Section 205.39@ Toilet room equipment

205.39 Toilet room equipment

(a)

Toilet rooms shall be provided with lavatory, soap or soap dispenser, paper towels, mechanical dryer or other sanitary means of toweling. In toilet rooms adjacent to bedrooms, the lavatory may be omitted if provided in each bedroom.

(b)

Toilets used by residents shall be provided with handrails or assist bars on each side capable of sustaining a weight of 250 pounds and an emergency call bell within reaching distance.
