Assembly Bill No. 896

CHAPTER 564

An act to amend Sections 16001.9, 16010.7, and 16519.5 of, and to add Section 16010.11 to, the Welfare and Institutions Code, relating to child welfare services.

[Approved by Governor October 10, 2025. Filed with Secretary of State October 10, 2025.]

LEGISLATIVE COUNSEL'S DIGEST

AB 896, Elhawary. Foster care: placement transition planning.

Existing law generally provides for the placement of foster youth in various placement settings. Existing law requires, prior to making a change in the placement of a dependent child, a social worker or probation officer to develop and implement a placement preservation strategy to preserve the dependent child's placement.

This bill would, among other things, require each county child welfare agency to adopt a placement transition planning policy for supporting foster children who are transitioning between placement settings and who are transitioning from foster care to reunification, and requires that the policy ensures that foster children are provided the opportunity to provide input on their placement transition and provides guidance to social workers for obtaining input and sharing information in placement transition planning. The bill would require, if a child's placement cannot be preserved, the social worker to ensure that there is appropriate placement transition planning, consistent with the county's adopted policy. The bill would require the State Department of Social Services to issue guidance to county child welfare agencies to describe best practices and strategies for successful placement transition planning, and would require county child welfare agencies to submit to the department its placement transition planning policy, as specified. By imposing new duties on counties, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. (a) The Legislature finds and declares all of the following:

- (1) Children in out-of-home care can experience multiple changes in placement, and those transitions can result in trauma, not only for the child, but also for caregivers, families, siblings, and all professionals involved.

(2) Not having a developmentally and trauma-informed transition plan may adversely impact a child's healthy development, as well as the child's continuing capacity to trust, attach to others, and build relationships in the future.

(3) The best child welfare practices recognize the need to prioritize the minimization of the number of placement changes for every child in out-of-home care. Furthermore, efforts must be made to support caregivers in order to promote stability. When placement changes are necessary, they must be in the best interest of the child and should be thoughtfully planned whenever possible.

(4) Transition plans are critical when moving all children, including infants, toddlers, schoolage children, adolescents, and young adults.

(b) It is the intent of the Legislature that a placement change for a child in out-of-home care be achieved ideally through a period of transition that is unique to each child, provides support for all individuals affected by the change, and has flexible planning to allow for changes necessary to meet the needs of the child.

SEC. 2. Section 16001.9 of the Welfare and Institutions Code is amended to read:

16001.9. (a) All children placed in foster care, either voluntarily or after being adjudged a ward or dependent of the juvenile court pursuant to Section 300, 601, or 602, shall have the rights specified in this section. These rights also apply to nonminor dependents in foster care, except when they conflict with nonminor dependents' retention of all their legal decisionmaking authority as an adult. The rights are as follows:

(1) To live in a safe, healthy, and comfortable home where they are treated with respect. If the child is an Indian child, to live in a home that upholds the prevailing social and cultural standards of the child's Indian community, including, but not limited to, family, social, and political ties.

(2) To be free from physical, sexual, emotional, or other abuse, corporal punishment, and exploitation.

(3) To receive adequate and healthy food, adequate clothing, grooming and hygiene products, and an age-appropriate allowance. Clothing and grooming and hygiene products shall respect the child's culture, ethnicity, and gender identity and expression.

(4) To be placed in the least restrictive setting possible, regardless of age, physical health, mental health, sexual orientation, and gender identity and expression, juvenile court record, or status as a pregnant or parenting youth, unless a court orders otherwise.

(5) To be placed with a relative or nonrelative extended family member if an appropriate and willing individual is available.

(6) To not be locked in any portion of their foster care placement, unless placed in a community treatment facility.

(7) To have a placement that utilizes trauma-informed and evidence-based deescalation and intervention techniques, to have law enforcement intervention requested only when there is an imminent threat to the life or safety of a child or another person or as a last resort after other diversion and deescalation techniques have been utilized, and to not have law enforcement intervention used as a threat or in retaliation against the child.

