Assembly Bill No. 720

CHAPTER 562

An act to amend Sections 23320 and 23390 of, and to add Section 23399.03 to, the Business and Professions Code, and to amend Section 14561 of the Public Resources Code, relating to beverages.

[Approved by Governor October 10, 2025. Filed with Secretary of State October 10, 2025.]

LEGISLATIVE COUNSEL'S DIGEST

AB 720, Rogers. Beverages: alcohol permits: container labeling.

(1) Existing law, the Alcoholic Beverage Control Act, which is administered by the Department of Alcoholic Beverage Control, regulates the application, issuance, and suspension of alcoholic beverage licenses. Existing law authorizes licensed winegrowers and brandy manufacturers to exercise their license privileges away from their licensed premises at, or from, branch offices or warehouses or United States bonded wine cellars located away from the place of production or manufacture, subject to specified exceptions. One of the exceptions to this authorization is production or manufacture.

This bill would specify that the exception of production or manufacture does not include mere storage of wine or topping of wine barrels, as specified.

Existing law generally prohibits any person or licensee from having alcoholic beverages at a licensed premises other than those beverages that the license authorizes for sale, except as specified. Existing law authorizes the holder of any combination of a beer manufacturer's license, winegrower's license, craft distilled spirits manufacturer's license, or a brandy manufacturer's license for a single premises to have alcoholic beverages authorized under those licenses at the same time anywhere within the premises, as specified, if certain conditions are met, including that the manufacturer's licenses for the single premises are either all master licenses or all branch offices, and not a combination of a master license and a branch office.

This bill would, notwithstanding the above-described provision, authorize the holder of a winegrower's license and a brandy manufacturer's license for the same premises, where one license is a master license and the other is a branch license, to store, age, conduct brandy tastings, and engage in sales for off-premises consumption.

Existing law authorizes the issuance of a caterer's permit, upon application to the department, to a licensee under an on-sale general license, an on-sale beer and wine license, a club license, or a veterans' club license, that authorizes the holder of the permit to sell alcoholic beverages at specified locations and events. Existing law requires the permitholder to obtain consent from the department for each event in the form of a catering authorization and imposes a fee for the authorization based on the estimated attendance at each day of the event. Existing law imposes various limitations on the permits, including prohibiting a catering authorization from being issued for use at any one premises for more than 36 events in one calendar year, except as specified.

This bill would similarly authorize a licensed winegrower to apply for, and the department to issue, an estate tasting event permit that would authorize the winegrower to exercise its tasting room privileges for wine manufactured by or for the winegrower at specified locations and all of the same privileges allowed under their license for the duration of the event, subject to local land use authority, as specified. The bill would require a permitholder to obtain consent from the department for each event in the form of an estate tasting event authorization and would impose a fee of \$100 for each estate tasting event. The bill would prohibit an estate tasting event authorization from being issued for more than 36 events per licensee per calendar year. The bill would impose an annual fee for an estate tasting event permit of \$200 and would authorize the permit to be transferable as part of the winegrower's license.

(2) The California Beverage Container Recycling and Litter Reduction Act requires a beverage manufacturer to label a beverage container sold or offered for sale by that beverage manufacturer in the state with one of several specified redemption value messages by printing or embossing the beverage container or by affixing a clear stamp, label, or other device, as specified.

This bill would authorize a beverage manufacturer to etch a required redemption value message on a beverage container.

The act authorizes the department to require a beverage container intended for sale in the state to be printed, embossed, stamped, labeled, or otherwise marked with a scan code, a quick response (QR) code, or a universal product code (UPC), or similar machine-readable indicia. The act prohibits a person from offering to sell, or selling, to a consumer a beverage container that has not been labeled as required by the act. Existing law provides that a violation of the act or a regulation adopted pursuant to the act is a crime.

This bill would require those markings to be at least $\frac{1}{2}$ inch in size. The bill would authorize the use of a chasing arrows symbol for a recyclable beverage container on the inside of a machine-readable label, as specified. By expanding the scope of a crime, the bill would impose state-mandated local program.

The act exempts a beverage container included within the scope of the act beginning on January 1, 2024, from the act's labeling requirements until July 1, 2025.

This bill would extend that exemption until July 1, 2026.

The act exempts a beverage container included within the scope of the act beginning on January 1, 2024, that was filled and labeled before January 1, 2024, from the act's labeling requirements.

This bill would instead exempt a beverage container included within the scope of the act beginning on January 1, 2024, that was filled and labeled before July 1, 2025.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(c) (1) In addition to the application fee for a new permanent license as specified in subdivision (a), an annual renewal fee, as set forth in subdivision (b), shall accompany the application. The application fee shall be nonrefundable up to the amount of the application fee in paragraph (1) of subdivision (a), as adjusted by subdivisions (d) and (e). The annual fee provided at the time of application shall allow the license to be active for one year from the date of issuance and shall be refundable only in the event that the license application is withdrawn or denied.

