2657-1 Allocations of Wages Paid at Irregular or Infrequent Intervals

For the purpose of determining a claimant's maximum benefits and weekly benefit amount for disability benefits, when because of the irregular or infrequent intervals of the wage payments, wage records would not otherwise fairly indicate the claimant's employment during his or her disability base period, the department shall apportion the amount of such wage payments among the calendar quarters covered by the wages according to the length of employment in each of such quarters.