(8) To not be detained in a juvenile detention facility based on their status as a dependent of the juvenile court or the child welfare services department's inability to provide a foster care placement. If they are detained, to have all the rights afforded under the United States Constitution, the California Constitution, and all applicable state and federal laws.

(9) To have storage space for private use.

(10) To be free from unreasonable searches of personal belongings.

(11) To be provided the names and contact information for social workers, probation officers, attorneys, service providers, foster youth advocates and supporters, Court Appointed Special Advocates (CASAs), and education rights holder if other than the parent or parents, and when applicable, representatives designated by the child's Indian tribe to participate in the juvenile court proceeding, and to communicate with these individuals privately.

(12) To visit and contact siblings, family members, and relatives privately, unless prohibited by court order, and to ask the court for visitation with the child's siblings.

(13) To make, send, and receive confidential telephone calls and other electronic communications, and to send and receive unopened mail, unless prohibited by court order.

(14) To have social contacts with people outside of the foster care system, including, but not limited to, teachers, coaches, religious or spiritual community members, mentors, and friends. If the child is an Indian child, to have the right to have contact

with tribal members and members of their Indian community consistent with the prevailing social and cultural conditions and way of life of the Indian child's tribe.

(15) To attend religious services, activities, and ceremonies of the child's choice, including, but not limited to, engaging in traditional Native American religious practices.

(16) To participate in extracurricular, cultural, racial, ethnic, personal enrichment, and social activities, including, but not limited to, access to computer technology and the internet, consistent with the child's age, maturity, developmental level, sexual orientation, and gender identity and expression.

(17) To have fair and equal access to all available services, placement, care, treatment, and benefits, and to not be subjected to discrimination or harassment on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, sex, sexual orientation, gender identity and expression, mental or physical disability, or HIV status.

(18) To have caregivers, child welfare and probation personnel, and legal counsel who have received instruction on cultural competency and sensitivity relating to sexual orientation, gender identity and expression, and best practices for providing adequate care to lesbian, gay, bisexual, and transgender children in out-of-home care.

(19) To be placed in out-of-home care according to their gender identity, regardless of the gender or sex listed in their court, child welfare, medical, or vital records, to be referred to by the child's preferred name and gender pronoun, and to maintain privacy regarding sexual orientation and gender identity and expression, unless the child permits the information to be disclosed, or disclosure is required to protect their health and safety, or disclosure is compelled by law or a court order.

(20) To have child welfare and probation personnel and legal counsel who have received instruction on the federal Indian Child Welfare Act of 1978 (25 U.S.C. Sec. 1901 et seq.) and on cultural competency and sensitivity relating to, and best practices for, providing adequate care to Indian children in out-of-home care.

(21) To have recognition of the child's political affiliation with an Indian tribe or Alaskan village, including a determination of the child's membership or citizenship in an Indian tribe or Alaskan village; to receive assistance in becoming a member of an Indian tribe or Alaskan village in which the child is eligible for membership or citizenship; to receive all benefits and privileges that flow from membership or citizenship in an Indian tribe or Alaskan village; and to be free from discrimination based on the child's political affiliation with an Indian tribe or Alaskan village.

(22) (A) To access and receive medical, dental, vision, mental health, and substance use disorder services, and reproductive and sexual health care, with reasonable promptness that meets the needs of the child, to have diagnoses and services explained in an understandable manner, and to participate in decisions regarding health care treatment and services. This right includes covered gender-affirming health care and gender-affirming mental health care, and is subject to existing laws governing consent to health care for minors and nonminors and does not limit, add, or otherwise affect applicable laws governing consent to health care.

(23) Except in an emergency, to be free of the administration of medication or chemical substances, and to be free of all psychotropic medications unless prescribed by a physician, and in the case of children, authorized by a judge, without consequences or retaliation. The child has the right to consult with and be represented by counsel in opposing a request for the administration of psychotropic medication and to provide input to the court about the request to authorize medication. The child also has the right to report to the court the positive and adverse effects of the medication and to request that the court reconsider, revoke, or modify the authorization at any time.

