[Approved by Governor October 03, 2025. Filed with Secretary of State October 03, 2025.]

LEGISLATIVE COUNSEL'S DIGEST

AB 808, Addis. Campaign statements and registrations: filing online or electronically.

(1) The Political Reform Act of 1974 authorizes specified campaign disclosure reports and statements of financial interest to be filed by fax, provided that the required originals or paper copies are sent by first-class mail or by any other personal delivery within 24 hours of the applicable deadline. The act generally authorizes other reports filed by candidates for elective office, committees formed primarily to support or oppose a candidate for public office or a ballot measure, and other entities to be filed by various means, including personal delivery, guaranteed overnight delivery, facsimile transmission, and online transmission.

This bill would eliminate the option to file various statements and reports by facsimile transmission and would authorize certain reports to be filed by email.

(2) Existing law defines "campaign statement" for purposes of the act to mean an itemized report that is prepared on a form or in a manner prescribed by the Fair Political Practices Commission and that provides specified information. The act requires specified committees to file a statement of organization online or electronically with the Secretary of State.

This bill would replace the term "campaign statement" with "campaign report" and the term "statement of organization" with "registration" throughout the act. The bill would further define "campaign report" to mean an itemized report that is prepared in a manner prescribed by the commission.

(3) Under the act, if a committee is required to file a campaign statement or report disclosing an independent expenditure, a verification statement must accompany the campaign statement or report, as specified.

The bill would clarify that this provision applies to both semiannual and preelection statements disclosing an independent expenditure.

(4) Existing law requires the commission to provide a short form for filing reports for candidates and officeholders who receive contributions of less than \$2,000, and who make expenditures of less than \$2,000, in a calendar year.

This bill would repeal that provision.

(5) Existing law prohibits a candidate for elective state, county, or city office from personally loaning to the candidate's campaign an amount for which the outstanding balance exceeds \$100,000. The act prohibits a candidate from charging interest on any such loan.

This bill would remove the \$100,000 cap on the outstanding balance of a candidate's personal loan to their campaign.

(6) The act requires the Fair Political Practices Commission to annually publish a booklet by March 1 that sets forth the provisions of the act and includes other information that the commission deems pertinent to the interpretation and enforcement of the act.

This bill would instead require the commission to annually publish the provisions of the act by that date.

(7) The act requires the Secretary of State, in consultation with the Fair Political Practices Commission, to develop online and electronic filing processes for persons and entities that are required to file statements and reports with the Secretary of State's office. Before making the system available for public use, the act requires the Secretary of State to certify that the system meets all statutory requirements. Once all requirements have been met, the act requires the Secretary of State to make public their availability to accept reports online or electronically and authorizes any filer to voluntarily file specified reports and statements with the Secretary of State.

This bill would delete the provision regarding the voluntary filing of reports and it would require persons who, and entities that, are required to file online or electronically to file all subsequent reports online or electronically. The bill would make other conforming changes in anticipation of reports being filed online or electronically using the new system.

A violation of the Political Reform Act of 1974 is punishable as a misdemeanor.

By imposing new requirements on persons and entities filing reports with the new electronic filing system, the bill would expand the scope of a crime and impose a state-mandated local program.

(8) This bill would incorporate additional changes to Section 84224 of the Government Code proposed by SB 760, to be operative only if this bill and SB 760 are enacted and this bill is enacted last.

This bill would incorporate additional changes to Section 89517.5 of the Government Code proposed by AB 789, to be operative only if this bill and AB 789 are enacted and this bill is enacted last.

(9) This bill would make its provisions contingent upon the Secretary of State certifying the above-described online electronic filing system for public use.

(10) The Political Reform Act of 1974, an initiative measure, provides that the Legislature may amend the act to further the act's purposes upon a $\frac{2}{3}$ vote of each house of the Legislature and compliance with specified procedural requirements.

This bill would declare that it furthers the purposes of the act.

(11) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 81007 of the Government Code, as amended by Section 2 of Chapter 662 of the Statutes of 2018, is amended to read:

81007. When a report or statement or copies thereof required to be filed in paper format with any filing officer under this title has been sent by first-class mail or by any other guaranteed overnight delivery service addressed to the filing officer, it shall for purposes of any deadline be deemed to have been received by the filing officer on the date of the deposit in the mail or of receipt by that delivery service. It shall be presumed until the contrary is established that any date stamped by the post office on the envelope or contained on the delivery service receipt containing the report or statement is the date it was deposited in the mail or received by the delivery service. Mail that is not received by the filing officer shall be presumed not to have been sent unless the

filer possesses a post office or delivery service receipt establishing the date of deposit and the name and address of the addressee.

(b) An emailed report or statement shall not be considered filed if the emailed report or statement is not a true and correct copy of the original.

(c) A filing officer who receives an emailed report or statement shall make the report or statement available to the public in the same manner as provided in Section 81008.

SEC. 3. Section 81009 of the Government Code, as amended by Section 2 of Chapter 211 of the Statutes of 2024, is amended to read:

81009. (a) Registrations and original campaign reports of persons holding elective state office, candidates for any such office, committees supporting any such officeholder or candidate, and committees supporting or opposing statewide measures, shall be retained by filing officers indefinitely.

(b) Original campaign reports of mayors, city council members, county supervisors, candidates for any of these offices, and committees supporting any officeholder or candidate shall be retained indefinitely, except that original campaign reports of candidates not elected to these offices and of committees supporting candidates not elected to these offices shall be retained by filing officers for a period of at least five years.

(d) Original statements of economic interests of persons holding statewide elective office shall be retained by filing officers indefinitely.

(e) Original reports and statements not specified above in this section shall be retained by filing officers for at least seven years.

(f) Copies of reports or statements shall be retained by the officer with whom they are filed for at least four years, provided, however, that a filing officer is not required to retain more than one copy of a report or statement.

(g) (1) If an original report or statement or a copy is filed in a paper format, the officer with whom it is filed may comply with this section by retaining either of the following available for public inspection:

(B) An electronic copy.

(2) Upon request, the office shall provide copies of such statements pursuant to Section 81008.

(3) Reports and statements filed online or electronically under this title shall be retained and archived pursuant to this section and Sections 84602 and 84615.

SEC. 4. Section 81010 of the Government Code, as amended by Section 6 of Chapter 662 of the Statutes of 2018, is amended to read:

81010. For reports and statements filed with a filing officer pursuant to this title, the filing officer shall do all of the following:

(a) Supply the necessary reports and manuals prescribed by the Commission.

(b) Determine whether required information has been filed and, if so, whether it conforms on its face with the requirements of this title.

(c) Notify promptly all persons and known committees who have failed to file a report or statement in the manner and at the time required by this title.

(d) Report apparent violations of this title to the appropriate agencies.

(e) Compile and maintain a current list of all reports and statements filed with this office.

SEC. 5. Section 82006 of the Government Code, as amended by Section 7 of Chapter 662 of the Statutes of 2018, is amended to read:

82006. "Campaign report" means an itemized report that is prepared in a manner prescribed by the Commission and that provides the information required by Chapters 4 and 5 of this title.

SEC. 6. Section 82015 of the Government Code is amended to read:

82015. (a) "Contribution" means a payment, a forgiveness of a loan, a payment of a loan by a third party, or an enforceable promise to make a payment, except to the extent that full and adequate consideration is received or if it is clear from the surrounding circumstances that the payment is not made for political purposes.

(b) "Contribution" includes all of the following:

(1) The purchase of tickets for events such as dinners, luncheons, rallies, and similar fundraising events; the candidate's own money or property used on behalf of the candidate's candidacy, other than personal funds of the candidate used to pay either a filing fee for a declaration of candidacy or a candidate statement prepared pursuant to Section 13307 of the Elections Code; the granting of discounts or rebates not extended to the public generally or the granting of discounts or rebates by television and radio stations and newspapers not extended on an equal basis to all candidates for the same office; the payment of compensation by any person for the personal services or expenses of any other person if the services are rendered or expenses incurred on behalf of a candidate or committee without payment of full and adequate consideration.

