

66263.17 Identification Number for Transporters

(a)

A transporter shall not transport hazardous wastes without first receiving an Identification Number and a registration certificate from the Department.

(b)

A transporter who has not received an Identification Number may obtain one by applying to the USEPA Administrator or to the Department using EPA Form 8700-12 (Rev. 11/85). Upon receiving the request, the Department or the USEPA Administrator will assign an Identification Number to the transporter.
