Assembly Bill No. 1194

CHAPTER 567

An act to amend Sections 1798.99.31, 1798.145, and 1798.185 of the Civil Code, relating to privacy.

Approved by Governor October 08, 2023. Filed with Secretary of State October 08, 2023.

LEGISLATIVE COUNSEL'S DIGEST

AB 1194, Wendy Carrillo. California Privacy Rights Act of 2020: exemptions: abortion services.

Existing law, the California Privacy Rights Act of 2020 (CPRA), approved by the voters as Proposition 24 at the November 3, 2020, statewide general election, grants a consumer various rights with respect to personal information, as defined, that is collected or sold by a business, as defined, including the right to require the business to delete personal information about the consumer, as specified, unless those obligations restrict a business's ability to, among other things, comply with federal, state, or local laws or comply with a court order or subpoena to provide information, or cooperate with a government agency request for emergency access to a consumer's personal information if a natural person is at risk or danger of death or serious physical injury, as provided.

This bill would, if the consumer's personal information contains information related to accessing, procuring, or searching for services regarding contraception, pregnancy care, and perinatal care, including, but not limited to, abortion services, require a business to comply with the obligations imposed by the CPRA unless the personal information is used for specified business purposes, as defined, is only retained in aggregated and deidentified form, and is not sold or shared. The bill would specify that the requirement to comply without regard to the above-described exceptions does not alter the duty to preserve or retain evidence in an ongoing civil proceeding. The bill would further specify that a consumer accessing, procuring, or searching for those services does not constitute a natural person being at risk or danger of death or serious physical injury. The bill would also make nonsubstantive conforming changes.

The California Privacy Rights Act of 2020 authorizes the Legislature to amend the act to further the purposes and intent of the act by a majority vote of both houses of the Legislature, as specified.

This bill would declare that its provisions further the purposes and intent of the California Privacy Rights Act of 2020.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 1798.99.31 of the Civil Code is amended to read:

1798.99.31. (a) A business that provides an online service, product, or feature likely to be accessed by children shall take all of the following actions:

- (1) (A) Before any new online services, products, or features are offered to the public, complete a Data Protection Impact Assessment for any online service, product, or feature likely to be accessed by children and maintain documentation of this assessment as long as the online service, product, or feature is likely to be accessed by children. A business shall biennially review all Data Protection Impact Assessments.
 - (B) The Data Protection Impact Assessment required by this paragraph shall identify the purpose of the online service, product, or feature, how it uses children's personal information, and the risks of material detriment to children that arise from the data management practices of the business. The Data Protection Impact Assessment shall address, to the extent applicable, all of the following:
 - (i) Whether the design of the online product, service, or feature could harm children, including by exposing children to harmful, or potentially harmful, content on the online product, service, or feature.
 - (ii) Whether the design of the online product, service, or feature could lead to children experiencing or being targeted by harmful, or potentially harmful, contacts on the online product, service, or feature.
 - (iii) Whether the design of the online product, service, or feature could permit children to witness, participate in, or be subject to harmful, or potentially harmful, conduct on the online product, service, or feature.
 - (iv) Whether the design of the online product, service, or feature could allow children to be party to or exploited by a harmful, or potentially harmful, contact on the online product, service, or feature.
 - (v) Whether algorithms used by the online product, service, or feature could harm children.
 - (vi) Whether targeted advertising systems used by the online product, service, or feature could harm children.
 - (vii) Whether and how the online product, service, or feature uses system design features to increase, sustain, or extend use of the online product, service, or feature by children, including the automatic playing of media, rewards for time spent, and notifications.
 - (viii) Whether, how, and for what purpose the online product, service, or feature collects or processes sensitive personal information of children.
- (2) Document any risk of material detriment to children that arises from the data management practices of the business identified in the Data Protection Impact Assessment required by paragraph (1) and create a timed plan to mitigate or eliminate the risk before the online service, product, or feature is accessed by children.
- (3) Within three business days of a written request by the Attorney General, provide to the Attorney General a list of all Data Protection Impact Assessments the business has completed.
- (4) (A) For any Data Protection Impact Assessment completed pursuant to paragraph (1), make the Data Protection Impact Assessment available, within five business days, to the Attorney General pursuant to a written request.
 - (B) Notwithstanding any other law, a Data Protection Impact Assessment is protected as confidential and shall be exempt from public disclosure, including under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).
 - (C) To the extent any information contained in a Data Protection Impact Assessment disclosed to the Attorney General includes information subject to attorney-client privilege or work product protection, disclosure pursuant to this paragraph shall not constitute a waiver of that privilege or protection.
- (5) Estimate the age of child users with a reasonable level of certainty appropriate to the risks that arise from the data management practices of the business or apply the privacy and data protections afforded to children to all consumers.
- (6) Configure all default privacy settings provided to children by the online service, product, or feature to settings that offer a high level of privacy, unless the business can demonstrate a compelling reason that a different setting is in the best interests of children.
- (7) Provide any privacy information, terms of service, policies, and community standards concisely, prominently, and using clear language suited to the age of children likely to access that online service, product, or feature.
- (8) If the online service, product, or feature allows the child's parent, guardian, or any other consumer to monitor the child's online activity or track the child's location, provide an obvious signal to the child when the child is being monitored or tracked.