(2) The transfer of anything of value received by a committee from another committee, unless full and adequate consideration is received.

(3) The payment of public moneys by a state or local governmental agency for a communication to the public that satisfies both of the following:

(A) The communication expressly advocates the election or defeat of a clearly identified candidate or the qualification, passage, or defeat of a clearly identified measure, or, taken as a whole and in context, unambiguously urges a particular result in an election.

(B) The communication is made at the behest of the affected candidate or committee.

(4) A payment made by a person to a multipurpose organization as defined and described in Section 84222.

(5) (A) A payment made by a lobbyist or a cohabitant of a lobbyist for costs related to a fundraising event held at the home of the lobbyist, including the value of the use of the home as a fundraising event venue. A payment described in this paragraph is attributable to the lobbyist for purposes of Section 85702.

(B) A payment made by a lobbying firm for costs related to a fundraising event held at the office of the lobbying firm, including the value of the use of the office as a fundraising event venue.

(c) "Contribution" does not include any of the following:

(1) Amounts received pursuant to an enforceable promise to the extent those amounts have been previously reported as a contribution. However, the fact that those amounts have been received shall be indicated in the appropriate campaign report.

(2) Except as provided in paragraph (5) of subdivision (b), a payment made by an occupant of a home or office for costs related to any meeting or fundraising event held in the occupant's home or office if the costs for the meeting or fundraising event are five hundred dollars (\$500) or less.

(3) Volunteer personal services or payments made by any individual for the individual's own travel expenses if the payments are made voluntarily without any understanding or agreement that they will be, directly or indirectly, repaid to the individual.

(4) A behested payment, as defined in Section 82004.5, but only as to the behesting committee, elected officer, or member of the Public Utilities Commission.

SEC. 7. Section 82018 of the Government Code is amended to read:

82018. (a) Except as provided in subdivisions (b), (c), and (d), "cumulative amount" means the amount of contributions received or expenditures made in the calendar year.

(b) For a filer required to file a campaign report or independent expenditure report in one year in connection with an election to be held in another year, the period over which the cumulative amount is calculated shall end on the closing date of the first semiannual report filed after the election.

(c) For a filer required to file a campaign report in connection with the qualification of a measure which extends into two calendar years, the period over which the cumulative amount is calculated shall end on December 31 of the second calendar year.

(d) For a person filing a campaign report with a period modified by the provisions of this section, the next period over which the cumulative amount is calculated shall begin on the day after the closing date of the report.

SEC. 8. Section 82022.5 of the Government Code is amended to read:

82022.5. "Election-related activities" include, but are not limited to, the following with respect to candidate-based elections:

(a) Communications that contain express advocacy of the nomination or election of a candidate or the defeat of a candidate's opponent.

(b) Communications that contain reference to a candidate's candidacy for elective office, the candidate's election campaign, or the candidate's or the candidate's opponent's qualifications for elective office.

(c) Solicitation of contributions to the candidate or to third persons for use in support of the candidate or in opposition to the candidate's opponent.

(d) Arranging, coordinating, developing, writing, distributing, preparing, or planning of any communication or activity described in subdivisions (a) to (c), inclusive.

(e) Recruiting or coordinating campaign activities of campaign volunteers on behalf of the candidate.

(f) Preparing campaign budgets.

(g) Preparing campaign finance disclosure reports.

(h) Communications directed to voters or potential voters as part of activities encouraging or assisting persons to vote if the communication contains express advocacy of the nomination or election of the candidate or the defeat of the candidate's opponent.

SEC. 9. Section 82025 of the Government Code is amended to read:

82025. (a) "Expenditure" means a payment, a forgiveness of a loan, a payment of a loan by a third party, or an enforceable promise to make a payment, unless it is clear from the surrounding circumstances that it is not made for political purposes. "Expenditure" does not include a candidate's use of the candidate's own money to pay for either a filing fee for a declaration of candidacy or a candidate statement prepared pursuant to Section 13307 of the Elections Code. An expenditure is made on the date the payment is made or on the date consideration, if any, is received, whichever is earlier.

(b) A payment is made for political purposes if it is any of the following:

(1) For purposes of influencing or attempting to influence the action of the voters for or against the nomination or election of a candidate or candidates, or the qualification or passage of any measure.

(2) Made by any of the following:

(A) A candidate, unless it is clear from surrounding circumstances that the payment was made for personal purposes unrelated to the candidate's candidacy or status as an officeholder.

(B) A controlled committee.

(C) An official committee of a political party, including a state central committee, county central committee, assembly district committee, or any subcommittee of such committee.

(D) An organization formed or existing primarily for political purposes, as described in paragraph (1), including, but not limited to, a political action committee established by any membership organization, labor union, or corporation.

(c) "Expenditure" includes any monetary or nonmonetary payment made by any person, other than the persons or organizations described in subdivision (b), that is used for communications that expressly advocate the nomination, election, or defeat of a clearly identified candidate or candidates, or the qualification, passage, or defeat of a clearly identified ballot measure.

(1) "Clearly identified" is defined as follows:

(A) A candidate is clearly identified if the communication states the candidate's name, makes unambiguous reference to the candidate's office or status as a candidate, or unambiguously describes the candidate in any manner.

(B) A group of candidates is clearly identified if the communication makes unambiguous reference to some well-defined characteristic of the group, even if the communication does not name each candidate. A communication that clearly identifies a group of candidates and expressly advocates their election or defeat is reportable as an expenditure, but the expenditure need not be allocated among all members of the class or group on the campaign report disclosing the expenditure.

(C) A measure that has qualified to be placed on the ballot is clearly identified if the communication states a proposition number, official title, or popular name associated with the measure. In addition, the measure is clearly identified if the communication refers to the subject matter of the measure and either states that the measure is before the people for a vote or, taken as a whole and in context, unambiguously refers to the measure.

(D) A measure that has not qualified to be placed on the ballot is clearly identified if the communication refers to the subject matter of the measure and the qualification drive.

(2) A communication "expressly advocates" the nomination, election, or defeat of a candidate or the qualification, passage, or defeat of a measure if it contains express words of advocacy such as "vote for," "elect," "support," "cast your ballot," "vote against," "defeat," "reject," "sign petitions for," or, within 60 days before an election in which the candidate or measure appears on the ballot, the communication otherwise refers to a clearly identified candidate or measure so that the communication, taken as a whole, unambiguously urges a particular result in an election.

(A) Except for those communications paid for with public moneys by a state or local government agency, a communication, taken as a whole, unambiguously urges a particular result in an election if it is not susceptible of any reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure. A communication is not susceptible of any reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure when, taken as a whole, it could only be interpreted by a reasonable person as containing an appeal to vote for or against a specific candidate or measure because of both of the following:

(i) The electoral portion of the communication is unmistakable, unambiguous, and suggestive of only one meaning.

(ii) Reasonable minds could not differ as to whether it encourages a vote for or against a clearly identified candidate or measure, or encourages some other kind of action on a legislative, executive, or judicial matter or issue.

(B) The following nonexhaustive examples, referring to candidates or measures on the ballot in an upcoming election, illustrate statements that in most contexts would not be susceptible of any reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure: "Smith's the One"; "No Measure A"; "Rally 'round O'Malley"; "Create jobs with Measure X"; "Only Nancy Brown can clean out City Hall"; "Proposition 123 - your last chance to save California"; "Joe Green will earn your trust"; "Bob Boone is unqualified for office and a special-interest puppet"; "Shirley Hall - bad for California, bad for you."

