Section 66264.702@ Environmental Protection Standard

## **66264.702 Environmental Protection Standard**

### **(a)**

The owner or operator shall comply with conditions specified in the facility permit that are designed to ensure that hazardous constituents, under section 66264.703 entering soil or air from a regulated unit, do not exceed the concentration limits under section 66264.704 cited by the Department as maximum acceptable concentrations in soil, soil-pore gas, air, or on the land surface.

### **(b)**

The owner or operator shall not cause the concentration of a hazardous constituent in soil, soil-pore gas or air outside the unit to exceed a concentration limit under section 66264.704 specified in the facility permit as maximum acceptable concentrations in soil, soil-pore gas, air, or on the land surface.
