

## **388-97-2360 Linen storage on resident care units**

The nursing home must provide:

### **(1)**

A clean area for storage of clean linen and other bedding. This may be an area within the clean utility room;

### **(2)**

A soiled linen area for the collection and temporary storage of soiled linen. This may be within the soiled utility room; and

### **(3)**

In new construction, storage for linen barrels and clean linen carts.
