

## **44\_73\_06\_09 Hospice services**

Each facility offering hospice services shall provide services to terminally ill individuals or arrange for such services by a hospice program under a written plan established and periodically reviewed by the individual's attending physician, physician assistant, or nurse practitioner. The hospice agency shall provide for care and services in the facility. An unlicensed employee of a facility may not accept any delegated skilled tasks from any hospice providers pursuant to SDCL chapter 36-9.
