

388-97-2300 Telephones on resident care units

The nursing home must provide twenty-four hour access to a telephone for resident use which:

(1)

Provides auditory privacy;

(2)

Is accessible to a person with a disability and accommodates a person with sensory impairment;

(3)

Is not located in a staff office or at a nurse's station; and

(4)

Does not require payment for local calls.