(C) The following nonexhaustive examples, referring to candidates or measures on the ballot in an upcoming election, illustrate statements that would be susceptible of a reasonable interpretation other than as an appeal to vote for or against a specific candidate or measure: "Assembly Member Nancy Brown needs to be tough on criminals. Call her and tell her to stand firm on AB 100"; "Poor children need a home too. Support the Mayor's stance against more budget cuts"; "Thank you, Supervisor Smith, for continuing to support our farmers."

(D) Safe Harbor. A communication does not expressly advocate the nomination, election, or defeat of a candidate, or the qualification, passage, or defeat of a measure, within the meaning of this section, if both of the following apply:

(i) The communication does not mention an election, candidacy, political party unless required by law, opposing candidate, or voting by the general public, and it does not take a position on the character, qualifications, or fitness for office of a candidate or officeholder, or the merits of a ballot measure.

(ii) The communication focuses on a legislative, executive, or judicial matter or issue, either urging a candidate to take a particular position or action with respect to the matter or issue, or urging the public to adopt a particular position and to contact the candidate with respect to the matter or issue.

(E) Rules of Interpretation. If a communication does not qualify for the safe harbor described in subparagraph (D), the commission shall consider if the communication has an interpretation other than as an appeal to vote for or against a clearly identified candidate or measure, in order to determine if, on balance, the communication is not susceptible of any reasonable interpretation other than as an appeal to vote for or against a clearly identified candidate or measure.

(3) Reporting Expenditures.

(A) The amount of an expenditure reportable pursuant to this subdivision shall include all costs directly attributable to the communication, including, but not limited to, salaries, production, postage, space or time purchased, agency fees, printing, and any additional administrative or overhead costs attributable to the communication. The expenditure does not include any of the regular ongoing business overhead that will be incurred in similar amounts regardless of the communication.

(B) When a printed or broadcast communication circulates outside the state, the expenditure may be calculated on the basis of the fraction of the total cost attributable to circulation within the state.

(C) Costs directly traceable to the communication are reportable when the communication is made, or when payments are made in connection with the development, production, or dissemination of the communication, whichever occurs first.

(D) The costs of printing and distributing petitions, recruiting, training, and paying expenses of petition circulators, and other costs incurred in connection with the qualification of a measure are reportable expenditures.

(4) Except for those communications paid for with public moneys by a state or local government agency, notwithstanding this subdivision, "expenditure" does not include costs incurred for communications that expressly advocate the nomination, election, or defeat of a clearly identified candidate or candidates, or the qualification, passage, or defeat of a clearly identified measure or measures by either of the following:

(A) A broadcasting station, including a cable or satellite television operation, programmer, or producer, internet website, or a regularly published newspaper, magazine, or other periodical of general circulation, including an internet or electronic publication, that routinely carries news and commentary of general interest, for the cost of covering or carrying a news story, commentary, or editorial.

(B) A regularly published newsletter or regularly published periodical, other than those specified in subparagraph (A), whose circulation is limited to an organization's members, employees, shareholders, other affiliated individuals, and those who request or purchase the publication. This subparagraph applies only to the costs regularly incurred in publishing the newsletter or periodical. If additional costs are incurred because the newsletter or periodical is issued on other than its regular schedule, expanded in circulation, or substantially altered in style, size, or format, the additional costs are expenditures.

(5) The term "expenditure" also does not include uncompensated internet activity by an individual supporting or opposing a candidate or measure as stated in Section 18215.2 of Title 2 of the California Code of Regulations.

(d) A payment used to make contributions, as defined in Section 82015, is an expenditure.

SEC. 10. Section 82046 of the Government Code is amended to read:

82046. (a) "Period covered" by a statement or report required to be filed by this title, other than a campaign report, means, unless a different period is specified, the period beginning with the day after the closing date of the most recent statement or report which was required to be filed, and ending with the closing date of the statement or report in question. If the person filing the statement or report has not previously filed a statement or report of the same type, the period covered begins on the day on which the first reportable transaction occurred. Nothing in this chapter shall be interpreted to exempt any person from disclosing transactions which occurred prior to the effective date of this title according to the laws then in effect.

(b) "Period covered" by a campaign report required pursuant to Sections 84200, 84200.5, 84202.3, and 84202.7 means, unless a different period is specified, the period beginning the day after the closing date of the most recent campaign report which was required to be filed and ending with the closing date of the statement in question. If a person has not previously filed a campaign report, the period covered begins on January 1.

SEC. 11. Section 83113 of the Government Code is amended to read:

83113. The commission shall, in addition to its other duties, do all of the following:

(a) Specify the format for reports, statements, notices and other documents required by this title.

(b) Prepare and publish manuals and instructions setting forth methods of bookkeeping and preservation of records to facilitate compliance with and enforcement of this title, and explaining the duties of persons and committees under this title.

(c) Provide assistance to agencies and public officials in administering the provisions of this title.

(d) Maintain a central file of local campaign contribution and expenditure ordinances forwarded to it by local government agencies.

(e) Annually publish the provisions of this title no later than March 1.

SEC. 12. Section 84100 of the Government Code is amended to read:

84100. (a) Every recipient committee, as defined by subdivision (a) of Section 82013, shall have a treasurer. An expenditure shall not be made by or on behalf of a committee without the authorization of the treasurer or the treasurer's designated agents. A contribution or expenditure shall not be accepted or made by or on behalf of a committee when the office of treasurer is vacant.

(b) A recipient committee, as defined by subdivision (a) of Section 82013, may designate one assistant treasurer on the committee's registration. The assistant treasurer may sign and verify a campaign report on behalf of the committee if the assistant uses reasonable diligence to prepare and review the report and signs to that effect under penalty of perjury as required by Section 81004.

SEC. 13. Section 84101 of the Government Code, as amended by Section 2 of Chapter 180 of the Statutes of 2024, is amended to read:

84101. (a) A committee that is a committee by virtue of subdivision (a) of Section 82013 shall register online or electronically with the Secretary of State within 10 days after the committee has qualified as a committee. The Secretary of State shall assign a number to each committee that registers and shall notify the committee of the number. The Secretary of State shall make available to the local filing officer, as designated by the filer on their registration, the information filed pursuant to this subdivision.

(b) In addition to registering as required by subdivision (a), if a committee qualifies as a committee under subdivision (a) of Section 82013 within 16 days before the date of an election in connection with which the committee is required to file preelection reports, the committee shall register, within 24 hours of qualifying as a committee, online or electronically with the Secretary of State. Within 24 hours, the Secretary of State shall make available to the local filing officer designated by the filer on their registration the information filed pursuant to this subdivision.

(c) If an independent expenditure committee qualifies as a committee pursuant to subdivision (a) of Section 82013 during the time period described in Section 82036.5 and makes independent expenditures of one thousand dollars (\$1,000) or more to support or oppose a candidate or candidates for office, the committee shall register, within 24 hours of qualifying as a committee, online or electronically with the Secretary of State. The Secretary of State shall make the information filed available to the local filing officer designated by the filer on their registration and the filing officers designated by the filer on their registration for the candidate or candidates supported or opposed by the independent expenditures within 24 hours of a registration filed pursuant to this subdivision. The filings required by this section are in addition to filings that may be required by Section 84204.

(d) For purposes of this section, in calculating whether two thousand dollars (\$2,000) in contributions has been received, payments for a filing fee or for a statement of qualifications to appear in a state or county voter information guide shall not be included if these payments have been made from the candidate's personal funds.

(e) (1) For purposes of this subdivision, "authorized person" means a person, other than the treasurer, who is authorized to obtain the bank records of the committee from the financial institution where the campaign bank account is maintained.

(2) The Secretary of State shall not include a bank account number or the name of an authorized person on or with any registration information provided to the local filing officer pursuant to this section.

(3) Notwithstanding Section 81008 or the California Public Records Act (Division 10 (commencing with Section 7920.000) of Title 1 of the Government Code), the Secretary of State shall not provide to the public the bank account number or the name of an authorized person provided by a committee when registering.

