

231 Calculation of Direct Care Staffing During Inspections, Surveys and Evaluations

a)

Calculation of direct care staffing during inspections, surveys and evaluations will be based on the finalized working schedule and daily census report totals for the two-week period preceding the first day of the inspection. The work schedule shall be determined as outlined in Section 300.1230(k) and shall be provided upon request.

b)

For certified facilities, copies of nurse staffing information required by 42 CFR 483.35(g) for the two-week period preceding the first day of the inspection shall be provided upon request.
