

51456 Signing Treatment Authorization Requests

Any provider who prescribes a service shall not sign a Treatment Authorization Request (TAR) until the patient has been examined and all of the following information appears on the TAR:

(a)

Beneficiary identification;

(b)

Provider identification;

(c)

Diagnosis and other pertinent medical information;

(d)

Service or item requested. All signatures shall constitute certification that the information submitted is current, accurate and complete and that the services or items requested on the Treatment Authorization Request are medically indicated and necessary.
