An act to amend Sections 14838.5 and 14838.64 of the Government Code, relating to public contracts.

LEGISLATIVE COUNSEL'S DIGEST

SB 70, as amended, Seyarto. Public contracts: Small Business Procurement and Contract Act.

The Small Business Procurement and Contract Act permits a state agency or the California State University to award a contract for goods, services, or information technology with an estimated value between \$5,000 and \$250,000 to a certified small business, including a microbusiness and a disabled veteran business enterprise, without complying with specified competitive bidding requirements.

This bill would increase the maximum estimated value of a contract for goods, services, or information technology awarded pursuant to the act from \$250,000 to \$350,000. Commencing January 1, ~~2026~~, 2028, and biennially thereafter, the bill would require the Director of General Services to conduct a review of that maximum value, and would authorize the director to adjust that value to reflect changes in the California Consumer Price Index.