(2) If an application includes multiple new permanent licenses to be issued at the same premises, the application fee shall be required for only one of the applied-for licenses and an application fee shall not be charged for the remainder of the licenses. In situations involving different license types, the application fee to be paid shall be the highest such fee as specified in subdivision (a). If an application for a new permanent license is combined with an application for license transfer pursuant to Section 24072 at the same premises, only the transfer application fee or the new permanent license application fee shall be required, whichever is highest. Notwithstanding this provision, the annual renewal fee required pursuant to this subdivision shall be payable for each license.

(d) Beginning January 1, 2021, and each January 1 thereafter, the department may adjust each of the fees specified in this section by increasing each fee by an amount not to exceed the percentage that the California Consumer Price Index (California Department of Industrial Relations, Division of Labor Statistics and Research, All Items, Base Period 1982-84=100) for the preceding August 2019, and each August annually thereafter, has increased under the same index over the month of August 2018, which shall be the base period. The department shall not adjust fees pursuant to this section if the balance of the Alcohol Beverage Control Fund at the end of the prior fiscal year is greater than one-fourth of the department's appropriation from the Alcohol Beverage Control Fund for the current fiscal year. No fee shall be decreased pursuant to this adjustment below the fee currently in effect on each December 31. If the accumulation of percentage increases is greater than 8 percent, the department shall not adjust fees without the Legislature's approval through the budget process. In the event that this index is discontinued, the department shall consult with the Department of Finance to convert the increase calculations to an index then available. When approved by the Department of Finance, the new index shall replace the discontinued index.

(e) When fees are adjusted pursuant to subdivision (d), the department shall calculate the percentage increase as specified in that subdivision and shall apply this increase to each fee. The increase to each fee shall be rounded to the nearest whole five dollars (\$5). The adjusted fee list, to be effective on January 1 of the upcoming year, shall be published by the department on its internet website and transmitted in writing to the Chairperson of the Joint Legislative Budget Committee no later than January 10

of the year before it becomes effective. This adjustment of fees and publication of the adjusted fee list is not subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 23390 of the Business and Professions Code is amended to read:

23390. (a) A licensed winegrower or brandy manufacturer, in addition to exercising all the privileges of their license at their licensed premises, may exercise all the license privileges at or from branch offices or warehouses, or United States bonded wine cellars located away from the place of production or manufacture, other than the following privileges:

(1) Production or manufacture. For purposes of this paragraph, "production or manufacture" does not include mere storage of wine or topping of wine barrels, provided that the licensee complies with all federal and state laws regarding those activities, including, but not limited to, recordkeeping requirements.

(2) The sale of wine or brandy to consumers for consumption on the premises in a bona fide eating place.

(b) The department may issue to a winegrower or brandy manufacturer a duplicate of the original license for a location or locations other than the wine production or brandy manufacture premises. The duplicate license authorizes the maintenance and operation of each branch or warehouse or United States bonded wine cellar declared and designated by the winegrower or brandy manufacturer at the location for which the duplicate license is issued.

(c) Notwithstanding any other law, the department may allow any person that held more than one original winegrower's license, on or before January 1, 1981, to transfer any duplicate license which has been issued, on or before January 1, 1981, on any of the original winegrower's licenses to any other original winegrower's license held by that person, on or before January 1, 1981, provided that the licensee cancels the original winegrower's license from which any duplicate license is transferred. This subdivision shall not authorize any person to acquire any additional duplicate licenses other than those held by that licensee on or before January 1, 1981.

(d) Notwithstanding Section 25607, if a winegrower's license and a brandy manufacturer's license are held under identical ownership at the same premises, where one of the licenses is a master license and the other license is a branch license, the licensee may store, age, conduct tastings pursuant to Section 23363.3, and engage in sales to consumers for consumption off the premises.

SEC. 3. Section 23399.03 is added to the Business and Professions Code, to read:

23399.03. (a) A winegrower licensee may apply to the department for an estate tasting event permit. If approved by the department, the permit issued to the winegrower licensee shall authorize the winegrower to exercise its tasting room privileges for wine manufactured by or for the winegrower on both of the following:

(1) Property adjacent to the licensed premises and owned by or under the control of the licensee.

(2) A nonadjacent vineyard that is owned by or under control of the licensee.

(b) Approval of the permit shall grant the licensee all of the same privileges allowed under their license for the duration of the estate tasting event.

(c) For each tasting event, consent shall be first obtained by the licensee from the department in the form of an estate tasting event authorization from the department. The fee for each estate tasting event authorization shall be one hundred dollars (\$100).

(1) The department may approve an estate tasting event authorization in the same manner as it does for catering authorizations issued pursuant to Section 23399.