- (9) Enforce published terms, policies, and community standards established by the business, including, but not limited to, privacy policies and those concerning children.
- (10) Provide prominent, accessible, and responsive tools to help children, or if applicable their parents or guardians, exercise their privacy rights and report concerns.
- (b) A business that provides an online service, product, or feature likely to be accessed by children shall not take any of the following actions:
 - (1) Use the personal information of any child in a way that the business knows, or has reason to know, is materially detrimental to the physical health, mental health, or well-being of a child.
 - (2) Profile a child by default unless both of the following criteria are met:
 - (A) The business can demonstrate it has appropriate safeguards in place to protect children.
 - (B) Either of the following is true:
 - (i) Profiling is necessary to provide the online service, product, or feature requested and only with respect to the aspects of the online service, product, or feature with which the child is actively and knowingly engaged.
 - (ii) The business can demonstrate a compelling reason that profiling is in the best interests of children.
 - (3) Collect, sell, share, or retain any personal information that is not necessary to provide an online service, product, or feature with which a child is actively and knowingly engaged, or as described in subparagraphs (A) to (D), inclusive, of paragraph (1) of subdivision (a) of Section 1798.145, unless the business can demonstrate a compelling reason that the collecting, selling, sharing, or retaining of the personal information is in the best interests of children likely to access the online service, product, or feature.
 - (4) If the end user is a child, use personal information for any reason other than a reason for which that personal information was collected, unless the business can demonstrate a compelling reason that use of the personal information is in the best interests of children.
 - (5) Collect, sell, or share any precise geolocation information of children by default unless the collection of that precise geolocation information is strictly necessary for the business to provide the service, product, or feature requested and then only for the limited time that the collection of precise geolocation information is necessary to provide the service, product, or feature.
 - (6) Collect any precise geolocation information of a child without providing an obvious sign to the child for the duration of that collection that precise geolocation information is being collected.
 - (7) Use dark patterns to lead or encourage children to provide personal information beyond what is reasonably expected to provide that online service, product, or feature to forego privacy protections, or to take any action that the business knows, or has reason to know, is materially detrimental to the child's physical health, mental health, or well-being.
 - (8) Use any personal information collected to estimate age or age range for any other purpose or retain that personal information longer than necessary to estimate age. Age assurance shall be proportionate to the risks and data practice of an online service, product, or feature.
- (c) (1) A Data Protection Impact Assessment conducted by a business for the purpose of compliance with any other law complies with this section if the Data Protection Impact Assessment meets the requirements of this title.
 - (2) A single data protection impact assessment may contain multiple similar processing operations that present similar risks only if each relevant online service, product, or feature is addressed.
- (d) This section shall become operative on July 1, 2024.
- SEC. 2. Section 1798.145 of the Civil Code is amended to read:

