Subject: Contract Year (CY) 2023 Bid Outlier Justification Training

CMS is pleased to announce the release of the Health Plan Management System (HPMS) 2023 Bid Outlier Justification Training for the Part D benefits review functionality. CMS is piloting this process for CY 2023 with two Part D sub-reviews: crosscheck and PDP meaningful difference. This training provides Part D users with a walkthrough of the new Bid Outlier Justification module including how to review and respond to potential benefits review concerns.

The Bid Outlier Justification Training can be found at the following path in HPMS: HPMS Home Page > Plan Bids > Bid Outlier Justification > CY 2023 > Documentation > Bid Outlier Justification Submission Training.