(2) An estate tasting event authorization shall not be issued for more than 36 events per licensee in one calendar year.

(d) The annual fee for an estate tasting event permit shall be the annual fee as specified in subdivision (b) of Section 23320. The permit may be renewed annually at the same time as the licensee's license. An estate tasting event permit shall be transferable as a part of the license.

(e) At all approved events, the licensee may exercise only those privileges authorized by the licensee's license and shall comply with all provisions of the act pertaining to the conduct of the winegrower license. A violation of those provisions may be grounds for suspension or revocation of the licensee's license or permit, or both, as though the violation occurred on the licensed premises.

(f) All fees collected pursuant to this section shall be deposited in the Alcohol Beverage Control Fund as provided in Section 25761.

(g) An estate tasting event authorization does not relieve an applicant of review and approval by the appropriate local city, county, or city and county for any other permit necessary prior to the event but subsequent to approval by the department to host the event, including, but not limited to, a local requirement to obtain approval by the local fire marshal or local fire code official. If the local city, county, or city and county requires approval but does not grant it, the authorization granted by the department pursuant to subdivision (c) becomes void and is nonrefundable.

(h) Nothing in this section is intended to alter, diminish, replace, or eliminate the authority of a county, city, or city and county from exercising land use regulatory authority by law to the extent the authority may restrict, but not eliminate, privileges afforded by this section.

SEC. 4. Section 14561 of the Public Resources Code is amended to read:

14561. (a) A beverage manufacturer shall clearly indicate on all beverage containers sold or offered for sale by that beverage manufacturer in the state the message "CA Redemption Value," "California Redemption Value," "CA Cash Refund," "California Cash Refund," or "CA CRV," by etching, embossing, or printing the beverage container or by securely affixing a clear and prominent stamp, label, or other device to the beverage container.

(b) A refillable beverage container sold or offered for sale is exempt from this section. However, a beverage manufacturer or container manufacturer may place upon, or affix to, a refillable beverage container any message that the manufacturer determines to be appropriate relating to the refund value of the beverage container.

(c) A person shall not offer to sell, or sell, to a consumer, a beverage container subject to subdivision (a) that has not been labeled pursuant to this section, except for a refillable beverage container that is exempt from labeling pursuant to subdivision (b).

(d) The department may require that a beverage container intended for sale in the state be printed, embossed, stamped, labeled, or otherwise marked with a scan code, a quick response (QR) code, or a universal product code or similar machine-readable indicia, which shall be at least one-half inch in size, but may, at the discretion of the beverage manufacturer, be larger in size. If the beverage container is eligible to be labeled with a chasing arrows symbol in compliance with Section 42355.51, a chasing arrows symbol may be used inside the machine-readable label in lieu of the message "DEPOSIT" adjacent to or within the machine-readable indicia. For purposes of this subdivision, "chasing arrows symbol" means an equilateral triangle, formed by three arrows curved at their midpoints, depicting a clockwise path, with a short gap separating the apex of each arrow from the base of the adjacent arrow.

(e) A beverage container labeled with the message specified in subdivision (a) shall have the minimum redemption payment established pursuant to Section 14560, which shall be paid by the distributor to the department pursuant to Section 14574.

(f) (1) Notwithstanding any other requirement of this section, all of the following shall apply:

(A) A beverage container that is included within the scope of this division beginning on January 1, 2024, but that was not subject to this division before that date, shall be exempt from the labeling requirements of this section until July 1, 2026.

(B) A beverage container that is included within the scope of this division beginning on January 1, 2024, but that was not subject to this division before that date, and that was filled and labeled before July 1, 2025, shall be exempt from the labeling requirements of this section.

(C) A beverage container containing a beverage described in paragraph (7) or (9) of subdivision (a) of Section 14504 that is included within the scope of this division beginning on January 1, 2024, but that was not subject to this division before that date, and that was filled and labeled before July 1, 2024, shall be exempt from the labeling requirements of this section.

(2) A beverage container described in subparagraph (A), (B), or (C) of paragraph (1) shall be considered an "empty beverage container" for purposes of this division as of January 1, 2024.

(g) Notwithstanding any other requirement in statute or regulation, including, but not limited to, paragraph (1) of subdivision (a) of Section 2200 of Title 14 of the California Code of Regulations, wine and distilled spirit manufacturers licensed pursuant to the Alcoholic Beverage Control Act (Division 9 (commencing with Section 23000) of the Business and Professions Code) shall not be required to provide samples of proposed labels or beverage containers to the department for approval before the sale or transfer of beverage containers in the state. The department shall provide the relevant labeling criteria to those wine and distilled spirit manufacturers, which the manufacturers shall use to self-certify compliance with that criteria on their registration materials submitted to the department under this division. A manufacturer may request assistance from the department in determining compliance with the labeling criteria.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of

the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
