

66265.200 Waste Analysis and Trial Tests

In addition to performing the waste analysis required by section 66265.13 , the owner or operator shall, whenever a tank system is to be used to treat chemically or to store a hazardous waste that is substantially different from waste previously treated or stored in that tank system; or to treat chemically a hazardous waste with a substantially different process than any previously used in that tank system:

(a)

conduct waste analyses and trial treatment or storage tests (e.g., bench-scale or pilot-plant scale tests); or

(b)

obtain written, documented information on similar waste under similar operating conditions to show that the proposed treatment or storage will meet the requirements of sections 66265.194(a) and (d).
