

## **41518.9 Accidents, Poisonings, Violence, and Immunization Reactions**

CCS applicants with at least one of the following conditions shall be medically eligible for participation in the CCS program:

**(a)**

Injuries to organ systems or organs which, if left untreated, are likely to result in permanent physical disability, permanent loss of function, severe disfigurement or death;

**(b)**

Fractures of the spine, pelvis, or femur;

**(c)**

Fractures of the skull which, if left untreated, would result in Central Nervous System complications or severe disfigurement;

**(d)**

All other fractures which require open reduction, internal fixation or which involve the joints or growth plates;

**(e)**

Burns, when at least one of the following is present: (1) Second and third degree burns of greater than 10 percent of the body surface area for children less than 10 years of age; (2) Second and third degree burns of greater than 20 percent of the body surface area for children greater than 10 years of age; (3) Third degree burns

of greater than five percent of the body surface area for any age group; (4) Burns involving signs or symptoms of inhalation injury or causing respiratory distress; (5) Second or third degree burns of the face, ear, the mouth and throat, genitalia, perineum, major joints, the hands and feet; or (6) Electrical injury or burns, including burns caused by lighting;

**(1)**

Second and third degree burns of greater than 10 percent of the body surface area for children less than 10 years of age;

**(2)**

Second and third degree burns of greater than 20 percent of the body surface area for children greater than 10 years of age;

**(3)**

Third degree burns of greater than five percent of the body surface area for any age group;

**(4)**

Burns involving signs or symptoms of inhalation injury or causing respiratory distress;

**(5)**

Second or third degree burns of the face, ear, the mouth and throat, genitalia, perineum, major joints, the hands and feet; or

**(6)**

Electrical injury or burns, including burns caused by lighting;

**(f)**

Presence of a foreign body when the object, if not surgically removed, would result in death or a permanent limitation or compromise of a body function;

**(g)**

Ingestion of drugs or poisons that result in life threatening events and require

inpatient hospital treatment;

**(h)**

Lead poisoning as defined as a confirmed blood level of 20 micrograms per deciliter or above;

**(i)**

Poisonous snake bites that require complex medical management and that may result in severe disfigurement, permanent disability or death;

**(j)**

Other envenomation, such as spider bites, that require complex medical management and that may result in severe disfigurement, permanent disability or death; or

**(k)**

Severe adverse reactions to an immunization requiring extensive medical care.
