

## **449.4087 Written assessments of clients**

Upon admission, an initial written assessment must be made of any person admitted to the facility. Within 30 days after admission, another written assessment must be completed which must include:

**1.**

An evaluation of the client's physical and mental health;

**2.**

A history of the client's social development;

**3.**

A list of formal and informal systems for emotional support which are available to the client;

**4.**

An evaluation of the tasks required for daily living that can be performed by the client;

**5.**

A list of programs for financial assistance which are available to the client; and

**6.**

The plan for care of the client.