1798.145. Exemptions

 - (B) Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by federal, state, or local authorities. Law enforcement agencies, including police and sheriff's departments, may direct a business pursuant to a law enforcement agency-approved investigation with an active case number not to delete a consumer's personal information,

and, upon receipt of that direction, a business shall not delete the personal information for 90 days in order to allow the law enforcement agency to obtain a court-issued subpoena, order, or warrant to obtain a consumer's personal information. For good cause and only to the extent necessary for investigatory purposes, a law enforcement agency may direct a business not to delete the consumer's personal information for additional 90-day periods. A business that has received direction from a law enforcement agency not to delete the personal information of a consumer who has requested deletion of the consumer's personal information shall not use the consumer's personal information for any purpose other than retaining it to produce to law enforcement in response to a court-issued subpoena, order, or warrant unless the consumer's deletion request is subject to an exemption from deletion under this title.

- (C) Cooperate with law enforcement agencies concerning conduct or activity that the business, service provider, or third party reasonably and in good faith believes may violate federal, state, or local law.
- (D) (i) Cooperate with a government agency request for emergency access to a consumer's personal information if a natural person is at risk or danger of death or serious physical injury provided that:
 - (I) The request is approved by a high-ranking agency officer for emergency access to a consumer's personal information.
 - (II) The request is based on the agency's good faith determination that it has a lawful basis to access the information on a nonemergency basis.
 - (III) The agency agrees to petition a court for an appropriate order within three days and to destroy the information if that order is not granted.
 - (ii) For purposes of this subparagraph, a consumer accessing, procuring, or searching for services regarding contraception, pregnancy care, and perinatal care, including, but not limited to, abortion services, shall not constitute a natural person being at risk or danger of death or serious physical injury.
- (E) Exercise or defend legal claims.
- (F) Collect, use, retain, sell, share, or disclose consumers' personal information that is deidentified or aggregate consumer information.
- (G) Collect, sell, or share a consumer's personal information if every aspect of that commercial conduct takes place wholly outside of California. For purposes of this title, commercial conduct takes place wholly outside of California if the business collected that information while the consumer was outside of California, no part of the sale of the consumer's personal information occurred in California, and no personal information collected while the consumer was in California is sold. This paragraph shall not prohibit a business from storing, including on a device, personal information about a consumer when the consumer is in California and then collecting that personal information when the consumer and stored personal information is outside of California.
- (2) (A) This subdivision shall not apply if the consumer's personal information contains information related to accessing, procuring, or searching for services regarding contraception, pregnancy care, and perinatal care, including, but not limited to, abortion services.
 - (B) This paragraph does not alter the use of aggregated or deidentified personal information consistent with a business purpose as defined in paragraphs (1), (2), (3), (4), (5), (7), or (8) of subdivision (e) of Section 1798.140, provided that the personal information is only retained in aggregated and deidentified form and is not sold or shared.
 - (C) This paragraph does not alter the duty of a business to preserve or retain evidence pursuant to California or federal law in an ongoing civil proceeding.
- (b) The obligations imposed on businesses by Sections 1798.110, 1798.115, 1798.120, 1798.121, 1798.130, and 1798.135 shall not apply where compliance by the business with the title would violate an evidentiary privilege under California law and shall not prevent a business from providing the personal information of a consumer to a person covered by an evidentiary privilege under California law as part of a privileged communication.
- (c) (1) This title shall not apply to any of the following:
 - (A) Medical information governed by the Confidentiality of Medical Information Act (Part 2.6 (commencing with Section 56) of Division 1) or protected health information that is collected by a covered entity or business associate governed by the privacy, security, and breach notification rules issued by the United States Department of Health and Human Services, Parts 160 and 164 of Title 45 of the Code of Federal Regulations, established pursuant to the Health Insurance Portability and

