) Assembly Bill 1595 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after Assembly Bill 1505, in which case Section 47605 of the Education Code, as amended by this bill, shall remain operative only until July 1, 2020, at which time Section 1.1 of this bill shall become operative, and Sections 1, 1.2, and 1.3 of this bill shall not become operative.

(b) Section 1.2 of this bill incorporates amendments to Section 47605 of the Education Code proposed by both this bill and Assembly Bill 1595. That section of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2020, (2) each bill amends Section 47605 of the Education Code, (3) Assembly Bill 1505 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after Assembly Bill 1595, in which case Sections 1, 1.1, and 1.3 of this bill shall not become operative.

(c) Section 1.3 of this bill incorporates amendments to Section 47605 of the Education Code proposed by this bill, Assembly Bill 1505, and Assembly Bill 1595. That section of this bill shall only become operative if (1) all three bills are enacted and become effective on or before January 1, 2020, (2) all three bills amend Section 47605 of the Education Code, and (3) this bill is enacted after Assembly Bill 1505 and Assembly Bill 1595, in which case Section 47605 of the Education Code, as amended by this bill and Assembly Bill 1595, shall remain operative only until July 1, 2020, at which time Section 1.3 of this bill shall become operative, and Sections 1, 1.1, and 1.2 of this bill shall not become operative.