SEC. 14. Section 84101.5 of the Government Code, as amended by Section 3 of Chapter 317 of the Statutes of 2021, is amended to read:

84101.5. (a) Notwithstanding Section 81006, the Secretary of State shall charge each committee that is required to register pursuant to subdivision (a) of Section 84101 an annual fee of fifty dollars (\$50) until the committee is terminated pursuant to Section 84214.

(b) (1) A committee subject to the annual fee pursuant to subdivision (a) shall pay the fee no later than 15 days after filing its registration and no later than April 30 of each year thereafter, except as provided in paragraph (2).

(2) A committee that is created, and pays the initial fee pursuant to paragraph (1), in October, November, or December of a calendar year is not subject to the annual fee for the following calendar year.

(c) (1) A committee that fails to timely pay the annual fee required by this section is subject to an administrative penalty of one hundred fifty dollars (\$150).

(2) The Secretary of State shall enforce the requirements of this section.

SEC. 15. Section 84102 of the Government Code is amended to read:

84222. (a) For purposes of this title, "multipurpose organization" means an organization described in Sections 501(c)(3) to 501(c)(10), inclusive, of the Internal Revenue Code and that is exempt from taxation under Section 501(a) of the Internal Revenue Code, a federal or out-of-state political organization, a trade association, a professional association, a civic organization, a religious organization, a fraternal society, an educational institution, or any other association or group of persons acting in concert, that is operating for purposes other than making contributions or expenditures. "Multipurpose organization" does not include a business entity, an individual, or a federal candidate's authorized committee, as defined in Section 30101 of Title 52 of the United States Code, that is registered and filing reports pursuant to the Federal Election Campaign Act of 1971 (Public Law 92-225).

(b) A multipurpose organization that makes expenditures or contributions and does not qualify as a committee pursuant to subdivision (c) may qualify as an independent expenditure committee or major donor committee if the multipurpose organization satisfies subdivision (b) or (c) of Section 82013.

(c) Except as provided in subparagraph (A) of paragraph (5), a multipurpose organization is a recipient committee within the meaning of subdivision (a) of Section 82013 only under one or more of the following circumstances:

(1) The multipurpose organization is a political committee registered with the Federal Election Commission, except as provided in subdivision (a) of this section, or a political committee registered with another state, and the multipurpose organization makes contributions or expenditures in this state in an amount equal to or greater than the amount identified in subdivision (a) of Section 82013.

(2) The multipurpose organization solicits and receives payments from donors in an amount equal to or greater than the amount identified in subdivision (a) of Section 82013 for the purpose of making contributions or expenditures.

(3) The multipurpose organization accepts payments from donors in an amount equal to or greater than the amount identified in subdivision (a) of Section 82013 subject to a condition, agreement, or understanding with the donor that all or a portion of the payments may be used for making contributions or expenditures.

(4) The multipurpose organization has existing funds from a donor and a subsequent agreement or understanding is reached with the donor that all or a portion of the funds may be used for making contributions or expenditures in an amount equal to or greater than the amount identified in subdivision (a) of Section 82013. The date of the subsequent agreement or understanding is deemed to be the date of receipt of the payment.

(5) The multipurpose organization makes contributions or expenditures totaling more than fifty thousand dollars (\$50,000) in a period of 12 months or more than one hundred thousand dollars (\$100,000) in a period of four consecutive calendar years.

(A) A multipurpose organization shall not qualify as a committee within the meaning of subdivision (a) of Section 82013 pursuant to this paragraph if the multipurpose organization makes contributions or expenditures using only available nondonor funds. A multipurpose organization that makes contributions or expenditures with nondonor funds shall briefly describe the source of the funds used on its major donor or independent expenditure report.

(B) For purposes of this paragraph, "nondonor funds" means investment income, including capital gains, or income earned from providing goods, services, or facilities, whether related or unrelated to the multipurpose organization's program, sale of assets, or other receipts that are not donations.

(d) A multipurpose organization that is a committee pursuant to paragraph (1) of subdivision (c) shall comply with the registration and reporting requirements of this chapter, subject to the following:

(1) The multipurpose organization is not required to comply with subdivision (k) of Section 84211 for contributions and expenditures made to influence federal or out-of-state elections, which shall instead be reported as a single expenditure and be described as such on the campaign report.

(2) A multipurpose organization registered with the Federal Election Commission is not subject to subdivisions (d) and (f) of Section 84211 but shall disclose the total amount of contributions received pursuant to subdivision (a) of Section 84211, and shall disclose the multipurpose organization's name and identification number registered with the Federal Election Commission on the campaign report.

(e) (1) A multipurpose organization that is a committee pursuant to paragraph (2), (3), (4), or (5) of subdivision (c) shall comply with the registration and reporting requirements of this chapter, subject to the following, except that if the multipurpose organization is the sponsor of a committee as described in subdivision (f) it may report required information on its sponsored committee report pursuant to subdivision (f):

(A) The multipurpose organization shall register in the calendar year in which it satisfies any of the criteria in subdivision (c). The registration filed pursuant to Section 84101 shall indicate that the organization is filing pursuant to this section as a multipurpose organization and state the organization's nonprofit tax exempt status, if any. The registration shall also describe the organization's mission or most significant activities, and describe the organization's political activities. A multipurpose organization may comply with the requirement to describe the mission or significant activities and political activities by referencing where the organization's Internal Revenue Service Return of Organization Exempt From Income Tax form may be accessed.

(B) Except as provided in this subparagraph, the registration of a multipurpose organization that meets the criteria of paragraph (5) of subdivision (c) shall terminate automatically on December 31 of the calendar year in which the multipurpose organization is registered. The multipurpose organization shall not be required to file a semiannual report pursuant to subdivision (b) of Section 84200, unless the multipurpose organization has undisclosed contributions or expenditures to report, in which case termination shall occur automatically upon filing the semiannual report that is due no later than January 31. After the multipurpose organization's registration has terminated, the multipurpose organization's

reporting obligations are complete, unless the organization qualifies as a committee for purposes of subdivision (a) of Section 82013 again in the following calendar year pursuant to subdivision (c) of this section. Notwithstanding this subdivision, a multipurpose organization may elect to remain registered as a committee by submitting written notification to the Secretary of State prior to the end of the calendar year.

(C) A multipurpose organization shall report all contributions received that satisfy the criteria of paragraph (2), (3), or (4) of subdivision (c) of this section in the manner required by subdivision (f) of Section 84211, and for the balance of its contributions or expenditures shall further report contributors based on a last in, first out accounting method.

(2) A multipurpose organization reporting pursuant to this subdivision shall disclose total contributions received in an amount equal to the multipurpose organization's total contributions and expenditures made in the reporting period. When a multipurpose organization reports donors based on the last in, first out accounting method, it shall attribute to and include the information required by subdivision (f) of Section 84211 for any donor who donates one thousand dollars (\$1,000) or more in a calendar year, except for the following:

(A) A donor who designates or restricts the donation for purposes other than contributions or expenditures.

(B) A donor who prohibits the multipurpose organization's use of its donation for contributions or expenditures.

(C) A private foundation, as defined by subdivision (a) of Section 509 of the Internal Revenue Code, that provides a grant that does not constitute a taxable expenditure for purposes of paragraph (1) or (2) of subdivision (d) of Section 4945 of the Internal Revenue Code.

(3) A multipurpose organization that qualifies as a committee pursuant to paragraph (5) of subdivision (c) shall not be required to include contributions or expenditures made in a prior calendar year on the reports filed for the calendar year in which the multipurpose organization qualifies as a committee.

