

1300.80.10 Medical Survey: Report of Correction of Deficiencies

Prior to or immediately upon the expiration of the 45-day period following notice to a plan of a deficiency as provided in subdivision (h) of Section 1380 of the Act, the plan shall file a written statement with the Director identifying the deficiency and describing the action taken to correct the deficiency and the results of such action. The report shall be signed by a principal officer of the plan.

Where such deficiencies may be reasonably adjudged to require long-term corrective action or to be of a nature which may be reasonably expected to require a period longer than 45 days to remedy, in some instances evidence that the plan has initiated remedial action and is on the way to achieving acceptable levels of compliance may be submitted.
