

7119 Frail

"Frail" means that an older individual is determined to be functionally impaired because the individual either:

(a)

Is unable to perform at least two activities of daily living, including bathing, toileting, dressing, feeding, breathing, transferring and mobility and associated tasks, without substantial human assistance, including verbal reminding, physical cueing or supervision.

(b)

Due to a cognitive or other mental impairment, requires substantial supervision because the older individual behaves in a manner that poses a serious health or safety hazard to the individual or to others.
