

67100.7 Report

(a)

On or before September 1, 1991, and every four years thereafter that hazardous or extremely hazardous waste generation exceeds the thresholds in section 67100.2(a) of these regulations, each generator shall prepare a hazardous waste management performance report pursuant to section 67100.8 of these regulations.

(b)

Except as provided in sections 67100.2(h) and 67100.2(i) of these regulations, the hazardous waste management performance report shall be prepared for each site.
