Section 61-17.1000.1011@ Transportation (I)

61-17.1000.1011 Transportation (I)

The facility shall arrange for appropriate transportation of residents to other healthcare services provided outside the facility, for example, hospital, medical clinic, dentist, and in accordance with the physician's orders. If a physician's services are not immediately available and the resident's condition requires immediate medical attention, the facility shall provide or secure transportation for the resident to the appropriate healthcare providers, such as, but not limited to, physicians, dentists, physical therapists, or for treatment at renal dialysis facilities.