(4) If a multipurpose organization qualifies as a committee solely pursuant to paragraph (5) of subdivision (c) and the committee is required to report donors based on a last in, first out accounting method pursuant to paragraph (1), the multipurpose organization shall not be required to disclose donor information for a donation received by the multipurpose organization prior to July 1, 2014. This paragraph shall not apply with respect to a donation made by a donor who knew that the multipurpose organization would use the donation to support or oppose a candidate or ballot measure in the state by requesting that the donation be used for that purpose or by making the donation in response to a message or solicitation indicating the multipurpose organization's intent to use the donation for that purpose.

(5) A contributor identified and reported in the manner provided in subparagraph (C) of paragraph (1) that is a multipurpose organization and receives contributions that satisfy the criteria in subdivision (c) shall be subject to the requirements of this subdivision.

(6) The commission shall adopt regulations establishing notice requirements and reasonable filing deadlines for donors reported as contributors based on the last in, first out accounting method.

(f) A multipurpose organization that is the sponsor of a committee as defined in Section 82048.7, that is a membership organization, that makes all of its contributions and expenditures from funds derived from dues, assessments, fees, and similar payments that do not exceed ten thousand dollars (\$10,000) per calendar year from a single source, and that elects to report its contributions and expenditures on its sponsored committee's campaign report pursuant to paragraph (1) of subdivision (e) shall report as follows:

(1) The sponsored committee shall report all contributions and expenditures made from the sponsor's treasury funds on reports filed by the committee. The sponsor shall use a last in, first out accounting method and disclose the information required by subdivision (f) of Section 84211 for any person who pays dues, assessments, fees, or similar payments of one thousand dollars (\$1,000) or more to the sponsor's treasury funds in a calendar year and shall disclose all contributions and expenditures made, as required by subdivision (k) of Section 84211, on the sponsored committee's campaign reports.

(2) The sponsored committee shall report all other contributions and expenditures in support of the committee by the sponsor, its intermediate units, and the members of those entities. A sponsoring organization makes contributions and expenditures in support of its sponsored committee when it provides the committee with money from its treasury funds, with the exception of establishment or administrative costs. With respect to dues, assessments, fees, and similar payments channeled through the sponsor or an intermediate unit to a sponsored committee, the original source of the dues, assessments, fees, and similar payments is the contributor.

(3) A responsible officer of the sponsor, as well as the treasurer of the sponsored committee, shall verify the committee's campaign report pursuant to Section 81004.

(g) For purposes of this section, "last in, first out accounting method" means an accounting method by which contributions and expenditures are attributed to the multipurpose organization's contributors in reverse chronological order beginning with the most recent of its contributors or, if there are any prior contributions or expenditures, beginning with the most recent contributor for which unattributed contributions remain.

SEC. 41. Section 84223 of the Government Code, as added by Section 13 of Chapter 312 of the Statutes of 2019, is amended to read:

The list shall be based on the filer's campaign reports. A current list of the top 10 contributors shall be posted on the Secretary of State's internet website, as provided in subdivision (c).

(b) (1) Except as provided in paragraph (4), the list of top 10 contributors shall identify the names of the 10 persons who have made the largest cumulative contributions to the committee, the total amount of each person's contributions, the city and state of the person, the person's committee identification number, if any, and any other information deemed necessary by the Commission. If any of the top 10 contributors identified on the list are committees pursuant to subdivision (a) of Section 82013, the Commission may require, by regulation, that the list also identify the top 10 contributors to those contributing committees.

(2) (A) For a committee primarily formed to support or oppose a state ballot measure, the cumulative amount of contributions received by the committee from a person for the period beginning 12 months prior to the date the committee made its first expenditure to qualify, support, or oppose the measure and ending with the current date shall be counted.

(B) For a committee primarily formed to support or oppose a state candidate, the cumulative amount of contributions received by the committee from a person for the primary and general elections combined shall be counted.

(3) The aggregation rules of Section 82015.5 and any implementing regulations adopted by the Commission shall apply in identifying the persons who have made the top 10 cumulative contributions to a committee.

(4) A person who makes contributions to a committee in a cumulative amount of less than ten thousand dollars (\$10,000) shall not be identified or disclosed as a top 10 contributor to a committee pursuant to this section.

(c) (1) The Commission shall adopt regulations to govern the manner in which the Secretary of State shall display top 10 contributor lists maintained for a committee that is subject to this section, and the Secretary of State shall post the top 10 contributor lists on its internet website in the manner prescribed by those regulations.

(2) A committee's top 10 contributor list shall be updated when any of the following occurs:

(A) A new person qualifies as a top 10 contributor to the committee.

(B) A person who is an existing top 10 contributor makes additional contributions to the committee.

(C) A change occurs that alters the relative ranking order of the top 10 contributors.

(3) The 10 persons who have made the largest cumulative contributions to a committee shall be listed in order from largest contribution amount to smallest amount. If two or more contributors of identical amounts meet the threshold for inclusion in the list of top 10 contributors, the order of disclosure shall be made beginning with the most recent contributor of that amount.

(4) The Secretary of State shall post or update a top 10 contributor list within five business days or, during the 16 days before the election, within 48 hours of receiving data of a contributor qualifying for the list or of any change to the list.

(d) In addition to any other lists that the Secretary of State is required to post on its internet website, the Secretary of State shall compile, maintain, and display on its internet website a current list of the top 10 contributors supporting and opposing each state ballot measure, as prescribed by Commission regulations.

(e) This section shall not become operative until the Secretary of State certifies an online filing and disclosure system pursuant to paragraph (7) of subdivision (b) of Section 84602 of the Government Code.

Once the five-thousand-dollar (\$5,000) aggregate threshold from a single source has been reached for a calendar year, all payments for the calendar year made by that source shall be disclosed within 30 days after the date the threshold was reached or the payment was made, whichever occurs later. Within 30 days after receipt of the report, state agencies, including the Public Utilities Commission, shall forward a copy of these reports to the Fair Political Practices Commission, and local agencies shall forward a copy of these reports to the officer with whom elected officers of that agency file their campaign reports.

(b) The reporting requirement imposed by this section applies to a behested payment that satisfies each of the following:

Once the five-thousand-dollar (\$5,000) aggregate threshold from a single source has been reached for a calendar year, all payments for the calendar year made by that source shall be disclosed within 30 days after the date the threshold was reached or the payment was made, whichever occurs later. Within 30 days after receipt of the report, state agencies, including the Public Utilities Commission, shall forward a copy of these reports to the Fair Political Practices Commission, and local agencies shall forward a copy of these reports to the officer with whom elected officers of that agency file their campaign reports.

(iii) The officer or member publicly solicits contributions to the recipient organization.

(2) Paragraph (1) does not apply if either of the following conditions is satisfied:

(2) An elected local government officer or candidate for elective local government office specified in subdivision (a) is required to file a copy of a report or other document online or electronically with the Secretary of State pursuant to paragraph (1) only if the persons specified in subdivisions (a) and (e) of Section 84215 are also required to file that same category of report or other document online or electronically with the Secretary of State.

(c) By the first January 1st after the date the Secretary of State certifies an online filing and disclosure system pursuant to paragraph (7) of subdivision (b) of Section 84602, the Secretary of State shall submit a report to the Legislature in compliance with Section 9795 that specifies the changes to that system, if any, that are required to accommodate filings by local officers and candidates pursuant to this section. SEC. 49. Section 84502 of the Government Code is amended to read:

84502. The online platform may display only one hundred or more characters of the disclosure name if it is followed by a "..." that is clearly clickable and that links to a page as described in paragraph (3).

(2) The online platform may instead display a hyperlink, icon, button, or tab with the text "Who funded this ad?," "Paid for by," or "Ad Paid for by" that is clearly clickable in the same or similar font and in at least the same font size as the online platform's text, and easily readable to the average viewer, stating that the advertisement is an advertisement or is promoted or sponsored, that links to a page as described in paragraph (3).

