Section 66263.45@ Specific Requirements for Consolidation Operations

66263.45 Specific Requirements for Consolidation Operations

(a)

A transporter operating in accordance with this section shall be any person that transports hazardous waste to a nonpermitted, temporary, hazardous waste storage facility in accordance with section 66263.18 for the purpose of consolidation of waste loads. The transporter shall also be the generator of the hazardous waste.

(b)

The transporter is exempt from the requirement of section 66263.13 regarding the vehicles and containers used to transport the hazardous waste pursuant to this section.

(c)

In addition to the information required in the application submitted pursuant to section 66263.41(d), the transporter shall provide the location of the temporary hazardous waste storage facility.

(d)

The transporter is exempt from the requirements of sections 66263.20 and 66263.21 regarding the use of the manifest. In lieu of the manifest, the transporter shall use a shipping paper which contains all the information required pursuant to 49 CFR, Part 172, Subpart C. The shipping paper must accompany the

hazardous wastes when transported from the place of generation to the transporter's temporary storage facility.

(e)

This section applies only to hazardous wastes that are either: (1) collected from generators who meet the requirements of 40 Code of Federal Regulations, section 262.14(a); or (2) collected from generators of non-RCRA hazardous wastes totaling less than 100 kilograms per calendar month.

(1)

collected from generators who meet the requirements of 40 Code of Federal Regulations, section 262.14(a); or

(2)

collected from generators of non-RCRA hazardous wastes totaling less than 100 kilograms per calendar month.

(f)

The total quantity of each load of hazardous waste transported from the original generation location(s) to the temporary storage facility shall not exceed 100 kilograms.

(g)

Transportation of the hazardous wastes from the temporary storage facility to a hazardous waste facility shall be performed by a registered hazardous waste transporter using a certified vehicle and/or containers. The hazardous waste shall be delivered to a permitted facility or to a facility which has been granted interim status, or to a facility which has been otherwise authorized to receive hazardous wastes pursuant to Health and Safety Code, division 20, chapter 6.5, and their implementing regulations. The hazardous waste shall be properly manifested in accordance with the requirements of this chapter on the use of the Uniform

Hazardous Waste Manifest.

(h)

Handling practices and storage time of the hazardous wastes shall be allowed the same exemptions described in section 66263.18 of this chapter, when applied to handling and storage at transfer facilities.
