Assembly Bill No. 453

CHAPTER 195

An act to amend Section 10010 of the Elections Code, relating to elections.

[Approved by Governor August 26, 2024. Filed with Secretary of State August 26, 2024.]

LEGISLATIVE COUNSEL'S DIGEST

AB 453, Cervantes. District-based elections.

Existing law provides for political subdivisions that encompass areas of representation within the state. With respect to these areas, public officials are generally elected by all of the voters of the political subdivision (at-large) or by districts formed within the political subdivision (district-based). Existing law requires a political subdivision that changes from an at-large method of election to a district-based election, or that establishes district-based elections, to perform various actions before a public hearing at which it votes upon an ordinance establishing district-based elections. Among these actions, the political subdivision must hold at least 2 public hearings before drawing a draft map of the proposed boundaries and at least 2 public hearings after all maps are drawn, and invite the public's input at these hearings.

This bill would require a public hearing concerning district-based elections, as described above, that is consolidated with a meeting of the governing body of the political subdivision that includes other substantive agenda items, to begin at a fixed time regardless of its order on the agenda. The bill would require the governing body to provide notice of the hearing to the public.

Because the bill would impose additional duties on local agencies, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 10010 of the Elections Code is amended to read:

10010. (a) A political subdivision that changes from an at-large method of election to a district-based election, or that establishes district-based elections, shall do all of the following before a public hearing at which the governing body of the political subdivision votes to approve or defeat an ordinance establishing district-based elections:

(1) Before drawing a draft map or maps of the proposed boundaries of the districts, the political subdivision shall hold at least two public hearings over a period of no more than 30 days, at which the public is invited to provide input regarding the composition of the districts. Before these hearings, the political subdivision may conduct outreach to the public, including to non-English-speaking communities, to explain the districting process and to encourage public participation.

(2) After all draft maps are drawn, the political subdivision shall publish and make available for release at least one draft map and, if members of the governing body of the political subdivision will be elected in their districts at different times to provide for staggered terms of office, the potential sequence of the elections. The political subdivision shall also hold at least two additional hearings over a period of no more than 45 days, at which the public is invited to provide input regarding the content of the draft map or maps and the proposed sequence of elections, if applicable. The first version of a draft map shall be published at least seven days before consideration at a hearing. If a draft map is revised at or following a hearing, it shall be published and made available to the public for at least seven days before being adopted.

(3) If a public hearing held pursuant to this section is consolidated with a regular or special meeting of the governing body of the political subdivision that includes other substantive agenda items, the public hearing shall begin at a fixed time regardless of its order on the agenda, except that the governing body of the political subdivision may first conclude any item being discussed or acted upon, including any associated public comment, when that time occurs. The governing body shall provide notice of the public hearing to the public.

(b) In determining the final sequence of the district elections conducted in a political subdivision in which members of the governing body will be elected at different times to provide for staggered terms of office, the governing body shall give special consideration to the purposes of the California Voting Rights Act of 2001, and it shall take into account the preferences expressed by members of the districts.

(c) This section applies to, but is not limited to, a proposal that is required due to a court-imposed change from an at-large method of election to a district-based election.

(d) For purposes of this section, the following terms have the following meanings:

(1) "At-large method of election" has the same meaning as set forth in subdivision (a) of Section 14026.

(2) "District-based election" has the same meaning as set forth in subdivision (b) of Section 14026.

(3) "Political subdivision" has the same meaning as set forth in subdivision (c) of Section 14026.

(e) (1) Before commencing an action to enforce Sections 14027 and 14028, a prospective plaintiff shall send by certified mail a written notice to the clerk of the political subdivision against which the action would be brought asserting that the political subdivision's method of conducting elections may violate the California Voting Rights Act of 2001.

(2) A prospective plaintiff shall not commence an action to enforce Sections 14027 and 14028 within 45 days of the political subdivision's receipt of the written notice described in paragraph (1).

(3) (A) Before receiving a written notice described in paragraph (1), or within 45 days of receipt of a notice, a political subdivision may pass a resolution outlining its intention to transition from at-large to district-based elections, specific steps it will undertake to facilitate this transition, and an estimated timeframe for doing so.

(B) If a political subdivision passes a resolution pursuant to subparagraph (A), a prospective plaintiff shall not commence an action to enforce Sections 14027 and 14028 within 90 days of the resolution's passage.

(C) (i) A political subdivision and the prospective plaintiff who first sends a notice pursuant to paragraph (1) may enter into a written agreement to extend the time period described in subparagraph (B) for up to an additional 90 days in order to provide additional time to conduct public outreach, encourage public participation, and receive public input. The written agreement shall include a requirement that the district boundaries be established no later than six months before the political subdivision's next regular election to select governing board members. However, in a political subdivision that holds a primary election as part of its process for selecting governing board members, the written agreement shall include a requirement that district boundaries be established no later than six months before the political subdivision's next regular primary election.

(ii) No later than 10 days after a political subdivision enters into a written agreement pursuant to clause (i), the political subdivision shall prepare and make available on its internet website a tentative schedule of the public outreach events and the public hearings held pursuant to this section. If a political subdivision does not maintain an internet website, the political subdivision shall make the tentative schedule available to the public upon request.

(f) (1) If a political subdivision adopts an ordinance establishing district-based elections pursuant to subdivision (a), a prospective plaintiff who sent a written notice pursuant to paragraph (1) of subdivision (e) before the political subdivision passed its resolution of intention may, within 30 days of the ordinance's adoption, demand reimbursement for the cost of the work product generated to support the notice. A prospective plaintiff shall make the demand in writing and shall substantiate the demand with financial documentation, such as a detailed invoice for demography services. A political subdivision may request additional documentation if the provided documentation is insufficient to corroborate the claimed costs. A political subdivision shall reimburse a prospective plaintiff for reasonable costs claimed, or in an amount to which the parties mutually agree, within 45 days of receiving the written demand, except as provided in paragraph (2). In all cases, the amount of the reimbursement shall not exceed the cap described in paragraph (3).

(2) If more than one prospective plaintiff is entitled to reimbursement, the political subdivision shall reimburse the prospective plaintiffs in the order in which they sent a written notice pursuant to paragraph (1) of subdivision (e), and the 45-day time period described in paragraph (1) shall apply only to reimbursement of the first prospective plaintiff who sent a written notice. The cumulative amount of reimbursements to all prospective plaintiffs shall not exceed the cap described in paragraph (3).

(3) The amount of reimbursement required by this section is capped at thirty thousand dollars (\$30,000), as adjusted annually to the Consumer Price Index for All Urban Consumers, United States city average, as published by the United States Department of Labor.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