(24) (A) To have access to age-appropriate, medically accurate information about reproductive health care, the prevention of unplanned pregnancy, and the prevention and treatment of sexually transmitted infections.

(C) At 12 years of age or older, to consent to or decline health care services to prevent, test for, or treat sexually transmitted diseases, including HIV, and mental health services, without the consent or knowledge of any adult.

(25) At 12 years of age or older, to choose, whenever feasible and in accordance with applicable law, their own health care provider for medical, dental, vision, mental health, substance use disorder services, and sexual and reproductive health care, if payment for the service is authorized under applicable federal Medicaid law or other approved insurance, and to communicate with that health care provider regarding any treatment concerns or needs and to request a second opinion before being required to undergo invasive medical, dental, or psychiatric treatment.

(26) To confidentiality of medical and mental health records, including, but not limited to, HIV status, substance use disorder history and treatment, and sexual and reproductive health care, consistent with existing law.

(27) To attend school, to remain in the child's school of origin, to immediate enrollment upon a change of school, to partial credits for any coursework completed, and to priority enrollment in preschool, after school programs, a California State University, and each community college district, and to receive all other necessary educational supports and benefits, as described in the Education Code.

(28) To have access to existing information regarding the educational options available, including, but not limited to, the coursework necessary for career, technical, and postsecondary educational programs, and information regarding financial aid for postsecondary education, and specialized programs for current and former foster children available at the University of California, the California State University, and the California Community Colleges.

(29) To attend Independent Living Program classes and activities, if the child meets the age requirements, and to not be prevented by caregivers from attending as a consequence or punishment.

(30) To maintain a bank account and manage personal income, consistent with the child's age and developmental level, unless prohibited by the case plan.

(31) To work and develop job skills at an age-appropriate level, consistent with state law.

(32) For children 14 to 17 years of age, inclusive, to receive a consumer credit report provided to the child by the social worker or probation officer on an annual basis from each of the three major credit reporting agencies, and to receive assistance with interpreting and resolving any inaccuracies.

(33) To be represented by an attorney in juvenile court; to have an attorney appointed to advise the court of the child's wishes, to advocate for the child's protection, safety, and well-being, and to investigate and report to the court on legal interests beyond the scope of the juvenile proceeding; to speak to the attorney confidentially; and to request a hearing if the child feels their appointed counsel is not acting in their best interest or adequately representing their legal interests.

(34) (A) To receive a notice of court hearings, to attend court hearings, to speak to the judge, to view and receive a copy of the court file, subject to existing federal and state confidentiality laws, and to object to or request the presence of interested persons during court hearings. If the child is an Indian child, to have a representative designated by the child's Indian tribe be in attendance during hearings.

(B) When a child is entitled to receive a copy of the court report, case plan, and transition to independent living plan (TILP), those items shall be provided in the child's primary language.

(35) To the confidentiality of all juvenile court records consistent with existing law.

(36) To view and receive a copy of their child welfare records, juvenile court records, and educational records at no cost to the child until the child is 26 years of age, subject to existing federal and state confidentiality laws.

(37) To be involved in the development of their own case plan, including placement decisions and placement transition planning, and plan for permanency. This involvement includes, but is not limited to, the development of case plan elements related to placement and gender-affirming health care, with consideration of the child's gender identity. If the child is an Indian child, the case plan shall include protecting the essential tribal relations and best interests of the Indian child by assisting the child in establishing, developing, and maintaining political, cultural, and social relationships with the child's Indian tribe and Indian community.

(38) To review the child's own case plan and plan for permanent placement if the child is 10 years of age or older, and to receive information about their out-of-home placement and case plan, including being told of changes to the plan.

(39) To request and participate in a child and family team meeting, as follows:

(A) Within 60 days of entering foster care, and every six months thereafter.

(B) If placed in a short-term residential therapeutic program, or receiving intensive home-based services or intensive case coordination, or receiving therapeutic foster care services, to have a child and family team meeting at least every 90 days.