(3) Hyperlinks, icons, buttons, or tabs used for the purposes described in paragraphs (1) and (2) shall be linked to the profile or landing page of the committee that paid for the advertisement; to another page to which the average viewer would normally navigate to view additional information about a committee containing the disclosure name in a manner that is easily seen and readable by the average viewer; or to an internet website containing the disclosure required by subdivision (d) of Section 84504.3.

(d) An online platform that disseminates committees' online platform disclosed advertisements shall meet all of the following requirements:

(1) Maintain, and make available for online public inspection in a machine readable format, a record of any advertisement disseminated on the online platform by a committee that purchased five hundred dollars (\$500) or more in advertisements on the online platform during the preceding 12 months. Each record shall contain all of the following:

(A) A digital copy of the advertisement.

(2) The information required under this subdivision shall be made available as soon as practicable and shall be retained by the online platform for no less than four years.

(3) (A) Display a prominent button, icon, tab, or hyperlink with the text "View Ads" or similar text in one of the following locations: (i) near the top of a profile, landing page, or similar location of a committee that paid for an advertisement in a

(B) The button, icon, tab, or hyperlink shall link to a page clearly showing all of the advertisement records required by paragraph (1).

(e) An online platform that creates a mechanism for a committee requesting dissemination of an online platform disclosed advertisement to expressly notify the online platform whether the advertisement is an advertisement as defined in Section 84501 and to provide all information necessary for the online platform to comply with the requirements of this section may rely in good faith on the information provided by the committee to the online platform to satisfy the online platform's obligations under subdivisions (c) and (d).

SEC. 51. Section 84602 of the Government Code is amended to read:

84602. (a) To implement the Legislature's intent, the Secretary of State, in consultation with the Commission, notwithstanding any other provision of this code, shall do all of the following:

(1) Develop online and electronic filing processes for use by persons and entities specified in Section 84605 that are required to file statements and reports with the Secretary of State's office pursuant to Chapter 4 (commencing with Section 84100), Chapter 5 (commencing with Section 85100), and Chapter 6 (commencing with Section 86100). Those processes shall each enable a user to comply with all of the disclosure requirements of this title and shall include, at a minimum, both of the following:

(A) A means or method whereby filers subject to this chapter may submit required filings free of charge. Any means or method developed pursuant to this subparagraph shall not provide any additional or enhanced functions or services that exceed the minimum requirements necessary to fulfill the disclosure provisions of this title.

(B) The definition of a nonproprietary standardized record format or formats using industry standards for the transmission of the data that is required of those persons and entities specified in Section 84605 and that conforms with the disclosure requirements of this title. The Secretary of State shall hold public hearings before development of the record format or formats as a means to ensure that affected entities have an opportunity to provide input into the development process.

(2) Accept test files from software vendors and others wishing to file reports electronically, for the purpose of determining whether the file format is in compliance with the standardized record format developed pursuant to paragraph (1) and is compatible with the Secretary of State's system for receiving the data. A list of the software and service providers who have submitted acceptable test files shall be published by the Secretary of State and made available to the public. Acceptably formatted files shall be submitted by a filer in order to meet the requirements of this chapter.

(3) Develop a system that provides for the online or electronic transfer of the data specified in this section using telecommunications technology that ensures the integrity of the data transmitted and that creates safeguards against efforts to tamper with or subvert the data.

(4) Make all the data filed available online in an easily understood format that provides the greatest public access. The data shall be made available free of charge and as soon as possible after receipt. All late contribution and late independent expenditure reports, as defined by Sections 84203 and 84204, respectively, shall be made available online within 24 hours of receipt. The data made available online shall not contain the street name and building number of the persons or entity representatives listed on the electronically filed forms or any bank account number required to be disclosed pursuant to this title.

(5) Develop a procedure for filers to comply with the requirement that they sign under penalty of perjury pursuant to Section 81004.

(6) Maintain all filed data online for 10 years after the date it is filed, and then archive the information in a secure format.

(7) Provide assistance to those seeking public access to the information.

(8) Implement sufficient technology to seek to prevent unauthorized alteration or manipulation of the data.

(9) Provide the Commission with necessary information to enable it to assist agencies, public officials, and others with the compliance with, and administration of, this title.

(b) (1) To implement the Legislature's intent, as described in Section 84601, the Secretary of State, in consultation with the Commission, shall develop an online filing and disclosure system for use by persons and entities specified in Section 84605 that are required to file statements and reports with the Secretary of State's office pursuant to Chapter 4 (commencing with Section

84100), Chapter 5 (commencing with Section 85100), and Chapter 6 (commencing with Section 86100). The system shall enable a user to comply with all of the disclosure requirements of this title and shall include, at minimum, all of the following:

(A) A data-driven means or method that allows filers subject to this chapter to submit required filings free of charge in a manner that facilitates public searches of the data and does all of the following:

(i) Enables a filer to comply with all of the disclosure requirements of this title, including by entering or uploading requisite data or by indicating that the filer had no reportable activity during a particular reporting period.

(ii) Retains previously submitted data so that a filer can access that data to amend disclosures or prepare future disclosures. The system shall permit a filer to enter a contribution or independent expenditure transaction once and have the transaction appear on both a transactional report required by Section 84203, 84204, 84204.5, 84309, or 85500 and a periodic campaign report required by this title.

(iii) Ensures the security of data entered and stored in the system.

(iv) To the extent feasible, is compatible with potential future capability to accept reports from filers specified in subdivisions (b) to (e), inclusive, of Section 84215.

(B) The definition of a nonproprietary standardized record format or formats using industry standards for the transmission of the data that is required of those persons and entities specified in Section 84605 and that conforms with the disclosure requirements of this title.

(2) The Secretary of State shall do all of the following with respect to the online filing and disclosure system developed pursuant to this subdivision:

(A) Accept test files from software vendors and others wishing to file reports electronically for the purpose of determining whether the file format is in compliance with the standardized record format developed pursuant to this subdivision and is compatible with the Secretary of State's system for receiving the data. The Secretary of State shall publish and make available to the public a list of the software and service providers who have submitted acceptable test files. A filer shall submit acceptably formatted files in order to meet the requirements of this chapter.

(B) Make the data filed available online as follows:

(i) In a user-friendly, easily understandable format that provides the greatest public access, including online searches and machine-readable downloads of all data contained in the system, except as specified in clause (iii).

(ii) Free of charge and as soon as possible after receipt, or, in the case of late contribution, late in-kind contribution, and late independent expenditure reports, as defined by Sections 84203, 84203.3, and 84204, respectively, within 24 hours of receipt.

(iii) Not containing the street name or building number of the persons or entity representatives listed on the electronically filed forms or any bank account number required to be disclosed pursuant to this title, except that a nonresidential address of a committee under Section 82013 may be made available online.

(iv) In a manner that allows the public to track and aggregate contributions from the same contributor across filers using a permanent unique identifier assigned by the Secretary of State for this purpose. The Secretary of State shall assign this identifier to, at minimum, each contributor who makes contributions totaling ten thousand dollars (\$10,000) or more in a calendar year to, or at the behest of, candidates or committees that file electronically with the Secretary of State pursuant to subdivision (a) of Section 84215 or who files with the Secretary of State as a major donor committee under subdivision (c) of Section 82013.

(C) Develop a procedure for filers to comply electronically with the requirement to sign under penalty of perjury pursuant to Section 81004. The electronic signature procedure shall allow the filer to file with the Secretary of State and shall not require an original signature to be filed.

(D) Maintain all filed data online for at least 20 years after the date it is filed, and then archive the information in a secure format.

(E) Provide assistance to those seeking public access to the information.

(F) Implement sufficient technology to seek to prevent unauthorized alteration or manipulation of the data.

(G) Provide the Commission with necessary information to enable it to assist agencies, public officials, and others in complying with and administering this title.