- (C) Personal information collected as part of a clinical trial or other biomedical research study subject to, or conducted in accordance with, the Federal Policy for the Protection of Human Subjects, also known as the Common Rule, pursuant to good clinical practice guidelines issued by the International Council for Harmonisation or pursuant to human subject protection requirements of the United States Food and Drug Administration, provided that the information is not sold or shared in a manner not permitted by this subparagraph, and, if it is inconsistent, that participants be informed of that use and provide consent.
- (2) For purposes of this subdivision, the definitions of "medical information" and "provider of health care" in Section 56.05 shall apply and the definitions of "business associate," "covered entity," and "protected health information" in Section 160.103 of Title 45 of the Code of Federal Regulations shall apply.
- (d) (1) This title shall not apply to an activity involving the collection, maintenance, disclosure, sale, communication, or use of any personal information bearing on a consumer's creditworthiness, credit standing, credit capacity, character, general reputation, personal characteristics, or mode of living by a consumer reporting agency, as defined in subdivision (f) of Section 1681a of Title 15 of the United States Code, by a furnisher of information, as set forth in Section 1681s-2 of Title 15 of the United States Code, who provides information for use in a consumer report, as defined in subdivision (d) of Section 1681a of Title 15 of the United States Code, and by a user of a consumer report as set forth in Section 1681b of Title 15 of the United States Code.

 - (1) A time period for a business to respond to a consumer for any verifiable consumer request may be extended by up to a total of 90 days where necessary, taking into account the complexity and number of the requests. The business shall inform the consumer of any such extension within 45 days of receipt of the request, together with the reasons for the delay.
 - (2) If the business does not take action on the request of the consumer, the business shall inform the consumer, without delay and at the latest within the time period permitted of response by this section, of the reasons for not taking action and any rights the consumer may have to appeal the decision to the business.

The business shall bear the burden of demonstrating that any verifiable consumer request is manifestly unfounded or excessive.

 - (1) The business has incurred significant expense in reliance on the consumer's consent.
 - (2) Compliance with the consumer's request to opt out of the sale of the consumer's personal information or to delete the consumer's personal information would not be commercially reasonable.

- **SEC. 3.** Section 1798.185 of the Civil Code is amended to read:

1798.185. Regulations

- (a) On or before July 1, 2020, the Attorney General shall solicit broad public participation and adopt regulations to further the purposes of this title, including, but not limited to, the following areas:
 - (1) Updating or adding categories of personal information to those enumerated in subdivision (c) of Section 1798.130 and subdivision (v) of Section 1798.140, and updating or adding categories of sensitive personal information to those enumerated in subdivision (ae) of Section 1798.140 in order to address changes in technology, data collection practices, obstacles to implementation, and privacy concerns.
 - (2) Updating as needed the definitions of "deidentified" and "unique identifier" to address changes in technology, data collection, obstacles to implementation, and privacy concerns, and adding, modifying, or deleting categories to the definition of designated methods for submitting requests to facilitate a consumer's ability to obtain information from a business pursuant to Section 1798.130. The authority to update the definition of "deidentified" shall not apply to deidentification standards set forth in Section 164.514 of Title 45 of the Code of Federal Regulations, where such information previously was "protected health information" as defined in Section 160.103 of Title 45 of the Code of Federal Regulations.
 - (3) Establishing any exceptions necessary to comply with state or federal law, including, but not limited to, those relating to trade secrets and intellectual property rights, within one year of passage of this title and as needed thereafter, with the intention that trade secrets should not be disclosed in response to a verifiable consumer request.
 - (4) Establishing rules and procedures for the following:
 - (A) To facilitate and govern the submission of a request by a consumer to opt out of the sale or sharing of personal information pursuant to Section 1798.120 and to limit the use of a consumer's sensitive personal information pursuant to Section 1798.121 to ensure that consumers have the ability to exercise their choices without undue burden and to prevent business from engaging in deceptive or harassing conduct, including in retaliation against consumers for exercising their rights, while allowing businesses to inform consumers of the consequences of their decision to opt out of the sale or sharing of their personal information or to limit the use of their sensitive personal information.
 - (B) To govern business compliance with a consumer's opt-out request.
 - (C) For the development and use of a recognizable and uniform opt-out logo or button by all businesses to promote consumer awareness of the opportunity to opt out of the sale of personal information.
 - (5) Adjusting the monetary thresholds, in January of every odd-numbered year to reflect any increase in the Consumer Price Index, in: subparagraph (A) of paragraph (1) of subdivision (d) of Section 1798.140; subparagraph (A) of paragraph (1) of subdivision (a) of Section 1798.155; Section 1798.199.25; and subdivision (a) of Section 1798.199.90.

