

449.573 Program of training: Certain persons authorized to provide instruction and serve as preceptor

If a licensed nurse or dialysis technician has at least 1 year of experience in performing hemodialysis and has filed with the facility a current written list concerning his or her knowledge and skills prepared in accordance with the provisions of NAC 449.5745, the licensed nurse or dialysis technician may:

1.

Assist in providing instruction to a dialysis technician at the facility; and

2.

Serve as a preceptor at the facility.