(C) To request additional child and family team meetings to address concerns, including, but not limited to, placement disruption, change in service needs, addressing barriers to sibling or family visits, and addressing difficulties in coordinating services.

(D) To have both informal and formal support people participate, consistent with state law.

(40) (A) To be informed of these rights in an age and developmentally appropriate manner by the social worker or probation officer and to be provided a copy of the rights in this section at the time of placement, any placement change, and at least once every six months or at the time of a regularly scheduled contact with the social worker or probation officer.

(B) For a child who speaks a primary language other than English, to be provided a copy of the child's rights in the child's primary language.

(41) To be provided with contact information for the Community Care Licensing Division of the State Department of Social Services, the tribal authority approving a tribally approved home, and the State Foster Care Ombudsperson, at the time of each placement, and to contact any or all of these offices immediately upon request regarding violations of rights, to speak to representatives of these offices confidentially, and to be free from threats or punishment for making complaints.

(b) The rights described in this section are broad expressions of the rights of children in foster care and are not exhaustive of all rights set forth in the United States Constitution and the California Constitution, federal and California statutes, and case law.

(c) This section does not require, and shall not be interpreted to require, a foster care provider to take any action that would impair the health and safety of children in out-of-home placement.

(d) The State Department of Social Services and each county welfare department are encouraged to work with the Student Aid Commission, the University of California, the California State University, and the California Community Colleges to receive information pursuant to paragraph (28) of subdivision (a).

SEC. 3. Section 16010.7 of the Welfare and Institutions Code is amended to read:

16010.7. (a) It is the intent of the Legislature to prevent children or youth in foster care placement from experiencing unnecessary or abrupt foster care placement changes that negatively impact their well-being or sense of security. It is the intent of the Legislature to preserve and strengthen the foster care placement of a child or youth whenever possible. It is also the intent of the Legislature to ensure that foster care placement changes do not occur due to gender, gender identity, race, or cultural differences. The Legislature finds and declares that unnecessary or abrupt foster care placement changes undermine the essential duties that foster caregivers have an obligation to uphold. It is the intent of the Legislature that prior to a caregiver or provider requesting a child or youth to be removed from the caregiver's or provider's care, the caregiver or provider shall participate in a placement preservation strategy meeting.

(b) Prior to making a change in the foster care placement of a child or youth, a social worker or probation officer shall develop with the caregiver a placement preservation strategy, which shall be done in consultation with the child and family team pursuant to clause (ii) of subparagraph (A) of paragraph (4) of subdivision (a) of Section 16501, to preserve the child's or youth's foster care placement. The strategy may include, but is not limited to, conflict resolution practices and facilitated meetings, and shall include a referral by the social worker or probation officer to the qualified individual for an assessment, as described in subdivision (g) of Section 4096, if the next placement is anticipated to be in a short-term residential therapeutic program or in an out-of-state residential facility, as defined by paragraph (2) of subdivision (b) of Section 7910 of the Family Code.

(c) A social worker or probation officer shall include the strategy developed and implemented pursuant to subdivision (b) within the child's contact notes or equivalent in the statewide child welfare information system.

(d) For purposes of this subdivision, the following definitions shall apply:

(1) "Child and family team" has the same meaning as defined in Section 16501.

(2) "Conflict resolution practices" means a process designed to begin a dialogue to address conflict or concerns and identify agreements or solutions, which may be incorporated as part of a meeting of a child and family team.

(3) "Facilitated meeting" means a facilitated process designed to acknowledge, address, and respond to the underlying needs of all parties, that may include, but is not limited to, a meeting of a child and family team.

(4) "Representative for a child under 10 years of age" means the attorney or another individual as authorized by the child's attorney.

(e) If, after implementing the placement preservation strategy developed pursuant to subdivision (b), the social worker or probation officer receives a placement change request from the caregiver or provider, or otherwise finds that a foster care placement change is necessary, the social worker, probation officer, or placement agency shall serve written notice on all of the following parties at least 14 calendar days prior to the change:

(1) The child's parent or guardian.