- (6) Establishing rules, procedures, and any exceptions necessary to ensure that the notices and information that businesses are required to provide pursuant to this title are provided in a manner that may be easily understood by the average consumer, are accessible to consumers with disabilities, and are available in the language primarily used to interact with the consumer, including establishing rules and guidelines regarding financial incentives within one year of passage of this title and as needed thereafter.
- (7) Establishing rules and procedures to further the purposes of Sections 1798.105, 1798.106, 1798.110, and 1798.115 and to facilitate a consumer's or the consumer's authorized agent's ability to delete personal information, correct inaccurate personal information pursuant to Section 1798.106, or obtain information pursuant to Section 1798.130, with the goal of minimizing the administrative burden on consumers, taking into account available technology, security concerns, and the burden on the business, to govern a business's determination that a request for information received from a consumer is a verifiable consumer request, including treating a request submitted through a password-protected account maintained by the consumer with the business while the consumer is logged into the account as a verifiable consumer request and providing a mechanism for a consumer who does not maintain an account with the business to request information through the business's authentication of the consumer's identity, within one year of passage of this title and as needed thereafter.
- (8) Establishing how often, and under what circumstances, a consumer may request a correction pursuant to Section 1798.106, including standards governing the following:
 - (A) How a business responds to a request for correction, including exceptions for requests to which a response is impossible or would involve disproportionate effort, and requests for correction of accurate information.
 - (B) How concerns regarding the accuracy of the information may be resolved.
 - (C) The steps a business may take to prevent fraud.
 - (D) If a business rejects a request to correct personal information collected and analyzed concerning a consumer's health, the right of a consumer to provide a written addendum to the business with respect to any item or statement regarding any such personal information that the consumer believes to be incomplete or incorrect. The addendum shall be limited to 250 words per alleged incomplete or incorrect item and shall clearly indicate in writing that the consumer requests the addendum to be made a part of the consumer's record.
- (9) Establishing the standard to govern a business's determination, pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 1798.130, that providing information beyond the 12-month period in a response to a verifiable consumer request is impossible or would involve a disproportionate effort.
- (10) Issuing regulations further defining and adding to the business purposes, including other notified purposes, for which businesses, service providers, and contractors may use consumers' personal information consistent with consumers' expectations, and further defining the business purposes for which service providers and contractors may combine consumers' personal information obtained from different sources, except as provided for in paragraph (6) of subdivision (e) of Section 1798.140.
- (11) Issuing regulations identifying those business purposes, including other notified purposes, for which service providers and contractors may use consumers' personal information received pursuant to a written contract with a business, for the service provider or contractor's own business purposes, with the goal of maximizing consumer privacy.
- (12) Issuing regulations to further define "intentionally interacts," with the goal of maximizing consumer privacy.
- (13) Issuing regulations to further define "precise geolocation," including if the size defined is not sufficient to protect consumer privacy in sparsely populated areas or when the personal information is used for normal operational purposes, including billing.
- (14) Issuing regulations to define the term "specific pieces of information obtained from the consumer" with the goal of maximizing a consumer's right to access relevant personal information while minimizing the delivery of information to a consumer that would not be useful to the consumer, including system log information and other technical data. For delivery of the most sensitive personal information, the regulations may require a higher standard of authentication provided that the agency shall monitor the impact of the higher standard on the right of consumers to obtain their personal information to ensure that the requirements of verification do not result in the unreasonable denial of verifiable consumer requests.
- (15) Issuing regulations requiring businesses whose processing of consumers' personal information presents significant risk to consumers' privacy or security, to:
 - (A) Perform a cybersecurity audit on an annual basis, including defining the scope of the audit and establishing a process to ensure that audits are thorough and independent. The factors to be considered in determining when processing may result

in significant risk to the security of personal information shall include the size and complexity of the business and the nature and scope of processing activities.

