7300 Development of the Area Plan

(a)

Prior to the development of an Area Plan, each AAA shall conduct a needs assessment of the PSA in order to accomplish all of the following: (1) Identify all of the following: (A) The target populations, as specified in Section 7310, within the PSA. (B) The types and extent of existing and potential needs of older individuals in the PSA. (C) The services or resources existing within the PSA that are available for addressing the needs identified in (2), as well as existing constraints, such as any of the following: 1. The service(s) is not readily available because the resource providing the service has a waiting list. 2. The service(s) is only available in certain geographical areas within the PSA. 3. The quality of the available service(s) is in question. (2) Estimate unmet needs, under-utilized services and barriers preventing access to available services. (3) Determine the adequate proportion or minimum percentage to be expended as specified in Section 7312.

(1)

Identify all of the following: (A) The target populations, as specified in Section 7310, within the PSA. (B) The types and extent of existing and potential needs of older individuals in the PSA. (C) The services or resources existing within the PSA that are available for addressing the needs identified in (2), as well as existing constraints, such as any of the following: 1. The service(s) is not readily available because the resource

providing the service has a waiting list. 2. The service(s) is only available in certain geographical areas within the PSA. 3. The quality of the available service(s) is in question.

(A)

The target populations, as specified in Section 7310, within the PSA.

(B)

The types and extent of existing and potential needs of older individuals in the PSA.

(C)

The services or resources existing within the PSA that are available for addressing the needs identified in (2), as well—as existing constraints, such as any of the following:—1. The service(s) is not readily available—because the resource providing the service has a waiting list. 2. The service(s) is only available in—certain geographical areas within the PSA. 3. The quality of the available service(s) is—in question.

1.

The service(s) is not readily available because the resource providing the service has a waiting list.

2.

The service(s) is only available in certain geographical areas within the PSA.

3.

The quality of the available service(s) is in question.

(2)

Estimate unmet needs, under-utilized services and barriers preventing access to available services.

(3)

Determine the adequate proportion or minimum percentage to be expended as specified in Section 7312.

(b)

At a minimum the needs assessment conducted pursuant to (a) shall include: (1) An analysis of the Department of Finance Census Tables or data from the U.S. Census Bureau on the PSA's demographics. (2) A review of data obtained from other social service agencies that provide services to older individuals. (3) Completion and analysis of a sample survey of older individuals within the PSA aimed at identifying the following factors:(A) Age. (B) Race. (C) Ethnicity. (D) Educational background. (E) Income level. (F) Perceived needs.