(2) The child's caregiver.

(3) The child's attorney.

(4) The child, if the child is 10 years of age or older.

(f) If the child's placement cannot be preserved, the social worker shall ensure that there is appropriate placement transition planning, consistent with the county placement transition planning policy, as developed pursuant to Section 16010.11.

(g) An unplanned foster care placement change shall not take place between 9 p.m. and 7 a.m., except by the mutual agreement of all of the following persons:

(1) The child, if the child is 10 years of age or older, or the representative of the child, if the child is under 10 years of age.

(2) The child's current caregiver.

(3) The child's prospective caregiver.

(4) The child's social worker or probation officer.

(h) If a complaint is made to the Office of the State Foster Care Ombudsperson alleging that a placement change occurred in violation of this section, and that complaint is investigated pursuant to Section 16164, the office shall provide the findings of the investigation to, as applicable, the county child welfare director, or the director's designee, or to the chief probation officer, or the chief probation officer's designee, for the purposes of training, technical assistance, and quality improvement.

(i) Notwithstanding subdivisions (b) and (e), a social worker or probation officer may change a child's foster care placement without fulfilling the requirements of subdivisions (b) and (e) in either of the following circumstances:

(1) If it is determined that remaining in the existing foster care placement or providing prior written notice of that foster care placement change poses an imminent risk to the health or safety of the child, youth, other children, or others in the home or facility.

(2) If either the child and family team and the child, if the child is 10 years of age or older, or the child and family team and the representative of that child, if the child is less than 10 years of age, unanimously agree to waive the requirements described in subdivisions (b) and (e).

(j) This section applies to children and youth for whom the juvenile court has entered a judgment pursuant to Section 360 or 727. This section does not apply to a change in placement pursuant to Section 777 or due to a hospitalization.

(k) This section does not apply to a nonminor dependent, as defined in subdivision (v) of Section 11400, who is placed in a Transitional Housing Placement program for nonminor dependents, as defined in subparagraph (B) of paragraph (2) of subdivision (a) of Section 1559.110 of the Health and Safety Code, or a supervised independent living placement, as defined in subdivision (w) of Section 11400.

(l) This section does not apply to a planned placement change as informed by the child and family team or that is as described in the child's case plan.

SEC. 4. Section 16010.11 is added to the Welfare and Institutions Code, to read:

16010.11. (a) (1) Each county child welfare agency shall adopt a policy for supporting foster children who are transitioning between placement settings and who are transitioning from foster care to reunification. The placement transition planning policy shall include both of the following components:

(A) Ensure that foster children are provided the opportunity to provide input on their placement transition, as developmentally and age appropriate and ensure that the child's current or most recent caregiver also has input into the transition needs of the child.

(B) Provide guidance to social workers for obtaining input and sharing information in placement transition planning and incorporating the planning into case plans in such a way as to support the strengths and needs of children and to reduce trauma and any psychological, cultural, developmental, relational, spiritual, or emotional harm to the foster child.

(2) In developing the placement transition policy, the county child welfare agency shall consult with foster youth, caregivers, and tribes to create a placement transition policy that includes all of the following:

(A) Consideration of a child's educational, medical, mental health, religious or faith-based, cultural, dietary, extracurricular and social, and developmental needs.

(B) How to maintain permanent connections for the child, including supporting relationships with relatives, friends, and in the case of an Indian child, extended family members and the child's tribe, and other individuals who are important to the child, and continuity in health care, education, child daycare, extracurricular and social activities, and other community involvement.

(C) How transitions will be managed, including timing, preparation for the move, such as visits or contact with the current and new care providers, ensuring the child has all of their possessions, how the child will be transported to the new placement, and how the child can participate in scheduled upcoming events and activities.

(D) How the social worker will ensure that the transition plan is carried out as designed and how any necessary adjustments will occur and be communicated.