- (B) Submit to the California Privacy Protection Agency on a regular basis a risk assessment with respect to their processing of personal information, including whether the processing involves sensitive personal information, and identifying and weighing the benefits resulting from the processing to the business, the consumer, other stakeholders, and the public, against the potential risks to the rights of the consumer associated with that processing, with the goal of restricting or prohibiting the processing if the risks to privacy of the consumer outweigh the benefits resulting from processing to the consumer, the business, other stakeholders, and the public. Nothing in this section shall require a business to divulge trade secrets.
- (16) Issuing regulations governing access and opt-out rights with respect to businesses' use of automated decisionmaking technology, including profiling and requiring businesses' response to access requests to include meaningful information about the logic involved in those decisionmaking processes, as well as a description of the likely outcome of the process with respect to the consumer.
- (17) Issuing regulations to further define a "law enforcement agency-approved investigation" for purposes of the exception in subparagraph (B) of paragraph (1) of subdivision (a) of Section 1798.145.
- (18) Issuing regulations to define the scope and process for the exercise of the agency's audit authority, to establish criteria for selection of persons to audit, and to protect consumers' personal information from disclosure to an auditor in the absence of a court order, warrant, or subpoena.
- (19) (A) Issuing regulations to define the requirements and technical specifications for an opt-out preference signal sent by a platform, technology, or mechanism, to indicate a consumer's intent to opt out of the sale or sharing of the consumer's personal information and to limit the use or disclosure of the consumer's sensitive personal information. The requirements and specifications for the opt-out preference signal should be updated from time to time to reflect the means by which consumers interact with businesses, and should:
 - (i) Ensure that the manufacturer of a platform or browser or device that sends the opt-out preference signal cannot unfairly disadvantage another business.
 - (ii) Ensure that the opt-out preference signal is consumer-friendly, clearly described, and easy to use by an average consumer and does not require that the consumer provide additional information beyond what is necessary.
 - (iii) Clearly represent a consumer's intent and be free of defaults constraining or presupposing that intent.
 - (iv) Ensure that the opt-out preference signal does not conflict with other commonly used privacy settings or tools that consumers may employ.
 - (v) Provide a mechanism for the consumer to selectively consent to a business's sale of the consumer's personal information, or the use or disclosure of the consumer's sensitive personal information, without affecting the consumer's preferences with respect to other businesses or disabling the opt-out preference signal globally.
 - (vi) State that in the case of a page or setting view that the consumer accesses to set the opt-out preference signal, the consumer should see up to three choices, including:
 - (I) Global opt out from sale and sharing of personal information, including a direction to limit the use of sensitive personal information.
 - (II) Choice to "Limit the Use of My Sensitive Personal Information."
 - (III) Choice titled "Do Not Sell/Do Not Share My Personal Information for Cross-Context Behavioral Advertising."
 - (B) Issuing regulations to establish technical specifications for an opt-out preference signal that allows the consumer, or the consumer's parent or guardian, to specify that the consumer is less than 13 years of age or at least 13 years of age and less than 16 years of age.
 - (C) Issuing regulations, with the goal of strengthening consumer privacy while considering the legitimate operational interests of businesses, to govern the use or disclosure of a consumer's sensitive personal information, notwithstanding the consumer's direction to limit the use or disclosure of the consumer's sensitive personal information, including:
 - (i) Determining any additional purposes for which a business may use or disclose a consumer's sensitive personal information.

