

§ 1357.600. Definitions

As used in this article, the following definitions shall apply:

(a) “Dependent” means the spouse or registered domestic partner, or child, of an eligible employee, subject to applicable terms of the health care service plan contract covering the employee, and includes dependents of guaranteed association members if the association elects to include dependents under its health coverage at the same time it determines its membership composition pursuant to subdivision (n).

(b) “Eligible employee” means either of the following:

(1) Any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of an average of 30 hours per week over the course of a month, at the small employer’s regular places of business, who has met any statutorily authorized applicable waiting period requirements. The term does not include sole proprietors or the spouses of those sole proprietors, partners of a partnership or the spouses of those partners, or employees who work on a part-time, temporary, or substitute basis. It includes any eligible employee, as defined in this paragraph, who obtains coverage through a guaranteed association. Employees of employers purchasing through a guaranteed association are eligible employees if they would otherwise meet the definition except for the number of persons employed

by the employer. Permanent employees who work at least 20 hours but not more than 29 hours are eligible employees if all four of the following apply:

(A) They otherwise meet the definition of an eligible employee except for the number of hours worked.

(B) The employer offers the employees health coverage under a health benefit plan.

(C) All similarly situated individuals are offered coverage under the health benefit plan.

(D) The employee shall have worked at least 20 hours per normal workweek for at least 50 percent of the weeks in the previous calendar quarter. The health care service plan may request any necessary information to document the hours and time period in question, including, but not limited to, payroll records and employee wage and tax filings.

(2) Any member of a guaranteed association as defined in subdivision (n).

(c) "In force business" means an existing health benefit plan contract issued by the plan to a small employer.

(d) "Late enrollee" means an eligible employee or dependent who has declined enrollment in a health benefit plan offered by a small employer at the time of the initial enrollment period provided under the terms of the health benefit plan and who subsequently requests enrollment in a health benefit plan of that small employer, provided that the initial enrollment period shall be a period of at least 30 days. It also means any member of an association that is a guaranteed association as well as any other person eligible to purchase through the guaranteed association when that person has failed to purchase coverage during the initial enrollment period provided under the terms of the guaranteed association's plan contract and who subsequently requests enrollment in the plan, provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee, any other person eligible for coverage through a guaranteed association pursuant to subdivision (n), or an eligible dependent shall not be considered a late enrollee if any of the following is applicable:

(1) The individual meets all of the following requirements:

(A) He or she was covered under another employer health benefit plan, the Healthy Families Program, the Access for Infants and Mothers (AIM) Program, the Medi-Cal program, or coverage through the California Health Benefit Exchange at the time the individual was eligible to enroll.

(B) He or she certified at the time of the initial enrollment that coverage under another employer health benefit plan, the Healthy Families Program, the AIM Program, the Medi-Cal program, or coverage through the California Health Benefit Exchange was the reason for declining enrollment, provided that, if the individual was covered under another employer health benefit plan, including a plan offered through the California Health Benefit Exchange, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee.

(C) He or she has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee's or dependent's coverage, death of the person through whom the individual was covered as a dependent, legal separation, or divorce; or he or she has lost or will lose coverage under the Healthy Families Program, the AIM Program, the Medi-Cal program, or coverage through the California Health Benefit Exchange.

(D) He or she requests enrollment within 30 days after termination of coverage or employer contribution toward coverage provided under another employer health benefit plan, or requests enrollment within 60 days after termination of Medi-Cal program coverage, AIM Program coverage, Healthy Families Program coverage, or coverage through the California Health Benefit Exchange.

(2) The employer offers multiple health benefit plans and the employee elects a different plan during an open enrollment period.

(3) A court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan.

(4)(A) In the case of an eligible employee, as defined in paragraph (1) of subdivision (b), the plan cannot produce a written statement from the employer stating that the individual or the person through whom the individual was eligible to be covered as a dependent, prior to declining coverage, was provided with, and signed, acknowledgment of an explicit written notice in boldface type specifying that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the individual's later decision to elect coverage, an exclusion from eligibility for coverage until the next open enrollment period, unless the individual meets the criteria specified in paragraph (1), (2), or (3). This exclusion from eligibility for coverage shall not be considered a waiting period in violation of Section 1357.51 or 1357.607.

(B) In the case of an association member who did not purchase coverage through a guaranteed association, the plan cannot produce a written statement from the association stating that the association sent a written notice in boldface type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an exclusion from eligibility for coverage until the next open enrollment period, unless the individual meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or meets the requirements of paragraph (2) or (3). This exclusion from eligibility for coverage shall not be considered a waiting period in violation of Section 1357.51 or 1357.607.

(C) In the case of an employer or person who is not a member of an association, was eligible to purchase coverage through a guaranteed association, and did not do so, and would not be eligible to purchase

guaranteed coverage unless purchased through a guaranteed association, the employer or person can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1), or meets the requirements of paragraph (2) or (3), or that he or she recently had a change in status that would make him or her eligible and that application for enrollment was made within 30 days of the change.

(5) The individual is an employee or dependent who meets the criteria described in paragraph (1) and was under a COBRA continuation provision and the coverage under that provision has been exhausted. For purposes of this section, the definition of “COBRA” set forth in subdivision (e) of Section 1373.621 shall apply.

(6) The individual is a dependent of an enrolled eligible employee who has lost or will lose his or her coverage under the Healthy Families Program, the AIM Program, the Medi-Cal program, or a health benefit plan offered through the California Health Benefit Exchange and requests enrollment within 60 days after termination of that coverage.

(7) The individual is an eligible employee who previously declined coverage under an employer health benefit plan, including a plan offered through the California Health Benefit Exchange, and who has subsequently acquired a dependent who would be eligible for coverage as a dependent of the employee through marriage, birth, adoption, or placement for adoption, and who enrolls for coverage under that employer health benefit plan on his or her behalf and on behalf of his or her dependent within 30 days following the date of marriage, birth, adoption, or placement for adoption, in which case the effective date of coverage shall be the first day of the month following the date the completed request for enrollment is received in the case of marriage, or the date of birth, or the date of adoption or placement for adoption, whichever applies. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(8) The individual is an eligible employee who has declined coverage for himself or herself or his or her dependents during a previous enrollment period because his or her dependents were covered by another employer health benefit plan, including a plan offered through the California Health Benefit Exchange, at the time of the previous enrollment period. That individual may enroll himself or herself or his or her dependents for plan coverage during a special open enrollment opportunity if his or her dependents have lost or will lose coverage under that other employer health benefit plan. The special open enrollment opportunity shall be requested by the employee not more than 30 days after the date that the other health coverage is exhausted or terminated. Upon enrollment, coverage shall be effective not later than the first day of the first calendar month beginning after the date the request for enrollment is received. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(e) “Preexisting condition provision” means a contract provision that excludes coverage for charges or expenses incurred during a specified period

following the enrollee's effective date of coverage, as to a condition for which medical advice, diagnosis, care, or treatment was recommended or received during a specified period immediately preceding the effective date of coverage. A health care service plan shall not limit or exclude coverage for any individual based on a preexisting condition whether or not any medical advice, diagnosis, care, or treatment was recommended or received before that date.

However, for the 65 years of age and over category, separate premium rates may be specified depending upon whether coverage under the plan contract will be primary or secondary to benefits provided by the Medicare Program pursuant to Title XVIII of the federal Social Security Act (42 U.S.C. Plans shall be deemed to be operating statewide if their coverage area includes 90 percent or more of the state’s population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. This section does not require a plan to establish a new service area or to offer health coverage on a statewide basis, outside of the plan's existing service area.
