Senate Bill No. 1179

CHAPTER 39

An act to amend Section 1633.3 of the Civil Code, relating to electronic transactions.

[Approved by Governor June 21, 2022. Filed with Secretary of State June 21, 2022.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1179, Glazer. Electronic transactions: insurance.

Existing law, the Uniform Electronic Transactions Act, applies to electronic records and electronic signatures of a transaction, and generally prohibits a record or signature from being denied legal effect or enforceability solely because it is in electronic form or a contract being denied legal effect or enforceability solely because an electronic record was used in its formation. Existing law exempts certain transactions from that act, including insurance application forms.

This bill would delete the Medicare supplement policy application forms exception, and would thereby apply the provisions of the act to these application forms. The bill would also make nonsubstantive changes to those provisions.