- (ii) Determining the scope of activities permitted under paragraph (8) of subdivision (e) of Section 1798.140, as authorized by subdivision (a) of Section 1798.121, to ensure that the activities do not involve health-related research.
- (iii) Ensuring the functionality of the business's operations.
- (iv) Ensuring that the exemption in subdivision (d) of Section 1798.121 for sensitive personal information applies to information that is collected or processed incidentally, or without the purpose of inferring characteristics about a consumer, while ensuring that businesses do not use the exemption for the purpose of evading consumers' rights to limit the use and disclosure of their sensitive personal information under Section 1798.121.
- (20) Issuing regulations to govern how a business that has elected to comply with subdivision (b) of Section 1798.135 responds to the opt-out preference signal and provides consumers with the opportunity subsequently to consent to the sale or sharing of their personal information or the use and disclosure of their sensitive personal information for purposes in addition to those authorized by subdivision (a) of Section 1798.121. The regulations should:
 - (A) Strive to promote competition and consumer choice and be technology neutral.
 - (B) Ensure that the business does not respond to an opt-out preference signal by:
 - (i) Intentionally degrading the functionality of the consumer experience.
 - (ii) Charging the consumer a fee in response to the consumer's opt-out preferences.
 - (iii) Making any products or services not function properly or fully for the consumer, as compared to consumers who do not use the opt-out preference signal.
 - (iv) Attempting to coerce the consumer to opt in to the sale or sharing of the consumer's personal information, or the use or disclosure of the consumer's sensitive personal information, by stating or implying that the use of the opt-out preference signal will adversely affect the consumer as compared to consumers who do not use the opt-out preference signal, including stating or implying that the consumer will not be able to use the business's products or services or that those products or services may not function properly or fully.
 - (v) Displaying any notification or pop-up in response to the consumer's opt-out preference signal.
 - (C) Ensure that any link to a web page or its supporting content that allows the consumer to consent to opt in:
 - (i) Is not part of a popup, notice, banner, or other intrusive design that obscures any part of the web page the consumer intended to visit from full view or that interferes with or impedes in any way the consumer's experience visiting or browsing the web page or website the consumer intended to visit.
 - (ii) Does not require or imply that the consumer must click the link to receive full functionality of any products or services, including the website.
 - (iii) Does not make use of any dark patterns.
 - (iv) Applies only to the business with which the consumer intends to interact.
 - (D) Strive to curb coercive or deceptive practices in response to an opt-out preference signal but should not unduly restrict businesses that are trying in good faith to comply with Section 1798.135.
- (21) Review existing Insurance Code provisions and regulations relating to consumer privacy, except those relating to insurance rates or pricing, to determine whether any provisions of the Insurance Code provide greater protection to consumers than the provisions of this title. Upon completing its review, the agency shall adopt a regulation that applies only the more protective provisions of this title to insurance companies. For the purpose of clarity, the Insurance Commissioner shall have jurisdiction over insurance rates and pricing.
- (22) Harmonizing the regulations governing opt-out mechanisms, notices to consumers, and other operational mechanisms in this title to promote clarity and the functionality of this title for consumers.
- (b) The Attorney General may adopt additional regulations as necessary to further the purposes of this title.
- (c) The Attorney General shall not bring an enforcement action under this title until six months after the publication of the final regulations issued pursuant to this section or July 1, 2020, whichever is sooner.
- (d) Notwithstanding subdivision (a), the timeline for adopting final regulations required by the act adding this subdivision shall be July 1, 2022. Beginning the later of July 1, 2021, or six months after the agency provides notice to the Attorney General that it is

prepared to begin rulemaking under this title, the authority assigned to the Attorney General to adopt regulations under this section shall be exercised by the California Privacy Protection Agency. Notwithstanding any other law, civil and administrative enforcement of the provisions of law added or amended by this act shall not commence until July 1, 2023, and shall only apply to violations occurring on or after that date. Enforcement of provisions of law contained in the California Consumer Privacy Act of 2018 amended by this act shall remain in effect and shall be enforceable until the same provisions of this act become enforceable.

SEC. 4. The Legislature finds and declares that this act furthers the purposes and intent of the California Privacy Rights Act of 2020.