(E) The designation of an individual who will communicate with the child, and in the case of an Indian child, the child's tribe, throughout the transition process to ensure the child understands what is happening and who is involved in decisionmaking.

(b) (1) The department, in consultation with counties that have implemented placement transition planning and with other stakeholders who have placement transition planning expertise, shall issue guidance to county child welfare agencies to describe best practices and strategies for successful placement transition planning.

(2) A county child welfare agency shall submit to the department its placement transition planning policy, via email or other correspondence, no later than one year after the department has issued its guidance and provided funding to counties to develop their placement transition planning policies.

SEC. 5. Section 16519.5 of the Welfare and Institutions Code is amended to read:

16519.5. (a) The State Department of Social Services, in consultation with county child welfare agencies, foster parent associations, and other interested community parties, shall implement a unified, family friendly, and child-centered resource family approval process to replace the existing multiple processes for licensing foster family homes, certifying foster homes by licensed foster family agencies, approving relatives and nonrelative extended family members as foster care providers, and approving guardians and adoptive families.

(b) (1) Counties shall be selected to participate on a voluntary basis as early implementation counties for the purpose of participating in the initial development of the approval process. Early implementation counties shall be selected according to criteria developed by the department in consultation with the County Welfare Directors Association of California. In selecting the five early implementation counties, the department shall promote diversity among the participating counties in terms of size and geographic location.

(2) Additional counties may participate in the early implementation of the program upon authorization by the department.

(3) The State Department of Social Services shall be responsible for all of the following:

(A) Selecting early implementation counties, based on criteria established by the department in consultation with the County Welfare Directors Association of California.

(B) Establishing timeframes for participating counties to submit an implementation plan, enter into terms and conditions for early implementation participation in the program, train appropriate staff, and accept applications from resource families.

(C) Entering into terms and conditions for early implementation participation in the program by counties.

(4) Counties participating in the early implementation of the program shall be responsible for all of the following:

(A) Submitting an implementation plan.

(B) Entering into terms and conditions for early implementation participation in the program.

(C) Consulting with the county probation department in the development of the implementation plan.

(D) Training appropriate staff.

(E) Accepting applications from resource families within the timeframes established by the department.

(5) (A) Approved relatives and nonrelative extended family members, licensed foster family homes, or approved adoptive homes that have completed the license or approval process prior to statewide implementation of the program shall not be considered part of the program. The otherwise applicable assessment and oversight processes shall continue to be administered for families and facilities not included in the program.

(B) Upon implementation of the program in a county, that county shall not accept new applications for the licensure of foster family homes, the approval of relative and nonrelative extended family members, or the approval of prospective guardians and adoptive homes.

(6) The department may waive regulations that pose a barrier to the early implementation and operation of this program. The waiver of a regulation by the department pursuant to this section applies to only those counties or foster family agencies participating in the early implementation of the program and only for the duration of the program.

(7) This subdivision is inoperative on January 1, 2017.

(c) (1) For purposes of this article, "resource family" means an individual or family that has successfully met both the home environment assessment standards and the permanency assessment criteria adopted pursuant to subdivision (d) necessary for providing care for a child placed by a public or private child placement agency by court order, or voluntarily placed by a parent or legal guardian. A resource family shall demonstrate all of the following:

(A) An understanding of the safety, permanence, and well-being needs of children who have been victims of child abuse and neglect, and the capacity and willingness to meet those needs, including the need for protection, and the willingness to make use of support resources offered by the agency, or a support structure in place, or both.

(B) An understanding of children's needs and development, effective parenting skills or knowledge about parenting, and the capacity to act as a reasonable, prudent parent in day-to-day decisionmaking.

(C) An understanding of the role of the individual or family as a resource family and the capacity to work cooperatively with the agency, birth family, as appropriate, other resource families, and other service providers in implementing the child's case plan and supporting transitions in placement settings or permanency.

(D) The financial ability within the household to ensure the stability and financial security of the family. This requirement may be waived for relative and nonrelative extended family member resource families on a case-by-case basis. For purposes of this subparagraph, there is no minimum income requirement and an applicant who will rely on the funding described in subdivision (l) to meet additional household expenses incurred due to the placement of a child shall not, for this reason, be denied approval as a resource family.

