Sharon Donovan, Director, Program Alignment Group, Medicare-Medicaid Coordination Office

SUBJECT: Default Enrollment Option for Newly Medicare Advantage Eligible Medicaid Managed Care Plan Enrollees – Frequently Asked Questions

The purpose of this memorandum is to provide Medicare Advantage (MA) organizations additional guidance in the form of responses to frequently asked questions (FAQ) on the new default enrollment process established in CMS-4182-F (83 FR 16495 through 16502, April 16, 2018).

See the attached FAQ document for information on the requirements, the submission and review process, and data sharing arrangements with states. Also attached is an appendix listing the source and timing of data CMS provides to states via file exchanges that can be used by states to identify and share with MA organizations Medicaid managed care plan enrollees who are about to become Medicare eligible.

This information is also available on the Integrated Care Resource Center (ICRC) website at www.integratedcareresourcecenter.com.

Please direct questions regarding the policy, submission or review of default enrollment proposals and related member materials to your CMS Account Manager.