(3) The Secretary of State shall do all of the following with respect to developing the online filing and disclosure system and record format pursuant to this subdivision:

(A) Consult with the Assembly Committee on Elections and Redistricting, the Senate Committee on Elections and Constitutional Amendments, the Commission, users, filers, and other stakeholders, as appropriate, about functions of the online filing and disclosure system.

(B) In consultation with the Commission, and no later than July 31, 2017, hold at least one public hearing to receive input about developing the online filing and disclosure system and record format.

(C) No later than December 31, 2017, submit a report to the Assembly Committee on Elections and Redistricting and the Senate Committee on Elections and Constitutional Amendments that includes a plan for the online filing and disclosure system, describes how members of the public will be able to query and retrieve data from the system, and includes a plan for integrating statements as specified in clause (iv) of subparagraph (A) of paragraph (1).

(4) The Secretary of State shall make the online filing and disclosure system developed pursuant to this subdivision available for use no later than February 2021.

(5) The Secretary of State may accept any funds, services, equipment, or grants to further this subdivision, provided that the Secretary of State shall notify the Assembly Committee on Elections and Redistricting and the Senate Committee on Elections and Constitutional Amendments upon accepting any amount valued at one hundred thousand dollars (\$100,000) or more.

(6) Because the provisions of this chapter need to be implemented as expeditiously as possible, the information technology procurement requirements described in Chapter 5.6 (commencing with Section 11545) of Part 1 of Division 3 of Title 2 of this code, and in Section 12100 of the Public Contract Code, do not apply to development of the online filing and disclosure system pursuant to this subdivision. The Secretary of State shall consult with the Department of Technology, as appropriate, in developing the online filing and disclosure system, in order to maximize project success, minimize life-cycle costs, and ensure the security of the system and its data.

(7) (A) Before making the system developed pursuant to this subdivision available for public use, the Secretary of State, in consultation with the Commission, shall test the system to ensure its functionality and then certify that the system meets all the requirements of this subdivision. The Secretary of State may consult with the Department of Technology as needed to fulfill the secretary's duties under this paragraph.

(B) After the system developed pursuant to this subdivision is certified, the system described in subdivision (a) shall no longer accept reports and filings, unless otherwise directed by the Secretary of State and the Commission. The system described in subdivision (a) shall continue to allow public access to past disclosures unless the Secretary of State migrates that data into the system described in this subdivision. To facilitate data conversion during migration, the Secretary of State may make minor technical modifications or corrections to the migrated data.

(c) On or before December 31, 2017, and on or before every April 15, July 15, October 15, and January 15 thereafter, the Secretary of State shall submit to the chairs of the Joint Legislative Budget Committee and the fiscal committees of the Legislature a quarterly report on the progress of the Cal-Access Project. Specifically, the Secretary of State shall certify whether the secretary (1) anticipates making or has made any changes to the project's scope, schedule, or budget and (2) considers any problems to be a risk to the project's completion according to the approved project schedule and budget. This reporting requirement shall end upon the completion or termination of the Cal-Access Project.

SEC. 52. Section 84603 of the Government Code is repealed.

(c) It shall be presumed that online or electronic filers file under penalty of perjury.

(d) The Secretary of State shall maintain at all times a secured, official version of all original online and electronically filed statements and reports required by this chapter, which shall be the official version for audit and other legal purposes.

(e) Except for statements related to a local elective office or a local ballot measure filed by a candidate for local elective office who is also a candidate for elective state office, and for filings subject to Section 84226, a copy of a statement, report, or other document filed by online or electronic means with the Secretary of State shall not be filed with a local filing officer.

(f) Once a person or entity is required to file online or electronically, the person or entity shall be required to file all subsequent reports online or electronically.

84612. If the Secretary of State rejects a filing made under this chapter, the Secretary of State shall immediately notify the filer of the reason or reasons for rejection using plain, straightforward language, avoiding technical terms as much as possible, and using a coherent and easily readable style. The notice shall be written or displayed so that the meaning will be easily understood by those persons directly affected by it. The Cal-Access Replacement System may contain required fields in which information must be entered in order to submit a report or statement, as determined by the Secretary of State and the Commission.

SEC. 55. Section 84615 of the Government Code, as amended by Section 4 of Chapter 180 of the Statutes of 2024, is amended to read:

84615. A local government agency may require an elected officer, candidate, committee, or other person required to file reports or other documents required by Chapter 4 (commencing with Section 84100), except an elected officer, candidate, committee, or other person who receives contributions totaling less than two thousand dollars (\$2,000), and makes expenditures totaling less than two thousand dollars (\$2,000) in a calendar year, to file those reports or other documents online or electronically with a local filing officer. A local government agency that requires online or electronic filing pursuant to this section shall comply with all of the following:

(a) The legislative body for the local government agency shall adopt an ordinance approving the use of online or electronic filing, which shall include a legislative finding that the online or electronic filing system will operate securely and effectively and would not unduly burden filers. The ordinance adopted by the legislative body for the local government agency may, at the discretion of that legislative body, specify that the electronic or online filing requirements apply only to specifically identified types of filings or are triggered only by identified monetary thresholds. In any instance in which the original report or other document is required to be filed with the Secretary of State and a copy of that report or other document is required to be filed with the local government agency, the ordinance may permit, but shall not require, that the copy be filed online or electronically.

(b) The online or electronic filing system shall accept a filing in the standardized record format that was developed by the Secretary of State pursuant to paragraph (2) of subdivision (a) of Section 84602, or the local government agency may transition to the Cal-Access Replacement System format, and then the system shall accept a filing in the new standardized record format developed by the Secretary of State pursuant to subdivision (b) of Section 84602, and that is compatible with the Secretary of State's system for receiving an online or electronic filing.

(c) The online or electronic filing system shall ensure the integrity of the data transmitted and shall include safeguards against efforts to tamper with, manipulate, alter, or subvert the data.

(d) (1) The local filing officer shall issue to a person who files a report or other document online or electronically an electronic confirmation that notifies the filer that the report or other document was received. The confirmation shall include the date and the time that the report or other document was received by the filing officer and the method by which the filer may view and print the data received by the filing officer.

(2) A copy retained by the filer of a report or other document that was filed online or electronically and the confirmation issued pursuant to paragraph (1) that shows the filer timely filed the report or other document shall create a rebuttable presumption

that the filer timely filed the report or other document.

(e) The date of filing for a report or other document that is filed online or electronically shall be the day that it is received by the local filing officer.

(f) The local filing officer shall make all the data filed available online in an easily understood format that provides the greatest public access. The data shall be made available free of charge and as soon as possible after receipt. The data made available online shall not contain the street name and building number of the persons or entity representatives listed on the electronically filed forms or any bank account number required to be disclosed by the filer. Except as provided in Section 84101, the local filing officer shall make a complete, unredacted copy of any report or other document filed pursuant to this section, including any street names and building numbers disclosed by the filer, available to any person upon request.

(g) The online or electronic filing system shall include a procedure for filers to comply with the requirement that they sign reports under penalty of perjury pursuant to Section 81004.

(h) The local government agency shall enable filers to complete and submit filings free of charge.

(i) The local filing officer shall maintain, for a period of at least 10 years commencing from the date filed, a secured, official version of each online or electronic report or other document filed pursuant to this section, which shall serve as the official version of that record for purpose of audits and any other legal purpose. Data that has been maintained for at least 10 years may then be archived in a secure format.

(j) Notwithstanding any other provision of law, any report or other document filed online or electronically pursuant to this section shall not be required to be filed with the local filing officer in paper format.

SEC. 56. Section 84616 of the Government Code is amended to read:

84616. (a) Within 72 hours of each applicable filing deadline, a local government agency shall post on its internet website a copy of any report or other document required by Chapter 4 (commencing with Section 84100) that is filed with that agency in paper format, or by email or fax. If the report or document is filed late by the filer, the local government agency shall post the copy within 72 hours of receipt of the report or document. If the final day of the 72-hour period is a Saturday, Sunday, or holiday, the period is extended to the next day that is not a Saturday, Sunday, or holiday. Before posting, the local filing officer shall redact the street name and building number of the persons or entity representatives listed on any report or document, or any bank account number required to be disclosed by the filer. Providing a link on the agency's internet website to the report or other document satisfies this subdivision.