(E) An ability and willingness to provide a family setting that promotes normal childhood experiences that serves the needs of the child.

(F) An ability and willingness to meet the needs of the child regardless of the child's sexual orientation, gender identity, or gender expression, and that, should difficulties around these issues arise, a willingness to obtain resources offered by the county or foster family agency or other available resources to meet those needs.

(2) For purposes of this article, and unless otherwise specified, references to a "child" include a "nonminor dependent" and "nonminor former dependent or ward," as defined in subdivision (v) and paragraph (1) of subdivision (aa) of Section 11400.

(3) There is no fundamental right to approval as a resource family. Emergency placement of a child pursuant to Section 309, 319, 361.45, or 727.05, or with a resource family applicant pursuant to subdivision (e), does not entitle an applicant to approval as a resource family.

(4) (A) A resource family shall be considered eligible to provide foster care for children in out-of-home placement and approved for adoption and guardianship.

(B) (i) Notwithstanding subparagraph (A), a county may approve a resource family to care for a specific child, as specified in the written directives or regulations adopted pursuant to this section. Child-specific approval shall be considered if the applicant is a relative or nonrelative extended family member who has an established and significant relationship with a child or a child is already placed in the home of the relative or nonrelative extended family member pursuant to subdivision (e) or Section 309, 319, 361.45, or 727.05.

(ii) When child-specific approval is granted to a relative who has received a criminal records exemption pursuant to clause (iv) of subparagraph (A) of paragraph (2) of subdivision (g) of Section 1522 of the Health and Safety Code, the child's placement shall be funded pursuant to Section 11461.3 and the relative shall not be eligible for federal financial participation while the child is placed with them.

(iii) In the case of an Indian child for whom the child's tribe is not exercising its right to approve a home, the county shall apply the prevailing social and cultural standards of the Indian community to resource family approval for that child, as required by subdivision (f) of Section 361.31 and the federal Indian Child Welfare Act of 1978 (25 U.S.C. Sec. 1901 et seq.). The department shall engage in the tribal consultation process and develop regulations to implement this clause.

Notwithstanding the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), the department may implement this clause through all-county letters or other similar instruction, and provide guidance to counties regarding consistent implementation of this clause.

(5) For purposes of this article, "resource family approval" means that the applicant or resource family successfully meets the home environment assessment and permanency assessment standards. This approval is in lieu of a foster family home license issued pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code, a certificate of approval issued by a licensed foster family agency, as described in subdivision (b) of Section 1506 of the Health and Safety Code, relative or nonrelative extended family member approval, guardianship approval, and the adoption home study approval.

(6) Approval of a resource family does not guarantee an initial, continued, or adoptive placement of a child with a resource family or with a relative or nonrelative extended family member. Approval of a resource family does not guarantee the establishment of a legal guardianship of a child with a resource family.

(7) (A) Notwithstanding paragraphs (1) to (6), inclusive, the county shall, consistent with Sections 1520.3 and 1558.1 of the Health and Safety Code, cease any further review of an application if the applicant has had a previous application denial by the department or a county within the preceding year, or if the applicant has had a previous rescission, revocation, or exemption denial or exemption rescission by the department or a county within the preceding two years.

(B) Notwithstanding subparagraph (A), the county may continue to review an application if it has determined that the reasons for the previous denial, rescission, or revocation were due to circumstances and conditions that either have been corrected or are no longer in existence. If an individual was excluded from a resource family home or facility licensed by the department, the county shall cease review of the individual's application unless the excluded individual has been reinstated pursuant to subdivision (g) of Section 16519.6 of this code or pursuant to Section 1569.53, subdivision (h) of Section 1558, subdivision (h) of Section 1569.58, or subdivision (h) of Section 1596.8897, of the Health and Safety Code.

