Section 205.21@ Special care room

205.21 Special care room

(a)

Provisions shall be made for isolating a resident as necessary in a single room which is ventilated to the outside as set forth in § 205.66 (relating to special ventilation requirements for new construction). For new construction, there shall be an adjoining private bathroom which contains a toilet, lavatory and either a standard size tub or a shower.

(b)

Provisions shall be available to identify this room with appropriate precautionary signs.
