

51000.18 Provider Identification Number or PIN

"Provider Identification Number or PIN" means the unique identification number assigned to a provider to:

(a)

Submit electronic claims for reimbursement.

(b)

Verify a beneficiary's eligibility.

(c)

Determine whether the beneficiary has met his/her share of cost, if applicable.

(d)

Complete a Medi-Service reservation or reversal.

(e)

Gain access to the provider telecommunications network for check write or claim information, payment history, or to verify procedure codes and rates of reimbursement.