(ii) Clause (i) does not apply if a child is placed with the applicant pursuant to Section 309, 361.45, 727.05, or paragraph (1) of subdivision (e) of Section 16519.5.

(D) The cessation of an application review pursuant to this paragraph does not constitute a denial of the application for purposes of this section or any other law.

(E) For purposes of this section, the date of a previous denial, rescission, revocation, exemption denial or exemption rescission, or exclusion shall be either of the following:

(i) The effective date of a final decision or order upholding a notice of action or exclusion order.

(ii) The date on the notice of the decision to deny, rescind, revoke, or exclude if the notice was not appealed or otherwise constitutes a final decision.

(8) A resource family shall meet the approval standards set forth in this section, and, as applicable, Chapter 6.3 (commencing with Section 18360) of Part 6, to maintain approval. A resource family shall comply with the written directives or regulations adopted pursuant to this section and applicable laws in order to maintain approval.

(9) A resource family may be approved by a county child welfare department or a probation department pursuant to this section or by a foster family agency pursuant to Section 1517 of the Health and Safety Code.

(2) Resource family home environment assessment standards shall include, but not be limited to, all of the following:

The criminal history information shall include subsequent notifications pursuant to Section 11105.2 of the Penal Code.

(II) Consideration of any substantiated allegations of child abuse or neglect against the applicant and any other adult residing in, or regularly present in, the home pursuant to Section 1522.1 of the Health and Safety Code.

(III) If the criminal records check indicates that the person has been convicted of an offense described in subparagraph (A) of paragraph (2) of subdivision (g) of Section 1522 of the Health and Safety Code, home approval shall be denied unless the person has received a criminal records exemption pursuant to clause (iv) of subparagraph (A) of paragraph (2) of subdivision (g) of Section 1522 of the Health and Safety Code. If the criminal records check indicates that the person has been convicted of an offense described in subparagraph (B) or (D) of paragraph (2) of subdivision (g) of Section 1522 of the Health and Safety Code, the home shall not be approved unless a criminal record exemption has been granted pursuant to subclause (IV).

(V) If it is determined, on the basis of the fingerprint images and related information submitted to the Department of Justice, that subsequent to obtaining a criminal record clearance or exemption from disqualification, the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, 273ab, 273d, 273g, or 368 of the Penal Code, or a felony, the department or county shall notify the resource family to act immediately to remove or bar the person from entering the resource family's home. The department or county, as applicable, may subsequently grant an exemption from disqualification pursuant to subdivision (g) of Section 1522 of the Health and Safety Code. If the conviction or arrest was for another crime, the resource family shall, upon notification by the department or county, act immediately to either remove or bar the person from entering the resource family's home, or require the person to seek an exemption from disqualification pursuant to subdivision (g) of Section 1522 of the Health and Safety Code. The department or county, as applicable, shall determine if the person shall be allowed to remain in the home until a decision on the exemption from disqualification is rendered.

(ii) For public foster family agencies approving resource families, the criminal records clearance process set forth in clause (i) shall be utilized.

(i) When the applicant is a relative or nonrelative extended family member to an identified child, the family evaluation shall consider the nature of the relationship between the relative or nonrelative extended family member and the child. The relative or nonrelative extended family member's expressed desire to only care for a specific child or children shall not be a reason to deny the approval.

(ii) A caregiver risk assessment shall include, but not be limited to, physical and mental health, alcohol and other substance use and abuse, family and domestic violence, and the factors listed in paragraph (1) of subdivision (c).

(iii) A county may review and discuss data contained in the statewide child welfare database with an applicant for purposes of conducting a family evaluation, as specified in the written directives or regulations adopted pursuant to this section.

(C) The county shall report to the department, on a quarterly basis, the number of applicants for whom the requirements of subparagraph (A) exceed 120 days and summarize the reasons for these delays.

(2) The home environment and permanency assessments, and the written report described in paragraph (5) of subdivision (g), shall be completed within 120 days of a child's placement with a relative or nonrelative extended family member pursuant to Section 309, 361.45, or 727.05, unless good cause exists.