(b) A report or other document posted pursuant to this section shall be made available for four years from the date of the election associated with the filing.

(c) If a local government agency receives a filing that was required to be filed with a different agency or person, and the filing was not required to be filed with the receiving agency, the local government agency is not required to post the filing pursuant to subdivision (a) and shall notify the filer of the error.

(2) For the purposes of this subdivision, in calculating whether two thousand dollars (\$2,000) in expenditures have been made, payments for a filing fee or for a statement of qualification shall not be included if the payments are made from the candidate's personal funds.

(c) For purposes of this section, "contribution" does not include any payments from the candidate's personal funds for a candidate filing fee or a candidate statement of qualifications fee.

SEC. 58. Section 85201 of the Government Code is amended to read:

(f) Subdivisions (d) and (e) do not apply to a candidate's payment for a filing fee and statement of qualifications from the candidate's personal funds.

(g) This section does not apply to a candidate who will not receive contributions and who makes expenditures from personal funds of less than two thousand dollars (\$2,000) in a calendar year to support the candidate's candidacy. For purposes of this section, a candidate's payment for a filing fee and statement of qualifications shall not be included in calculating the total expenditures made.

(h) An individual who raises contributions from others for that individual's campaign, but who raises or spends less than two thousand dollars (\$2,000) in a calendar year, and does not qualify as a committee under Section 82013, shall establish a campaign contribution account pursuant to subdivision (a), but is not required to file a committee registration pursuant to Section 84101 or other statement of bank account information.

SEC. 59. Section 85307 of the Government Code is amended to read:

This information shall be linked to the part of the website that the Secretary of State maintains concerning that candidate or ballot measure.

(b) It is the intent of the Legislature that a report required pursuant to Section 85500 include a separate field for the filer to input the legislative district number and the number or letter of a statewide ballot measure.

SEC. 62. Section 85704 of the Government Code is amended to read:

85704. (a) A person shall not make any contribution to a committee or candidate that is earmarked for a contribution to any other particular committee, ballot measure, or candidate unless the contribution is fully disclosed pursuant to Section 84302.

(b) For purposes of subdivision (a), a contribution is earmarked if the contribution is made under any of the following circumstances:

(1) The committee or candidate receiving the contribution solicited the contribution for the purpose of making a contribution to another specifically identified committee, ballot measure, or candidate, requested the contributor to expressly consent to such use, and the contributor consents to such use.

(2) The contribution was made subject to a condition or agreement with the contributor that all or a portion of the contribution would be used to make a contribution to another specifically identified committee, ballot measure, or candidate.

(3) After the contribution was made, the contributor and the committee or candidate receiving the contribution reached a subsequent agreement that all or a portion of the contribution would be used to make a contribution to another specifically identified committee, ballot measure, or candidate.

(c) Notwithstanding subdivisions (a) and (b), dues, assessments, fees, and similar payments made to a membership organization or its sponsored committee in an amount less than five hundred dollars (\$500) per calendar year from a single source for the purpose of making contributions or expenditures shall not be considered earmarked.

(d) The committee making the earmarked contribution shall provide the committee receiving the earmarked contribution with the name, address, occupation, and employer, if any, or principal place of business, if self-employed, of the contributor or contributors who earmarked their funds and the amount of the earmarked contribution from each contributor at the time it makes the contribution. If the committee making the contribution received earmarked contributions that exceed the amount contributed, or received contributions that were not earmarked, the committee making the contribution shall use a reasonable accounting method to determine which contributors to identify pursuant to this subdivision, but in no case shall the same contribution be disclosed more than one time to avoid disclosure of additional contributors who earmarked their funds.

(e) Earmarked contributions shall be disclosed on reports required by Chapter 4 (commencing with Section 84100) as follows:

(1) A contributor who qualifies as a committee pursuant to Section 82013 and who makes a contribution to a committee but earmarks the funds to another specifically identified committee pursuant to paragraph (1) or (2) of subdivision (b) shall disclose the specifically identified committee as the recipient of the contribution and the other committee as an intermediary at the time the earmarked contribution is made. The specifically identified committee shall disclose the contributor and intermediary at the time the funds are received from the intermediary. The intermediary committee shall disclose receipt of the funds as a miscellaneous increase to cash at the time the funds are received and shall disclose the expenditure as the transfer of an earmarked contribution from the contributor to the specifically identified committee at the time the funds are transferred to the specifically identified committee.

(2) A contributor who qualifies as a committee pursuant to Section 82013 and who makes a contribution to a committee and subsequently earmarks the funds pursuant to paragraph (3) of subdivision (b) shall include a notation on the contributor's next report required pursuant to Sections 84200, 84200.5, 84202.3, and 84202.7 that the original contribution was subsequently

earmarked, including the name of the specifically identified committee, ballot measure, or candidate supported or opposed. The committee that previously received the funds shall also include a notation on its next report required pursuant to Sections 84200, 84200.5, 84202.3, and 84202.7 that the original contribution was subsequently earmarked and shall disclose the original contributor to any new committee to which it transfers the earmarked funds. The new committee shall disclose the true source of the contribution with a notation that the contribution was earmarked to the specific ballot measure or candidate.

(3) A contributor who qualifies as a committee pursuant to Section 82013 and who earmarks a contribution to a specifically identified ballot measure or candidate shall disclose a contribution to the committee that received the contribution with a notation that the contribution was earmarked to the specific ballot measure or candidate. Compliance with this paragraph satisfies the contributor's disclosure obligations under this title. The committee receiving the earmarked contribution shall disclose the contributor with a notation that the contribution was earmarked to the specific ballot measure or candidate when the contribution is received. The committee receiving the funds is solely responsible for disclosing the ultimate use of the earmarked contribution, whether by contribution or expenditure, at the time the funds are used. If the committee receiving the earmarked contribution contributes any portion of the contribution to another committee to support or oppose the specifically identified ballot measure or candidate, that committee shall disclose the true source of the contribution to the new committee receiving the earmarked funds for disclosure on the new committee's campaign report. The new committee shall disclose the true source of the contribution with a notation that the contribution was earmarked to the specific ballot measure or candidate.

(f) A violation of this section shall not be based solely on the timing of contributions made or received.

If this contribution is reported by the filer or by a committee sponsored by the filer in a campaign report filed pursuant to Chapter 4 which is required to be filed with the Secretary of State, the filer may report only the name of the committee, and the identification number of the committee.

(h) (1) Except as set forth in paragraph (2), the total of all other payments to influence legislative or administrative action including overhead expenses and all payments to employees who spend more than 10 percent of their compensated time in any one month in activities related to influencing legislative or administrative action. (2) A filer that makes payments to influence a ratemaking or quasi-legislative proceeding before the Public Utilities Commission, as defined in subdivision (b) or (c), respectively, of Section 82002, may, in lieu of reporting those payments pursuant to paragraph (1), report only the portion of those payments made to or for the filer's attorneys for time spent appearing as counsel and preparing to appear as counsel, or to or for the filer's witnesses for time spent testifying and preparing to testify, in this type of Public Utilities Commission proceeding. This alternative reporting of these payments made during a calendar month is not required to include payments made to an attorney or witness who is an employee of the filer if 10 percent or less of the attorney's or witness's compensated time in that month was spent appearing, testifying, or preparing to appear or testify before the Public Utilities Commission in a ratemaking or quasi-legislative proceeding. For the purposes of this paragraph, time spent preparing to appear or preparing to testify does not include time spent preparing written testimony.

(i) Any other information required by the commission consistent with the purposes and provisions of this chapter.
