Section 205.25@ Kitchen

205.25 Kitchen

(a)

There shall be at least one kitchen large enough to meet the needs of the facility.

(b)

A service pantry shall be provided for each nursing unit. The pantry shall contain a refrigerator, device for heating food, sink, counter and cabinets. For existing facilities, a service pantry shall be provided for a nursing unit unless the kitchen is sufficiently close for practical needs and has been approved by the Department.
